4 JOANNE BENTLEY, sworn

5 EXAMINATION BY MR. VAN ZANDVOORT:

6 1. Q. Good morning, Ms. Bentley, can
7 you state your full name for the record, please?

8 A. Joanne Bentley.

9 2. Q. Thank you. And Ms. Bentley, you
10 understand that I'm here as the lawyer for the
11 receiver in the Crystal Wealth Group proceedings?

12 A. Yes.

13 3. Q. Okay. Have you been monitoring
14 the receivership proceeding since Grant Thornton
15 Limited was appointed?

16 A. Yes.

17 4. Q. Okay. And have you had the
18 opportunity to read the receiver's first report
19 dated June 22, 2017?

20 A. Yes.

21 5. Q. And have you been able to read
22 the receiver's second report to the court dated
23 November 24th, 2017?

24 A. Yes.

25 6. Q. Okay. And at paragraph 32 of the

1 receiver's second report to the court, the
2 receiver set out a number of conclusions and I'll
3 provide this copy of it to you. It's at
4 paragraph 32, the receiver set out a number of
5 conclusions in its second report based on its
6 observations. Did you have an occasion to read
7 that when you reviewed the second report?

8 A. Yes.

9 7. Q. Okay. And based on the
10 receiver's conclusions, do you have any reason to
11 disagree with any of the conclusions drawn?

12 A. May I read it over again?

13 8. Q. Of course.

14 A. Is it just (a) or is it the whole
15 thing?

16 9. Q. It's 32, subparagraph (a) through
17 (i).

18 A. In paragraph (h), it says
19 "...The company disclosed false or
20 manipulated net asset values..."
21 I wasn't aware of that, so I don't know that if I
22 could say that I agree with it.

23 10. Q. Based on what you understand now,
24 based on what you've read in the receiver's
25 reports to the court, would you not agree that

1 the net asset values were incorrect for certain
2 of the Funds?

3 A. Yes.

4 11. Q. Okay. And besides the comment
5 you just made, do you have any other basis to
6 otherwise object or disagree to the statement
7 made in subparagraph 32(h), the second report?

8 A. No.

9 12. Q. And 32(i)?

10 A. 32(i)? No, that's fine.

11 13. Q. Ms. Bentley, can you just tell me
12 what education and training you have?

13 A. My education was basically high
14 school and then some college. And after that I
15 worked in offices and gained experience with
16 bookkeeping and finance. I did several courses
17 in the industry, Canadian Securities Course,
18 Canadian Investment Finance, trained with an
19 accountant, then I worked in the industry for
20 many years.

21 14. Q. Okay, and do you have any
22 diplomas or degrees, certifications...

23 A. No.

24 15. Q. Okay.

25 A. Certifications. I'm a Chartered

1 Investment Manager.

2 16. Q. Okay. And when did you obtain
3 that certification?

4 A. 2014.

5 17. Q. Okay. And you were previously
6 employed by Crystal Wealth Management System
7 Limited?

8 A. Yes.

9 18. Q. Okay. And during what period of
10 time?

11 A. From September 2011 to May 2017.

12 19. Q. And what was your position during
13 that time?

14 A. It changed over the course of
15 time. Initially, it was a very junior role,
16 doing administration, account transfers, opening
17 accounts. The company did grow a little bit and
18 we hired some more administrators. So, some of
19 that was alleviated. I did do mostly
20 administration and I ended up doing trading and
21 wire transfers for the investments, things like
22 that. But it was administration.

23 20. Q. And when did you become a
24 registered associate advising representative of
25 Crystal Wealth?

1 A. That was also in 2014.

2 21. Q. After you obtained your CIM...

3 A. Yes.

4 22. Q. ...certification? And is that
5 when your role changed from pure administrative
6 tasks to involved on the opening accounts, wiring
7 for investments?

8 A. I did the account opening, I
9 actually stopped doing the account opening in
10 2014, but I had always done the wire transfers
11 for investments. I had done transfers in between
12 the Funds. The only thing that really changed
13 is, I think, in 2015, Clayton had asked me to
14 start checking the NAVS. So, I would check the
15 NAVS provided by AIS just against cash balances
16 and positions and the reports that Clayton had as
17 a check.

18 23. Q. And with respect to effecting
19 transfer of monies from the Funds into various
20 investments. Were you simply directed to do that
21 or were you actually involved in the investments
22 themselves?

23 A. I was direct to do it.

24 24. Q. And who would directed you to
25 transfer monies for investments?

1 A. Clayton.

2 25. Q. Always Clayton?

3 A. Yes.

4 26. Q. For each of the Crystal Wealth
5 Funds named in this proceeding?

6 A. Yes.

7 27. Q. And how were those directions
8 issued?

9 A. Sometimes by email and sometimes
10 verbally.

11 28. Q. Now, when the receivers was
12 appointed, all emails from your email inbox with
13 the company and sent box were deleted. Why is
14 that?

15 A. Oh, I didn't do that. All my
16 emails were deleted?

17 29. Q. Correct.

18 A. Oh no, I had nothing to do with
19 that.

20 30. Q. Did anybody else have access to
21 your email?

22 A. Not on my computer. There would
23 be the server level which I don't have access to.
24 Only Clayton would have access to that.

25 31. Q. Do you still have access or

1 copies of all of your emails while you were with
2 Crystal Wealth?

3 A. Oh no. No.

4 32. Q. And why is that?

5 A. I don't have my computer anymore.

6 33. Q. So, was that a Crystal Wealth
7 computer?

8 A. Yes.

9 34. Q. Okay. Do you know who deleted
10 the emails from your Crystal Wealth email
11 account?

12 A. No idea.

13 35. Q. Okay. And did you have a formal
14 contract of employment setting out the terms of
15 your employment with Crystal Wealth?

16 A. Initially, yes.

17 36. Q. Will you provide a copy of that
18 to the receiver?

19 A. It actually wasn't a contract, it
20 was...well, I guess it was an agreement, an
21 employment agreement, and that was back in 2011,
22 but I don't have that.

23 37. Q. You don't have a copy anymore?

24 A. No.

25 38. Q. And who hired you at Crystal

1 Wealth?

2 A. Clayton and Scott Whale.

3 39. Q. Okay, and how did you find the
4 position?

5 A. It was advertised on Kijiji.

6 40. Q. And prior to applying to the
7 position, were you familiar with any of the
8 personnel at Crystal Wealth?

9 A. No.

10 41. Q. Any of the, you know, recent or
11 former investment advisors at Crystal Wealth?

12 A. No.

13 42. Q. And you didn't know Clayton Smith
14 before being hired at Crystal Wealth?

15 A. No.

16 43. Q. Okay. And what was Scott Whale's
17 involvement at the time you were hired?

18 A. When I was hired, Scott was a
19 shareholder. He owned 24 percent of the company.
20 He was the portfolio manager for the Enhanced
21 Mortgage Funds and he was an advisor with his own
22 book of business. He was a licensed portfolio
23 manager.

24 44. Q. Okay. So just...I'm painting a
25 picture as to when you started at Crystal Wealth

1 in, I believe you said September 2011. Who was
2 all working here at the Crystal Wealth office?

3 A. It was Scott Whale, Clayton Smith
4 and myself.

5 45. Q. And were there investment
6 advisors at the time?

7 A. Al Housego.

8 46. Q. Yes.

9 A. And then when I started Dale
10 Wells brought clients over, shortly after I
11 started. Which was why they had hired me,
12 because they knew Dale was coming over.

13 47. Q. Did you know Dale previously?

14 A. No.

15 48. Q. And were there any other
16 investment advisors at Crystal Wealth at that
17 time?

18 A. At that time? No.

19 49. Q. And what was each person's role
20 at the outset of your employment with Crystal
21 Wealth?

22 A. Well, Clayton did...he was the
23 portfolio manager for...I think they started the
24 Media Fund around 2011 as well. So, that was
25 just started when I started. He managed the

1 Enlightened Funds and Scott managed the Enhanced
2 Mortgage Fund. Clayton at that time didn't have
3 any book of business, he just had his own family
4 accounts with Crystal Wealth. So, he did all of
5 the Fund accounting, all of the trading, the
6 investing, he ,you know, looked after all of
7 that.

8 Scott looked after the Mortgage Fund and had his
9 own clients that he looked after. And I did
10 administration so I did, you know, filing and
11 mailing and accounting opening, transfers, that
12 type of thing.

13 50. Q. Okay. And what was Al Housego's
14 role at that time?

15 A. That time he had...I believe he
16 was operating under a referral agreement with
17 Crystal Wealth. So, he had clients there and I
18 believe the majority of those clients were
19 invested in the Crystal Wealth Funds.

20 51. Q. Do you know which ones?

21 A. I would say the Enlightened
22 Funds. I think there was the Enlighted Precious
23 Metals Fund, there was a Enlightened Income Fund,
24 which turned into the Factoring Fund that later
25 on...and then there was...I think he started

1 investing in the Media Fund and the Mortgage
2 Fund. The Mortgage Fund had been running for a
3 while.

4 52. Q. And with the Enlightened Funds,
5 were you also referring to the Hedge and Bullion
6 Funds?

7 A. They weren't around then.

8 53. Q. So, subsequently?

9 A. Subsequently, yes.

10 54. Q. And what was Gary Allen's role
11 with the company?

12 A. He was a shareholder only. He
13 didn't have any other involvement. I believe
14 Clayton, you know, would sometimes go to him for
15 advisory services. And he would come in
16 quarterly for shareholder meetings with Clayton
17 and Scott.

18 55. Q. So, who all would attend the
19 quarterly meetings?

20 A. Just Clayton and Scott and Gary.

21 56. Q. The investment advisors didn't
22 attend?

23 A. No. No, it was just for
24 shareholders.

25 57. Q. And can you just explain to me,

1 during your time at Crystal Wealth, what was the
2 reporting structure internally between investment
3 advisors and Clayton Smith and other personnel
4 and how it may have changed over time?

5 A. Well, initially I could deal with
6 Dale and Al when it came to anything to do with
7 the administration of the accounts. Just setting
8 up the accounts and getting the accounts over.
9 And when it came to investing those accounts,
10 Clayton would look after that. He would deal
11 with Al and Dale and I think at that time Clayton
12 was actually doing the trading.

13 58. Q. For all managed account clients?

14 A. Yes. That shifted to me
15 eventually. I took that on.

16 59. Q. At what point...

