AFFIDAVIT OF TATSIANA OKUN
sworn on May 2, 2017

I, TATSIANA OKUN, of the City of Toronto in the province of Ontario, MAKE OATH and SAY
AS FOLLOWS:

1. I am a lawyer with Groia & Company Professional Corporation (“Groia & Company”), counsel for Lexin Resources Ltd. (“Lexin”) and as such I have personal knowledge of the facts and matters hereafter deposed to save and except where the same are stated to be made on information and belief and where so stated I verily believe the same to be true.
2. I have reviewed the Application made by the Receiver herein, as well as its First Report dated March 30, 2017 and its Second Report dated April 28, 2017 (the “Second Report”).
3. On May 1, 2017, Groia & Company sent a letter to the Receiver detailing a number of questions related to the Second Report. A copy of that letter is attached as Exhibit “A” to my affidavit.
4. By way of background, the Receiver was appointed by way of a court order dated March 20, 2017 (the “Receivership Order”), a copy of which is attached as Exhibit “B” to my affidavit. The Receivership Order was made by the Honourable Justice P.R. Jeffrey after hearing an application brought by Lexin for a stay of proceedings under the *Company Creditors’ Arrangement Act* (“CCAA”) and an application brought by the Alberta Energy Regulator for an order placing Lexin in receivership pursuant to the *Bankruptcy and Insolvency Act* and the *Judicature Act*.
5. Mr. Justice Jeffrey’s oral reasons for dismissing Lexin’s CCAA application, given March 17, 2017, are attached as Exhibit “C” to my affidavit. Mr. Justice Jeffrey’s oral reasons for appointing Grant Thornton as the Receiver of Lexin, given March 20, 2017, are attached as Exhibit “D” to my affidavit. Lexin brought application for leave to appeal both decisions, which are scheduled to be heard by the Court of Appeal on May 16, 2017.

Document Review Protocols

6. With other lawyers at Groia & Company, I was involved in the negotiation of (a) the Protocol for the Review of Records by the Court-Appointed Receiver of Lexin Resources Ltd. and the Urgent Disclosure of Lexin Resources Ltd. to the Orphan Well Association (the “OWA”) (the “Disclosure Protocol”) and (b) the Protocol for the Disclosure of Records Seized by the Alberta Energy Regulator (the “AER Document Disclosure Protocol”), both of which were agreed to by Lexin and are attached to the Document Protocol Order granted by the Court on April 4, 2017 (the “DPO”). I attach the DPO, with its attachments to my affidavit as Exhibit “E”.
7. My colleague, Bonnie Roberts Jones, had lengthy discussions with respect to the Disclosure Protocol and the AER Document Protocol with counsel for the Receiver, Robyn Gurofsky over the course of the weekend and on the morning of April 4, 2017 prior to the DPO being granted by the Court. Ms. Roberts Jones informs me and I believe that there were no discussions at that time between Groia & Company and Ms. Gurofsky regarding the volume of paper documents that were to be subject to either Protocol.
8. As the Protocols were negotiated, it was fundamentally important to Lexin that its rights in relation to solicitor-client and litigation privilege over certain documents were preserved. This position and the nature of Lexin’s rights to assert privilege over privileged documents seemed to be understood and accepted by counsel for the Receiver without any reservation. Ms. Roberts Jones advised Ms. Gurofsky that she could not consent to a Protocol that did not protect Lexin from inadvertently missing a privileged document during the review process and a paragraph was added to each Protocol to deal with this issue.

9. Further, Groia & Company always understood that these Protocols were to apply to Lexin's records as defined in the Protocols, not those of third parties.
10. Upon reviewing some of the Receiver's correspondence attached below, as well as the Application materials filed by the Receiver, my colleagues and I, have been surprised to see that the Receiver seems to have discounted the importance of Lexin's right to protect its privileged communications. It also appears to me that the Receiver is surprised to realize that Lexin intends to exercise the rights to which it is entitled both at law and which they bargained in agreeing to the Protocols.
11. Among other things, the Disclosure Protocol provides that the Receiver must provide Groia & Company with a general index of Lexin's paper records on a continuous basis as they are collected and catalogued. It further provides that such general indexes may be limited to, depending upon the circumstances, a label on the box of documents "if that is sufficient for identifying its contents". The first thing that we noticed when we started to receive and review general indexes from the Receiver, as described in more detail below, is that the indexes provided by the Receiver contained very general descriptions of the boxes or files being catalogued, often too general for us to identify their contents in order to determine whether they needed to be reviewed for privilege.
12. The Disclosure Protocol also provides for a mechanism under which if a document is immediately identifiable on its face as a Lexin Emergency Record (as defined in Section 24 of that Protocol), the Receiver may release it immediately to the OWA with a concurrent notification to Groia & Company that it has been released. We had similar difficulty, as discussed in detail below, in reviewing and understanding the basis upon which the documents

listed in Emergency Records indexes were categorized as such. Based on the limited and very general description contained in the Indexes, it has not be always evidence on their face as to why the documents were categorized as Emergency Records.

13. In addition, the Reviewable Paper Records indexes and Emergency Records indexes Groia & Company received from the Receiver, as described below, contained files that, based on the descriptions provided, were clearly not Lexin's records.

AER Document Disclosure Protocol

14. On or about April 7, 2017, Groia & Company received a request from Ms. Gurofsky under the AER Document Disclosure Protocol that Groia & Company attend at the Receiver's office to review the Paper Records for privilege. I have attached a copy of this correspondence as Exhibit "F" to my affidavit.
15. I immediately contacted the Receiver on the same day and confirmed over the weekend my availability to conduct the review the following week. I have attached a copy of my email exchange with counsel for the Receiver as Exhibit "G" to my affidavit.
16. On April 12, 2017, I attended at the offices of the Receiver, Grant Thornton to review the Paper Records for privilege, in accordance with the terms of the AER Document Disclosure Protocol. There were two investigators from the AER Major Investigations Team and a representative of the Receiver present throughout the day during my review of the documents. I located certain privileged documents in the Paper Records and segregated them, but was unable to take those documents away to summarize their contents and the basis upon which we were asserting privilege. As such, I did my best to take notes and took photographs of some of the documents

so that we could provide the Receiver with a list of the documents that I had determined were privileged, in accordance with the AER Document Disclosure Protocol. Those documents were segregated and, in accordance with the Protocol, neither the AER or the Receiver is to review them unless it is determined that they are not privileged.

17. On April 13 and 14, 2017, Ms. Roberts Jones and Ms. Gurofsky exchanged correspondence regarding the circumstances under which I was allowed to review the Paper Records on April 12, 2017. That exchange of correspondence is attached as Exhibit "H" to my affidavit. I confirm that the content of Ms. Roberts Jones' correspondence of April 13, 2017 is accurate.
18. On April 17, 2017, in accordance with paragraph 4 of the AER Document Disclosure Protocol, I provided to Ms. Gurofsky a list of the privileged records that I had identified on April 12, 2017, along with a general description of the records and the nature of the privileged claimed, as required under the AER Document Disclosure Protocol. My April 17 correspondence and the attached list is attached as Exhibit "I" to my affidavit.
19. On April 25, 2017, I received correspondence from Ms. Gurofsky asking for further details about the documents listed in the attachment to my April 17, 2017 letter, including dates and identity of the author or recipients of the correspondence. A copy of this letter is attached as Exhibit "J" to my affidavit. As I was not allowed to take the documents or their copies with me and can only rely on my notes and some photographs of the documents, we have only a limited ability to provide a greater level of detail. In any event, the additional level of detail requested is not required under the Protocol and may, in certain instances, undermine the privilege claimed.

Document Review under the Document Disclosure Protocol

20. On April 13, 2017, Ms. Gurofsky sent to Groia & Company two indexes listing Lexin Emergency Records and Reviewable Paper Records. Copies of Ms. Gurofsky's emails with attachments are attached as Exhibits "K" and "L" to my affidavit. We reviewed these lists and noted that the description of the documents was very general. The lists were not very long (18 and 3 pages respectively). Groia & Company did not raise any issues with these lists.
21. On Saturday, April 22, 2017, Ms. Gurofsky emailed to Groia & Company two lists dated April 18, 2017, one purporting to be an index of "Lexin Emergency Records" and one purporting to be a general index of the Paper Records disclosed under the Document Disclosure Protocol. The first list was 27 pages long and the second was 57 pages long. I attached as Exhibit "M" of my affidavit, Ms. Gurofsky's April 22 Emergency Records Index and as Exhibit "N" of my affidavit Ms. Gurofsky's April 22 Paper Records Index.
22. On the evening of Monday, April 24, 2017, Ms. Gurofsky emailed to Groia & Company three lists, one purporting to be an index of "Lexin Emergency Records" and two purporting to be general indexes of the Paper Records disclosed under the Document Disclosure Protocol. The first list was 107 pages long, the second was 47 pages, and the third was 33 pages long. I attached as Exhibit O" of my affidavit, Ms. Gurofsky's April 24 Emergency Records Index and as Exhibits "P" and "Q" of my affidavit Ms. Gurofsky's two April 24 Paper Records Indexes.
23. Upon review of the April 22 and 24 Emergency Records Indexes (which totalled 134 pages), it was clear to me and the other lawyers at Groia & Company that the Indexes did not comply with the Disclosure Protocol as they did not contain the level of particularity that would allow

us to determine if all of the Records on these indexes were, in fact, Emergency Records as defined in the Document Disclosure Protocol. As such, we wrote to Ms. Gurofsky on April 25, 2017 to advise her that it was our position that the Emergency Records Indexes that she had provided were not compliant with the Protocol and that the Records that they referenced were not to be delivered to the OWA. Our correspondence in this regard is attached as Exhibit "R" to my affidavit.

24. Ms. Gurofsky immediately replied that she would advise Grant Thornton of our position and that, to her knowledge, the documents at issue had not yet been provided to the OWA. Ms. Gurofsky's correspondence is attached as Exhibit "S" to my affidavit. I am not aware of the status of these documents at the time of swearing my affidavit.
25. Upon review of the April 22 and 24 general Indexes of the Reviewable Paper Records (which totalled 137 pages), it was clear to me and to the other lawyers at Groia & Company that these Indexes were insufficiently particular to allow us to determine, based on the Indexes alone, which files and boxes potentially contained privileged documents. As such, we advised Ms. Gurofsky on April 25 and 26, 2017 that the Indexes provided did not comply with the Document Disclosure Protocol and we would need to review all of the files contained on the April 22 and 24 general Indexes of the Reviewable Paper Records. Our correspondence in this regard is attached as Exhibit "T" to my affidavit.
26. Under the Document Disclosure Protocol, Groia & Company is required, within 48 hours of receiving an Index of the Paper Records from the Receiver, to advise as to which files it wishes to review for privilege. Then, within a further 48 hours, it must review those files and segregate out those documents that, in its view, are privileged.

27. On Tuesday, April 25, 2017, Groia & Company advised Ms. Gurofsky that someone from our office would attend the following day, April 26, to commence the review of the documents listed on the April 22 and 24 general Index of Paper Records, as well as those listed on the Emergency Records Indexes. Our correspondence in this regard is attached as Exhibit "T" to my affidavit.
28. Ms. Gurofsky advised us that day that the documents would not be available for review until April 27, 2017, in correspondence attached as Exhibit "U" to my affidavit. Email exchanges between Ms. Gurofsky and Ms. Roberts Jones followed, dealing with the logistics of the document review and are attached as Exhibit "V" to my affidavit.
29. On April 25, 2017, Ms. Gurofsky wrote to Groia & Company to dispute the positions that had been taken by Groia & Company with respect to the Receiver's compliance with the Document Disclosure Protocol. Ms. Gurofsky's correspondence is attached as Exhibit "W" to this affidavit. On April 27, 2017, Groia & Company replied to Ms. Gurofsky's April 25 correspondence, in a letter attached as Exhibit "X" to this affidavit.
30. On April 27 and 28, 2017, my colleagues Joseph Groia and David Sischy attended at Calgary Archives, along with two representatives of Grant Thornton, to commence the review of the files listed on the April 22 and 24 Indexes. As they conducted their review, Mr. Groia and Mr. Sischy were able to determine, for the first time, what the various short forms and categories on the Indexes appeared to reference and what type of documents were contained in various types of catalogued files. As such, they were able to complete their review of the files listed on the April 22 and 24 Indexes without having to open every box and every file, reserving

Lexin's rights to claim privilege over documents that might have been inadvertently missed as part of that process.

31. Mr. Groia and Mr. Sischy also reviewed a sample of Emergency Records boxes for privilege.

This review was conducted without prejudice to the position that the Emergency Records Indexes do not comply with the Protocol as they do not provide sufficient description and often do not fall within the definition of "Emergency Records" as set out in Section 24 of the Protocol.

32. On April 27, 2017, Ms. Gurofsky emailed to Groia & Company two indexes purporting to be indexes of "Lexin Emergency Records" (51 pages in total) and two indexes purporting to be general indexes of the Paper Records disclosed under the Document Disclosure Protocol (49 pages in total). I attached as Exhibit "Y" of my affidavit, Ms. Gurofsky's two April 27 Emergency Records Indexes and as Exhibit "Z" of my affidavit Ms. Gurofsky's two April 27 Paper Records Indexes.

33. That same day, we wrote to Ms. Gurofsky to advise that she could release the Emergency Records detailed in her April 27 Emergency Records Indexes, without prejudice to the position that these Indexes were not in compliance with the Document Disclosure Protocol and Lexin's right to assert privilege over these documents. We also provided Ms. Gurofsky with a list of 36 (out of 274) boxes that we wanted to review for privilege the following day. Our April 27 correspondence in this regard is attached as Exhibit "AA" to my affidavit.

34. During their review on April 27, 2017, Mr. Groia and Mr. Sischy also identified a number of files that, in their view, did not belong to Lexin. They advised Ms. Roberts Jones and me of

this fact, and we wrote to Ms. Gurofsky that date to advise her of that. A copy of our correspondence of April 27 in this regard is attached as Exhibit “BB” to my affidavit.

35. On Friday evening, April 28, 2017, Ms. Gurofsky emailed to Groia & Company an index purporting to be an index of “Lexin Emergency Records” (18 pages in total) and an index purporting to be a general index of Paper Records disclosed under the Document Disclosure Protocol (12 pages in total). I attached as Exhibit “CC” of my affidavit, Ms. Gurofsky’s April 28 Emergency Records Index and as Exhibit “DD” of my affidavit Ms. Gurofsky’s April 28 Paper Records Index.

36. On Sunday, April 30, 2017, we wrote to Ms. Gurofsky to advise her that her April 28 Emergency Records Index was not in compliance with the requirements of the Document Disclosure Protocol and that, without prejudice to that position, we required that the Receiver remove four boxes of documents listed in the April 28 Emergency Records Index and allow Lexin to review them for privilege. Our April 30 correspondence is attached as Exhibit “EE” to my affidavit.

37. On Monday, May 2, 2017, we wrote to Ms. Gurofsky to advise her, in compliance with the Document Disclosure Protocol, that we wished to review 30 boxes listed in the April 28 general Index of the Paper Records. We advised Ms. Gurofsky that we are available to attend to review these files in accordance with the Document Disclosure Protocol. A copy of that letter is attached as Exhibit “FF” to my affidavit.

38. I have been closely involved in managing Groia & Company’s compliance with the AER Document Disclosure Protocol and the Document Disclosure Protocol. When we received the April 22 and 24 general Indexes of the Paper Records, we were very much concerned that we

would not be in a position to review those records properly within the strict time limits set out in the Document Disclosure Protocol. This concern stemmed from the fact that the Indexes referenced hundreds of files and boxes, but we were not able to tell from a review of the Indexes alone which of those files might contain privileged information. For this reason, we were and remain of the view that the general Indexes provided to date by the Receiver are not in compliance with the Document Disclosure Protocol.

39. Having said that, and as discussed above, Mr. Groia and Mr. Sischy have now had an opportunity to review most of the various categories of documents contained in the general Indexes to date and, since that review, we have been able to greatly reduce the number of files that we feel obligated to review for privilege from each general Index that we received.
40. The Receiver is now providing us with general Indexes quite regularly, sometimes daily. While this timing is in accordance with the Document Disclosure Protocol, it is no longer necessary or helpful, in our view, that the general indexes be provided on a continuous basis, assuming that the Receiver continues to implement the same categorization process on future indexes. The result of the disclosure of the general indexes on a continuous basis now means that we must attend every few days to review the potentially privileged documents, so as to comply with the tight timelines for review contained in the Document Disclosure Protocol.
41. As such, we propose that the Document Disclosure Protocol be amended to allow for the Receiver to collect up the remaining Lexin Paper Records and provide one general index of Paper Records once that collection is complete. Groia & Company would then have 48 hours from the receipt of the general Index to review the index to provide the Receiver with a list of those files that it wished to review for privilege, in accordance with the terms of the existing

Protocol. Groia & Company would then have an additional 48 hours to commence the review of the requested files on a reasonably continuous basis, with appropriate breaks, until its review is complete.

Request for Power to Examine under Oath

42. I understand that the Receiver seeks an order granting the Receiver all of the powers of examination afforded to a trustee in bankruptcy pursuant to Sections 163 to 167 of the *Bankruptcy and Insolvency Act*.

43. At paragraph 90 of the Receiver's Second Report, it lists 8 specific people that it would like to examine under oath pursuant to these powers, as well as "[a]ny other person that the Receiver reasonably believes has knowledge of the affairs of Lexin".

44. Groia & Company acts for Michael Smith and Rob Jennings in relation to other matters. To my knowledge, the Receiver has only attempted to interview one of the 8 people listed at paragraph 90 of its Second Report, being Mr. Smith. Mr. Smith's correspondence in response to the Receiver's request for an interview is attached as Exhibit "GG" to my Affidavit. I am advised by Mr. Jennings that he is unaware of any attempts by the Receiver to contact or interview him.

45. Groia & Company does not act for any other person found on the list at paragraph 90 of the Second Report.

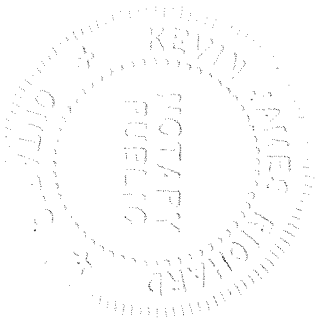

46. I understand that there is an ongoing major investigation in relation to Lexin being conducted by the AER. I base this conclusion on the following facts: (1) I am aware of the fact that an investigator from the AER's Major Investigations Unit questioned Terry McCrary, in relation

to that investigation, on February 17, 2017; and (2) my review of the documents on April 12, 2017 was conducted under the supervision of two investigators from the AER Major Investigation Team, which I understand the AER maintains was necessary to maintain a “chain of custody” of the documents seized by the AER as part of its investigation.

47. I swear this affidavit in response to the Receiver’s application to increase its borrowing charge and examination power and Lexin’s application for directions on documentary review and for no other or improper purpose.

We have had an opportunity to review the Receiver's Second Report dated April 28th, 2017 and have the following questions:

1. Please advise as to the basis upon which the Receiver states at paragraph 54 that certain field operators working at Lexin-licensed sites (up until the cessation of all of Lexin's operations in March 2017) were purportedly engaged by Jixin. Please provide copies of any documentation upon which this assertion is based.
2. Please advise, in relation to paragraph 64(f)(iii), what lack of access to Records is complicating the Receiver's ability to obtain insurance coverage.
3. Please provide, in relation paragraph 64(f)(v.), a copy of the Receiver's letter to the AER respecting potential safety and environmental concerns at the WIP managed sites.
4. Which database management specialist has been retained by the Receiver, as stated in paragraph 71?
5. Please provide copies of the responses received from PPR registrants to the Receiver's letter, as outlined in paragraph 85(a).

6. Please advise who the parties are who are interested in purchasing Lexin's assets, as set out in paragraph 92.
7. Please provide a more detailed basis for the estimates provided by the Receiver and its counsel for their professional fees for May and June.

Thank you for your anticipated cooperation.

and in each such case notice under subsection 60(8) of the *Personal Property Security Act*, R.S.A. 2000, c. P-7 shall not be required.

- (k) to apply for any vesting order or other orders necessary to convey the Property or any part or parts thereof to a purchaser or purchasers thereof, free and clear of any liens or encumbrances affecting such Property;
- (l) to report to, meet with and discuss with such affected Persons (as defined below) as the Receiver deems appropriate all matters relating to the Property and the receivership, and to share information, subject to such terms as to confidentiality as the Receiver deems advisable;
- (m) to register a copy of this Order and any other Orders in respect of the Property against title to any of the Property;

- (n) to apply for any permits, licences, approvals or permissions as may be required by any governmental authority and any renewals thereof for and on behalf of and, if thought desirable by the Receiver, in the name of the Debtor;
- (o) to enter into agreements with any trustee in bankruptcy appointed in respect of the Debtor, including, without limiting the generality of the foregoing, the ability to enter into occupation agreements for any property owned or leased by the Debtor;
- (p) to exercise any shareholder, partnership, joint venture or other rights which the Debtor may have;
- (q) to, with leave of the Court, assign the Debtor into bankruptcy, to become the trustee in bankruptcy of the Debtor and to take all steps reasonably required to carry out its role as trustee in bankruptcy of the Debtor should the Receiver deem it appropriate in the circumstances to do so; and
- (r) to take any steps reasonably incidental to the exercise of these powers or the performance of any statutory obligations;

and in each case where the Receiver takes any such actions or steps, it shall be exclusively authorized and empowered to do so, to the exclusion of all other Persons (as defined below), including the Debtor, and without interference from any other Person.

4. Notwithstanding any other provision of this Order, nothing herein shall empower, authorize or require the Receiver: (i) to take possession of or exercise physical control over the Sites and the Abandoned Sites; or (ii) to manage, operate or carry on the business of the Debtor; and the Receiver shall not be deemed to have taken any of the actions or steps referred to in this paragraph 4 solely as a consequence of having taken some of the steps authorized pursuant to paragraph 3.
5. Upon the AER receiving from any person a request for approval to remove equipment from any of the Sites pursuant to the Equipment Order (the “Request”), the AER shall forthwith bring that communication to the attention of the Receiver, and the Receiver

shall cooperate with the AER with respect to any proposed removal of equipment from any Sites and Abandoned Sites, and will thereafter either:

- (a) approve the removal of the equipment on such terms as are appropriate, having regard to the entitlements of all persons; or
- (b) advise the person who made the Request that the equipment may not be removed without Court Order, made on application brought in these proceedings (Action No. 1701-03460) with 7 days' prior notice to the Receiver and AER.

DUTY TO PROVIDE ACCESS AND CO-OPERATION TO THE RECEIVER

- 6. (i) The Debtor, (ii) all of its current and former directors, officers, employees, agents, accountants, legal counsel and shareholders, and all other persons acting on its instructions or behalf, and (iii) all other individuals, firms, corporations, governmental bodies or agencies, or other entities having notice of this Order (all of the foregoing, collectively, being "**Persons**" and each being a "**Person**") shall forthwith advise the Receiver of the existence of any Property in such Person's possession or control, shall grant immediate and continued access to the Property to the Receiver, and shall deliver all such Property (excluding Property subject to liens the validity of which is dependant on maintaining possession) to the Receiver upon the Receiver's request.
- 7. All Persons shall forthwith advise the Receiver of the existence of any books, documents, securities, contracts, orders, corporate and accounting records, and any other papers, records and information of any kind related to the business or affairs of the Debtor, and any computer programs, computer tapes, computer disks, or other data storage media containing any such information (the foregoing, collectively, the "**Records**") in that Person's possession or control, and shall provide to the Receiver or permit the Receiver to make, retain and take away copies thereof and grant to the Receiver unfettered access to and use of accounting, computer, software and physical facilities relating thereto, provided however that nothing in this paragraph 7 or in

paragraph 8 of this Order shall require the delivery of Records, or the granting of access to Records, which may not be disclosed or provided to the Receiver due to the privilege attaching to solicitor-client communication or documents prepared in contemplation of litigation or due to statutory provisions prohibiting such disclosure.

8. If any Records are stored or otherwise contained on a computer or other electronic system of information storage, whether by independent service provider or otherwise, all Persons in possession or control of such Records shall forthwith give unfettered access to the Receiver for the purpose of allowing the Receiver to recover and fully copy all of the information contained therein whether by way of printing the information onto paper or making copies of computer disks or such other manner of retrieving and copying the information as the Receiver in its discretion deems expedient, and shall not alter, erase or destroy any Records without the prior written consent of the Receiver. Further, for the purposes of this paragraph, all Persons shall provide the Receiver with all such assistance in gaining immediate access to the information in the Records as the Receiver may in its discretion require including providing the Receiver with instructions on the use of any computer or other system and providing the Receiver with any and all access codes, account names and account numbers that may be required to gain access to the information.

NO PROCEEDINGS AGAINST THE RECEIVER

9. No proceeding or enforcement process in any court or tribunal (each, a "**Proceeding**"), shall be commenced or continued against the Receiver except with the written consent of the Receiver or with leave of this Court.

NO PROCEEDINGS AGAINST THE DEBTOR OR THE PROPERTY

10. No Proceeding against or in respect of the Debtor or the Property shall be commenced or continued except with the written consent of the Receiver or with leave of this Court and any and all Proceedings currently under way against or in respect of the Debtor or the Property are hereby stayed and suspended pending further Order of this Court,

provided, however, that nothing in this Order shall: (i) prevent any Person from commencing a proceeding regarding a claim that might otherwise become barred by statute or an existing agreement if such proceeding is not commenced before the expiration of the stay provided by this paragraph 10; and (ii) affect a Regulatory Body's investigation in respect of the debtor or an action, suit or proceeding that is taken in respect of the debtor by or before the Regulatory Body, other than the enforcement of a payment order by the Regulatory Body or the Court. "**Regulatory Body**" means a person or body that has powers, duties or functions relating to the enforcement or administration of an Act of Parliament or of the legislature of a province.

NO EXERCISE OF RIGHTS OF REMEDIES

11. All rights and remedies (including, without limitation, set-off rights) against the Debtor, the Receiver, or affecting the Property, are hereby stayed and suspended except with the written consent of the Receiver or leave of this Court, provided however that nothing in this paragraph shall (i) empower the Receiver or the Debtor to carry on any business which the Debtor is not lawfully entitled to carry on, (ii) exempt the Receiver or the Debtor from compliance with statutory or regulatory provisions relating to health, safety or the environment, (iii) prevent the filing of any registration to preserve or perfect a security interest, or (iv) prevent the registration of a claim for lien.

NO INTERFERENCE WITH THE RECEIVER

12. No Person shall discontinue, fail to honour, alter, interfere with, repudiate, terminate or cease to perform any right, renewal right, contract, agreement, licence or permit in favour of or held by the Debtor, without written consent of the Receiver or leave of this Court.

CONTINUATION OF SERVICES

13. All Persons having oral or written agreements with the Debtor or statutory or regulatory mandates for the supply of goods and/or services, including without limitation, all computer software, communication and other data services, centralized banking

services, payroll services, insurance, transportation services, utility or other services to the Debtor are hereby restrained until further Order of this Court from discontinuing, altering, interfering with or terminating the supply of such goods or services as may be required by the Receiver, and this Court directs that the Receiver shall be entitled to the continued use of the Debtor's current telephone numbers, facsimile numbers, internet addresses and domain names, provided in each case that the normal prices or charges for all such goods or services received after the date of this Order are paid by the Receiver in accordance with normal payment practices of the Debtor or such other practices as may be agreed upon by the supplier or service provider and the Receiver, or as may be ordered by this Court.

RECEIVER TO HOLD FUNDS

14. All funds, monies, cheques, instruments, and other forms of payments received or collected by the Receiver from and after the making of this Order from any source whatsoever, including without limitation the sale of all or any of the Property and the collection of any accounts receivable in whole or in part, whether in existence on the date of this Order or hereafter coming into existence, shall be deposited into one or more new accounts to be opened by the Receiver (the "**Post Receivership Accounts**") and the monies standing to the credit of such Post Receivership Accounts from time to time, net of any disbursements provided for herein, shall be held by the Receiver to be paid in accordance with the terms of this Order or any further order of this Court.

EMPLOYEES

15. Subject to employees' rights to terminate their employment, all employees of the Debtor shall remain the employees of the Debtor until such time as the Receiver, on the Debtor's behalf, may terminate the employment of such employees. The Receiver shall not be liable for any employee-related liabilities, including any successor employer liabilities as provided for in section 14.06(1.2) of the BIA, other than such amounts as the Receiver may specifically agree in writing to pay, or in respect of its obligations

under sections 81.4(5) or 81.6(3) of the BIA or under the *Wage Earner Protection Program Act*, SC 2005, c 47 ("**WEPPA**").

16. Pursuant to clause 7(3)(c) of the *Personal Information Protection and Electronic Documents Act*, SC 2000, c 5, the Receiver shall disclose personal information of identifiable individuals to prospective purchasers or bidders for the Property and to their advisors, but only to the extent desirable or required to negotiate and attempt to complete one or more sales of the Property (each, a "**Sale**"). Each prospective purchaser or bidder to whom such personal information is disclosed shall maintain and protect the privacy of such information and limit the use of such information to its evaluation of the Sale, and if it does not complete a Sale, shall return all such information to the Receiver, or in the alternative destroy all such information. The purchaser of any Property shall be entitled to continue to use the personal information provided to it, and related to the Property purchased, in a manner which is in all material respects identical to the prior use of such information by the Debtor, and shall return all other personal information to the Receiver, or ensure that all other personal information is destroyed.

LIMITATION ON ENVIRONMENTAL LIABILITIES

17. (a) Notwithstanding anything in any federal or provincial law, the Receiver is not personally liable in that position for any environmental condition that arose or environmental damage that occurred:
 - (i) before the Receiver's appointment; or
 - (ii) after the Receiver's appointment unless it is established that the condition arose or the damage occurred as a result of the Receiver's gross negligence or wilful misconduct.
- (b) Nothing in sub-paragraph (a) exempts a Receiver from any duty to report or make disclosure imposed by a law referred to in that sub-paragraph.
- (c) Notwithstanding anything in any federal or provincial law, but subject to sub-paragraph (a) hereof, where an order is made which has the effect of requiring

the Receiver to remedy any environmental condition or environmental damage affecting the Property, the Receiver is not personally liable for failure to comply with the order, and is not personally liable for any costs that are or would be incurred by any person in carrying out the terms of the order,

- (i) if, within such time as is specified in the order, within 10 days after the order is made if no time is so specified, within 10 days after the appointment of the Receiver, if the order is in effect when the Receiver is appointed, or during the period of the stay referred to in clause (ii) below, the Receiver:
 - A. complies with the order, or
 - B. on notice to the person who issued the order, abandons, disposes of or otherwise releases any interest in any real property affected by the condition or damage;
- (ii) during the period of a stay of the order granted, on application made within the time specified in the order referred to in clause (i) above, within 10 days after the order is made or within 10 days after the appointment of the Receiver, if the order is in effect when the Receiver is appointed, by,
 - A. the court or body having jurisdiction under the law pursuant to which the order was made to enable the Receiver to contest the order; or
 - B. the court having jurisdiction in bankruptcy for the purposes of assessing the economic viability of complying with the order; or
- (iii) if the Receiver had, before the order was made, abandoned or renounced or been divested of any interest in any real property affected by the condition or damage.

LIMITATION ON THE RECEIVER'S LIABILITY

18. Except for gross negligence or wilful misconduct, as a result of its appointment or carrying out the provisions of this Order the Receiver shall incur no liability or obligation that exceeds an amount for which it may obtain full indemnity from the Property. Nothing in this Order shall derogate from any limitation on liability or other protection afforded to the Receiver under any applicable law, including, without limitation, Section 14.06, 81.4(5) or 81.6(3) of the BIA.

RECEIVER'S ACCOUNTS

19. The Receiver and counsel to the Receiver shall be paid their reasonable fees and disbursements, in each case, incurred at their standard rates and charges. The Receiver and counsel to the Receiver shall be entitled to and are hereby granted a charge (the "**Receiver's Charge**") on the Property, as security for such fees and disbursements, incurred both before and after the making of this Order in respect of these proceedings, and the Receiver's Charge shall form a first charge on the Property in priority to all security interests, trusts, liens, charges and encumbrances, statutory or otherwise, in favour of any Person but subject to section 14.06(7), 81.4(4) and 81.6(2) of the BIA.
20. The Receiver and its legal counsel shall pass their accounts from time to time.
21. Prior to the passing of its accounts, the Receiver shall be at liberty from time to time to apply reasonable amounts, out of the monies in its hands, against its fees and disbursements, including the legal fees and disbursements, incurred at the normal rates and charges of the Receiver or its counsel, and such amounts shall constitute advances against its remuneration and disbursements when and as approved by this Court.

FUNDING OF THE RECEIVERSHIP

22. The Receiver be at liberty and it is hereby empowered to borrow by way of a revolving credit or otherwise, such monies from time to time as it may consider necessary or desirable, provided that the outstanding principal amount does not exceed \$200,000 (or such greater amount as this Court may by further Order authorize) at any time, at such

rate or rates of interest as it deems advisable for such period or periods of time as it may arrange, for the purpose of funding the exercise of the powers and duties conferred upon the Receiver by this Order, including interim expenditures. The whole of the Property shall be and is hereby charged by way of a fixed and specific charge (the "**Receiver's Borrowings Charge**") as security for the payment of the monies borrowed, together with interest and charges thereon, in priority to all security interests, trusts, liens, charges and encumbrances, statutory or otherwise, in favour of any Person, but subordinate in priority to the Receiver's Charge and the charges set out in sections 14.06(7), 81.4(4) and 81.6(2) and 88 of the BIA.

23. Neither the Receiver's Borrowings Charge nor any other security granted by the Receiver in connection with its borrowings under this Order shall be enforced without leave of this Court.
24. The Receiver is at liberty and authorized to issue certificates substantially in the form annexed as Schedule "A" hereto (the "**Receiver's Certificates**") for any amount borrowed by it pursuant to this Order.
25. The monies from time to time borrowed by the Receiver pursuant to this Order or any further order of this Court and any and all Receiver's Certificates evidencing the same or any part thereof shall rank on a *pari passu* basis, unless otherwise agreed to by the holders of any prior issued Receiver's Certificates.

ALLOCATION

26. Any interested party may apply to this Court on notice to any other party likely to be affected, for an order allocating the Receiver's Charge and Receiver's Borrowings Charge amongst the various assets comprising the Property.

28. Notwithstanding Rule 6.11 of the *Alberta Rules of Court*, unless otherwise ordered by this Court, the Receiver will report to the Court from time to time, which reporting is not required to be in affidavit form and shall be considered by this Court as evidence.
29. Nothing in this Order shall prevent the Receiver from acting as a trustee in bankruptcy of the Debtor.
30. This Court hereby requests the aid and recognition of any court, tribunal, regulatory or administrative body having jurisdiction in Canada or in the United States to give effect to this Order and to assist the Receiver and its agents in carrying out the terms of this Order. All courts, tribunals, regulatory and administrative bodies are hereby respectfully requested to make such orders and to provide such assistance to the Receiver, as an officer of this Court, as may be necessary or desirable to give effect to this Order or to assist the Receiver and its agents in carrying out the terms of this Order.
31. 32. The Applicant shall have its costs of this motion, up to and including entry and service of this Order, provided for by the terms of the Applicant's security or, if not so provided by the Applicant's security, then on a substantial indemnity basis to be paid by the Receiver from the Debtor's estate with such priority and at such time as this Court may determine.
33. Any interested party may apply to this Court to vary or amend this Order on not less than 7 days' notice to the Receiver and to any other party likely to be affected by the order sought or upon such other notice, if any, as this Court may order.

1 THE COURT: It is not very often I am even half right, so
2 there we go. Thank you, Mr. Groia. A time. I want to save you from just sitting here
3 waiting indefinitely. So I would like an hour at least. I may not be ready in an hour, but
4 you will at least not have to be here until one hour from now. All right? Thank you.
5

6 (ADJOURNMENT)

7
8 **Decision (Adjournment Application)**
9

10 THE COURT: Thank you. Please be seated. I see the court
11 administration has seen fit to replace the clerk with someone that can give me some
12 protection after I give my decision. He did not know that, did he?
13

14 So I have my decision to give you orally; and I do so, subject to if a transcript is later
15 requested of the decision, a right to edit it for style, grammar, clarity, completeness, but
16 obviously not substance.
17

18 The issue before me for decision is a narrow one, should the Court adjourn further the
19 AER's receivership application so that Lexin can be heard on its application for *CCAA*
20 protection instead or in combination as a competing application for the receivership.
21

22 The test I set for Lexin was to satisfy me on a *prima facie* basis that a *CCAA* application
23 has a chance that there is something real there. Call it a preliminary gravitas assessment,
24 to choose words unlikely to be misassociated with other legal phrases. The threshold,
25 Ms. Roberts Jones suggested -- and she was correct -- is very low. The *CCAA* purposes
26 call for generosity and flexibility towards qualifying applicants in keeping with *CCAA*
27 purposes.
28

29 Some things I have not factored into my decision adverse to Lexin -- the section 106
30 notices -- those are under appeal, certain other orders against Lexin that also are under
31 appeal. The *CCAA* process would not render those appeal processes nugatory, nor would
32 a receivership.
33

34 I have not factored adverse to Lexin the unknown identity of an interim financier or DIP
35 lender as we refer to them or the terms that would become clearer. That, like many other
36 things -- priority charge, perhaps a CIRP -- all of those things would be appropriate for
37 satisfying the Court around in a full *CCAA* application.
38

39 The Lexin restructuring concept is helped since Wednesday, in particular by the fact that
40 some secured creditors representing a significant portion of the aggregate indebtedness
41 support the application. It is helped by the inclusion of a SISP. It is helped by the

1 enhanced powers suggested for the independent Monitor. In many ways, the presentation
2 was in the nature of a blank cheque to the Court to set whatsoever terms the Court may
3 desire to be satisfied of some of the concerns mentioned by parties.