17 A. And when I took that on I would
18 get the instructions from Clayton. And we also
19 established...what we did is, because our Funds
20 only traded on Fridays, I could...they would sit
21 on the system, I could enter the trades at any
22 point during the week and they would sit on the
23 system. And then Clayton would look at them
24 prior to close of trading on Fridays and if there
25 was anything that he didn't approve of then he

1 would let me know.

2 60. Q. Okay. And was it Clayton who
3 encouraged you to get the CIM certification?

4 A. Yes.

5 61. Q. And why was that? How did that
6 come about?

7 A. He encouraged me to do that
8 because he felt that the company was expanding
9 and that he wanted me to be able to take a role
10 working with his clients. He was intending to
11 start up his own book of business and get his own
12 clients, and he wanted somebody to be able to
13 work with those clients. And, also, potentially
14 lead into helping with the management of the
15 Funds.

16 62. Q. Okay. And how did you go about
17 obtaining the certification? When did you do it,
18 where was it obtained?

19 A. It was in 2014. I had already
20 taken a couple of the courses that were required
21 so then I called the Canadian Securities
22 Institute. I found out what I needed to do, they
23 told me...they basically told me the path, it was
24 to take two different courses; Canadian
25 Investment Management and Portfolio Management

1 Techniques I think were the courses. So, I did
2 those in a six-month period between, I think,
3 March and September. And then when I passed
4 those exams I automatically became a CIM.
5 And then once I was a CIM, Clayton applied to the
6 OSC to become an associated advising rep. And
7 the reason he did that was at that point we
8 had...Jeff Mushaluk had also come on board on a
9 referral basis and because he was not licensed in
10 any capacity, there was somebody from head office
11 who was licensed who had to go over the IPS with
12 each client that came on board. So, Jeff could
13 fill out the paperwork and the documentation for
14 his clients and send that to Crystal Wealth. At
15 that point, I was no longer opening accounts it
16 was another administrator that we had hired.

17 63. Q. Who was that?

18 A. Amanda Tasch. And so then once
19 the...we got the documentation and we went
20 through the account opening process, Clayton had
21 to approve the documentation as Chief Compliance
22 Officer. And then before we invested the
23 client's monies than somebody from our office who
24 was licensed would have to call one of those
25 clients and just go over what was written and the

1 investment policy statement to confirm the
2 information. So, Clayton wanted me to do that so
3 that he wouldn't have to be calling people all
4 the time. So, that's what I ended up doing.

5 64. Q. Understood. And so, just taking
6 a step back, we're talking about reporting
7 structure how it changed over time and who was
8 involved. You said Amanda Tasch came into the
9 account opening procedures, Jeffrey Mushaluk
10 joined around what time approximately?

11 A. Jeff would have joined in I think
12 around 2014.

13 65. Q. And what about Tim Johnston?

14 A. Tim came on in...it was 2016
15 sometime, right in the summer 2016.

16 66. Q. Okay. And what was he brought in
17 to do?

18 A. He brought in his own client base
19 and he was licensed as an advising rep. So, he
20 was a full advisor, so he didn't manage any
21 accounts, he just brought his clients over and
22 then invested their money into the Crystal Wealth
23 Funds.

24 67. Q. So, he effected the investments
25 of his clients into the Crystal Wealth Funds or

1 were you doing those trades?

2 A. I was doing those trades but he
3 would send the instructions to Jill and Clayton,
4 Jill was Clayton's assistant, and then they would
5 give those instructions to me and then I would
6 execute the trades.

7 68. Q. Okay. And when was Jill Van Osch
8 brought in?

9 A. She was brought in I believe in
10 2015.

11 69. Q. And what was her former role or
12 formal role?

13 A. She was the executive assistant
14 to Clayton.

15 70. Q. And I understand she has a
16 personal relationship with Mr. Smith and has a
17 child with him?

18 A. Yes.

19 71. Q. Did she already have that
20 relationship with him when she started working at
21 Crystal Wealth?

22 A. It's hard to say. I don't know.

23 72. Q. And as an executive advisor, what
24 was her role?

25 A. It was hard to say what her role.

1 she helped Clayton with everything. So, she went
2 to the meetings with Clayton and took notes. She
3 arranged his schedule, she, I guess, would
4 contact for all of his clients, worked with
5 the...on some spreadsheets. She did some
6 reporting to the...places like Globefund and
7 Morningstar.

8 73. Q. Okay. And Jeff Reiner? When did
9 he join?

10 A. It would have been probably 2015.

11 74. Q. What was he brought in to do?

12 A. I believe he became licensed as
13 an incnet market dealer and he was just hired to
14 bring in clients to Crystal Wealth and Clayton
15 would act as advisor for those accounts.

16 75. Q. Do you know if either Jeff Reiner
17 or Tim Johnston had any background or
18 relationship with Clayton Smith or Al Housego
19 prior to bringing their clients into Crystal
20 Wealth?

21 A. I don't think so.

22 76. Q. Do you know for sure, or just
23 don't think so?

24 A. I can't say for sure, but I don't
25 think so.

1 77. Q. Okay. And what about Sameer
2 Azam, when was he brought in?

3 A. He came in slowly. I think they
4 started bringing him on board in maybe late 2014,
5 and but it went for a long...took at least six or
6 seven months to bring him on board and so I would
7 say that he ended up mid 2016, I believe.

8 78. Q. Okay. And was it always Clayton
9 who brought in the referral agents or advisors
10 like Jeff Reiner, Sameer Azam, Tim Johnston and
11 Jeffery Mushaluk or did other people introduce
12 them to Crystal Wealth?

13 A. Jeff Reiner was part of a
14 marketing firm that Clayton had hired initially.
15 And with Tim, I believe Tim and Sameer, Tim came
16 through a referral from Edward Galvez who had
17 worked at Crystal Wealth as an administrator for
18 about a year. And Sameer came through I believe
19 it was through some advertising that the
20 marketing firm had established on LinkedIn. And
21 I think that's how Sameer heard about it and
22 initially would have spoken with Troy Claus with
23 marketing firm and then after conversations with
24 him it would have then gone to Clayton and...

25 79. Q. Sorry you said Troy Claus?

1 A. Yes.

2 80. Q. Is that C-L-A-U-S?

3 A. Yes.

4 81. Q. And he was with Jeff Reiner at
5 the marketing firm?

6 A. Yes.

7 82. Q. And what marketing firm is that?

8 A. I think the name was Perspectus
9 or Persistus or something like that? Persistus?

10 83. Q. P-E-R-S-I-S-T-U-S?

11 A. Yes, I'm not 100 percent sure if
12 it's that...but it sounds like that.

13 84. Q. Okay. And just a couple other
14 names that I just want to ask you about; Natalie
15 Pearson-Workman?

16 A. M'hmm.

17 85. Q. What was her role?

18 A. She was receptionist.

19 86. Q. Okay. And so, in the last year
20 before your employment at Crystal Wealth ended,
21 who would generally be at Crystal Wealth's
22 premises on a day to day basis?

23 A. Clayton and Jill and Amanda and
24 me, we were definitely the ones that were there
25 on a daily basis. Scott Whale was there until

1 November, 2017 when we moved our office.

2 87. Q. 2016?

3 A. Sorry, 2016.

4 88. Q. And then why did he stop?

5 A. Clayton had bought him out as a
6 shareholder and we moved the office so Scott
7 didn't have an office in our new space.

8 89. Q. Did he have any further
9 involvement with the company after November 2016?

10 A. He still had his client base but
11 that was it.

12 90. Q. Okay and other than the names
13 we've talked about, was there anyone else
14 employed either as an employer, advising rep,
15 advisor, referral agent at Crystal Wealth?

16 A. No. There was a referral
17 agreement with...what is his name? Phil...I
18 can't think of his last name right now.
19 Phil...he's with Integrity Wealth Management, he
20 had an office beside Crystal Wealth at our old
21 premises and he had a referral arrangement with
22 Clayton and had referred about a dozen clients to
23 Crystal Wealth, and Clayton was the advisor on
24 those accounts. Everdeen, that was his last
25 name, Phil Everdeen.

1 91. Q. Okay. And I just want to make
2 sure I get this clear as far as how trades or
3 investments were made for managed account clients
4 over time, what the actual sequence was. So,
5 perhaps maybe the best way to do it is, give me
6 an example of, if a client brought in by Al
7 Housego was to be invested into the Media Fund.
8 How would that investment take place, what chain
9 would it go through amongst the personnel
10 involved in Crystal Wealth to effect that trade
11 to occur?

12 A. Initially, that would come from
13 Clayton, so whether it was a conversation that he
14 had with Al or the client, or whatever, but
15 Clayton would make the decision for the
16 investment and then he would either do it himself
17 or he would ask me to do it. So, it was just the
18 two of us that would do it. Scott wasn't
19 involved in that.

20 Scott Whale did some of the trading if Clayton
21 was absent from the office then Scott would take
22 that over. But then when Al got his...became a
23 full advising representative then he had the
24 authority to make those decisions on behalf of
25 the client. So, then I could take instructions

1 directly from him. So, he would usually email
2 those instructions to me.

3 92. Q. And what would those
4 emails...what decision making went into
5 instructing to affect a trade? Was there an
6 analysis done or was it simply invest, you know,
7 Joe X into the Media Fund for you know a hundred
8 units?

9 A. There was usually some kind of a
10 trade allocation. So, he would either give me a
11 dollar amount for whatever Funds he wanted to
12 invest in, or a percentage of the portfolio. But
13 that was his decision.

14 93. Q. Whose decision?

15 A. Al's decision.

16 94. Q. Okay. Or Clayton's if Clayton
17 was...

18 A. Or Clayton's.

19 95. Q. Okay. So, was there ever
20 any...from your perspective, did you ever engage
21 into the analysis as to why the trade was being
22 made or did you simply receive a direction from
23 either Clayton or Al to effect the trade?

24 A. That's it. I received the...I
25 didn't make the decision at all. I received

1 instructions to do it and I just followed the
2 instructions.

3 96. Q. Okay. And do you know what
4 decision-making process Clayton was involved in
5 when deciding what trades to effect for clients?
6 What the thinking was or the procedures he
7 followed to make those decisions?

8 A. No, I don't.

9 97. Q. Where there ever any meetings,
10 staff meetings to discuss that decision making
11 process?