4
5 The other thing I wanted to mention is the fact the stated asset value greatly exceeds the
6 existing liabilities is something I cannot consider because I do find it to be unreliable. It
7 is just dated, that is all; and that is a consequence of the very limited time available to
8 Lexin on that point.

9
10 In my view, Lexin has failed to meet the threshold to warrant a further delay to the
11 receivership application and the associated prejudice to Lexin's creditors and other
12 shareholders. The things that tipped the scales for me were, first, Lexin's forecast time
13 needed to revive the cash flow under its rationale.

14
15 On this point, I think it important to say first I assume that the AER will be receptive to
16 all proposals that serve its statutory mandate, regardless of its position as a creditor in any
17 restructuring process or in any receivership. I do not think it will require 100 percent
18 compliance as a precondition to lifting any suspensions so long as any longer-term plan
19 heads in that direction; but that is within its discretion, of course.

20
21 But this first concern of mine is that the time it will take for that to happen under the
22 *CCAA* court protection I find is not achievable within any acceptable time frame for
23 Lexin's type of restructuring concept to have a reasonable prospect of realization in these
24 circumstances.

25
26 Second, the *CCAA* purpose would be to -- of this concept would be to sell assets and
27 restructure so that Lexin could remain as licensee of some remaining economically viable
28 assets. Yet practically speaking, I think the latter -- that is, Lexin remaining as a licensee
29 of some economically viable assets at the back end of a restructuring -- is extraordinarily
30 unlikely to happen as the AER exercises its discretion in good faith and, further, in the
31 face of working interest participants' lack of confidence that Lexin can operate properly at
32 all going forward.

33
34 It may. That is, the AER may be willing to transfer licences back into Lexin with the
35 same management. I do not preclude that. But first, I doubt it; and second, if it does,
36 more critically, the time necessary for the AER to do so will be far longer than can be
37 sustained by the interim financing that is talked of. And it does mean more likely that the
38 *CEAA* would ultimately devolve into a complete asset sale, but that would only be after
39 further probable erosion of value of the secured assets.

40
41 Third, I remain concerned that Lexin management appears to have chosen to divert

resources to pursuing its economic interests ahead of first ensuring public safety. I make no findings on that point. That may well be significant in other legal processes; but I do find that the perception of that conduct on the part of Lexin by so many of its stakeholders, not just the AER, militates strongly against any restructuring enjoying sufficient support that it would gain approval.

Those three reasons for me were dispositive. I will add that that conclusion is re-enforced by my assessment of the necessary costs in the interim not being fully reflected in the forecast cash flow. I do accept that that information could be enhanced and flushed out in such further fuller hearing, but the fact that so many operating costs were omitted from the cash flow projection further militates against the viability on a prima facie basis of the concept succeeding.

There will be, it seems to me, a much higher cost level that will be incurred in the interim period of any restructuring that was proposed for a longer period of time; and that re-enforces my conclusion that a prima facie plan has not been demonstrated. Of course, the longer any plan takes, the greater the erosion of the estate for creditors.

That is my conclusion, my reasons. If the parties are amenable, I have heard already the application in favour of a receivership. I have not heard the arguments against. Unless procedurally somebody is opposing, I would invite Lexin to present its arguments against and go from there, first on the process. The parties are still feverishly writing. Any objection to that process next?

I suppose, Ms. Nicholson, it is really to you. Are you satisfied you have placed sufficient information in front of the Court on the application for receiver?

MS. NICHOLSON:
Lord.

I would like to address the 244 matter, My

No, no.

THE COURT:

Okay.

MS. NICHOLSON:

To me, the record --

THE COURT:

you hear the argument I guess.

Okay, you can do it now or you can do it after

1 MS. NICHOLSON: I will hear the argument and I -- I will hear the
2 argument. Thank you.

3
4 THE COURT: Mr. Groia, is that process workable?

5
6 MR. GROIA: I am in the Court's hands, and I will follow
7 your direction.

8
9 THE COURT: Then please proceed.

10
11 **Submissions by Mr. Groia (Receivership Order Application)**

12
13 MR. GROIA: Let me start then, My Lord, by spending a bit
14 of time looking at the material as to what exactly it is that AER is asking you to do. I
15 regret to say, ordinarily, that I would be able to say go to volume whatever or turn up
16 whatever. That is not going to be possible because I am not quite sure what the material
17 is in the form it is before you. But I would ask you if you would, please, to turn up the
18 amended statement of claim and also if you would turn up the receivership order that is
19 proposed. I have a black line with editorial comments, and I have a clean copy.

20
21 THE COURT: I have both of those. Thank you. Go ahead.

22
23 MR. GROIA: So from a jurisdictional perspective, the
24 application before you is brought both under section 13(2) of the *Judicature Act* and
25 section 243 of the *Bankruptcy and Insolvency Act*. And my first comment, My Lord, is
26 that as a matter of bankruptcy law, where an application is brought under section 243 and
27 is properly brought under section 243, it's my submission that an application also under
28 section 13(2) of the *Judicature Act* is not well founded.

29
30 In other words, if you want to do what I believe AER wants to do in this case, the proper
31 forum for that is the *Bankruptcy and Insolvency Act*; and if you fail to meet the
32 requirements of that *Act*, there is no fall-back position in my submission to the *Judicature*
33 *Act* because the --

34
35 THE COURT: -- because the test is pretty much the same?

36
37 MR. GROIA: Well, and the Federal Government has a
38 detailed bankruptcy and insolvency proposal that takes paramountcy over the more general
39 provision in the *Judicature Act* with respect to receiverships.

40
41 Now, what's unusual about this proceeding is to be found in the statement of claim; and I

1 Reasons for Judgment

2

3 THE COURT:

This is the oral decision on the Receivership

4 Application of the Alberta Energy Regulator, or "AER," as I will refer to it, against Lexin
5 Resources Ltd., and I will refer to that as "Lexin." In rendering this orally, I do reserve
6 the right to edit a transcript of it for clarity, style and accuracy, but of course not
7 substance - that will not change.

8

9 The AER applies pursuant to section 243(1) of the *Bankruptcy and Insolvency Act* and
10 section 13(2) of the Provincial *Judicature Act* for a receiver over all the current and future
11 assets of Lexin. My decision will address the issues under the following outline:

12

13 1. Can the AER succeed after not providing notice to Lexin under section 244 of the
14 *Bankruptcy and Insolvency Act*?

15

16 2. Does the AER have capacity to bring this application?

17

18 3. If both those questions are answered "yes," has the AER satisfied the test for
19 appointing a receiver?

20

21 First, then: Can the AER succeed after not providing notice to Lexin under section 244 of
22 the *BIA*? The AER did not notify Lexin "in the prescribed form and manner" of its
23 intention. The AER says it is proceeding under section 243 sub (1), not sub (1.1), and
24 therefore section 244 does not apply. It says sub (1.1) is for when the request is to enforce
25 its security and sub (1) is not. The AER says sub (1) is for this kind of receivership,
26 which it says is not to enforce its security. It says the section 244 notice obligation is not
27 triggered because it is not seeking to enforce its security.

28

29 I note that the AER's formal application relies on the fact it is a secured creditor and also,
30 at least in part, on it being owed a debt. The distinction the AER is drawing feels, at first,
31 like splitting hairs. It is true that the AER's security interest only expressly in the statute
32 enables it a garnishee process. So, Lexin says the AER can't enforce its security any other
33 way and the AER says, in this case, it isn't; and strictly speaking, the AER isn't.

34

35 But the AER is a secured creditor and the effect of its application is to appoint a receiver
36 over all Lexin's "current and future assets, undertakings and properties." The spirit and
37 intent of section 244 seems to be engaged. In these circumstances, service of the section
38 244 notice to Lexin would have been prudent, but I accept AER's position that it was not
39 technically necessary. Therefore, the AER is not precluded from succeeding because of no
40 section 244 notice prior.

41

1 If I am wrong in that conclusion, I nevertheless find the AER's *de facto* notice of this
2 application, which I find occurred on March 10, even though not in the "prescribed form
3 and manner" of a section 244 notice, sufficient to satisfy the requirements of section 244.
4 Lexin obviously had notice, had time to file and commence hearing of *CCAA* applications
5 in both B.C. and Alberta, participated fully and capably in the receivership application,
6 and has not demonstrated any prejudice from notice not being in the prescribed form and
7 manner.

8
9 Section 243(1.1) says that when section 244 is not satisfied, I "may not" appoint a
10 receiver unless, sub (b), I consider it appropriate to do so before the ten days have
11 expired. Today we are at Day 10 since the *de facto* notice. In my view, I have a
12 discretion to do so despite the non-compliance.

13
14 Also, if section 244 was triggered, a remedy has been available to Lexin under section
15 248 of the *BIA*, but no such application has been made: *917488 Ontario Inc. v. Sam*
16 *Mortgages Ltd.*, 2013 ONSC 2212.

17
18 Finally, on this point, I am satisfied that all secured creditors that may be materially
19 affected have had adequate notice.

20
21 The second question: Does the AER have capacity to bring this application? That is, as a
22 statutory creation, is this application outside the AER's powers because the only express
23 power it enjoys to enforce its security is garnishment? In my view, applying for the
24 appointment of a receiver is not outside the AER's powers.

25
26 First, by section 105 of the *Oil and Gas Conservation Act*, to enforce its orders, the AER
27 may take "any" steps it considers necessary; and here, the AER says it is applying not to
28 enforce its security but because of Lexin's protracted non-compliance with its obligations,
29 including the AER's orders.

30
31 Second, by subsection 3(2) of the *Responsible Energy Development Act*, the AER "has the
32 capacity and, subject to this Act and any other enactment, the rights, powers and
33 privileges of a natural person."

34
35 Third, in giving the AER statutory lien security, the Legislative Assembly intended that
36 lien security to entail all the rights of recovery enjoyed by any other secured lien holder.

37
38 Garnishment is mentioned in subsections 103(4) through (9) not because the Legislative
39 Assembly limits the AER to only that form of enforcement but because the Legislative
40 Assembly gave the AER enhanced powers to enforce by way of garnishment. For
41 example, section 103 makes it an offence for a debtor's payor to not comply with a

garnishee notice. Also, it creates a separate debt to the AER in the circumstances of non-compliance by a payor with a garnishment notice.

The third question then is: Has the AER satisfied the test for the appointment of a receiver?

What is the test? Under the *BIA*, it is referred to as whether it is just and convenient to do so; under the *Judicature Act*, whether it is just and equitable; and the law has said those two are virtually the same.

The appointment of a receiver is an extraordinary remedy. It is not quite so extraordinary if a debtor has agreed contractually to the appointment in the event of default. That's not the case here, so in this case it is an extraordinary remedy. It is to be determined after considering and balancing the rights of debtors and creditors. It is to be determined after having regard to all the circumstances, including such things as the following:

- (i) the nature of the property;
- (ii) the rights of all parties relative to that property;
- (iii) secured creditor's right to appointment of a receiver privately;
- (iv) any risk to secured creditors to erosion of their security or the value of the assets that are secured;
- (v) any apprehended or actual waste of the debtor's assets;
- (vi) the effect of any such order on all the parties;
- (vii) the amount of time that will be required;
- (viii) the likelihood of maximizing recovery for creditors;
- (ix) any undue hardship on the debtor beyond the loss of assets and their sale;
- (x) whether irreparable harm might occur without any such appointment that has been found to not be an essential pre-condition to appointing a receiver but it is a consideration; and
- (xi) the balance of convenience.

1 In my view, these considerations militate strongly in favour of appointing a receiver.
2 Significant among them are that:

3
4 1. A receiver seems necessary in this case to preserve the subject property value, to
5 preserve the oil and gas resources of Albertans, to provide more time to other interest
6 holders to prevent expiry of their rights. Absent a receiver, these interests more likely are
7 to be irreparably harmed.

8
9 2. A receiver is warranted given Lexin's conduct, including its placing its economic
10 survival before public safety. This may be a very crude illustration, but when a ship is
11 sinking, effort is made to keep it afloat, obviously, but not before first passing around the
12 life jackets and getting the life boats deployed. In my view, the public interest here
13 compels a regime change and the option in front of me of a receiver is acceptable.

14
15 3. I note the overwhelming support of stakeholders present in court.

16
17 4. Appointing a receiver does not preclude a proposal being advanced from Lexin or from
18 its related companies.

19
20 In considering these factors, I note that the AER's Statement of Claim, at paragraph 4, is
21 not framed as seeking a receiver over licences only, as intimated by Lexin. The definition
22 in the Statement of Claim at that paragraph of "Sites" might be thought as ambiguous, but
23 the better reading, in my view, is that the word "Sites" therein defines the word/phrase
24 most immediately prior, that is, the physical oil and gas facilities, not to the earlier
25 reference to the licences for those physical sites.

26
27 I am satisfied therefore that this receivership proposal is not just about money or just
28 about licences, and it's not about enforcing security. It seeks the broader, as I have
29 referred to it, regime change so facilities may again serve the public interest.

30
31 I also note the AER's application is not just about Lexin's \$1 million debt to AER. The
32 Court is concerned with the aggregate indebtedness. Lexin admitted insolvency, but it also
33 admitted cashflow limitations from before AER closed the wells and plants and pipelines
34 and facilities. Lexin admitted an inability to fulfill its responsibilities as licensee.

35
36 Lexin says the application is just a front for coming to the aid of the Orphan Well
37 Association. I think it is much more than that, but aiding the Orphan Well Association is
38 not a negative consideration and it is consistent with AER's statutory purposes.

39
40 Lexin implies that the AER drove Lexin to this predicament where, as it says, it is unable
41 or unwilling to care for its sites. But nothing in the record suggests Lexin ever challenged,

1 by legal process, be it administrative or curial, whatever it was that the AER did to cause
 2 Lexin this predicament. Lexin has made proposals to the AER, but never claimed by legal
 3 process AER acted unfairly, unlawfully, unreasonably or without authority.

4
 5 I find the appointment of a receiver just and convenient; I find it necessary in the
 6 circumstances; and I find it in the public interest. I find the need to do so urgent. I find it
 7 appropriate even if I am wrong regarding section 244 and the form of notice to Lexin was
 8 deficient.

9
 10 Therefore, on noting the consent to act by Grant Thornton Ltd., I grant the application to
 11 appoint it as receiver for Lexin Resources Ltd., subject only to a few amendments to the
 12 proposed form of order.

13
 14 Ms. Gurofsky.

15
 16 **Submissions by Ms. Gurofsky (Other)**

17
 18 MS. GUROFSKY: My Lord, my friend Mr. Groia is on the phone
 19 and he has raised an issue that I advised I would bring to the Court's attention. Mr. Groia
 20 is of the view -- or has raised an issue with respect to conflicts, an alleged conflict of --
 21 for Grant Thornton acting as receiver in this case. Grant Thornton's position is that there
 22 is no conflict, and I will just take you through a few points and historical relationships
 23 that I believe Mr. Groia is referring to.

24
 25 In the backdrop of this, I would just refer Your Lordship to section 13.3 of the
 26 *Bankruptcy and Insolvency Act*, which says that:

27
 28 Except with the permission of the court and on such conditions as
 29 the court may impose, no trustee shall act as trustee in relation to
 30 the estate of the debtor

31
 32 (a) where the trustee is or at any time during the two preceding
 33 years was,

34
 35 . . . the auditor, accountant or legal counsel, [et cetera], of
 36 the debtor.

37
 38 So, I would emphasize the two-year provision in the *BIA*.

39
 40 Grant Thornton acted as auditors for Compton Petroleum Corporation. Compton
 41 Petroleum Corporation amalgamated with MFC Energy to eventually create Lexin. Grant

1 Thornton acted prior to the amalgamation and the audited reports were filed for the fiscal
2 year end of 2011, so clearly outside of that two-year period.

3
4 THE COURT: And -- and I'm sorry, I have just been getting
5 my pen closer to my paper. What was its role with respect to Compton and what was its
6 role with respect to Lexin?

7
8 MS. GUROFSKY: So --

9
10 THE COURT: Auditor for Lexin in 2011?

11
12 MS. GUROFSKY: That's correct.

13
14 THE COURT: Okay.

15
16 MS. GUROFSKY: For -- for Compton Petroleum, who
17 amalgamated with MFC Resource -- or MFC Energy Corporation --

18
19 THE COURT: Right.

20
21 MS. GUROFSKY: -- I believe in 2013, so prior to the
22 amalgamation, but the predecessor in 2011.

23
24 There has also been some advisory services provided to some MFC entities. MFC, there
25 were --

26
27 THE COURT: Is a creditor.

28
29 MS. GUROFSKY: Is a creditor.

30
31 THE COURT: Right.

32
33 MS. GUROFSKY: Potentially a related party. One of the entities.
34 It's -- it's not even clear that it's a related party anymore based on the financial
35 statements filed with the securities and Exchange Commission in 2015. We accessed these
36 by Google, not through any other mechanism. So, the advisory services that were
37 provided were related to internal controls, so you know, how the companies reported
38 financials, that sort of thing. There were no accounting services provided and the
39 accounting services I would just -- the term "accountant" means, under CAIRP rules,

40
41 . . . anyone who has prepared unaudited financial statements in

So, I would say it's not even the scope of services contemplated under the *BIA*, and in any event, it's -- it's not Lexin. But I advised my friend that I would put these facts in front of the Court.

THE COURT: Thank you. Mr. Groia, did you want to speak to it?

Submissions by Mr. Groia (Other)

MR. GROIA: Yes. I am grateful that Grant Thornton advised the Court of those matters. I should also tell you that I understood that there's about a thousand -- I'm sorry, about \$10,000, rather, still owing by Compton/Lexin to Grant Thornton.

THE COURT: I am -- I am sorry to interrupt you, but the technology is doing it for me. You're only coming through in interim -- you sound like an SOS signal.

MR. GROIA: I'm sorry. Is that better?

THE COURT: So far. Thank you.

MR. GROIA: Okay. So, let me try that again.

THE COURT: Thank you.

MR. GROIA: I started by saying I'm grateful that counsel for Grant Thornton has brought some of these matters to the Court's attention. To be clear, although I have raised these matters, I have never suggested that they are disqualifying conflicts, but that the Court was entitled and should know about all of them. And the only additional matter that I'm aware of that I am not sure has been mentioned is that I am instructed that there's about \$10,000 owing to Grant Thornton by Compton, which was still owing as of the end of 2016. I don't believe it has been paid, and that was for work in connection with the *Sarbanes-Oxley* requirements to the United States. So, that -- that would make Grant Thornton a creditor of Lexin with respect to their outstanding invoice.

But having raised -- having put those matters before the Court, I don't intend to argue that they are sufficient to disqualify Grant Thornton if you otherwise don't consider that to be

1 a reason not to appoint Grant Thornton.