12 A. No.

13 98. Q. Did you ever ask him, you know,
14 "How are we making the decisions to invest
15 clients into certain Funds?"

16 A. Well, I believe that what he did
17 is he just, he...everything was going into the
18 Crystal Wealth Funds, you know, pretty much, and
19 he just would split them up. You know he'd try
20 to diversify it, you know maybe 33 percent into
21 three different Funds. I think it was, he would
22 look at the IPS and see what the client's risk
23 tolerance was, as far as I knew, and invest the
24 accounts according to that, it was his decision.

25 99. Q. Are you just speculating that

1 that's what he did?

2 A. Yes, sort of.

3 100. Q. What are you actually...let's
4 just, if we could just kind of answer directly on
5 the issue. Like, do you believe he just simply,
6 you know, took an investor and said, "Let's just
7 get him invested pretty much entirely in the
8 Crystal Wealth Funds and I'll just split it up
9 arbitrarily," or do you truly believe that he
10 weighed the, you know, know your client
11 information for a specific investor and made
12 decisions based upon that investor's particular
13 interest?

14 A. I believe that's what he did.

15 101. Q. Okay. And what basis do you have
16 to believe that?

17 A. Well, I would see him sometimes
18 looking at the client's IPS before he made a
19 decision.

20 102. Q. Any other reason to believe that
21 he underwent that type of a process?

22 A. No.

23 103. Q. Were there ever any sort of
24 meetings held with Clayton and the investment
25 advisors?

1 A. They were usually out of
2 province.

3 104. Q. M'hmm.

4 A. They were out in B.C, I know that
5 Clayton would go out a couple of times a year to
6 meet with them in their locations but it wasn't
7 in our office.

8 105. Q. And was there a formal agenda for
9 those meetings or?

10 A. Probably. I don't know.

11 106. Q. Okay, but you were never included
12 within those meetings?

13 A. No.

14 107. Q. Just Clayton. And aside from Al
15 Housego did any of the other advisors direct you
16 to execute trades aside from Clayton?

17 A. Dale Wells, eventually, he became
18 a full advising rep. So, he could direct us to
19 do the trades and also Tim Johnston.

20 108. Q. And from each of them again was
21 the direction simply an email saying, execute
22 investor X into Fund Y for however many units?

23 A. With Tim, there was a spread
24 sheet that he sent to Clayton and Jill and
25 Clayton usually initialed that and gave it to me.

1 With Dale, he actually would email and then
2 follow up with a hard copy of a printout of the
3 client's portfolio account and he would you know,
4 usually he was enclosing a cheque and he would
5 attach a cheque to a copy of the client statement
6 and then he would write on that what he wanted to
7 do and he would sign it.

8 109. Q. And did Crystal...investors of
9 the Crystal Wealth Funds or managed account
10 clients come into Crystal Wealth's office?

11 A. No, rarely.

12 110. Q. Were in-person meetings ever held
13 with investors?

14 A. Clayton would have meetings with
15 investors, it usually wasn't in the office. But
16 occasionally it was in the office, in fact that
17 would have been...I think that was mostly with
18 the clients that were referred to him through
19 Phil Everdeen because he was local.

20 111. Q. And so, where would the managed
21 account agreements for clients be filled out?

22 A. They would have been filled out
23 by the person who was going to see the client
24 with the documentation, so it would have been Al
25 in his office or in the client's location, Dale.

1 That was all done by the individual advisors and
2 then it was sent to head office and then Amanda
3 would go through it to make sure that everything
4 was filled in correctly and then she would give
5 it to Clayton who would review the IPS and sign
6 off as chief compliance officer.

7 112. Q. And you mentioned earlier that
8 you were also responsible for transferring monies
9 from the Funds accounts at I believe NBCN to
10 invest in various investments for them?

11 A. Correct.

12 113. Q. And can you explain to me the
13 process as to how you would learn about which
14 transfers to make, why, who directed you, and
15 just walk us through the process?

16 A. Sure. When it came to the
17 management of the Funds it was Clayton who would
18 give me directions for any of the Funds that he
19 was manager for. So, if there was an external
20 transfer say to MCS Energy or somebody like that,
21 then Clayton would email me to send the money.
22 And he would also email me the backup for that
23 which would be some form of an agreement. I
24 would take that and I would go on the NBCN system
25 and request the wire transfer and then send them

1 the backup documentation that Clayton had
2 provided.

3 Same with Al, once he was managing the
4 Enlightened Funds he would send subscription
5 agreements that had already been completed and
6 then I would request a wire transfer and then
7 send NBCN the subscription agreement as backup,
8 and also send a copy of that to Clayton and to Al
9 and to our Fund accounting people to let them
10 know what we were doing.

11 Eventually, that system changed at NBCN
12 but it was in let's say early in 2016, so they no
13 longer wanted firms to have off-book assets.
14 They wanted everything to be registered at NBCN
15 in nominee form. So, the process changed and
16 when we would get some subscription agreement or
17 any form of an agreement then a blank copy would
18 be sent to NBCN as well as a completed copy, and
19 then NBCN would set it up on their system as a
20 security and then we would execute it as a trade
21 as opposed to a wire transfer.

22 114. Q. Okay.

23 A. But that was like 2016 that
24 started.

25 115. Q. So, maybe just to help me out

1 here. We can use a specific example and you can
2 tell me how that transfer out of the Funds
3 accounts would have been affected and how it was
4 directed. So, are you familiar with Dome
5 Mountain Resources of Canada?

6 A. Yes.

7 116. Q. Okay. And you know that advances
8 to Dome Mountain totalling, call it 12 and a half
9 million approximately were made by both the
10 Factoring Fund and the ACM Growth Fund?

11 A. Yes.

12 117. Q. Yes. Okay. And who directed
13 those transfers and who you know, what were the
14 steps taken to execute them and what supporting
15 documentation was given to NBCN as well as the
16 person who directed NBCN?

17 A. At that time, we would have
18 received instructions initially from Al Housego
19 in the form of and there would be an invoice and
20 then some supporting documentation, an agreement
21 that was sent to Clayton. I believe Clayton sent
22 that agreement to his own legal counsel.

23 118. Q. Who was that?

24 A. I don't know for sure, but I know
25 that for investments if he was having something

1 checked out he usually used Miller Thomson.

2 119. Q. Do you know who at Miller
3 Thomson?

4 A. Jonathan Dyck. So, I believe
5 Clayton in that particular place Clayton had his
6 lawyer look at it and he talked to Al about it, I
7 think we were both...I was uncomfortable with it.
8 And then they came to the conclusion that the
9 insurance policy would cover the investment
10 should anything go wrong. So, then I was given
11 the instructions from Clayton and I don't
12 remember if it was in an email or just verbally,
13 but he said it was okay to go ahead with it, so I
14 would have requested the wire transfer on the
15 NBCN system and I believe the only thing I
16 provided to them was a copy of the invoice.

17 120. Q. The invoice from Dome Mountain to
18 NGM?

19 A. Yes.

20 121. Q. Okay. Or MGE rather. But you'd
21 agree that that invoice is not a true reflection
22 of why those monies were advanced, correct?

23 A. Correct.

24 122. Q. And it was more of a bridge loan
25 facility as described by the receiver?

1 A. That's what it looks like.

2 123. Q. So, when you say Al Housego could
3 direct you to transfer monies from the Funds for
4 various investments for the Enlightened Funds,
5 that would have been for the Resource Fund,
6 Bullion Fund, Hedge Fund and Factoring Fund?

7 A. Correct.

8 124. Q. Any other Funds?

9 A. No.

10 125. Q. Okay. And would it generally
11 be...was it always Al who provided the initial
12 instruction to transfer monies from those Funds
13 for investments?

14 A. Yes.

15 126. Q. And would it then always flow to
16 Clayton to approve?

17 A. Not always. Not always,
18 sometimes. Clayton had actually told me that
19 because Al is the manager for those accounts, it
20 was okay for me to send money out for these
21 subscription agreements and he would review it
22 afterwards. In some cases, only if he wasn't in
23 the office if he...

24 127. Q. Okay. For investments made by
25 those Funds?

1 A. Yes.

2 128. Q. And aside from taking direction
3 from Al Housego for those four Funds to transfer
4 out monies for investments was there any other
5 representatives who directed you to transfer
6 Funds for the purposes of investments or was it
7 just Clayton on all the other Funds and then Al
8 on these four?

9 A. Yes. It was Clayton and Al.

10 129. Q. Okay. Would it be fair to say
11 that the supporting documentation which you would
12 be provided by either Clayton or Al in support of
13 transferring monies from a Fund to a third party
14 for an investment was minimal?

15 A. Yes.

16 130. Q. And would it be fair to say that
17 you didn't review the supporting documentation
18 with any sort of a critical eye to see whether or
19 not it legitimately supported the transfer of
20 monies that would go out of the Fund to a third
21 party?

22 A. Correct.

23 131. Q. Okay. Did you ever, aside from
24 just following directions, did you ever have any
25 substantive role in the investment decisions made

1 by any of the Funds?

2 A. No.

3 132. Q. Or for any investors?

4 A. No.

5 133. Q. Did Crystal Wealth or any of the
6 Funds have due diligence procedures or policies
7 in place in connection with potential investments
8 to be made by the Funds?

9 A. I don't know.

10 134. Q. Do you know who was involved in
11 any due diligence processes in connection with
12 examining potential investments for the Funds?

13 A. To the best of my knowledge it
14 was Al doing the due diligence for the
15 investments that he made and Clayton would do the
16 due diligence for the investments that he made
17 and Clayton sometimes involved his legal counsel
18 if he wasn't sure about something and I'm not
19 sure what Al did.

20 135. Q. I mean you say, for the
21 investments he made, you mean for Al the
22 Factoring Fund, Hedge Fund, Bullion Fund and
23 Resource Fund investments?

24 A. Right. Right. Those were his
25 decisions.

1 136. Q. Okay. And Clayton for the
2 remainder of the Funds?

3 A. Correct, yes.

4 137. Q. You mentioned a little bit
5 earlier about your role in the NAV assessment and
6 determination for the Funds.

7 A. Right.

8 138. Q. Yes. So, how was the NAV for
9 each of the Funds evaluated and determined? Can
10 you just walk me through the process?