2

3 But we do have submissions we would like to make on the form of order with respect to
4 a number of what I think we have referred to as small points, and Mr. Sischy, who
5 worked with me, had prepared to deal with those. I don't know whether you want us to
6 try and deal with them offline or whether you want us to go through them and try and see
7 what's involved at this point.

8

9 THE COURT: All right. In a moment, we will -- we will talk
10 about that process. I will deal with the conflict issue first, and just to let you know, the
11 longer you continued with your submissions, the more it reverted to that SOS sound,
12 but -- so I don't know if it's just proximity to the mike or what it is.

13

14 But Ms. Gurofsky, with respect to the points raised?

15

16 MS. GUROFSKY: Yes. I -- I can just -- I spoke to my client and
17 according to Grant Thornton's records, that matter referenced by my friend is in relation
18 to another party; it's not Lexin who was engaged in respect of that. So, again, no conflict
19 from our perspective.

20

21 THE COURT: If for whatever reason Grant Thornton may find
22 it necessary to put a proof of claim into the process, I would expect that to be expressly
23 drawn to the Court's attention.

24

25 MS. GUROFSKY: We would do that.

26

27 THE COURT: Otherwise, I do appreciate, Mr. Groia, that
28 those things were mentioned and I consider that consistent with counsel's obligation; I
29 appreciate it.

30

31 I am satisfied that it is not an impediment to Grant Thornton acting in this matter.

32

33 MR. GROIA: Okay.

34

35 THE COURT: Thank you. Ms. Nicholson.

36

37 **Submissions by Ms. Nicholson (Other)**

38

39 MS. NICHOLSON: My Lord, I want to bring to your attention
40 some matters that my friend Mr. Groia raised over the weekend, suggesting that there was
41 the duty on the part of AER to tell the Court everything there ever was about the

1 relationship between GT and any of the parties, good or bad, and that he wanted
2 communications from AER's lawyers; he wanted all -- full disclosure of all other
3 engagements of GT by AER of any kind whatsoever and all communications. And My
4 Lord, our --

5

6 THE COURT: I'm sorry, you said "GT". Let me make sure I
7 have my --

8

9 MS. NICHOLSON: Grant Thornton.

10

11 THE COURT: Oh.

12

13 MS. NICHOLSON: Grant Thornton.

14

15 THE COURT: Okay.

16

17 MS. NICHOLSON: I am just really referring to the E-mail that he
18 sent.

19

20 THE COURT: That's fine. I was thinking it was some
21 derivative of Glencore, so . . .

22

23 MS. NICHOLSON: Yes. No. So, I --

24

25 THE COURT: Okay.

26

27 MS. NICHOLSON: -- I wanted to bring that to your attention.

28

29 Our position from the time that we served the unfiled affidavit on last Saturday - not --
30 not two days ago but last Saturday - was that Mr. Groia could examine -- cross-examine
31 on the affidavit which references the consent of Grant Thornton. He was offered the
32 witness to examine on Monday, Tuesday, Wednesday and Thursday of last week, and he
33 elected not to do so. Our position is that demands -- that there is a process to make
34 requests for information, et cetera, so that that is his means of obtaining information in a
35 legal proceeding that he seeks. So, I -- I -- that's our position with respect to his demands
36 over the weekend. I wanted to be sure that was on the record.

37

38 THE COURT: Okay. And you brought it to the Court's
39 attention --

40

41 MS. NICHOLSON: Yes, I have.

1
2 THE COURT: -- because --
3
4 MS. NICHOLSON: Thank you.
5
6 THE COURT: -- that was counsel opposite's request and I take
7 it because he is a little limited participating by telephone. Is that what I take from this?
8 Mr. -- Mr. Groia, is there a specific relief requested at this time?
9
10 MR. GROIA: Well, I -- I guess I would say a couple of
11 things, My Lord. First of all, none of the material that we requested was provided and --
12 and I can say, My Lord, there's a terrible echo, so I'm struggling to say anything without
13 it blowing back in my ear.
14
15 THE COURT: Just hold on a second. Mr. Clerk, is there a way
16 perhaps to reduce the volume at one of the ends that would fix that?
17
18 THE COURT CLERK: Yeah, I think I can --
19
20 THE COURT: Not so much that we can't hear
21 Mr. Groia. Okay, we will give that a try. Go --
22
23 MR. GROIA: Thank you.
24
25 THE COURT: Go ahead and see if the echo continues,
26 Mr. Groia.
27
28 MR. GROIA: Thank you. It's not continuing at the moment.
29 So --
30
31 THE COURT: Nicely done, Mr. Dufault.
32
33 MR. GROIA: So, first -- first of all, I want to point out that
34 we received no information of any kind whatsoever from the AER in connection with the
35 relationship between them and the proposed receiver.
36
37 THE COURT: Can -- can you just give me a sense of what
38 kind of relationship causes you concern? I bet an entity the size of Grant Thornton will
39 have had some dealings with probably every party in the room at some point.
40
41 MR. GROIA: Not with me, I can promise you, but --

1
2 THE COURT: You're not in the room.

3
4 MR. GROIA: True enough, except in -- in spirit but not
5 physically.

6
7 THE COURT: Okay.

8
9 MR. GROIA: The kind of issues, obviously, that one would
10 normally expect would go to any reason why the Court would be concerned about the
11 ability of Grant Thornton to discharge the neutrality that's required from a court-appointed
12 receiver. So -- and again, I don't know the nature of the relationship, but suppose Grant
13 Thornton does a great deal of work for the AER in connection with enforcement matters
14 or forensic work, or other kinds of work, that would have them dealing on a regular basis
15 with the people at AER and generating a significant amount of revenue for the firm. In --
16 in that circumstance, I would expect that the Court might very well be concerned that
17 Grant Thornton would not, to use a rather well known expression, want to cut off its nose
18 to spite its face by doing things adverse in interest to the AER. We do know that they
19 have had dealings with the AER as the trustee in bankruptcy in *Redwater*, and that would
20 give, I guess, some comfort that they are able to act in a way that might be described as
21 adversarial, but I -- simply, other than to give you hypothetical examples, I am obviously
22 not able to raise an issue about conflict because we were not provided with any of the
23 information that we requested.

24
25 Secondly, the invitation to cross-examine really, I guess, has two answers.

26
27 Firstly, I will say that, as you know from the timing, we received that affidavit on the
28 weekend and were expected to be in court on Wednesday. It was simply not possible, and
29 I have advised my friend repeatedly that it was simply not possible in the time available
30 for us to conduct a cross-examination.

31
32 And -- and in addition, my second point would be I -- I would be very surprised that the
33 witness would have had any information about relationships between Grant Thornton and
34 the AER, other than things she might have been personally aware of, so I don't believe it
35 would be cross-examination for me to ask her to go and search through the files of the
36 AER and general counsel's office and other parts of -- of the organization to try and give
37 me the kinds of information I believe you're entitled to, as much as well that we would
38 be entitled to know so we would be able to decide whether or not to make those
39 submissions.

40
41 So, again, because I don't have the information, I am not suggesting a disqualifying

1 conflict, but I did suggest, with respect, that those are matters that you were entitled or
2 are entitled to know about so you can satisfy yourself whether there's a disqualifying
3 conflict even if I'm not able to assist you in that regard.
4

5 THE COURT: Thank you, Mr. Groia. Ms. Gurofsky.
6

7 MS. GUROFSKY: Perhaps I can satisfy my friend and -- and the
8 Court in respect of these requests. Grant Thornton, My Lord, as you know, is a court
9 officer; they act in respect of these matters all the time; they would act prudently in
10 respect of their appointment whether the applicant was the Alberta Energy Regulator or
11 TD Bank.
12

13 I can tell you that this matter is unique in that it is the first time the AER has engaged
14 Grant Thornton. It is the first time Grant Thornton is not --
15

16 THE COURT: In this -- in this capacity?
17

18 MS. GUROFSKY: In this capacity. It is the first time Grant
19 Thornton will not be directly adverse to the AER --
20

21 THE COURT: (UNREPORTABLE SOUND)
22

23 MS. GUROFSKY: -- in these matters.
24

25 THE COURT: Ha.
26

27 MS. GUROFSKY: The -- I advised my friend this weekend that
28 there was no engagement letter between the two parties, that if -- if a receivership order
29 was granted, that Grant Thornton would be appointed pursuant to the terms of the
30 receivership order and the statute governing Grant Thornton in that capacity.
31

32 I would also note that the affidavit of Ms. Chant does attach the consent to act of Grant
33 Thornton in -- in respect of the relationship. So --
34

35 THE COURT: Well, she -- she is at the AER, yes?
36

37 MS. GUROFSKY: That's right.
38

39 THE COURT: Yes. So, that --
40

41 MS. GUROFSKY: That's right.

1

2 THE COURT: -- isn't necessarily helpful.

3

4 MS. GUROFSKY: Mr. Beck (phonetic) is not aware of any other
5 engagements with respect to -- as between Grant Thornton and the AER.

6

7 THE COURT: And when you say that, are you saying in any
8 capacity as accountants?

9

10 MS. GUROFSKY: In any capacity.

11

12 THE COURT: Okay. Thank you. Anyone else wish to speak
13 on this matter?

14

15 **Submissions by Mr. Simard (Other)**

16

17 MR. SIMARD: My Lord, on behalf of Exxon Mobil, we were
18 made aware of this issue over the weekend and I can advise that our client has no
19 concern. It's on the public record in this Court. There is no accounting firm who plays the
20 role of trustee or receiver who has had more adversity to AER over the last few years
21 than Grant Thornton. *Redwater* was obviously a most notable case, but *Tallgrass* as well
22 was very hotly contested on disclaimer and approval issues. So, we're comforted by that
23 fact and we have no doubt that Grant Thornton, whom we have seen on many files, would
24 discharge their duties independently and mutually and --

25

26 THE COURT: I just thought of a very sinister motive then.

27

28 MR. SIMARD: (UNREPORTABLE SOUND)

29

30 THE COURT: The AER is trying to get Grant Thornton so
31 busy they will get out of their hair on other matters.

32

33 MS. GUROFSKY: (UNREPORTABLE SOUND)

34

35 MS. NICHOLSON: (UNREPORTABLE SOUND)

36

37 MR. SIMARD: Maybe. Maybe. I think they will continue to
38 take further engagements this year, other creditors.

39

40 THE COURT: It's like clients opinion shopping with all the
41 major law firms before they retain anyone. All right, thank you, Mr. Simard.

1
2 Mr. Plester, you too? Go ahead.

3
4 **Submissions by Mr. Plester (Other)**

5
6 MR. PLESTER: Sir, again, Greg Plester for Vulcan County. The
7 County has no concerns with Grant Thornton acting as receiver.

8
9 **Ruling (Other)**

10
11 THE COURT: Okay. Thank you. And I will say, in -- in light
12 of this more recent information, nor does the Court have any concern. I appreciate,
13 Mr. Groia, that some of this additional information may have assisted you in knowing
14 whether or not to raise it, so again, I thank you. Anything else before we proceed to the
15 specific terms?

16
17 Seeing nothing, then Mr. Groia raised the process question. Is there a reason, Mr. Groia,
18 why we would not be able to efficiently deal with any amendments to the template form
19 this morning?

20
21 MR. GROIA: No, Sir. It might take Mr. Sischy and you and
22 the others perhaps an hour because of the what I would describe as the significant changes
23 from the template, but if you have the time we're certainly ready to proceed and can go
24 through it on any basis that's acceptable to you.

25
26 THE COURT: I have the time now that I will not have later. It
27 might be a little --

28
29 MR. GROIA: (INDISCERNIBLE) --

30
31 THE COURT: Just a minute. It may be a little more -- thank
32 you. It may be a little more efficient for the Court because it would take a bit less time
33 later, though I'm not convinced of that, and so we will proceed now; I think it would take
34 the parties a lot longer.

35
36 MR. GROIA: And how would you like to do that, Sir?

37
38 **Decision**

39
40 THE COURT: What I would like to do is first put mine out
41 there in case they get overlaid by other concerns. And so, I have just a few copies of this

1 addition that I ask be added to clause 3(a). I don't know how many -- well, Mr. Clerk,
2 can you give one to Ms. Nicholson and then the others, whatever parties may wish.

3
4 For your benefit, Mr. Groia, I will just read the words I am requiring be added to
5 paragraph 3(a) at the end.

6
7 MR. GROIA: All right.

8
9 THE COURT: The words will read as follows: ". . . and the
10 receiver shall be entitled to abandon, renounce or otherwise release any of the debtor's
11 interest in any property or any right in any immovable, including a licence or other
12 authorization pursuant to section 14.06(4) of the *Bankruptcy and Insolvency Act*,
13 notwithstanding the provisions of the *Oil and Gas Conservation Act* and the *Pipeline Act*."

14
15 My only other comment is, I think -- yeah, 3(g) has a typo, that's all: "appears" should be
16 "appeals." I don't think we will take any more time on that.

17
18 Okay, Mr. Selby and Mr. Plester.

19
20 MR. PLESTER: Everyone else will be excused at this time?

21
22 THE COURT: No, I think you should -- no. I always wanted
23 to do that.

24
25 MR. PLESTER: May I?

26
27 THE COURT: Yes, you can go.

28
29 MR. PLESTER: Thank you very much.

30
31 MR. SELBY: Thank you very much.

32
33 THE COURT: Thank you. All right, before I hear from
34 Mr. Groia, Ms. Nicholson, were there any other changes in a review that was made, that
35 you wish to make, to what was provided to the Court?

36
37 MS. NICHOLSON: My Lord, I also picked up the paragraph for
38 "appeals," paragraph (g) --

39
40 THE COURT: Yes.

41

1 MS. NICHOLSON: -- 3.

2

3 Paragraph 7, there was a couple of paragraph numbers referenced there and -- which
4 should be '7' and '8', rather than '5' and '6' because --

5

6 THE COURT: Okay.

7

8 MS. NICHOLSON: -- of the addition of the one paragraph which
9 wasn't contained in the template.

10

11 THE COURT: Thank you.

12

13 MS. NICHOLSON: My Lord, we have language to the effect that --
14 that the order is granted pursuant to 243(1) of the *Bankruptcy and Insolvency Act* and/or
15 pursuant to section 13(2) of the *Judicature Act*. So, that -- that is the change I -- I
16 propose.

17

18 And with respect to the paragraph -- or the added language which you have proposed, we
19 had other language which to me is -- is of the same effect, but -- and there may -- and
20 there's a reason for it perhaps, if I -- if I could try to tell you about it, because this is --

21

22 THE COURT: (UNREPORTABLE SOUND)

23

24 MS. NICHOLSON: Okay, you're chuckling and --

25

26 THE COURT: Just at your colleagues.

27

28 MS. NICHOLSON: Yes, I -- I -- I know. So, what we had was, as
29 3(b), that the receiver was authorized but not obligated to -- to exercise any powers it may
30 have under section 14.06 of the *Bankruptcy and Insolvency Act*. The reason we had stated
31 it that way was because the facts in this case are very, very different than they were in
32 *Redwater*, you will appreciate.

33

34 THE COURT: Yes.

35

36 MS. NICHOLSON: So, before the Court in *Redwater* was the
37 issue --

38

39 THE COURT: Are these words too *Redwater* specific?

40

41 MS. NICHOLSON: Pardon?

1
2 THE COURT: Are the existing words too *Redwater* specific?
3
4 MS. NICHOLSON: Well, I think your --
5
6 THE COURT: I don't mind the broader scope of what you're
7 proposing.
8
9 MS. NICHOLSON: Okay. I thought -- I think --
10
11 THE COURT: It would seem to include what I have put --
12
13 MS. NICHOLSON: I --
14
15 THE COURT: -- in my addition --
16
17 MS. NICHOLSON: I think so.
18
19 THE COURT: -- but be broader.
20
21 MS. NICHOLSON: But -- but I -- I think there are slight -- there's
22 a slight change --
23
24 THE COURT: Okay.
25
26 MS. NICHOLSON: -- because it's connected to any powers it may
27 have is the --
28
29 THE COURT: I caught that.
30
31 MS. NICHOLSON: Yes. And whereas you have -- there's --
32
33 THE COURT: And -- and --
34
35 MS. NICHOLSON: -- "shall be entitled to," so to my mind --
36
37 THE COURT: Okay.
38
39 MS. NICHOLSON: -- you are making a determination today that
40 ought not --
41

1 THE COURT:

So if --

3 MS. NICHOLSON:

-- to be made today.

5 THE COURT:

-- if your client succeeds at the Court of
6 Appeal, no amendment to this order is needed because it would not have those powers;
7 right?

9 MS. NICHOLSON:

Yes.

11 THE COURT:

Okay. No, I get that.

13 MR. GROIA:

Uh --

15 MS. NICHOLSON:

Those are -- those are the changes that we had

16 in mind, My Lord.

18 THE COURT:

Okay. Thank you. Mr. Groia.

20 MR. GROIA:

Oh, I -- I'm going to deal with the point, My
21 Lord, and then I'm going to let my colleague, Mr. Sischy, deal with the rest.

22
23 First of all, with respect to the language that you have read out, I am going to suggest that
24 that's the proper way to proceed, and the reason for that is I believe it's abundantly clear
25 that because the receiver is not taking possession of any of the sites, it has no powers
26 under 14.06 of the *Bankruptcy and Insolvency Act*, and so essentially you would be giving
27 them no right to renounce because the predicate requirement of possession is not there.
28 But you know, if my friend wants a broader order that is directed towards the *BIA*, you
29 could accomplish that by saying you declare that it has the powers given under 14.06 so
30 we're not met with the argument subsequently that essentially without possession there is
31 no right.

33 THE COURT:

With that --

35 MR. GROIA:

Hello?

37 THE COURT:

With that last comment, were you -- after
38 earlier saying you liked my proposed wording, you -- you thought it would be -- it could
39 be shortened up in any event?

41 MR. GROIA:

Well, first of all, Sir, we lost you for about 30

1 seconds. It sounded like there was a wiretap from some Russian --

2

3 THE COURT: (UNREPORTABLE SOUND) It was just me
4 trying to think; it was very quiet.

5

6 MR. GROIA: I see. Well, at our end it was a foreign voice
7 speaking in a tongue I did not recognize.

8

9 THE COURT: (UNREPORTABLE SOUND)

10

11 MR. GROIA: So, I don't know if -- could we start back up to
12 where I was in my submission and could I ask you to kindly ask your question again.

13

14 THE COURT: Yes. My question was wanting to understand
15 your proposal. First, I had understood you to say you preferred the wording that I had
16 proposed, but then towards the end of your comments it sounded like you had a more
17 succinct way of putting it, which -- which would be some brief wording, saying the
18 receiver has all the powers indicated under section 14.06.

19

20 MR. GROIA: And that you would declare that those powers
21 are available to it. As I say, my concern is if you simply say "any powers they may
22 have," I absolutely know we're going to be told they have no powers because they have
23 no possession of the property.