11 A. I know very little about that
12 because I wasn't involved in the Fund accounting
13 side of things at all. Only to provide AIS with
14 information on any investments that were made
15 that I would send them a copy of the subscription
16 agreement to say, "This is what was done in this
17 Fund".

18 Other than that, I believe that Clayton
19 had his own spread sheets that he used to track
20 the investments in each of the Funds. He
21 provided those spreadsheets to AIS and they used
22 those to value the off-book assets. They had
23 access to the NBCN accounts view only so they
24 could see the position that NBCN also had
25 interactive brokers and then they did the

1 calculations of the NAV and then they would send
2 that to us on Monday mornings and then I would
3 look at it and just...you know just basically
4 check off that the cash was correct, the
5 positions were correct.

6 And Clayton had asked me to just check
7 that the numbers, you know for the off-book
8 assets that the numbers reported on the NAV
9 calculation reconciled with the numbers on his
10 spreadsheets, but he told me just to check the
11 NAV against the final number of the spreadsheet
12 and that I didn't have to look at the spreadsheet
13 and the spreadsheet calculations.

14 139. Q. So, did you have any role in the
15 substantive assessment of what the NAV should be?

16 A. No.

17 140. Q. Were you simply the conveyor of
18 information between...

19 A. Correct.

20 141. Q. ...Clayton and IAS and vice
21 versa?

22 A. Right.

23 142. Q. Okay. Did Crystal Wealth have
24 any sort of internal policy and procedural manual
25 which addressed how to evaluate and assess the

1 NAV or other corporate governance type issues?

2 A. There was a policies and
3 procedures manual.

4 143. Q. And did it address the NAV
5 assessment?

6 A. Yes, it addressed the calculation
7 of the NAV.

8 144. Q. And what was done I guess
9 internally? Were there meetings or what type of
10 process was followed to ensure the manual was
11 complied with?

12 A. There were no meetings. Clayton
13 did hire a compliance company; Canadian
14 Compliance Law I think is their name. And he
15 worked with them on creating the policies and
16 procedures manual and once...initially for a
17 while once they started working with us, they
18 would...someone from their office would come in
19 and do a compliance check and just to see if
20 procedures were being followed. Now, I don't
21 know what they did to check on the calculation of
22 the NAV because that didn't really involve me.

23 145. Q. And were there any sort of...with
24 respect to this manual, were there meetings
25 internally or with the advisors to sit down and

1 go over the procedures that must be abided by to
2 be in compliance with the manual or was the
3 manual more prepared just to make sure it was on
4 hand to be able to confirm with the...

5 A. No, it was distributed.

6 146. Q. ...securities regulators?

7 A. It was distributed to all the
8 advisors and all of the staff, everyone, you know
9 employed by Crystal Wealth got a copy of the
10 policies and procedures manual. Any updates were
11 always sent to each individual. And parties had
12 to sign off that they had read it and I believe
13 Clayton had a file where he kept that. I think
14 that was a procedure that was put in place by the
15 compliance company.

16 147. Q. Okay.

17 A. And then they would have
18 conference calls. They had meetings where we
19 would actually sit in the board room and have a
20 conference call and go over you know, maybe you
21 know, the code of ethics or something like that.

22 148. Q. And were there ever any instances
23 were error in the NAV of a Fund was identified or
24 raised by Clayton?

25 A. Yes, I think there were times

1 when he questioned.

2 149. Q. And what was the nature of his
3 questioning? Was it because he believed that the
4 NAV came back too low and thought it should be
5 higher?

6 A. Yes, in some cases, yes. He
7 would look at the...because he'd check the NAVs
8 before they were actually sent in and made
9 public, so he would look at it and he kind of had
10 an idea where the NAV should be, knowing what the
11 investments were and how they were valued and
12 sometimes he thought it was too high or too low.
13 So, he would look at it himself and see if
14 something didn't look right or he would ask AIS
15 to check.

16 150. Q. Okay. Can you give me any
17 specific instances?

18 A. No.

19 151. Q. Were there ever any instances
20 where you received the NAV back and questioned
21 the NAV of a particular Fund?

22 A. Yes.

23 152. Q. Can you explain those instances?

24 A. It was just...there was one with
25 one of the ACM Funds where I think AIS had made a

1 mistake and...

2 153. Q. You mean to say IAS.

3 A. Sorry, IAS, we used to use AIS...

4 154. Q. Okay.

5 A. ...for client accounting and we
6 switched it to IAS.

7 155. Q. No, I understand.

8 A. They had missed a distribution I
9 believe on one of the ACM Funds at one point
10 which meant that the NAV was overstated and I had
11 caught that and emailed them about it and they
12 didn't respond and then another NAV got
13 calculated the next week and that still wasn't
14 fixed and so I emailed them again and then they
15 looked into it and because it was more than 50
16 basis points it was...the NAV was restated. So,
17 there was a two-week time period where...but
18 there were, I don't even know if there were any
19 trades in those Funds for that time.

20 156. Q. Understood.

21 A. Other than that, it would just be
22 if cash didn't reconcile or something like that I
23 would question.

24 157. Q. And are you aware that the NAV
25 per unit of the Media Fund, essentially between

1 the stretch of 2011 and 2017 for the series A
2 units was within \$10 and \$10.26 during that time?

3 A. M'hmm. Yes.

4 158. Q. And were any issues raised
5 internally by the fact that there is such little
6 variation in the value of those units despite the
7 uncollectability of the Media loans?

8 A. Yes, I think some of the advisors
9 questioned. They were questioning what was going
10 on with the Media Funds.

11 159. Q. Can you elaborate for me whose
12 questioning it?

13 A. Scott was questioning, Dale was
14 questioning, Al was questioning.

15 160. Q. I mean you said they were
16 questioning, questioning to who?

17 A. To Clayton.

18 161. Q. To Clayton?

19 A. To Clayton.

20 162. Q. Yes. Okay. And what was being
21 done? What was the response?

22 A. Clayton was able to address their
23 issues, he just said that he believed that the
24 loans were good. That they were collectable and
25 at a certain point I think he stopped accruing

1 interest on some of them. But he just said he
2 always felt that the loans were in good standing
3 and that there was no reason to assume otherwise.

4 163. Q. Now, and at that time you're
5 executing at his direction the inter Fund
6 investments into the Media Fund, correct?

7 A. Yes.

8 164. Q. And did you not have concerns
9 that you were executing those investments for
10 other Funds to essentially Fund redemptions given
11 the NAV was overly inflated?

12 A. That wasn't necessarily the case.
13 I mean the liquidity of the Funds didn't...it
14 wasn't a concern, you know until around 2015.
15 And I believe what happened was when Al Housego
16 got his...became an advising representative and
17 portfolio manager, so he was able to you know be
18 a manger for those Enlightened Funds.

19 Shortly after that, Dale Wells also
20 became an advising rep and so he started a Fund
21 as well which was the Retirement One Fund. Both
22 of those people had all of their money invested
23 in the other Crystal Wealth core Funds when that
24 happened, so when they started their Funds they
25 wanted to take money out of those Crystal Wealth

1 Funds to put them in their own Funds so that they
2 could you know, they had a different strategy or
3 whatever and they wanted to invest in their own
4 Funds.

5 That's when the liquidity issue happened
6 because that's when those two advisors in
7 particular started their own Funds, wanted to
8 take money out. It was mostly the Enhanced
9 Mortgage Fund and the Media Fund. That's when
10 liquidity became an issue.

11 Other than that, Clayton always had said
12 that the inter Fund loans were because there was
13 excess money in one Fund and not enough money
14 in...there was opportunities to invest
15 in...within the other Funds and so he said it
16 didn't make sense for him to have cash sitting
17 around in one Fund when he could invest it and it
18 could be making money in one of the other Funds.

19 165. Q. But at some point, it got to the
20 stage where the inter Fund investments were just
21 being done for the sole purpose of Funding
22 redemptions for investors out of certain Funds?
23 And when did that start?

24 A. I don't think that was ever
25 Clayton's intention.

1 166. Q. But that was the result.

2 A. He wasn't transferring in
3 my...you know, in my understanding anyway. He
4 didn't appear to be transferring money to Fund
5 redemptions.

6 167. Q. Now, you mentioned you had sent
7 documentation to IAS with respect to setting the
8 NAV. Did you prepare workbooks that you had sent
9 to IAS?

10 A. No. I would just send them a
11 copy of the subscription agreement.

12 168. Q. All right. I just want to make
13 sure we're using the right terminology so when
14 you say you would send them the subscription
15 agreement, what information is contained in that?

16 A. That was mostly for the Hedge
17 Fund and the Factoring Fund and maybe the
18 Precious Metals Fund, the Enlightened Funds. It
19 would be an agreement provided by a company to
20 subscribe to units of private placement. So,
21 there would be...I don't know maybe a 25 page
22 agreement on all of the terms of you know what
23 the money was going to be used for and...

24 169. Q. You provide subscription
25 agreements from specific investors into that

1 Fund?

2 A. They weren't investors. Those
3 were investments that the Fund was making.

4 170. Q. Understood.

5 A. So, the subscription agreement
6 would initially have been sent to AI from the
7 company who's doing the issue, private issue, and
8 then AI's office would complete the subscription
9 agreement and then send it to us. So, that's
10 what we used as backup for the transfer request
11 from the Fund to make that investment. So, once
12 that was done I would then send the instructions
13 to IAS to let them know that we had done this
14 transfer and here was a copy of the subscription
15 agreement.

16 171. Q. Okay, but for instances where it
17 was an off-book investment, you know the transfer
18 to Dome Mountain, you wouldn't have had the
19 subscription agreement would you?

20 A. No.

21 172. Q. Exactly.

22 A. I just had an invoice.

23 173. Q. So, what would you send to IAS
24 for the purposes of say, the NAV?

25 A. Just the invoice.

1 174. Q. You just send that to IAS?

2 A. Well, that's what I sent and
3 maybe Clayton sent them something else?

4 175. Q. Okay.

5 A. He probably did send them
6 something else, he would have had to have given
7 them details on how to do the Fund accounting
8 for...

9 176. Q. You have before you a second
10 report, can you just turn to paragraph 220 on
11 page 107?

12 A. 107?

13 177. Q. Yes. All right. Sorry, it would
14 be page 70 of the report, section 107 of the
15 record that you're looking at. Page 107 of the
16 record.

17 A. Which paragraph, sorry?

18 178. Q. Yes, paragraph 220. Just take a
19 moment to look at it. Now, what is being
20 reported on by the receiver in this paragraph is
21 the significant inter Fund investments made into
22 the Media Fund by six of the Funds, totalling
23 just over \$11.3 million, do you see that?

24 A. Yes, I do.

25 179. Q. Okay. Now, when these...you can

1 see for example, the ACM Income Fund, the
2 percentage of the NAV of that Fund was 61.4
3 percent invested into the Media Fund. At some
4 point did you not become concerned when effecting
5 the inter Fund investments and the Media Fund as
6 to what was happening and why it was being done?

7 A. I didn't necessarily agree with
8 everything that was done and I did speak with
9 Clayton about things from time to time and it was
10 his decision.

11 180. Q. And when you spoke to him, I
12 would assume the conversation went something
13 like, "Why are we investing all of this money
14 into the Media Fund, what's it for, the films
15 aren't performing, there are no new investments,
16 what's being done with all this money?"

17 A. I believe at the time he felt it
18 was appropriate for whatever reason.

19 181. Q. But surely you don't...you must
20 have actually had...you said you had a discussion
21 with him, what was the discussion?

22 A. It wasn't exactly a discussion.
23 It was more of a comment, I would say it's a very
24 high percentage and it wasn't up to me.

25 182. Q. You must have felt uneasy about

1 transferring so much money into the Media Fund.

2 A. It wasn't all done at one time it
3 was done over a course of time.

4 183. Q. No, I understand that, but you
5 would still know to what extent each of the Funds
6 was invested into another Fund. Were you not
7 concerned that the Media Fund wasn't performing
8 and this amount of investor money was going into
9 it?

10 A. I think the Media Fund was
11 performing when that money was put into it and it
12 wasn't performing. It became...the liquidity
13 became a problem afterwards I don't think there
14 were any new investments in the income Fund for
15 at least a year, year and a half.

16 184. Q. And what led you to believe the
17 Media Fund was performing?

18 A. Clayton was convinced it was
19 performing. He said the loans were good. He was
20 the person who dealt with...

21 185. Q. Okay.

22 A. ...Media House.

23 186. Q. All right. So, I understand.
24 So, bottom line you may have felt uneasy about it
25 but you were just following directions so, it's

1 above your paygrade so to speak to look into it?

2 A. Well, exactly, I didn't have any
3 authority to look into it.

4 187. Q. Okay. What is the purpose of the
5 Conscious Capital strategy?

6 A. Conscious Capital? I'm not
7 really sure, that was a brand new Fund which I
8 believe was set up to invest in companies that
9 were environmentally friendly, eco companies.
10 He, I believe did an investment in Pond biofuels
11 within the Conscious Capital.

12 188. Q. And was this supposed to be a
13 venture between Pond, Crystal Wealth and
14 Imaginea?

15 A. I don't think Imaginea was
16 involved as a partner. I was never involved in
17 any of those discussions. I think Imaginea was
18 looking into potentially working with Pond using
19 some of their technology but I wasn't in on any
20 of those discussions.

21 189. Q. And so, I appreciate the
22 Retirement One Fund was essentially wound down,
23 there is nothing left into it towards the end,
24 correct?

25 A. Correct.

1 190. Q. But for the other 14 Funds are
2 you aware of for each of them what was involved
3 in the due diligence process for investments?

4 A. No.

5 191. Q. Okay, or who was involved in
6 conducting due diligence for investments?

7 A. Clayton would have been involved
8 and whoever the portfolio manager was.

9 192. Q. So, there was only two portfolio
10 managers? So, Al for the four Enlightened Funds
11 which we discussed and Clayton for the remainder?

12 A. Right.

13 193. Q. Now, in some of the offering
14 memorandum for the Funds there is a research
15 analyst mentioned, for example, for the ACM
16 Funds, Jeffrey Mushaluk, is noted to be involved
17 in research and due diligence into potential
18 investments. Similarly, Sameer Azam, for the
19 Absolute Dividend and Property Fund isn't
20 mentioned to be the primary research analyst.
21 There is no similar position mentioned in the
22 other offering memorandum. Do you have any
23 insight as to why that is?

24 A. With the ACM Funds, it was mostly
25 the accounts that Jeff Mushaluk had referred to

1 Crystal Wealth who were primarily invested in
2 those ACM Income Funds. And when Sameer Azam
3 came on board his...the majority of his clients
4 were...wanted to be Sharia compliant and he had
5 had discussions with Clayton about potentially
6 having...could Clayton create a Sharia compliant
7 Fund and he...where he could invest his clients'
8 money and they had those discussions and so
9 that's the reason that those two were more
10 involved and because they weren't licensed
11 they...Clayton set up a relationship with them
12 where they could be the research analysts on
13 those accounts and they could make
14 recommendations.

15 194. Q. And do you know what went into
16 preparing the offering memorandum for each of the
17 Funds?

18 A. No.

19 195. Q. Do you know who was involved in
20 drafting the offering memorandum for each of the
21 Funds?

22 A. That would have been Clayton.

23 196. Q. Okay. And did anyone other than
24 Clayton review the OOM's prior to their issue?

25 A. I believe he sent them to one of

1 his lawyers but I don't know which one. They
2 would have gone to the lawyer before anything
3 would have been officially sent out.

4 197. Q. Okay. And you said one of his
5 lawyers. Did Crystal Wealth have multiple
6 lawyers as I understand it?

7 A. I think so, but I don't know who
8 they were. I just don't think he used the same
9 lawyer for everything.

10 198. Q. So, you had mentioned Jonathan...

11 A. Dyck.

12 199. Q. ...Dyck of Miller Thomson. And
13 do you know what Brechin and Huffman did? I
14 believe it was used by Crystal Wealth for
15 corporate law matters.

16 A. No, I didn't hear of them.
17 Didn't know them.

18 200. Q. What about Margaritis Law
19 Securities Regulation in commercial law?

20 A. Yes, she initially was with the
21 Canadian Compliance Group. She was working with
22 them which is how Clayton first met her. And
23 then she went on maternity, well, she had a baby
24 she took about two days maternity leave and I
25 think she started her own firm after that and

1 Clayton...I know Clayton used her for certain
2 things but I don't know what.

3 201. Q. Okay, sorry what's her name?

4 A. Kelly Marggaritis.

5 202. Q. And what about lawyers in other
6 provinces? Did Crystal Wealth use anyone?

7 A. I don't know.

8 203. Q. Have you ever heard of the name
9 Derrin Smiths?

10 A. No.

11 204. Q. Did any conflicts ever arise to
12 your knowledge with Crystal Wealth lawyers that
13 caused them to change lawyers or...

14 A. No. Not that I'm aware of but I
15 wasn't involved in most of that.

16 205. Q. You didn't deal with the lawyers
17 ever?

18 A. Ever. No.

19 206. Q. Okay. And I mentioned earlier
20 about your emails having being deleted. We
21 noticed that emails have been deleted for Clayton
22 and Al as well. Do you have a sense if somebody
23 was going to delete them who it probably was?

24 A. Only Clayton would have access to
25 the server. So, this must have been done after

1 you guys terminated us?

2 207. Q. Well, I'll stick with the
3 questions if that is all right, Ms. Bentley. I'm
4 just trying to..

5 A. I'm just saying you knew that
6 we'd been terminated. I had everything was there
7 on my computer, everything, I hadn't...it all
8 appeared to be there.

9 208. Q. Okay. And aside from Clayton,
10 nobody else would have had access?

11 A. I don't think so.

12 209. Q. I want to speak to a couple of
13 the investments made and in some of the Funds.
14 We talked about the Media Fund, you had mentioned
15 that Clayton was the portfolio manager in the
16 Media Fund that made the directions concerning
17 Funds to be invested by the Media Fund, correct?

18 A. What do you mean, "Funds to be
19 invested by the Media Funds"?

20 210. Q. Well...

21 A. So, he would make decisions on
22 the movies.

23 211. Q. Yes.

24 A. Yes.

25 212. Q. What we would call film loans...

1 A. Right. Right.

2 213. Q. ...or Media loans, Clayton made
3 those decisions?

4 A. Yes.

5 214. Q. And Al Housego or any of the
6 other advisors, they weren't involved in that, it
7 was just Clayton?

8 A. No.

9 215. Q. Correct. How did Clayton become
10 introduced to Media House or the broad entities,
11 are you aware?

12 A. I don't know. I don't know. I
13 believe he had met them prior to me working there
14 because they already had plans to start that Fund
15 when I started.

16 216. Q. And did you ever have any
17 dealings with Media House's representatives?

18 A. No.

19 217. Q. No?

20 A. No.

21 218. Q. Okay. And do you understand or
22 have knowledge of the due diligence which was
23 involved in the film loans which were purchased
24 or invested into by the Media Fund?

25 A. No, I don't know what the process

1 was but I know that Aaron Gilbert was the person
2 who sourced the loans and I don't know how far he
3 got into any due diligence process when he
4 discussed it with Clayton and Clayton would make
5 a decision as to whether he wanted to do the loan
6 or not. But I don't know what due diligence he
7 took or Aaron took.

8 219. Q. Do you know why Clayton brought
9 Paco Alvarez into the fold last year?

10 A. Yes, it was initially when
11 Clayton started with the Media Fund. Media House
12 Capital was supposed to be doing all of the
13 administration looking after you know the loans
14 making sure the payments were coming in, et
15 cetera. I think he made the incorrect assumption
16 that they were on top of things and looking after
17 things. And I mean most of those loans I believe
18 were 18 months...had an 18 month term and then
19 after 18 months the interest would go up until it
20 was paid off. So, he didn't you know...he wasn't
21 too concerned about payments and administration
22 and for the first couple of years basically
23 but...

24 220. Q. He wasn't monitoring how they
25 were performing or checking on...

1 A. Well, I'm sure he was checking in
2 with Aaron and they had their conversations...

3 221. Q. M'hmm.

4 A. ...but from an administrative
5 standpoint we....well, I shouldn't say "we",
6 Clayton started to realize that the reporting by
7 Media House Capital wasn't very accurate and
8 wasn't very good and he tried very hard to get
9 reports from Media House from Aaron and Steven, I
10 don't remember Steven's last name but...

11 222. Q. Thibault?