24

25 THE COURT: Well, after this order is signed, it's not going to
26 be the AER's role, it's going to be the receiver who is going to operate under this, and it
27 may very well be in ways the AER isn't that happy with.

28

29 MR. GROIA: And I think we're all intending to give the
30 receiver the power to renounce, and that's what your language accomplishes because
31 you're giving it under court order the power to renounce. All I'm suggesting is tracking
32 the language of 14.06 doesn't accomplish what you want to accomplish, unless we can
33 deal with this very odd situation where they're not going to have possession of sites that
34 you're saying they can renounce.

35

36 MS. NICHOLSON: My Lord, if it helps --

37

38 THE COURT: Okay.

39

40 MS. NICHOLSON: -- there is a -- we have an order in the *Quattro*
41 *Exploration* case, a receivership order, where that very language we have proposed was

1 used. I can hand it up to --

2

3 THE COURT: Thank you.

4

5 MS. NICHOLSON: -- My Lord. This is an order granted February
6 2, so -- so just over a month ago, by Madam Justice Eidsvik, in the *Quattro Exploration*
7 *and Production Ltd.* case. If I could turn Your Lordship to paragraph (b) -- 5(b), "to
8 exercise any powers it may have under section 14.06 of the *BIA*. That was the language
9 used in that case, the receiver --

10

11 THE COURT: Yes, but 5(a) right before it, I think that was
12 Mr. Groia's point, it says, "to take possession and control of the property."

13

14 MS. NICHOLSON: Yes, it --

15

16 THE COURT: So -- so, it does make sense in that context.

17

18 MS. NICHOLSON: I -- I would have thought that your language
19 was -- would be preferable in that -- in that case, but --

20

21 THE COURT: Okay.

22

23 MS. NICHOLSON: -- and more consistent --

24

25 THE COURT: Me too, since it originated with -- oh, no, it was
26 Justice Strekaf, not Eidsvik, okay --

27

28 MS. NICHOLSON: Yes. But --

29

30 THE COURT: -- I take it back. All right.

31

32 MS. NICHOLSON: -- in -- in any event, I -- I think you ought not
33 to determine today whether 14.06 operates, and it will be the receiver's determination to --

34

35 THE COURT: Well, that comes back to the discussion we had
36 Friday --

37

38 MS. NICHOLSON: Right.

39

40 THE COURT: -- I think it was.

41

- 1 MS. NICHOLSON: The key being the facts --
2
- 3 THE COURT: -- it is the existing decision that, by definition,
4 is persuasive to me.
5
- 6 MS. NICHOLSON: My only point here is that the facts differ, My
7 Lord.
8
- 9 THE COURT: Yes.
10
- 11 MS. NICHOLSON: The facts are -- are very different in the
12 *Redwater* case than -- than under this particular order, because right now, we -- we have
13 the OWA with care and custody in effect; we don't have the receiver in -- in possession.
14
- 15 THE COURT: Okay.
16
- 17 MS. NICHOLSON: Whether or not a renouncement is -- is possible
18 will be up to the receiver to determine and maybe we will have a big argument about it
19 and maybe we won't.
20
- 21 THE COURT: Well, 3 -- 3(a) in this form of order also has the
22 receiver taking possession.
23
- 24 MR. GROIA: And my -- my point, My Lord, is the trustee
25 has nothing to abandon in the order that they are proposing because he is not given
26 possession. So it takes out of it --
27
- 28 THE COURT: Yes, not of everything, but you know that can
29 change over the course of a receivership also. I -- I would like wording that will stand the
30 test of time. Ms. Gurofsky, you were going to comment.
31
- 32 MS. GUROFSKY: Yes, My Lord, I think the language that you
33 have proposed is consistent with language of an amended receivership order granted by
34 Justice Strekaf in Nordyke (phonetic). So, that language has been used before. I -- I hear
35 my friend that -- comments that we're dealing with different facts here, and the facts here,
36 and I -- I wouldn't adopt that --
37
- 38 THE COURT: Yes.
39
- 40 MS. GUROFSKY: -- position normally, except to say that here, the
41 receiver is not taking possession or exercising physical control over the site. So, given

1 that, the receiver is not opposed to its proposed language, so that if down the road there is
2 a need to take possession, we can -- we would come back to court and amend the order,
3 and we could deal with 14.06 at that time. We would have to -- if -- if the receiver was
4 taking possession of the site, we would have to come back in front of the Court.

5
6 MR. GROIA: My -- My Lord -- sorry to interrupt. I'll wait.

7
8 THE COURT: No. I -- I think it's time. Go ahead.

9
10 MR. GROIA: As I argued last week, obviously
11 unsuccessfully, the main thing that's going to happen here is the receiver is going to start
12 to conduct a sales process. That's what really this is all about. And if the receiver decides
13 not to take possession, the question will be: Can the receiver renounce the wells that are
14 not economical and only put up for sale the wells that are economical, and that -- that
15 approach to a sale requires, obviously, the receiver to go in and conduct an evaluation and
16 decide whether they wish to do so or not? If, on the other hand, they're not allowed to
17 renounce, or there's going to be a fight about their ability to renounce, that puts them in
18 the position where they have to sell everything because they don't have the ability in
19 those circumstances to provide what I will describe as an attractive package to a potential
20 purchaser. So, in my submission, this is an issue that has to be resolved today because we
21 can't even start to embark on all the issues that will be attenuated to the sales process
22 unless we know what their rights are and how to approach a sales process.

23
24 MS. GUROFSKY: My Lord, I think I would disagree with my
25 friend. I -- I don't think this issue has to be dealt with today because under the current
26 proposed order, the receiver is not permitted to take possession of the site. It is permitted
27 to sell everything and it will attempt to do that. It doesn't take possession -- it doesn't
28 need to take possession to do that. So, yes, it will look at the site and market everything,
29 but if it -- if it deems it appropriate or necessary to take possession of the site, we have to
30 come back in front of the Court to amend this order. This order does not -- does not
31 permit them to do that at this stage.

32
33 So, the proposed language by the AER is a compromise at this point to get over this
34 hurdle and if it's necessary to take possession, then -- then we can revisit this. Having
35 said that, I don't know why we would take possession of something that the receiver
36 would then disclaim, but you know, I -- I don't have a magic ball to look into; I -- I don't
37 know what the future will hold. I think (b) is a -- a fine compromise given the unique
38 circumstances here, where the receiver is not taking possession and not permitted to.

39
40 MR. GROIA: My Lord, that's exactly my concern. My
41 concern isn't about them taking possession. My concern is can they do what they did in

1 *Redwater*, which is to renounce the sites that are terrible and leave those in the Orphan
2 Well Association, and not market everything, but rather mark the good sites that will
3 bring a much better offer than trying to force a purchaser to take a bunch of sites they
4 don't want, which they're obviously going to deduct from the purchase price. So --

6 THE COURT: In what way is the current order preventing
7 that, the proposed form of order?

9 MR. GROIA: Because your language would allow them to
10 renounce and --

12 THE COURT: But --

14 MR. GROIA: -- I would expect that they would do that before
15 they would put a package up for sale, and if you don't allow them to renounce, then they
16 have to sell everything, which is obviously a much less desirable acquisition. I mean,
17 all --

19 THE COURT: So, you --

21 MR. GROIA: -- all I thought we trying --

23 THE COURT: So, you say -- you say possession is irrelevant
24 to this issue?

26 MR. GROIA: It's completely irrelevant. They don't need to
27 have possession --

29 THE COURT: To sell.

31 MR. GROIA: -- to be able to put together the attractive
32 properties and sell them and say to the Well Association and the AER,
33 (INDISCERNIBLE) you to look after them.

35 THE COURT: Okay. Ms. Gurofsky? Ms. Nicholson?

37 MS. GUROFSKY: I understand what my friend is saying now. I
38 think the response to that is, and I have -- I have just confirmed with Ms. Cameron of the
39 AER that all of the sites would be marketed initially, or those sites that make sense to be
40 marketed would be marketed - remember, the receiver is not obligated, but it may. And
41 the -- and the AER here would permit piecemeal sales. It's -- it's not like a sale has to

1 happen on that with all of the assets, but certain assets that are more attractive than others
2 or more saleable than others, or that have offers, could be sold without the entire package,
3 and the AER would permit that given the circumstances of this -- this package of assets.
4 So, I don't think that the receiver has to disclaim certain properties if they're not sold in a
5 marketing process, because --
6

7 THE COURT: So, what happens at the end, when the receiver
8 wants to be discharged, it comes back and says, Look, we sold these nine different
9 groupings --
10

11 MS. GUROFSKY: That's right.
12

13 THE COURT: -- and we have also got 1,004 left over?
14

15 MS. GUROFSKY: We've got 1,004 left over that we were not able
16 to sell, we're not in possession of them, so we will be discharged, and -- and the wells,
17 probably with the OWA, would remain in their care and control, those wells that could
18 not be sold.
19

20 THE COURT: Ms. Nicholson?
21

22 MS. NICHOLSON: Yes, My Lord. The goal is to let the market
23 decide --
24

25 THE COURT: Yes.
26

27 MS. NICHOLSON: -- in our respectful submission. That is what we
28 would hope and expect the receiver to do: put the assets up for sale, determine -- and --
29 and how it packages them is its determination. But to put them up for sale with a view to
30 the market choosing what it wants to buy, at which time, you heard Ms. Gurofsky speak
31 about what the AER would do. It would look and determine and assess and hopefully be
32 brought on -- onto side on -- in terms of what it is that the receiver would propose to do.
33

34 Another point that's very important to mention here is in -- we have noticed in a number
35 of cases, when assets have been disclaimed by a receiver, often the disclaimed assets are
36 the ones that are valuable, and -- and even in the case of *Redwater*, it's my understanding
37 that it was -- it was the disclaimed assets that -- that actually had value and the ones that
38 weren't disclaimed didn't. So, the point is, making decisions at an early stage without
39 marketing the assets for sale fully, can we leave money on the table that would otherwise
40 be available? So, that's what we're talking about, is -- right now we're talking about the
41 market, the way in which these will be marketed, and it's going to be up to the receiver

1 to -- to use its -- its expertise to do its duty to act in the best interests of all stakeholders
2 and sell the assets as -- market and sell them as appropriate. That is our -- our position
3 and --
4

5 THE COURT: I hadn't thought either proposed wordings
6 would have interfered with that.
7

8 MS. NICHOLSON: You -- you would have thought?
9

10 THE COURT: I would not have thought either set of proposed
11 wordings would have impaired the receiver's flexibility on how to market.
12

13 MS. NICHOLSON: No, neither -- neither would I.
14

15 THE COURT: Okay.
16

17 MS. NICHOLSON: So -- so, if we're just choosing between the
18 wording, you know our position. Thank you.
19

20 MS. GUROFSKY: And -- and I would just wish to clarify, the
21 receiver would be fine with the wording proposed by the Court. Obviously, that's the
22 position we would want you to take.
23

24 THE COURT: All right.
25

26 MR. GROIA: Again, My Lord, but we had just the most
27 terrible cross-talk from another phone call and we have been struggling to hear both
28 yourself and my friends. Now, of course, it has gone away that I have started to speak
29 again. So --
30

31 THE COURT: Oh, dear.
32

33 MR. GROIA: In any event, I think we --
34

35 THE COURT: You should pay for --
36

37 MR. GROIA: -- got the --
38

39 THE COURT: You should pay for something other than a
40 party line, Mr. Groia.
41

1 MR. GROIA: (NO AUDIBLE RESPONSE)
2
3 THE COURT: Sorry.
4
5 MR. GROIA: Every time that you or my friends speak, we
6 end up with this cross-talk, so could I ask if we would be allowed to hang up and we
7 could be called back and get a new line?
8
9 THE COURT: Absolutely.
10
11 MR. GROIA: Thank you. I will hang up now.
12
13 THE COURT: Okay. Thank you.
14
15 (UNREPORTABLE SOUND)
16
17 MR. GROIA: Hello.
18
19 THE COURT: Hello, Mr. Groia. How is this?
20
21 MR. GROIA: So far, it's perfect. Thank you.
22
23 THE COURT: (UNREPORTABLE SOUND) Except you
24 sound very staccato-like on the SOS theme, but we will go with this and if you start
25 hearing other voices, let me know.
26
27 MR. GROIA: Thank you. I will do so.
28
29 THE COURT: Okay. Last word to you on this particular issue.
30
31 MR. GROIA: Well, again, My Lord, no doubt that really the
32 powers under the *BIA* and what you are proposing is very powerful for the receiver to
33 have available as they look at what to do with -- and with the language you proposed,
34 they have the right to renounce and I am content to have that language as long as it's
35 clear that the receiver does have that authority in its arsenal of options. And if you don't
36 give them that (INDISCERNIBLE), I am very concerned that (INDISCERNIBLE)
37 maximize value (INDISCERNIBLE) it's going to (INDISCERNIBLE).
38
39 THE COURT: All right. I am going to go with the classic
40 Canadian compromise. I am going to use 5(b) from the Eidsvik order in *Quattro*, but
41 instead of the words, "may have," it will be the word "has": to exercise any powers it has

1 under section 14.06 of the *BIA* - I consider that to be actually broader than the words I
2 used and I am pleased to know that the receiver will have that flexibility.

3

4 Further issues with the form of order?

5

6 MR. GROIA: Yes, Sir. I have one other and then I am going
7 to hand the telephone to Mr. Sischy.

8

9 THE COURT: Okay.

10

11 MR. GROIA: He is going to raise with you the scope of 3(g)
12 of the order and he is going to ask you to add to that the ability of Lexin to counterclaim
13 in this proceeding, as well as defend or settle this proceeding, and he is also going to
14 address you on other matters.

15

16 But I wanted to tell you that because it -- it was not clear to us whether the right to
17 counterclaim would be available after the making of this order, we went ahead this
18 morning and served our statement of defence and counterclaim, but -- but now we're
19 (INDISCERNIBLE). So, notwithstanding that we are going to ask you to serve the
20 counterclaim (INDISCERNIBLE) file at this point. We both filed this morning. But I
21 wanted to advise you of that and unless you have any other questions, I can turn it over to
22 Mr. Sischy now.

23

24 THE COURT: Mr. Groia, I think I caught the -- the gist of
25 that. As a court of public record, though, I -- I am concerned that when a transcriber
26 wants to make a transcript out of this, what you just said will be summarized by the
27 single word "indiscernible."

28

29 MR. GROIA: I see.

30

31 THE COURT: And so if you -- if you want -- I don't know,
32 we have got to solve the technology issue here because parties need to know what they're
33 responding to and I need to hear both.

34

35 MR. GROIA: Well, I -- I wanted to be sure that I advised the
36 Court of the fact that we had already gone ahead and served that counterclaim this
37 morning.

38

39 THE COURT: Okay. And so this is a counterclaim to the
40 AER's statement of claim?

41

1 MR. GROIA: And -- and statement of defence, that's correct,
2 Sir.

3
4 THE COURT: Yeah, defence in the counterclaim, okay. And
5 what amendment to 3(g) is sought in respect of that?

6
7 MR. GROIA: Simply adding the words at the end of 3(g),
8 where it says, "to defend or settle the action in which this order is made," we -- we say --
9 provided further: "Nothing in this order shall authorize the receiver to defend
10 counterclaims or settle the action in which this order is made, those remaining with the
11 debtor."

12
13 THE COURT: Let me make -- so, this is -- that was an
14 intentional silence while I was thinking. You're wanting a carve-out, I take it, with respect
15 to Lexin being able to defend and claim back against the AER; is that --

16
17 MR. GROIA: That's -- that's correct, Sir. I mean, it's
18 standard in these orders that we be allowed to defend and my concern is the opening
19 words could be interpreted to preclude us from prosecuting a counterclaim in this
20 proceeding because it's not part of the carve-out that is already in this draft order.

21
22 THE COURT: And you're -- you're speaking in respect of this
23 particular court file number? I -- I have a sense that there are a bunch of others between
24 Lexin and the AER.

25
26 MR. GROIA: Well, Mr. Sischy was going to deal with that,
27 but why don't I deal with it? You will see that this appears to give the receiver the right
28 with respect to judicial review matters, if you go to the sentence above the one we're
29 looking at.

30
31 THE COURT: Right.

32
33 MR. GROIA: (as read)

34
35 This -- the authority hereby conveyed shall extend to such appeals
36 or applications for judicial review in respect of any order or
37 judgment pronounced in any such proceedings.

38
39 And yes, we are asking that we be allowed to continue on behalf of Lexin all of the
40 appeals that we have filed. There's about a half a dozen AER appeals that are -- are
41 extant and there are now two matters in the nature of judicial review before Justice

1 Tilleman returnable Wednesday, and we're asking that we be given the right to continue
2 to prosecute those judicial review applications, as well as continue to prosecute the
3 regulatory appeals.

4

5 THE COURT: And tell me, I think I have a sense of the ones
6 going before Justice Tilleman because you provided me -- one of the parties provided me
7 with some of their submissions. What are the other regulatory appeals? So these are going
8 to the Alberta Court of Appeal, are they?

9

10 MR. GROIA: Well, some are -- some are -- there are some
11 open requests for appeal hearings at the AER with respect to some of the orders that have
12 been made.

13

14 THE COURT: Oh, oh, I see, okay.

15

16 MR. GROIA: And then, if --

17

18 THE COURT: Statutory appeals.

19

20 MR. GROIA: Yes. And then we're also, you know, depending
21 on the answers back we get, we would want to exercise the right to take those to the
22 Court of Appeal.

23

24 THE COURT: And at whose expense is this going to occur?

25

26 MR. GROIA: Well, it's obviously not going to be paid for by
27 Lexin, because I am not asking you to require the receiver to pay for it out of the estate. I
28 think we would reserve the right to put in a claim for any amounts, so either I'm going to
29 be doing it for free or I will have make other arrangements to be paid.

30

31 THE COURT: Okay. Any objection to those carve-outs?

32

33 MS. NICHOLSON: My Lord, we haven't seen this counterclaim
34 and we -- the intention of the order is to stop all proceedings unless leave is granted. So,
35 we do -- we are aware of these appeals, so the regulatory appeals you have heard of; we
36 are aware of the judicial review matters that are before Mr. Justice Tilleman. And my
37 friend wants to now add to the list counterclaims we haven't seen. They ought to apply
38 for leave so that that matter could be fully considered. You ask who is going to pay for
39 that. We heard that the receiver is not and the creditors and the stakeholders are not. But
40 who is going to pay in the event that Lexin is unsuccessful? And so we would be seeking
41 security for costs in relation to those proceedings continuing, the counterclaim

1 proceedings, and I have not got instructions as to whether we would be seeking them in
2 respect of the judicial review proceedings that are scheduled to occur next week.