12 A. Yes. I know that Clayton talked
13 with them on a regular basis and tried to get
14 reports from them and the reports you know would
15 come in but then if you tried to follow them, you
16 know over a course of time their estimates would
17 never come in. They weren't accurate. So,
18 Clayton had I believe, Tim Johnston had referred
19 Paco to Clayton as somebody that he knew in the
20 same business, a similar business. And so
21 Clayton hired him to try to pull all the
22 administration together to get a better
23 understanding of the value of the loans and to be
24 on top of the payments that were coming in
25 because it seemed to not have been done very well

1 by Media House.

2 223. Q. And did Crystal Wealth maintain
3 and organize structure for each of the Media loan
4 investments you know, files which had, you know
5 due diligence materials or ongoing progress
6 reports concerning each film?

7 A. Clayton would have had anything
8 on the loans.

9 224. Q. Okay. One of the concerns which
10 you would have known and raised by the receiver
11 is the fact that for a lot of these off-book
12 investments, it doesn't appear that there was a
13 very organized structure or any structure in
14 place at Crystal Wealth concerning the backup and
15 support for many of the off-book investments.
16 Would you agree with that?

17 A. I can't really speak to that
18 because it was Clayton who kept those files. I
19 know he had electronic folders set up and files
20 set up for each of the movie loans. He kept his
21 own spreadsheet where he tracked payments and
22 whether he had hard copy files or not, I'm not
23 sure.

24 225. Q. And for all of the film loans
25 which were purchased or invested into buy the

1 Media Fund were you always the individual who
2 caused those Funds to be transferred to Media
3 House, at Clayton's direction?

4 A. It was either me or him.

5 226. Q. And what do you know about the
6 monies that flowed back from Media House to
7 Clayton?

8 A. I knew nothing about it.

9 227. Q. When's the first time you learned
10 about it?

11 A. When the receivers report or the
12 court order...I think it was in the court order
13 or the OSC order.

14 228. Q. So, prior to that time you had no
15 knowledge or suspicion that Clayton was receiving
16 monies back from Media House or its affiliates or
17 principals?

18 A. No, I didn't.

19 229. Q. Now, the Factoring Fund had
20 already been established by the time you started
21 at Crystal Wealth, correct?

22 A. The Factoring Fund initially was
23 the Enlightened Income Fund.

24 230. Q. Yes, but it was...

25 A. And then...

1 231. Q. ...it was in place in 2010...

2 A. You're right.

3 232. Q. ...it would have been in there...

4 A. Right.

5 233. Q. ...when you started.

6 A. Right.

7 234. Q. And how did the investment
8 decisions in the...just so we're clear for the
9 record, I'm always going to call it the Factoring
10 Fund you know even when it was the Income Fund so
11 who was involved initially when you started the
12 investment decisions of the Factoring Fund?

13 A. I believe that was Clayton.

14 235. Q. Okay. And then at some point the
15 decisions changed to Al Housego when he obtained
16 his...

17 A. Yes.

18 236. Q. ...registration? And when you
19 began was the Factoring Fund using Frontline
20 Factoring?

21 A. No.

22 237. Q. Okay. And whose decision was it
23 to begin working with Frontline Factoring?

24 A. I believe it was...well, Al
25 brought Frontline to Crystal Wealth, and but

1 Clayton would have entered into those
2 discussions.

3 238. Q. Okay. So, what was the nature of
4 the Factoring Funds' investments prior to its
5 dealings with Frontline?

6 A. It was pretty inactive actually.
7 I don't...it was very small. I think there was
8 only...I don't know, I'm thinking it was about \$3
9 million or something it was really small. And
10 there was very little activity as far as I know
11 there wasn't...there really wasn't anything going
12 on with that Fund and it didn't have very good
13 performance.

14 239. Q. And did Al Housego know Jerry
15 Froese at Frontline Factoring prior to
16 introducing him to Crystal Wealth?

17 A. I don't know.

18 240. Q. And so that...frontline was
19 introduced in 2014 to Crystal Wealth?

20 A. Okay.

21 241. Q. No, I'm asking you.

22 A. I don't know. Whenever the
23 Factoring Funds started up, when it was taken
24 over.

25 242. Q. Well, the Factoring Funds started

1 in 2010, as we just said. There was a Factoring
2 procurement and administration agreement signed
3 with frontline in November 2014. So, is that
4 when the dealings started with Frontline?

5 A. Yes, as far as I know.

6 243. Q. And do you recall how the nature
7 of the investments of the Factoring Fund changed
8 after Frontline became involved?

9 A. Well, I think the offering
10 memorandum and the mandate of the Fund changed so
11 that it was the Factoring Fund was going to be
12 investing in the receivables, it was going to be
13 for Factoring contracts, so...

14 244. Q. Did you ever have dealings with
15 frontline or Jerry Froese?

16 A. No.

17 245. Q. Were you ever directed to
18 transfer monies from any of the Funds to
19 Frontline?

20 A. Only from the Factoring Fund.

21 246. Q. Now, when the Factoring Fund
22 would...let's take a step back. Are you familiar
23 with the merchant for the purposes of the
24 Factoring Fund?

25 A. With who?

247. Q. What we call a merchant, you know, Dome Mountain or Single Source.

A. Right.

248. Q. The entities which are receiving the monies in exchange for the underlying invoices.

A. Right.

249. Q. Yes. So, were the monies always transferred directly to the merchants or did they always flow from the Factoring Fund to Frontline?

A. They went directly to Frontline.

250. Q. And then was Frontline to release the monies to the merchant from that point?

A. I believe so.

251. Q. And who would provide you with the direction to transfer the money to Frontline?

A. A1.

252. Q. Always Al?

A. Sometimes Clayton.

253. Q. And why would it be sometimes Clayton and...

A. Well, initially I would always ask Clayton.

254. Q. Okay.

A. If it was okay to do this. I

1 would send him the contract and say, "You know,
2 can I go ahead with this?" He would look at it
3 and say yes or no and then eventually he told
4 me...

5 255. Q. You can just listen to Al.

6 A. ...that I can just follow
7 instructions from Al and to just let him know and
8 copy him on anything that was happening.

9 256. Q. And did the Fund ever receive
10 monies back directly from merchants or any of the
11 underlying debtors whose invoices were factored?

12 A. No, it came from Frontline.

13 257. Q. And what type of reporting would
14 come back from Frontline along with the payment?

15 A. There would be a report sent to
16 Clayton about the payment and what the payment
17 represented.

18 258. Q. Is that simply the report, the
19 weekly summary type report that Frontline would
20 provide showing payments received?

21 A. No, I think that he would send an
22 email to Clayton if there was payment to let him
23 know what it was, but I don't know whether he did
24 it in a form of a spreadsheet or whether he just
25 emailed him. But he communicated to Clayton not

1 to me.

2 259. Q. And would Frontline remit to the
3 Fund the entirety of the monies it received for
4 the payment or would it hold back some?

5 A. I don't know.

6 260. Q. You wouldn't see the reports to
7 Clayton?

8 A. No.

9 261. Q. And Frontline wouldn't write to
10 you concerning repayment?

11 A. No.

12 262. Q. Did you ever have any direct
13 dealings or conversations with Jerry Froese...

14 A. No.

15 263. Q. ...or anyone at Frontline?

16 A. No.

17 264. Q. Who was involved...who were the
18 representatives at Frontline that Crystal Wealth
19 was dealing with?

20 A. I believe they dealt with Jerry
21 and with a guy named Steven Bandola, I think is
22 his name. Steven did the reports and I think
23 Jerry had a partner initially, I don't remember
24 his name but he left, I can't think of his name.

25 265. Q. And do you know why Steven

1 Bandola left Frontline?

2 A. No.

3 266. Q. Were you aware that he left
4 Frontline?

5 A. No.

6 267. Q. So, we talked earlier about the
7 monies advanced to Dome Mountain, you recall
8 that?

9 A. Yes.

10 268. Q. And the fact that it wasn't a
11 true Factoring arrangement.

12 A. Correct.

13 269. Q. And did you have any concerns at
14 that time given the fact that it wasn't a
15 Factoring arrangement, the Factoring Funds OM to
16 the public says that the nature of the Funds
17 business is Factoring?

18 A. My concern over that agreement, I
19 didn't look at all the details of the agreement,
20 I just got a copy. I saw a copy of the invoice,
21 I didn't know all of the details of the
22 investment. Clayton had looked at it, Clayton
23 had sent it to his own legal counsel to look at
24 it. I was concerned with the amount of money and
25 it...

1 270. Q. And to your knowledge, where did
2 the \$12 and a half million in advances to Dome
3 Mountain, where did that money go?

4 A. I believe it went to...well, it
5 went to Frontline. It was sent to Frontline and
6 then they were to advance the money.

7 271. Q. Do you know where they advanced
8 the money to?

9 A. No.

10 272. Q. Did you ever have any dealings
11 with Darcy Pahl?

12 A. No.

13 273. Q. Do you know who that is?

14 A. No.

15 274. Q. Do you know who Robert Maljaars
16 is?

17 A. No.

18 275. Q. Do you know who Steve Miller is
19 or Stephen Miller of MGE?

20 A. No.

21 276. Q. Do you know anything about the
22 dealings between MGE and Dome Mountain?

23 A. No.

24 277. Q. Do you know anything about Gavin
25 Mines?

1 A. No.

2 278. Q. Or the status of it?

3 A. No.

4 279. Q. Why would Al Housego instruct
5 Jerry Froese concerning the contents of
6 Frontline's invoice summaries to Crystal Wealth?

7 A. I'm sorry, say that again?

8 280. Q. Why would Al Housego instruct
9 Jerry Froese of Frontline concerning Frontline's
10 invoice summaries to Crystal Wealth?

11 A. Why would Al talk to Jerry about
12 it?

13 281. Q. Why would Al be providing input
14 to Frontline as to how it should be reporting to
15 Crystal Wealth concerning the Factoring Fund
16 investments?

17 A. Well, because Al Housego was the
18 portfolio manager for the Factoring Fund...well,
19 I'd have to assume I...

20 282. Q. Sorry, go ahead.

21 A. I don't know, maybe Al had spoken
22 with Clayton and Clayton wanted to see things a
23 certain way and Al communicated that to...I don't
24 know.

25 283. Q. So, we...the receiver received an

1 email from Jerry Froese in November, it was
2 attached at appendix 30 to the second report. I
3 can give you a copy of it, but Mr. Froese
4 recounts in his view the chronology of what led
5 to the advances to Dome Mountain and he says that
6 at one point in reference to a November 14th,
7 that he received instructions from Al Housego
8 regarding wording of invoice summary and what
9 needs to happen with the internal structure. So
10 again, my question would be why would Al Housego
11 be advising Frontline how to do its reporting on
12 the structure of the Dome Mountain lending?

13 A. I don't know.

14 284. Q. Do you know who Jeff Maljaars is?

15 A. No.

16 285. Q. What do you know about 1566496
17 Alberta Limited?

18 A. I don't know.

19 286. Q. So, it wasn't one of the
20 merchants of the Factoring Fund as well, and
21 you'll...

22 A. I don't remember if it was. It's
23 a numbered company.

24 287. Q. Okay. Well, you may recall that
25 there was two of the seven merchants of the

1 Factoring Funds was this 156 Alberta Limited and
2 a 647 B.C Limited...

3 A. Okay.

4 288. Q. ...and both of them had
5 underlying debtors who just happened to be Dome
6 Mountain.

7 A. M'hmm.

8 289. Q. Does that refresh your memory?

9 A. No, I didn't know that.

10 290. Q. But you would have been provided
11 the invoices I assumed before you transferred
12 money to Frontline to the benefit of 156 Alberta
13 and 647 B.C?

14 A. I would have been given invoices,
15 yes.

16 291. Q. Yes. And would you have not
17 noted that Dome Mountain was the debtor under the
18 underlying invoices?

19 A. If it was on the invoice?

20 292. Q. Yes.

21 A. Was it on the invoice?

22 293. Q. Well, I'm asking you.

23 A. Well, I don't remember.

24 294. Q. Yes. Okay.

25 A. I don't remember.

1 295. Q. And do you know the relationship
2 between the 156 Alberta entity and the 647 B.C
3 entity and Dome Mountain?

4 A. No, I don't.

5 296. Q. Do you know...have you heard of
6 the names Marion Den Hollander or David Den
7 Hollander?

8 A. Only from the receiver's report.

9 297. Q. You have no other knowledge about
10 their involvement with Dome Mountain or the
11 Zomongo entities?

12 A. No, I don't.

13 298. Q. And prior to the report you had
14 no knowledge of the report concerning security
15 given by them over their house in connection with
16 indebtedness owing to the Factoring Fund?

17 A. No.

18 299. Q. And you're familiar with Zomongo
19 TV Corp?

20 A. Familiar with the name, it was a
21 merchant.

22 300. Q. Yes.

23 A. The Factoring Fund.

24 301. Q. And of the Hedge Fund. And of
25 the Hedge Fund?

1 A. I remember it being a merchant of
2 the Factoring Fund.

3 302. Q. Okay.

4 A. I don't remember...

5 303. Q. But you have no reason to
6 disagree with me if I say it was...

7 A. Well...

8 304. Q. Yes.

9 A. ...no, if that's what...

10 305. Q. Okay. So...

11 A. I figure at this point you guys
12 know more about these than we did.

13 306. Q. No, that's fine. And just so
14 we're clear, did as a concern of Factoring
15 arrangements with merchants and debtors and
16 Frontline, did the Factoring Fund and Hedge Fund
17 operate in the exact same manner I would assume?

18 A. I don't think the Hedge Fund was
19 set up to do Factoring contracts but yes, to me
20 the investments didn't seem the same.

21 307. Q. Okay, but you do understand that
22 the fact the Hedge Fund is owed money by the fact
23 that some of the Factoring merchants?

24 A. Okay. If that's what you're
25 telling me...

1 308. Q. Okay.

2 A. ...I wasn't aware.

3 309. Q. What do you know about the
4 relationship between Zomongo TV and Zomongo Inc.?

5 A. None.

6 310. Q. Did you ever have any dealings
7 with any of the principals of Zomongo TV?

8 A. No.

9 311. Q. Have you ever heard of an
10 individual named Tim Barnes?

11 A. No.

12 312. Q. Or BFF Ventures?

13 A. No.

14 313. Q. What did you know about the
15 monies advanced for the purpose of them to
16 Zomongo TV by the Factoring Fund?

17 A. The only thing that I knew was we
18 were...there was a Factoring contract set up
19 between Frontline Fund and Zomongo TV. We would
20 send money to Frontline, Frontline would...was I
21 guess, sending the funds to Zomongo TV. That's
22 all I really know about it.

23 314. Q. Okay.

24 A. Zomongo was a pretty knew company
25 going to...putting some technology...

1 315. Q. Yes, so I guess that's kind
2 of....look, my thinking was that you might know
3 something about it because over \$6 million was
4 advanced by the Factoring Fund to Zomongo TV and
5 I was wondering if that raised any alarm bells as
6 to why such a great amount was being invested in
7 a relatively new startup.

8 A. Right. You'd have to ask Clayton
9 about that.

10 316. Q. Are you familiar at all with
11 Zomongo's dealings with its lender TCA?

12 A. No.

13 317. Q. What do you know about the
14 business of Restoration Energy, another merchant?

15 A. I don't know.

16 318. Q. Have you heard of a company
17 called DDI Distribution Corp?

18 A. No.

19 319. Q. Or Dionne Design Inc.?

20 A. No.

21 320. Q. Have you heard of an individual
22 named Yvonne Martin-Morrison who's the principal
23 of Restoration Energy?

24 A. No.

25 321. Q. Never had any dealings with her?

1 A. No.

2 322. Q. Do you know why Crystal Wealth
3 was granted a mortgage over certain lands in
4 Alberta to secure part of the indebtedness of
5 Restoration Energy?

6 A. No.

7 323. Q. And that...Clower mortgage was
8 given by another numbered company, 1312163
9 Alberta Limited, have you heard of that entity?

10 A. No.

11 324. Q. Have you heard of the Pine Lake
12 Lands in Alberta?

13 A. No.

14 325. Q. Do you know if Frontline paid any
15 monies which it received from Restoration Energy
16 to this numbered company Alberta, who provided
17 the mortgage?

18 A. No.

19 326. Q. No, they didn't, or no, you're
20 not aware?

21 A. I'm not aware.

22 327. Q. And with respect to the final two
23 merchants Advanced Metal and Single Source, do
24 you know anything about those entities or the
25 particulars of the funds advanced to them through

1 Frontline?

2 A. No, I don't.

3 328. Q. You never had any dealings or
4 interactions with Tanya McCrary-Singh?

5 A. No.

6 329. Q. If you could turn to page 62 of
7 the second report. 62 in the bottom right hand
8 corner. Beginning at paragraph 187, the receiver
9 has set out that under Frontline's agreement
10 there were certain requirements concerning due
11 diligence to be undertaken before monies were
12 advanced to a particular merchant. Do you know
13 what level of due diligence if any was done
14 either by Frontline or the Factoring or Hedge
15 Funds before you effected the transfer of monies
16 to Frontline?

17 A. No.

18 330. Q. Did anybody talk to you about due
19 diligence efforts which were being undertaken?

20 A. No.

21 331. Q. And do you know how Frontline was
22 compensated for its services to the Factoring and
23 Hedge Funds?

24 A. No.

25 332. Q. And did you read in the

1 receiver's report that Frontline is putting forth
2 the explanation that it had a verbal arrangement
3 with Clayton concerning how it's to be paid its
4 fees? Do you have any familiarity with that?

5 A. No.

6 333. MR. VAN ZANDVOORT: Okay. That may
7 be a good time to take a break, if that
8 works?

9
10 --- upon recessing at 11:45 a.m.

11 --- A BRIEF RECESS

12 --- upon resuming at 12:01 p.m.

13
14 JOANNE BENTLEY, resumed

15 CONTINUED EXAMINATION BY MR. VAN ZANDVOORT:

16 334. Q. So, Ms. Bentley, there is just a
17 couple of follow up items from before we took the
18 break, that I just wanted to go back and get some
19 clarification on. You talked about when trades
20 were being executed but I was a little unclear as
21 to were trades executed on behalf of investors
22 throughout a week, or was that only done on a
23 specific day of the week?

24 A. The trades would actually be
25 trade date on the last Friday of the week because

1 those were...there was only a calculation of a
2 net asset value on Fridays. But I could enter
3 trades on the system anytime throughout the week
4 but they would just sit on the system and they
5 wouldn't be executed until end of day Friday.

6 335. Q. Okay but you received the NAV you
7 said on...did you receive it on Monday of each
8 week or Friday?

9 A. Clayton got a copy of it on
10 Friday and that's what he used to approve the
11 NAV. I would get a copy of it on Monday because
12 they would...I believe they used the prices as of
13 the close of on Friday at 4:00 o'clock. So, then
14 I would get a report from them on Monday
15 mornings.

16 336. Q. Okay. And when investors would
17 make a trade to obtain a unit of a Crystal Wealth
18 Fund...sorry, let me rephrase, during the week as
19 you would queue up trades for the upcoming
20 Friday, you would do that despite not knowing of
21 course, what the NAV was going to be at the time
22 the trade was executed, correct?

23 A. That's right.

24 337. Q. Okay. You also talked about the
25 liquidity crunch which arose from additional

1 Crystal Wealth Funds being created after 2015,
2 and the consequences of Mr. Wells and Mr. Housego
3 that wanted to redeem their clients out of
4 existing Funds to put them into certain of the
5 other Funds which they were responsible for,
6 correct?

7 A. Correct.

8 338. Q. Now, knowing that that was a
9 possibility that could arise, was there not
10 concern on Clayton's part as to allowing these
11 new Funds to be created?

12 A. Yes, I had asked him about that
13 myself, and he said that it was in their
14 agreement that he had with Al and with Dale that
15 at some point when they were qualified they would
16 be allowed to create their own Fund. So, it was
17 part of their advisory agreement.

18 339. Q. Do you know...why did Scott Whale
19 sell out his interest in November 2016 but
20 remain, you know involved with the company? Why
21 not just sell the entirety of his book to the
22 company as well?

23 A. He liked looking after his client
24 base. Most of his clients were friends of his
25 and he had a small book. Not a lot of work and

1 he enjoyed looking after his clients.

2 340. Q. Now, one thing that I didn't
3 understand when I asked you about the deleted
4 emails was you said that when Grant Thornton was
5 appointed, they were still on your computer. Do
6 you know that for sure?