3

4 THE COURT: Can you say the last part again, Ms. Nicholson?

5

6 MS. NICHOLSON: I -- I haven't gotten -- I haven't received
7 instructions as to whether we will be seeking security for costs --

8

9 THE COURT: Okay.

10

11 MS. NICHOLSON: -- in respect of the judicial review matters that
12 are on the list for this week.

13

14 THE COURT: Are there any actions --

15

16 MS. NICHOLSON: And -- and --

17

18 THE COURT: -- that -- that the AER has commenced, other
19 than the one we're dealing with now, against Lexin --

20

21 MS. NICHOLSON: The AER has --

22

23 THE COURT: -- in court?

24

25 MS. NICHOLSON: The AER has commenced the originating
26 application which formed the basis of the equipment order and the inspection directions,
27 the latter of which has been adjourned *sine die*, and that's the first proceeding --

28

29 THE COURT: So, in your view, that would be stayed by my
30 order, or not?

31

32 MS. NICHOLSON: I think -- I think it is -- it is stayed --

33

34 THE COURT: Okay.

35

36 MS. NICHOLSON: -- by your order, that proceeding. That would
37 be our position.

38

39 And -- and then we have not -- we have commenced just this -- this action and other than
40 that, nothing. And so, definitely with respect to this counterclaim, we need to have the
41 Court hear -- hear the reason; we need to see it; we need to understand it; we might even,

1 who knows? Um, well, I don't want to say what the client would do with respect to that.

2

3 THE COURT: The client. Okay. Ms. Gurofsky.

4

5 MS. GUROFSKY: My Lord, when the receiver takes possession of
6 property causes of action fall within that category of property, and what the receiver does
7 is it looks at the claims and assesses whether these claims have merit, is it -- does it make
8 sense from a financial perspective to pursue these claims? If it does not, other creditors
9 get the opportunity to pursue them by virtue of section 38. There's the opportunity for an
10 assignment of claims in the event the receiver decides it's not appropriate or, you know, it
11 doesn't have the ability to pursue the claim.

12

13 My concern here to allow this carve-out that's being requested, is that when the receiver
14 takes possession of the record, as it -- as it will pursuant to the order, what type of
15 requests will be made of it to produce -- produce records, to use its time and efforts in
16 respect of the litigation, diverting its time and resources and attention to the action over
17 the administration of the estate, the marketing of the assets, the sales. So, that's my
18 concern. I mean, whether there is a carve-out, from the AER's perspective, I think that's a
19 different issue. My concern is with respect to diversion of resources away from the
20 receiver, convoluting matters, and in my view, if these were actions on their merits, they
21 could be assigned under section 38.

22

23 THE COURT: Mr. Groia.

24

25 MR. GROIA: Well, My Lord, we already have a carve-out
26 proposed (INDISCERNIBLE), so --

27

28 THE COURT: I think we just lost you for a bit there, unless
29 you paused.

30

31 MR. GROIA: Sir, what's happening is I'm getting the
32 Russians again.

33

34 THE COURT: (UNREPORTABLE SOUND)

35

36 MR. GROIA: Hopefully -- is that better? It's very frustrating,
37 I'm sure (INDISCERNIBLE). I --

38

39 THE COURT: Yes. I think at both ends.

40

41 MR. GROIA: So, if you look at (g), Sir, we already have the

1 authority to defend this lawsuit; and the receiver, to the extent that there's a concern about
2 issues related to resources, it's commonplace that the debtor is allowed to -- to defend the
3 claims and frankly, it is allowed to continue to resist the appointment of the receiver as
4 far as their defence, but (INDISCERNIBLE). If we're allowed to defend, we could be
5 allowed to (INDISCERNIBLE) what (INDISCERNIBLE) that (INDISCERNIBLE).
6

7 THE COURT: Yes. I'm -- I'm sorry, I'm -- I'm just not
8 getting most of this. Mr. Dufault, can you shut off the mike at that podium? It seemed
9 when you turned that one on, it got more choppy?
10

11 THE COURT CLERK: Sure.
12

13 THE COURT: Let's see if that -- can you just give me a
14 comment, "Testing 1,2,3," something, Mr. Groia?
15

16 MR. GROIA: One, two, three, something, Mr. Groia.
17

18 THE COURT: (UNREPORTABLE SOUND) Your clients
19 must love you. That's just -- you're just exactly what they ask for. Good. Go ahead. I
20 think that may assist. Let's try it once more.
21

22 MR. GROIA: Fine. So, at the risk of repeating myself, let
23 me --
24

25 THE COURT: No, please do, because I don't think I caught it.
26

27 MR. GROIA: Right. But when one goes to (g) and when one
28 looks at what's proposed, we are given the right to defend this proceeding. It -- it is
29 commonplace in receivership orders that the debtor is allowed to continue to fight the
30 receivership lawsuit, and all I'm asking is that we be allowed as part of that fight to
31 counterclaim against the AER, and in my submission, it would be contrary to the rule of
32 law to say that a debtor can defend a claim but cannot assert counterclaim rights in the
33 very proceeding which gave rise to the (INDISCERNIBLE).
34

35 Secondly, the question of asset allocation and burdens of demands for documents, well,
36 that's already going to be extant. It (INDISCERNIBLE) the case to go forward and we
37 can (INDISCERNIBLE) so that the receiver takes possession of all the documents as part
38 of our (INDISCERNIBLE).
39

40 THE COURT: Don't take this the wrong way, but I think your
41 sound comes through clearly for about a minute to a minute and a half, and then it gets

1 indecipherable.

2

3 MR. GROIA: Um --

4

5 THE COURT: So -- so, we could just go with the green light,
6 yellow light, red light and you get a minute and a half. (UNREPORTABLE SOUND) So,
7 I -- I got up to the point where you think the counterclaim, in fairness and pursuant to the
8 rule of law, should be included expressly with the right to defend the action that has
9 culminated in this order. What was after that, Mr. Groia?

10

11 MR. GROIA: In -- in -- in my submission, there will be no
12 extra burden on the receiver because the burden to defend (INDISCERNIBLE) the burden
13 for the counterclaim.

14

15 THE COURT: One of the concerns expressed by the AER is
16 that it may win and expect payment of costs and it may seek security for costs.

17

18 MR. GROIA: We can argue about that when they do so, Sir.

19

20 THE COURT: Well, we could say the same thing about, we
21 could argue about whether leave is granted once all parties have an opportunity to see
22 what leave would be given for. And I -- apart from your comments on the rule of law
23 resonating, it would be helpful for me to know the counterclaim is, call it within the
24 scope of the debt issues, as opposed to expanding the litigation, so doing indirectly what
25 can't be done directly. I'm not suggesting that's what is afoot, but I think all parties ought
26 to have occasion to consider what is -- what leave would be given to.

27

28 MR. GROIA: Well, I -- I have nothing else on that point. And
29 in the -- in the 60 seconds on the judicial review point --

30

31 THE COURT: (UNREPORTABLE SOUND) Yes.

32

33 MR. GROIA: -- then my concern is that we be allowed to
34 continue to prosecute and (INDISCERNIBLE) the right to the client with respect to all of
35 these orders that have been made, some of which are foundational elements of this case,
36 and Justice Tillemann has an argument scheduled for Wednesday that we're asking to be
37 allowed to make.

38

39 THE COURT: Ms. Nicholson? Ms. Gurofsky?

40

41 MS. NICHOLSON: If you look at (g), My Lord, this is about the

1 rights of the receiver, so that it states at the end: (as read)

2
3 Nothing in this order shall authorize the receiver to defend or
4 settle the action in which this order was made unless otherwise
5 directed by the Court.
6

7 So, Mr. Groia is reading into that some right to defend and he may well have that right,
8 but that -- from that, he bootstraps into if he is allowed to defend, then he is allowed to
9 counterclaim. So, I just want to clarify that --

10
11 THE COURT: Right. And I have -- I have not bought into his
12 argument.
13

14 MS. NICHOLSON: Okay.
15

16 THE COURT: I think -- so, to be clear on that point, I think
17 it's premature. I am not precluding him from having it included, either expressly or in the
18 form of a leave application, or some other way. So --
19

20 MS. NICHOLSON: That would be our submission --
21

22 THE COURT: So --
23

24 MS. NICHOLSON: -- that today --
25

26 THE COURT: But on the judicial review, what are AER's
27 comments?
28

29 MS. NICHOLSON: The judicial -- well, it's not just judicial review
30 as well. We should add that it is also a notice of constitutional question. That's important
31 because, of course, it -- it -- he -- Mr. Groia asserts that the immunity clauses that are
32 contained in the AER legislation and otherwise are unconstitutional. So, he -- he -- he
33 needs to proceed with that in order to ground the counterclaim because our submission
34 would be that the counterclaim, apart from whether -- one of the arguments opposing
35 leave on a leave application that he might make would be that there's -- there's no right
36 to proceed with that as a -- as matter of law on account of the immunity clause, et cetera.
37

38 So, our position with respect to the matters which are before Mr. Justice Tilleman is that
39 they may -- they can -- we know what they are; they -- they can proceed on the basis that
40 we may seek security for costs in relation to those - how and why and when we will do
41 that, I'm not sure.

1
2 THE COURT: Just so I understand, you're saying that
3 Wednesday/Thursday will proceed maybe with a preliminary application, but Lexin will
4 be there, as they always would have been and the AER will be there --
5
6 MS. NICHOLSON: Well --
7
8 THE COURT: -- as it always would have been.
9
10 MS. NICHOLSON: Well --
11
12 THE COURT: Have I got that --
13
14 MS. NICHOLSON: -- I mean, I think --
15
16 THE COURT: -- right?
17
18 MS. NICHOLSON: I guess the point is, the receiver needs to decide
19 what is happening, and so subject to the receiver's views, we -- we wouldn't oppose.
20
21 THE COURT: You wouldn't oppose what?
22
23 MS. NICHOLSON: We wouldn't oppose them continuing with --
24 with respect to -- subject to our right to -- we -- we say they're stayed. We say they're
25 stayed, so -- but whether you can make that determination today is -- is another issue as
26 well. So, he wants to proceed. We say they're stayed.
27
28 THE COURT: Let me -- let me try and approach it this way so
29 I can understand the parties' positions. If I make no change to the form of order beyond
30 what we have already talked about, what happens Wednesday in front of Justice
31 Tilleman?
32
33 MR. GROIA: They're going to argue for a stay and we're
34 going to not be allowed to proceed.
35
36 THE COURT: Ms. Gurofsky.
37
38 MS. GUROFSKY: Well, to clarify, under the *Alberta Rules of*
39 *Court*, the matter would be stayed. There's an automatic stay. I don't know whether the
40 matter next week is a matter that is --
41

1 THE COURT: So, just what rule of court?
2

3 MS. GUROFSKY: There's -- there's a rule that says, where a
4 receiver is appointed in respect of one of the parties, there's a -- there's an automatic
5 stay. It's not often enforced.
6

7 THE COURT: Of --
8

9 MS. GUROFSKY: Of --
10

11 THE COURT: -- whatever it is, it's --
12

13 MS. GUROFSKY: Of any matters in front of Court of Queen's
14 Bench.
15

16 THE COURT: Including a judicial review or a challenge to the
17 *vires* of legislation?
18

19 MS. GUROFSKY: I -- I don't know that.
20

21 THE COURT: It's everything?
22

23 MS. GUROFSKY: I don't know the answer to that; I would have
24 to review the rule.
25

26 To the extent that there is a matter that is brought by Lexin, that's a matter that vests with
27 the trustee, the trustee will review it and determine if it was appropriate to continue. In
28 the event it didn't deem it appropriate to continue for whatever reason, the matter could
29 be assigned to a third party.
30

31 THE COURT: And you have here the debtor expressing strong
32 interest in continuing at its own expense.
33

34 MS. GUROFSKY: Yes.
35

36 THE COURT: There may be an issue about a costs award.
37

38 MS. GUROFSKY: Right.
39

40 THE COURT: Subject to that, is that a concern to the
41 receiver?

1

2 MS. GUROFSKY: Again, it's a concern to the receiver from the
3 perspective of resources available and otherwise --

4

5 THE COURT: I thought it would be a positive factor with
6 respect to resources of the receiver. It wouldn't have to turn its mind at all to the --

7

8 MS. GUROFSKY: Well --

9

10 THE COURT: -- immediacy of Wednesday morning.

11

12 MS. GUROFSKY: Yes. Unless there were some issues with respect
13 to document requests and et cetera. But at that point --

14

15 THE COURT: I have got to think, if it's a judicial review --

16

17 MS. GUROFSKY: -- to the extent that the receiver --

18

19 THE COURT: -- the record is in.

20

21 MR. GROIA: Yes, Sir.

22

23 MS. GUROFSKY: Okay.

24

25 THE COURT: I -- from the last comment, you may have
26 sensed that with respect to the judicial review, right now, I'm more inclined that it
27 proceed, but I am -- I am hesitating because there is notice of constitutional question tied
28 to it. Can -- can somebody succinctly tell me what legislation is being challenged and
29 whether the applications are going to be heard or you're just at the beginning of a process
30 of getting information out of the government?

31

32 MR. GROIA: So, the -- let me do that and then my friends
33 can respond. When we were served with the equipment order application before the Court,
34 in that proceeding we filed a counter-application saying that the AER was not properly
35 addressing health and safety concerns, that the Court should be required to make an order
36 requiring that to happen.

37

38 As a second piece of relief, we also asked that if the Court was satisfied that there were
39 health and concerns, and that if the Court was satisfied it could make an order in the
40 name of *mandamus*, then we were also going to consider asking the Court for an order
41 barring AER to abandon these. We were resisted. My friend took the position in front of

1 Justice Tilleman the Court had no authority to even consider our application; and she also
2 took the position that we weren't entitled to do it by way of counter-application. And so,
3 to deal with the concern procedurally, we prepared and filed an originating application
4 seeking the same relief and asking that the two applications be heard together, and so
5 Justice Tilleman, back on, I think, March 10th, ordered that my friend's application, my
6 friend's request to have our lawsuit dismissed on the basis that the Court of Queen's
7 Bench has no jurisdiction to even consider it will be heard on the 22nd and 23rd. If
8 Justice Tilleman concludes that he can consider the application on the merits, then it will
9 be scheduled for material and we will go forward on the basis of material being filed so
10 we can get into the merits of that.

11
12 Because my friend also indicated to the Court that they intended to rely on the probative
13 law, which says you can't sue the AER except for things done in bad faith, we filed a
14 notice of constitutional question saying that to the extent that that clause is intended to
15 operate to immunize the AER in matters of health and safety, it's unconstitutional because
16 it violates a variety of different *Charter* rights and it violates the rule of law. That is
17 being used to support the argument that the clause doesn't prevent these matters from
18 being considered and it's being used to narrow it if it's necessary to allow the Court to
19 have jurisdiction in an appropriate case to engage in various orders related to health and
20 safety.

21
22 And finally, if it helps my friend on behalf of the receiver, there is no need for any
23 assistance from the receiver, there is no need for any documents from the receiver, there
24 is no need for the receiver to have any burden on its resources with respect to all of those
25 matters because the work has been done, the arguments have been briefed, the authorities
26 are in, and we're --we're preparing to argue them. So that other than if the receiver would
27 like to attend to watch the argument, there's no need for them to have any other
28 involvement if you're prepared to let it go ahead.

29
30 So, I think, My Lord, that would give you, as best I can, a thumbnail summary a little
31 longer than I expected.

32
33 MS. GUROFSKY:

That satisfies the receiver.

34
35 THE COURT:

Thank you.

36
37 MS. NICHOLSON:

My Lord, I think --

38
39 THE COURT:

Ms. Nicholson.

40
41 MS. NICHOLSON:

-- I think Mr. Groia has more or less accurately

1 explained the procedure here, except there is another originating application which was
2 brought, but what is important now is the substance of what he is asking. So, he -- he is
3 seeking in both of the originating application and the application an order in the nature of
4 *mandamus*, directing AER to take reasonable steps to remedy all health, safety and
5 environmental issues that may exist at the wells, facilities and pipelines, and -- and he
6 describe it this way, but it's -- and an order directing the AER to issue abandonment
7 orders for the Lexin sites that have already been designated as orphans by the AER for
8 the purposes of suspension and have those sites transferred to the Orphan Well
9 Association.

10
11 So, we say these are stayed and the reason they ought to be stayed -- I'm trying to be fair
12 to Mr. Groia, to be honest, I'm trying to be fair to him and he's trying to advance his
13 client's interests, but this, what it is that he is seeking arguably contravenes and is -- is
14 contrary to what the receivership order does. The receivership order allows the receiver to
15 market all the assets. Is -- is -- is he going to be allowed to proceed with an application
16 directing the AER to abandon these sites in the face of a receiver that is in charge of the
17 assets, so to speak? That seems rather problematic from the perspective of the receiver
18 and it seems rather problematic from the -- from the perspective of the estate.

19
20 And -- and whether or not the AER at this stage, where -- where we have a receiver
21 appointed, ought to be the subject of a *mandamus* application, you know, that -- that may
22 be -- that may be a bit more difficult, more challenging. But shouldn't we have a --
23 shouldn't we have a hearing with respect to this, whether these -- whether he ought to be
24 entitled to proceed in light of the nature of what is -- what is being sought in the face of
25 the receivership order? It -- it seems like we -- we haven't got before you what you need
26 to -- to help you make the right decision about the status of Mr. Groia's applications. We
27 have the receiver -- the -- the causes of action vesting in the receiver in effect; we have
28 the receiver not having had the opportunity to review this and determine what it wishes to
29 do; we have heard the receiver saying, We might open this up, conceivably to others, and
30 I don't know, including the constitutional question, which attacks the privative clause and
31 the immunity clause of the legislation; and one would have thought we ought to bring
32 these issues before the Court to have them assessed and dealt with, and the -- and the
33 granting of the receivership order would affect the stay, but subject to an application to
34 lift the stay which might come before you promptly so that these matters could be dealt
35 with. How that would affect the two days that have been set aside for hearing the
36 *mandamus* application and -- and this -- the application within the equipment order matter
37 and the originating application that Mr. Groia has brought, I don't know. The
38 constitutional question, Mr. Justice Tilleman did not agree to hear, so that was grafted on
39 to --

40

41 THE COURT:

What do you mean, he didn't agree to hear it?

1
2 MS. NICHOLSON: He -- he agreed to -- there's an order with
3 respect to him hearing one application, the application brought within the equipment order
4 proceedings. Subsequent to him granting --
5
6 THE COURT: And that was --
7
8 MS. NICHOLSON: -- that order --
9
10 THE COURT: Which application was that?
11
12 MS. NICHOLSON: The application of Mr. Groia for *mandamus* --
13
14 THE COURT: For *mandamus*, okay.
15
16 MS. NICHOLSON: -- and the abandonment. We call that the
17 *mandamus* application and the abandonment application, which were brought in the same
18 proceeding as the equipment order matter. So, Mr. Justice Tilleman was aware of that and
19 he granted an order with respect to that particular application. Subsequent to him granting
20 that order --
21
22 THE COURT: There was a notice filed.
23
24 MS. NICHOLSON: -- there was -- there was an originating
25 application filed by Mr. Groia dealing with precisely the same grounds, and that's seeking
26 *mandamus*, the *mandamus* application and the abandonment application. So, they're
27 double-tracked: one is an application in the equipment order proceedings and -- which
28 we -- we say is not proper, and then there's the originating application, which we say has
29 no evidence to support it because --
30
31 THE COURT: Okay.
32
33 MS. NICHOLSON: And so, this is not necessarily straightforward,
34 and -- and including -- and then Mr. Justice Tilleman knows nothing about the notice of
35 constitutional question, so that's -- they just made it returnable and they're --
36
37 THE COURT: So sort of the same way Mr. Nishimura did?
38
39 MS. NICHOLSON: Exactly like that.
40
41 THE COURT: He just kind of picked that morning and --

1
2 MS. NICHOLSON: Picked that morning.

3
4 So, in our view --

5
6 THE COURT: I think Justice Tilleman likes surprises.

7
8 MS. GUROFSKY: (UNREPORTABLE SOUND)

9
10 MS. NICHOLSON: -- (UNREPORTABLE SOUND) -- what -- what
11 we should do, if you would be willing, is to -- to hear us on this question, grant the
12 normal order, hear the parties on these issues once the receiver has had an opportunity to
13 assess it and -- and come to your -- your office or come to a view about it.

14
15 MR. GROIA: But I -- I want to emphasize, My Lord, what's
16 before Justice Tilleman this week is AER's motion to quash. AER takes the position the
17 Court of Queen's Bench has no authority to even look at our request (INDISCERNIBLE),
18 and that's what he is going to hear argument about on Wednesday and Thursday, and if
19 we are able to satisfy him that the Court at least has the right to consider these matters,
20 AER does not have the ability to quash any attempt by anyone to seek relief. Of course,
21 then we get into matters related to the merits. That's a schedule that's longer. And -- and
22 of course Justice Tilleman will need to be told about the receivership and the effect of the
23 receivership on the request for the relief will perhaps need to be adjusted.

24
25 My -- my submission to you is that to say to Lexin, You -- you're not even going to be
26 allowed to come to court and seek any kind of relief for any reason whatsoever against
27 the AER, no matter how (INDISCERNIBLE) you want to argue their conduct to be, that's
28 a matter that, in my submission, is -- is of concern to all citizens who have a right to have
29 the courts adjudicate on their entitlement. That's what the AER -- that's why our
30 argument is framed in the rule of law term: there is no authority for any regulator to say
31 to a court, Butt out, you have no right to do anything, no matter what we
32 (INDISCERNIBLE), and that's the argument they're going to make in front of Justice
33 Tilleman on Wednesday and Thursday, and that's the argument we're going to respond to
34 - not about the merits; it has got nothing to do yet with the merits.

35
36 THE COURT: Thank you. Ms. Gurofsky, you were about to
37 stand earlier.

38
39 MS. GUROFSKY: Yeah. I would only add, My Lord, that to the
40 extent that any of the relief that is sought by my friend on the phone, to the extent that
41 relief impacts the actual assets that the receiver intends to market and sell impacts the

1 value of those assets, that would be of great concern to the receiver.

2

3 THE COURT:

All right. Okay. I am going to permit -- I don't

4 know what words will accomplish this - we will have to deal with that next - but I am
5 going to permit Lexin at the expense of anyone other than Lexin to continue to respond to
6 the AER's motion to quash this Court's jurisdiction, but only that issue. In my view,
7 whether or not this Court has that authority will be helpful to the receiver in its further
8 considerations of whether to, and if so, how to proceed on this range of other legal
9 proceedings. So that participation on Wednesday -- well, maybe it should -- I was going
10 to say that it can also include a discussion before the Court, if the Court concludes it has
11 jurisdiction, a discussion before the Court of the process that would then ensue between
12 the parties in that litigation, but I think the receiver at that point should play a part, and
13 so I am just going to limit it to the substantive questions scheduled before the Court
14 commencing Wednesday morning on the AER's motion to quash this Court's -- you don't
15 really quash this Court's ability, but a determination of this Court's jurisdiction to hear the
16 other -- hear and decide the other Lexin applications.

17

18 MR. GROIA:

Thank you, Sir, I am obliged. What is your

19 decision about our ability to continue to resist the -- resist and prosecute the various
20 regulatory (INDISCERNIBLE)?

21

22 THE COURT:

I -- I want more information actually. I want to

23 understand what they're about and I do want the receiver's input. The subtext through
24 submissions Wednesday and Friday playing in my brain was any ulterior purposes on the
25 part of the AER for its application, or more specifically it's timing, and that plays into my
26 saying Wednesday should proceed, and it -- and it plays into my view that this Court
27 should look closely at the sorts of leave requests with that subtext in mind. The Court will
28 be looking for the requisite degree of independence of judgment from the receiver on
29 these points as we go forward.

30

31 MS. NICHOLSON:

Thank you, My Lord. And maybe --

32

33 THE COURT:

Okay.

34

35 MS. NICHOLSON:

-- it would just help so that you know precisely,

36 it wasn't an application to quash. It's at tab U, exhibit U to --

37

38 THE COURT:

Right. That's the word I wrote down when

39 Mr. Groia was speaking --

40

41 MS. NICHOLSON:

Okay.

1
2 THE COURT: -- but I -- I take it, it's a challenge to this
3 Court's jurisdiction to hear and decide the applications advanced by Lexin.
4
5 MS. NICHOLSON: Yes, and it's Lexin's application.
6
7 THE COURT: Yes. Well --
8
9 MS. NICHOLSON: That's my point.
10
11 THE COURT: -- I thought it was the AER's --
12
13 MS. NICHOLSON: No, that's my point.
14
15 THE COURT: -- statement that this Court has no jurisdiction.
16
17 MS. NICHOLSON: It's -- it's their application and we are -- and --
18
19 THE COURT: Your position in the application --
20
21 MS. NICHOLSON: -- our position in the application is that they
22 don't. And the --
23
24 THE COURT: Right. And that's --
25
26 MS. NICHOLSON: -- this is brought --
27
28 THE COURT: That's the piece that I understand is expected to
29 be heard by Justice Tilleman?
30
31 MS. NICHOLSON: Yes. He --
32
33 THE COURT: Okay.
34
35 MS. NICHOLSON: This is what his order says --
36
37 THE COURT: Oh, good.
38
39 MS. NICHOLSON: -- that it is about the jurisdiction to hear
40 Lexin's application. So, his order was Lexin's application is adjourned to March 22nd and
41 23rd when the issue before the Court --

1
2 THE COURT: Okay.
3
4 MS. NICHOLSON: -- to be argued at that time is the Court's
5 jurisdiction to hear Lexin's application.
6
7 THE COURT: Okay. I might --
8
9 MS. NICHOLSON: Hopefully, that helps.
10
11 THE COURT: I might have indicated it was AER's, I --
12
13 MS. NICHOLSON: Yeah. So --
14
15 THE COURT: -- take it, but it's --
16
17 MS. NICHOLSON: -- does that help you?
18
19 THE COURT: It does.
20
21 MS. NICHOLSON: Okay.
22
23 THE COURT: It doesn't change my --
24
25 MS. NICHOLSON: No.
26
27 THE COURT: -- conclusion.
28
29 MS. NICHOLSON: Yes.
30
31 THE COURT: Yes. It's the AER's position in Lexin's
32 applications --
33
34 MS. NICHOLSON: Yes.
35
36 THE COURT: -- that this Court hasn't the jurisdiction to hear
37 them. That's fine. And that's the one piece that I think there will be economic efficiency
38 and -- and an efficiency of judicial resources if there has been some time spent on it
39 already, get that little piece done. It will be significant in whether further proceedings are
40 open to the receiver in the shoes of Lexin to pursue or not. And Lexin is at liberty to seek
41 leave to have those either carved out or assigned, as it may choose.

1
2 All right. Any other issues with respect to the wording of the template order?

3
4 MR. GROIA: Now --

5
6 THE COURT: So, that -- that ruling will have to get some
7 thoughtful wording crafted around it.

8
9 MR. GROIA: Yes. And (INDISCERNIBLE) sections, besides
10 3(g), I -- I regret very much I have stolen more of it (INDISCERNIBLE).

11
12 THE COURT: (UNREPORTABLE SOUND)

13
14 MR. SISCHY: Good morning, My Lord. With that
15 introduction, I will point to 3(p), for Peter, which is a provision that has been added in the
16 AER's proposed order that does not show up in the model order with respect to
17 assignment of the debtor into bankruptcy, and in our submission, an assignment into
18 bankruptcy -- bankruptcy is a significant material event that should be brought back
19 before the Court if the receiver decides to take that step; it shouldn't be preauthorized in
20 this order.

21
22 THE COURT: Okay. Ms. Gurofsky, any issue with that?

23
24 MS. GUROFSKY: No, My Lord. In fact, I think there was -- this
25 language in (p) was taken from other orders, but there seems to be two competing
26 provisions, and one is that the receiver must bring an application, or the receiver is at
27 liberty to bring an application. In my view, it's another step, it's -- it's a cost that is --
28 prejudices the estate to some degree.

29
30 THE COURT: Those are all true, but I am -- I am inclined to
31 that --

32
33 MS. GUROFSKY: Yeah.

34
35 THE COURT: -- change.

36
37 MS. GUROFSKY: Okay.

38
39 THE COURT: It can be something like at the beginning, "with
40 leave of the Court," or however the parties want to do it, but I am inclined to that
41 proposal.

1
2 MS. GUROFSKY: I have some language that I can provide my
3 friends from another order.
4
5 THE COURT: Okay. Thank you. Anything further?
6
7 MR. SISCHY: Yes. So, paragraph 5 of the AER's proposed
8 order deals with a process for the return of equipment. This is being dealt with in Justice
9 Tillemann's order and in the AER's equipment application. So, in my submission, this
10 paragraph 5 should be deleted from the receivership order and be dealt with as it is in
11 Justice Tillemann's order in the other proceeding.
12
13 And My Lord, I can tell you I just have one more kind of typographical type comment on
14 paragraph 7, that I think my friend Ms. Nicholson might have dealt with earlier but we
15 were having difficulty hearing, and that's simply that paragraph 7 of the proposed
16 receivership application includes paragraph references that I think are inaccurate because
17 the AER has added in some paragraphs.
18
19 THE COURT: Yes. It was mentioned by Ms. Nicholson and so
20 we have that. Thank you, Mr. Sischy.
21
22 MR. SISCHY: Okay. Those are the extent of my submissions.
23
24 THE COURT: Thank you, sir. Ms. Gurofsky.
25
26 MS. GUROFSKY: Yeah. I -- I have concerns with the proposal to
27 remove paragraph 5. The receiver is aware of the equipment order, but to the extent that
28 there's any -- let me just take a step back. Putting aside the -- the safety issues that the
29 equipment order is intended to capture, now that the receiver is involved, to the extent
30 that there is any equity in the equipment, to the extent that those parties have valid
31 security interests, or PIMSI's, or ownership interest in the equipment, I think it lies to the
32 receiver to determine that issue, having, by virtue of this order being in possession of -- of
33 the equipment.
34
35 THE COURT: Can you say the last part again? By virtue of
36 the receiver being in possession?
37
38 MS. GUROFSKY: Well, potentially, of some of the equipment. I
39 mean, if there's equipment associated with the site, it's not in possession of it. But if there
40 is a truck or -- you now, at the site, something that's not -- does not form part of the site,
41 I think it lies to the receiver to determine whether there is any equity in that equipment.

1
2 And I think my friend Ms. Nicholson would like to add language at the end of the fourth
3 line of that paragraph, where it says: (as read)

4
5 Removal of equipment from any sites and capital -- abandoned
6 capital sites.

7
8 Just to make sure it -- it covers, I think, the equipment order and -- and tracks the
9 definition.

10
11 THE COURT: I have no problem with Ms. Nicholson's
12 addition if 5 stays in.

13
14 Mr. Sischy -- sorry, Ms. Nicholson, go ahead.

15
16 MS. NICHOLSON: My Lord, this is fundamental to the receiver's
17 job. The whole point of -- of this paragraph 5 is so that the AER can -- can speak to the
18 issue of safety in terms of removal of the equipment, but that it -- it is for the receiver,
19 who stands in -- in the place and that the -- for the stakeholders to assess the respective
20 rights of the parties.

21
22 THE COURT: What would be the effect on the equipment
23 order or other judicial pronouncements?

24
25 MS. NICHOLSON: Other judicial pronouncements?

26
27 THE COURT: I say that only because I don't know if --

28
29 MS. NICHOLSON: So --

30
31 THE COURT: -- that's the only one affected.

32
33 MS. NICHOLSON: So, right now, the equipment order is granted. It
34 is extant --

35
36 THE COURT: Okay.

37
38 MS. NICHOLSON: -- and I mean, this says that if anyone who
39 received that equipment order, wants to make claims, and makes a request, deals firstly
40 through the AER and then thereafter AER brings it to the attention of the receiver. And
41 the AER says, you know, Here's the safety concerns, receiver, in terms of removing the

1 equipment. And the receiver says, Okay, I'm going to look at the claims here of
2 Mr. Nishimura and his client, and assess whether those are valid, and if so, I'm going to
3 allow -- allow them to take off the equipment, but if they're not, we're going to tell -- he
4 is going to tell them to come to court and make a court application. And that is the very
5 function of a receiver. If -- if it's not the case and it's this -- paragraph 5 brings together,
6 coordinates, the order that was granted in the originating application equipment
7 proceedings and the receivership order, and brings them together so that it works in a way
8 that all interests are taken care of - the safety side is looked after from the AER's
9 perspective, and the claims and the -- the validity and priority, and the treatment of the
10 request for equipment removal - are handled by somebody not the AER, handled by your
11 court's officer, who is going to fairly deal with those however it does.

12
13 THE COURT: Okay. Mr. Sischy.

14
15 MR. SISCHY: So, I would just point out that Justice
16 Tilleman's order provides for a way to deal with requests to remove equipment and
17 specifically it says that people or entities that want to remove equipment are prohibited
18 from doing so without the written prior approval of the AER or without order by the
19 Court. So, I guess my -- my point is, My Lord, that paragraph 5 seems to affect the
20 operation of another outstanding order.

21
22 THE COURT: Right.

23
24 MR. SISCHY: So, that -- that's the point that I -- that I want
25 to raise with you.

26
27 THE COURT: Okay. Thank you.

28
29 Well, I am satisfied that it is appropriate to remain, it will have the added wording as
30 requested by the AER, and that it clarifies the process that should now follow, given the
31 addition of the receiver into the equation.

32
33 Any other proposed changes from any party?

34
35 (NO AUDIBLE RESPONSE)

36
37 THE COURT: Ms. Nicholson, subject to acceptable wording
38 included in (g) as required in respect of the Wednesday proceedings, I will grant the
39 application as indicated in this record. When do you think you may be able to have that?

40
41 MS. NICHOLSON: Today, we will, subject to Mr. Groia's

1 availability to review the form of order and approve of it.

2

3 THE COURT: Right.

4

5 MR. SISCHY: I'm sorry, My Lord, were you going to make a
6 change to 3(p) as well, or did I miss that?

7

8 THE COURT: Yes, that was done. I thought it was just some
9 prefacing words like "with leave of the Court."

10

11 MR. SISCHY: Okay, thank you.

12

13 THE COURT: Yes.

14

15 MS. NICHOLSON: Mr. Sischy, are you available to review the
16 form of order we will provide you forthwith today?

17

18 MR. SISCHY: Yes.

19

20 MS. NICHOLSON: And Mr. Groia, okay. Our intention would be to
21 turn this over right -- right away and get it to Your Lordship with the signed approval of
22 my friends.

23

24 THE COURT: Thank you. And just so it's clear, I'm sure this
25 is known, but the order is effective as of now on my pronouncing it; it doesn't have to
26 wait for the signed copy.

27

28 MS. GUROFSKY: Yes.

29

30 MS. NICHOLSON: Thank you.

31

32 THE COURT: Some of the items are urgent, so . . .

33

34 MS. NICHOLSON: Thank you, My Lord.

35

36 THE COURT: Thank you. Court is adjourned.

37

38 THE COURT CLERK: Order in chambers.

Justice of the Court of Queen's Bench of Alberta

SCHEDULE "A"

Protocol for the Review of Records by the Court-Appointed Receiver of Lexin Resources Ltd. and the Urgent Disclosure of Records of Lexin Resources Ltd. to the Orphan Well Association

The following protocol (the "**Protocol**") outlines the manner in which Grant Thornton Limited, in its sole capacity as the Court-Appointed Receiver (the "**Receiver**") of Lexin Resources Ltd. ("**Lexin**") and not in its personal capacity, will review the records of Lexin Resources Ltd. and how the Orphan Well Association (the "**OWA**") will receive records on an urgent basis from the Receiver.

The Protocol applies to all Lexin records including those records as defined in the "Direction Regarding Inspection of Lexin Resources Ltd. (Lexin) Records and Licensed Sites" issued by the Alberta Energy Regulator (the "**AER**") on February 14, 2017 (the "**Lexin Records**"). Certain of the Lexin Records are required by the OWA for the urgent purpose of assisting the OWA in completing its mandate as delegated by the AER including responding in the event of an emergency and in relation to the designation of several Lexin properties as orphans for the purposes of suspension in accordance with s. 70(2)(a) of the *Oil and Gas Conservation Act*, RSA 2000, c O-6.

Any reference to "days" in this Protocol shall be "business days".

1. The Receiver has authority to take possession of all of the Lexin Records pursuant to the terms of the Receivership Order dated March 20, 2017.
2. Apart from the Lexin Emergency Records (as defined below), which are required on an urgent basis, the OWA may from time to time request Lexin Records from the Receiver as required, which request or requests shall be subject to the protocol set out herein.
3. Any interested party may apply to Court for advice and direction with respect to any step or procedure outlined in this Protocol.

Paper Records

4. Upon taking possession of hard copies of the Lexin Records (the "**Paper Records**"), but prior to review of same, the Receiver shall provide to counsel for Lexin, Groia & Company Professional Corporation ("**Groia & Company**"), a general index of the Paper Records on a continuous basis as those records are collected and catalogued. Such index may be limited to, depending upon the circumstances, a label on the box of documents if that is sufficient for identifying its contents. To the extent that a document is immediately identifiable on its face as a Lexin Emergency Record (as defined below), the Receiver may release same immediately to the OWA with a concurrent notification to Groia & Company that it has been released.
5. Upon receipt of the general index or indexes as the case may be, Groia & Company shall immediately (and in any case, within two (2) days), identify those documents or boxes of documents that it will not be reviewing for privilege (the "**Non-Privileged Records**"), and those documents or boxes of documents which may be "potentially privileged" and subject to review by Groia & Company (the "**Reviewable Paper Records**"). The Non-

Privileged Records shall be immediately reviewable by the Receiver. Lexin and Groia & Company acknowledge and agree that the Lexin Emergency Records (as defined below) shall form part of the Non-Privileged Records and shall not be subject to any privilege claim asserted by Lexin or Groia & Company.

6. Failure to provide the Receiver with the list of Non-Privileged Records and Reviewable Paper Records within two (2) days of receipt of the general index or indexes will result in Lexin waiving privilege claims to any of the Paper Records.
7. Groia & Company will take immediate steps to review the Reviewable Paper Records, such review to be completed within two (2) days of identifying the records as Reviewable Paper Records. Failure to review the Reviewable Paper Records within two (2) days will result in Lexin waiving privilege claims to any of the Reviewable Paper Records. If any of the Lexin Emergency Records (as defined below) are inadvertently included within the Reviewable Paper Records, Groia & Company will immediately advise the Receiver upon discovery and return such record(s) to the Receiver, and the Receiver may then immediately provide access to such record(s) to the OWA in accordance with paragraph 26 of this Protocol.
8. Upon the completion of the review contemplated in paragraph 7, above, any Reviewable Paper Records which Groia & Company identifies as subject to solicitor/client privilege will be placed in a sealed envelope and will not be reviewed by the Receiver or the OWA.
9. Within two (2) days of reviewing the Reviewable Paper Records, Groia & Company will provide a list of the Reviewable Paper Records marked privileged. Such list shall include a general description of each Reviewable Paper Record so marked, as well as the nature of the privilege claimed.
10. The Receiver may determine whether it wishes to advance any process to challenge the claim of privilege on the Reviewable Paper Records or otherwise marked as privileged and sealed.
11. Those Reviewable Paper Records that were claimed as privileged will remain secured by the Receiver and will not be released for review to the Receiver or to the OWA until Lexin agrees or a Court order authorizes such release.
12. The Receiver shall maintain a listing of any Paper Records which are provided to the OWA.

Electronic Records

13. An IT firm will be identified by the Receiver to safely extract the data (the “**Electronic Records**”) from any servers or other electronic database and establish a new database. The IT consultant shall be appointed as the database management specialist, or if the IT consultant is unable to provide such service, the Receiver shall appoint an independent database management specialist (“**DMS**”) to manage the database.

14. Immediately upon receiving a request from the Receiver (and no later than one (1) day from receiving such request), Groia & Company will provide the DMS with a confidential list of search terms identifying features (law firm domain names, law firm e-mail addresses, law firm and lawyer names, issues on which legal advice was likely sought/received, etc.) that would indicate Electronic Records which might be subject to solicitor/client privilege ("**Reviewable Electronic Records**").
15. The DMS will create a folder of the Reviewable Electronic Records that are recovered based on the search terms provided by Groia & Company, which folder shall be marked "potentially privileged".
16. The Electronic Records that are not identified as "potentially privileged" will be made immediately available to the Receiver and Groia & Company. Groia & Company may, upon review of the Electronic Records not marked "potentially privileged", determine that some of the Electronic Records are privileged, in which case it shall immediately advise the Receiver of the privilege claim. Lexin and Groia & Company hereby acknowledge and agree that the Lexin Emergency Records (as defined below) shall not form part of the Reviewable Electronic Records nor shall they be subject to any privilege claim asserted by Lexin or Groia & Company. In the event of receiving notification that certain of the Electronic Records not marked "potentially privileged" are subject to a privilege claim, the Receiver shall immediately destroy all copies of the documents at issue in its possession in electronic or hard form, the original Electronic Records being maintained by the DMS. The documents at issue shall then be marked as privileged and treated as such by all parties and described by Groia & Company pursuant to paragraph 19. Such privilege claims shall remain subject to challenge pursuant to paragraph 20 of this Protocol.
17. The DMS will provide Lexin's counsel with an electronic collection of the Reviewable Electronic Records and Groia & Company, within five (5) days of receipt of such electronic collection, will conduct a review of the Reviewable Electronic Records to determine whether they are subject to privilege and will mark any of those records determined to be privileged as "privileged" (the "**Privileged Electronic Records**"). If any of the Lexin Emergency Records (as defined below) are inadvertently included within the Reviewable Electronic Records, Groia & Company will immediately advise the DMS upon discovery of such record(s), the DMS may then immediately provide such record(s) to the Receiver and the Receiver shall be at liberty to provide a copy of such record(s) to the OWA in accordance with paragraph 28 of this Protocol.
18. The DMS will immediately provide the Reviewable Electronic Records that were determined not to be privileged to the Receiver.
19. The DMS will advise the Receiver of the number of Privileged Electronic Records and within two (2) days of having marked the Privileged Electronic Records as privileged, Groia & Company shall provide a general description of each of the Privileged Electronic Records as well as the nature of the privilege claimed.

20. The Receiver may determine whether any further process is necessary to challenge the claim of privilege on those Privileged Electronic Records.
21. Those Privileged Electronic Records will remain secured by the Receiver and not be released for review to the Receiver or to the OWA until Lexin agrees or a Court order directs such release.
22. The Receiver shall maintain a listing of any Electronic Records which are provided to the OWA.
23. Nothing that Lexin or its counsel does in compliance with this Protocol shall constitute a waiver of privilege, and Lexin continues to have the right to assert a privilege claim over any document that is in or comes into the possession of the OWA or the Receiver, save and except for the Lexin Emergency Records which Lexin and Groia & Company acknowledge are not subject to privilege.

Emergency Records

24. Upon taking possession of the Lexin Records, the OWA requests that the Receiver identify the following on an urgent basis from among the Lexin Records:
 - a. Emergency Response Plans for each field and well licensed by Lexin;
 - b. Well files and data in respect of each well licensed by Lexin, including:
 - i. Emergency Planning Zone ("EPZ") calculations, Shut-In Casing Pressure ("SICP"), Absolute Open Flow ("AOF"), and gas analyses;
 - ii. Downhole configurations;
 - iii. Recent workover information;
 - iv. Completion information;
 - v. Cement tops;
 - vi. Well logs;
 - vii. Monitoring data-sensors;
 - viii. Vendor information for workovers/maintenance; and
 - ix. Electronic well information and data from software programs including CS Explorer and Peleton WellView;
 - c. Surface files in respect of each well licensed by Lexin;
 - d. Facility files and data in respect of each facility licensed by Lexin, including;

- i. Equipment lists; and
 - ii. Process flow diagrams (connections);
- e. Pipeline files and data in respect of each pipeline licensed by Lexin, including:
 - i. Plats, maps, information, and ratings;
 - ii. Cathodic protection information; and
 - iii. Maintenance records and information;
- f. Environmental data in respect of all assets licensed by Lexin; and
- g. Landowner data in respect of all assets licensed by Lexin, including:
 - i. Landowner contact information, names, phone numbers, addresses, list of concerns; and
 - ii. Surface lease information;

(collectively, the "**Lexin Emergency Records**").

- 25. Lexin hereby acknowledges that the Lexin Emergency Records are not subject to any privilege claim asserted by Lexin or Groia & Company. Neither Lexin nor Groia & Company shall label or identify any of the Lexin Emergency Records as privileged, such records being immediately releasable to the Receiver and the OWA.
- 26. To the extent that any of the Lexin Emergency Records are identified by the Receiver in hard copy, the OWA requests that the Receiver provide the OWA with access to such records on an urgent basis, including for the purposes of making copies. The Receiver shall maintain a listing of all of the Lexin Emergency Records which are provided to the OWA.
- 27. In respect of any Lexin Emergency Records which are not identified by the Receiver in hard copy, the OWA may provide to the Receiver a list of search terms to assist in locating such records in electronic format from among the Lexin Records. To the extent that the Lexin Emergency Records are identified on their face based on the search terms provided, such Lexin Emergency Records shall be immediately releasable to the OWA, with concurrent notification to Groia & Company of such release.
- 28. To the extent that any of the Lexin Emergency Records are identified by the Receiver in electronic format, the OWA requests that the Receiver provide an electronic copy of such record(s) to the OWA on an immediate and urgent basis. The Receiver shall maintain a listing of all of the Lexin Emergency Records in electronic format which are provided to the OWA.

SCHEDULE "B"

PROTOCOL FOR THE DISCLOSURE OF RECORDS SEIZED BY THE ALBERTA ENERGY REGULATOR

The following protocol (the “**Protocol**”) outlines how Grant Thornton Limited in its capacity as court appointed receiver (the “**Receiver**”) of Lexin Resources Ltd. (“**Lexin**”) and not in its personal capacity, will receive records of Lexin (“**Records**”) seized by the Alberta Energy Regulator (the “**AER**”).

Any reference to “days” in this Protocol shall be “business days”.

Paper Records

1. An AER investigator will attend at the Receiver’s office and under the supervision of the investigator and the Receiver, will provide Lexin’s counsel with an opportunity to review the paper records (the “**Paper Records**”) that have been seized.
2. Lexin’s counsel shall have five (5) days within receiving the request from the Receiver to attend at the Receiver’s office at a time agreed upon by the Receiver, and review the Paper Records as contemplated in paragraph 1, above. Failure to attend at the Receiver’s office at a time agreed upon by the Receiver within five (5) days of such request will result in Lexin waiving privilege claims to any of the Paper Records.
3. Any Paper Records which Lexin’s counsel identifies as subject to solicitor/client privilege will be placed in a sealed envelope and will not be reviewed by the AER or the Receiver.
4. Within two (2) days of reviewing the Paper Records, Lexin’s counsel will provide a list of the Paper Records marked privileged. Such list shall include a general description of each Paper Record so marked, as well as the nature of the privilege claimed.
5. The AER will take the balance of the Paper Records and have them copied, and provide a copy to the Receiver and counsel for Lexin.
6. The Receiver and the AER may each determine whether they wish to advance any process to challenge the claim of privilege on the Paper Records marked as privileged and sealed.
7. Those Paper Records that were claimed as privileged will remain secured by the AER and will not be released to the Receiver or to the AER for its investigation until Lexin agrees or a Court order authorizes such release.

Electronic Records

8. An IT firm will be identified by the AER and the Receiver to safely extract the data (the “**Electronic Records**”) from the servers under the oversight of the AER investigators and

establish a database. The IT consultant shall be appointed as the database management specialist, or if the IT consultant is unable to provide such service, the Receiver, in consultation with the AER, shall appoint an independent database management specialist ("DMS") to manage the database.

9. Within five (5) days of receiving a request, Lexin's counsel will provide the DMS with a confidential list of search terms identifying features (domain names, e-mail addresses, law firm and lawyer names, issues on which legal advice was likely sought/received, etc.) that would indicate Electronic Records which might be subject to solicitor/client privilege.

10. The DMS will load the full set of files and will not allow the Receiver or the AER access to the full database (original database).

11. The DMS will create a folder of the Electronic Records that are recovered based on the search terms provided by Lexin's legal counsel, which folder shall be marked "potentially privileged".

12. The Electronic Records that are not identified as "potentially privileged" will be made available to the Receiver, AER and Lexin's counsel. Lexin's counsel may, upon review of the Electronic Records not marked "potentially privileged", determine that some of the Electronic Records are privileged, in which case it shall immediately advise the Receiver and the AER of the privilege claim. In the event of such notification, the AER and the Receiver shall immediately destroy all copies of the documents at issue in their possession in electronic or hard form with no impact on the investigation proceedings initiated by the AER. The original Electronic Records shall be maintained by the DMS. The documents at issue shall then be marked as privileged and treated as such by all parties and described by Lexin's counsel pursuant to paragraph 15. Such privilege claims shall remain subject to challenge pursuant to paragraph 16 of this Protocol.

13. The DMS will provide Lexin's counsel with an electronic collection of the records identified through the screening process as "potentially privileged" and Lexin's counsel, within five (5) days of receipt of such electronic collection, will conduct a review of the "potentially privileged" Electronic Records to determine whether they are subject to privilege and will mark any of those "potentially privileged" Electronic Records determined to be privileged as "privileged".

14. The DMS will provide the "potentially privileged" subset of Electronic Records that were determined not to be privileged to the Receiver and AER.

15. The DMS will advise the Receiver and the AER of the number of Electronic Records that Lexin is claiming as privileged and within two (2) days of having marked the Electronic Records as privileged, Lexin's counsel shall provide a general description of each of the Electronic Records marked privileged as well as the nature of the privilege claimed.

16. The Receiver and AER may each determine whether any further process is necessary to challenge the claim of privilege on those remaining documents.

17. Those Electronic Records that were claimed as privileged will remain secured by the AER and not be released to the Receiver or to the AER for its investigation until Lexin agrees or a Court order directs such release.

18. Nothing that Lexin or its counsel does in compliance with this Protocol shall constitute a waiver of privilege, and Lexin continues to have the right to assert a privilege claim over any document that is in or comes into the possession of the Receiver or the AER.

Attention: Robyn Gurofsky

Dear Ms. Gurofsky:

**Re: In the matter of the Receivership of Lexin Resources Ltd.
Court of Queen's Bench, Action No. 1701-03460**

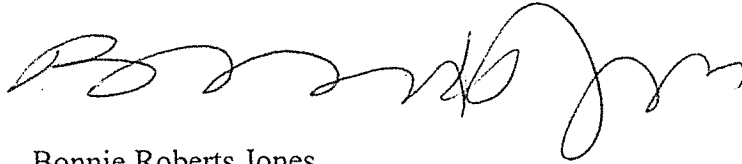

I have now been briefed by Ms. Okun on the events of yesterday that took place in your office and I am both surprised and disappointed to hear how the events unfolded.

Firstly, Ms. Okun advises that there were two AER investigators in the room, contrary to the Protocol. While Ms. Okun did not object at the beginning of the review process to this fact, it became clear early on that the AER investigators held the view that Ms. Okun cannot be trusted and treated her thus. Such a situation will not be allowed again. Ms. Okun is an officer of the court and would never do anything improper to or with the documents at issue.

Secondly, the privileged documents do not belong to the AER or to the Receiver and, according to the Protocol, our office should have access to the privileged documents to prepare a list as required by paragraph 4. Ms. Okun advises that she was not allowed to take the privileged records with her on the basis that she could not be trusted with them. This is a highly offensive charge and runs contrary to both the Protocol and to Lexin's rights.

I require the documents that were marked privileged by Ms. Okun to be delivered to Groia & Company's offices immediately. If there is a finding later on that Groia & Company erred with respect to any particular document, it will be returned to the AER.

Yours truly,

Dear Ms. Jones:

**Re: In the Matter of the Receivership of Lexin Resources Ltd. (the “Company” or “Lexin”)
Court of Queen’s Bench Action No. 1701-03460
Document Review – AER Document Protocol**

Thank you for your letter dated April 13, 2017. In your letter, you state that you were surprised and disappointed to hear how events unfolded during the document review process undertaken pursuant to the AER Document Protocol (the “**Protocol**”). I was only present for the first ten minutes (approximately) of the process, however, I did receive an update from my client.

Firstly, I wish to point out that the review process was undertaken at the offices of Grant Thornton Limited in accordance with paragraph 1 of the Protocol, not the offices of Borden Ladner Gervais LLP as stated in your letter.

Secondly, the AER investigators in attendance at the Receiver’s office, Brian Temple and Stephanie Pipa, advised us at the review that they were both required to attend so as to ensure an AER investigator was in the room at all times to protect their “chain of custody” requirements. Thus, in the event one investigator needed to leave the room, there would always be an AER investigator in attendance with the records. Based on the advice from the AER investigators, we understood that their concern was not specifically attributable to Ms. Okun, whom we recognize to be a member of the legal profession and an officer of the Court, but to all parties in the room being Lexin’s counsel, the Receiver and for a brief period, the Receiver’s counsel. We were specifically advised by Mr. Temple at the review process that this was necessary to protect the AER’s chain of custody obligations. None of the parties in attendance at the review objected to this, nor am I told did it impact the review process itself.

Lastly, the Protocol specifically contemplates in paragraph 7 that the Paper Records (as defined in the Protocol) claimed as privileged by Lexin’s counsel will remain secured by the AER and will not be released to the Receiver or the AER for review unless Lexin agrees or a Court order is obtained. I discussed this matter with Ms. Okun before the commencement of the review and suggested that a combination of taking notes and pictures of the documents she intended to mark

privileged would assist in the creation of the list contemplated in paragraph 4 of the Protocol. I am advised by my client that Ms. Okun appeared to take notes and photographs of the documents she had marked privileged. I am also advised by my client that the documents marked privileged were placed in an envelope and sealed with tape, labelled "privileged" and signed by all parties in attendance. I understand that the AER took those documents and secured them in accordance with paragraph 7 of the Protocol.

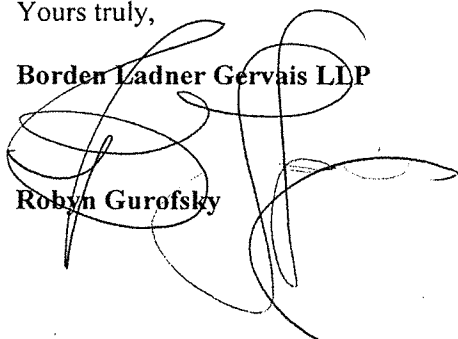

As discussed when the terms of the Protocol were originally negotiated, the Paper Records were always contemplated as remaining secured with the AER to ensure compliance with the AER's "chain of custody" requirements. A plain reading of paragraph 7, consented to by your client, reflects this. As a result, we are unable to deliver the documents marked privileged to Groia & Company's offices as this would place the Receiver in breach of the Protocol. In any event, and as advised above and contemplated by the Protocol, the AER is in possession of these records, not the Receiver.

I trust the foregoing to be in order. Should you continue to have concerns regarding the manner in which the Protocol was followed, I would be happy to discuss this with you. Otherwise, you are free to bring an application pursuant to paragraph 3 of the Protocol.

Yours truly,

Borden Ladner Gervais LLP

Dear Madam:

**Re: In the Matter of the Receivership of Lexin Resources Ltd. (the “Company” or “Lexin”)
Court of Queen’s Bench Action No. 1701-03460
Document Protocol for AER Seized Records (the “Protocol”)**

Thank you for your correspondence dated April 17, 2017 and in particular your list of the records which you marked privileged during the document review under the Protocol. As noted in your correspondence, pursuant to paragraph 4 of the Protocol, the list of records marked privileged is to contain a general description of the records and the nature of the privilege claimed. In accordance with paragraph 6 of the Protocol, the Receiver is to make a determination, based on the list provided, as to whether it wishes to challenge the privilege claims on the records so marked.

Unfortunately, certain of the descriptions provided are not sufficient for the purposes of paragraph 6 of the Protocol. In particular, we require further detail in respect of the following:

1. Item B1;
2. Item B2;
3. Item B3;
4. Item B6;
5. Item B7;
6. Item B9 (list and attached fax and emails; letter);
7. Item B10, #1; and
8. Item B11.

In particular, if the document is listed as being email or other correspondence, we require the dates where possible and the identity of the author and recipients of the correspondence. Where a document is simply described as “document” we must be told the nature of the document.

We look forward to an updated list of documents marked privileged with the appropriate level of description provided.

If you have any questions, don't hesitate to contact the undersigned.

Yours truly,

Borden Ladner Gervais LLP