7 A. Well, yes. I didn't see anything
8 disappear from my computer.

9 341. Q. Okay. And when's the last time
10 you remember seeing them on your computer?

11 A. Well, I never really looked at
12 my...to see what was deleted but I didn't notice
13 that anything was deleted, let me put it that
14 way. And I never checked to see if anything was
15 deleted. It just never occurred to me.

16 342. Q. Another point for clarification
17 was just on the issue of the off-book at
18 investments. I think you said something to the
19 effect of, at some point NBCN would no longer
20 administer off-book investments, and I wasn't
21 clear what you meant by that.

22 A. It was just the way they didn't
23 want to be sending wire transfers out to pay for
24 assets that weren't being held by them in
25 safekeeping. So, the way the off-book assets

1 were working is we would send you know a wire
2 transfer to NBCN and then we would say that we
3 wanted that it would be registered as NBCN in
4 trust for the Funds. So, it was in nominee form
5 and their certificates would be sent to NBCN but
6 they weren't set up by them as a security. It
7 was just done as a wire transfer out where as
8 they changed their procedure so that they would
9 actually set up a security on the system for
10 whatever document, whatever agreement we sent
11 them. And then we would execute that transaction
12 as a trade as opposed to a wire transfer and it
13 would be settled as delivery against payment and
14 go into the Fund account from there. Now, this
15 was only...this was done like in February. It
16 was...

17 343. Q. Of 2017?

18 A. Yes. It was very recent. It
19 might have been late 2016.

20 344. Q. Okay. So, I'm not sure that I'm
21 entirely getting what it is you're saying. So
22 maybe we can just use an example. So, it sounds
23 to me like you're saying they changed the
24 procedure by which you were allowed to transfer
25 Funds out of the account for the purposes of an

1 off-book investment?

2 A. Right.

3 345. Q. Yes. So, let's say you were
4 transferring Funds out of the Factoring Fund to
5 Frontline on account of Dome Mountain, they
6 changed their procedures about how you could
7 affect that transfer.

8 A. Right.

9 346. Q. Because they wanted it. Whereas
10 before you simply directed them to transfer it as
11 a wire, NBCN changed their policy so that it had
12 to be essentially recorded as a security of some
13 form and...

14 A. That's right, it would be...

15 347. Q. ...it's more of an accounting
16 exercise than anything else?

17 A. Yes, it would be set up in their
18 security data base.

19 348. Q. Do you know where the sign-offs
20 were kept by Clayton with respect to people's
21 receipt and review of the compliance, the policy
22 manual we talked about?

23 A. I don't know where he kept them.
24 I believe that Jill filed things like that. She
25 had...they would have had in their office because

1 Clayton and Jill shared an office. There would
2 have been files in their office, which would have
3 been employee files, compliance files, anything
4 to do with you know the Media Fund files, you
5 know that kind of stuff was in their office.

6 349. Q. And you had access to the Dropbox
7 account at Crystal Wealth, correct?

8 A. Yes.

9 350. Q. Which had all of the files that
10 Clayton maintained for you know, various
11 investments.

12 A. Yes.

13 351. Q. Did you ever go into the Dropbox
14 to review any of those files?

15 A. Yes.

16 352. Q. And why would you do that? For
17 what purpose?

18 A. I would go in to look at the
19 spreadsheets, sometimes to...just to see if it
20 was you know reconciling with the NAV reports. I
21 would go back just to look at maybe a...or maybe
22 to try to find a document if there was a question
23 about something. But generally speaking, I
24 didn't go into the investment folders too much.

25 353. Q. Okay, and just a final follow up

1 item from this morning, you mentioned it took
2 Sameer Azam about five or six months to come into
3 the company? What did you mean by that?

4 A. He was transferring his clients
5 over. So, from the time he started transferring
6 his clients to the time he finished transferring
7 his last client over, it took about you know five
8 or six months.

9 354. Q. Okay. Was that because he needed
10 to get authorizations from each of the clients,
11 or what...

12 A. Yes...

13 355. Q. ...what caused it to...

14 A. ...well, he was also...I think he
15 was just busy. He had a young family, he was
16 doing his CFA he was you know trying to meet with
17 clients and fill out the documentation and
18 transfer people over and it just took him a long
19 time.

20 356. Q. So, before the break, we were
21 talking about the investments, the current
22 investments of the Factoring and Hedge Fund and
23 you don't seem to have much if any information
24 concerning the nature of them. You just effected
25 the transfers of money from the Funds' NBCN.

1 accounts to Frontline, correct?

2 A. Correct.

3 357. Q. So, you're also familiar from
4 reviewing the second report about a number of
5 what the receiver refers to as gold loans, which
6 had been invested into, correct?

7 A. Yes.

8 358. Q. And did you ever have any
9 dealings with any of the settlement loans as the
10 receiver has called them or the entities whom
11 they were with?

12 A. For the gold contract? There was
13 one guy Chuck...

14 359. Q. Pinnell?

15 A. Pinnell, that's right. He had
16 contacted...he had phoned our office for...I'm
17 not sure why he phoned us but he phoned our
18 office and he said that he wanted to wire
19 transfer money back to us because it was...the
20 contract had ended and so I just gave him the
21 wire transfer instructions to transfer money back
22 into the Fund. Who else would there be?

23 360. Q. Did he transfer the money back
24 in?

25 A. Yes, he did.

1 361. Q. And when was that?

2 A. Oh God, I don't know. Early
3 2016, I'm guessing. I don't remember. I just
4 remember him calling to say that he was sending
5 money back. And there was another guy, I use to
6 deal with a controller, I didn't actually deal
7 with the same people that Al would have dealt
8 with.

9 362. Q. Alan Braun?

10 A. No, I never dealt with him. He
11 was the controller of one of the companies and I
12 would reach out to him for information sometimes
13 when contracts were rolling.

14 363. Q. Do you know which company? Was
15 it OnStar?

16 A. It might have been OnStar.

17 364. Q. Inca?

18 A. Inca. Yes, it was Inca.

19 365. Q. And do you remember the
20 controller's name of Inca?

21 A. I do not, sorry. And it changed
22 actually while during that time period.

23 366. Q. Okay. And did you ever...do you
24 recall any dealings with OnStar?

25 A. No.

1 367. Q. Or Solid Holdings?

2 A. Is that Stan...somebody?

3 368. Q. Yes.

4 A. I think I had reached out. I had
5 an email address, I had reached out for some
6 information on some contracts but it wasn't him
7 who responded. There was...

8 369. Q. And you're referring to Stan
9 Spletzer?

10 A. Spletzer, yes. I was looking for
11 information and I believe it was one of his
12 assistants that would respond to me with...just
13 information on contracts that had...were rolling.

14 370. Q. What do you mean contracts that
15 were rolling?

16 A. Well they would...the gold
17 contracts had different expiry periods. Some of
18 them were 30 days, some of them were three
19 months, some of them were six months. So, we
20 would buy so many ounces of gold at a discounted
21 price and when that contract period was over then
22 they would actually kind of sell the gold back to
23 us at...or buy the gold back from us at the
24 current market price. So, we bought it at a
25 discount then we got paid for it at the market

1 price when the contract expired. And then we
2 would then that very same day, buy more ounces of
3 gold at a discounted price so that's what I mean
4 by rolling.

5 371. Q. No money was actually coming back
6 into the Fund, it was more of an accounting
7 mechanism that they were deemed to have it
8 essentially rebought it...

9 A. That's right.

10 372. Q. ...at an elevated price that when
11 the agreement finally matured after all of the
12 rollover, let's say 30 day rollover period had
13 ended, you would then get essentially a profit on
14 the initial investments, correct?

15 A. Right.

16 373. Q. Okay. And of Inca and Solid
17 Holdings and OnStar and Chuck Pinnell's company
18 611802 B.C Limited, did any of those entities
19 ever actually send the Funds back monies when the
20 agreements matured?

21 A. Yes. Not Stan, Chuck Pinnell.

22 374. Q. Okay.

23 A. He sent money back but then I
24 believe we bought another contract from him, then
25 sent money out again and then the future

1 contracts just rolled without him sending money
2 back in.

3 375. Q. Yes, So, other than the one
4 occasion where money was sent back from Chuck
5 Pinnell, there were no other occasions where
6 monies were received back from any of these...

7 A. That's right.

8 376. Q. ...entities. Okay. And
9 essentially, they almost operate as if they're
10 term loans, is that essentially the case?

11 A. It's kind of...I guess it could
12 be a term loan, yes. I think you can consider
13 it. But we're actually buying the physical
14 ounces of gold, so I believe in the contract we
15 could have settled it for cash or for physical
16 gold.

17 377. Q. But no actual gold was ever...

18 A. No.

19 378. Q. ...received by the Factoring or
20 Hedge or Bullion Funds or any of the other Funds?

21 A. No.

22 379. Q. You're agreeing with me?

23 A. Yes.

24 380. Q. Now, the receiver has gone
25 through all of the Crystal Wealth records very

1 diligently as you can imagine, but there was very
2 little information concerning On-Star and 611 BC
3 which is Mr. Pinnell's company and Inca and Solid
4 Holdings. What did you know of the business of
5 On-Star or Alan Braun's business?

6 A. I didn't know anything about the
7 business, I only...I'm not sure what we got in a
8 way of a contract with them but it was a gold
9 contract similar type thing, there would have
10 been a purchase of gold at a discounted price to
11 be held for a certain term and then the contract
12 would roll.

13 381. Q. And it just seems to me but based
14 on your responses, that you seem to have a little
15 bit more familiarity or involvement with the
16 administration of the gold loans than say you had
17 with the factoring type agreements, is that fair?

18 A. It is fair to say that because
19 what happened was initially we thought it was one
20 or two contracts so there really was no tracking
21 taking place at Crystal Wealth. But then when we
22 noticed, we realized that there was a lot more.
23 Clayton created a spreadsheet to track all of the
24 various contracts and then I was kind of in
25 charge of monitoring that on a weekly basis to

1 make sure that anything that was maturing, I
2 would reach out to the companies to get
3 information if they didn't send it to me.

4 Because we were finding that the
5 companies weren't reporting on a timely basis,
6 which made it difficult for us to kind of keep
7 track of it. So, having everything in a
8 spreadsheet, knowing when contracts were
9 expiring, the prices, the number of ounces we
10 were buying and selling. So, I maintained that
11 spreadsheet on a weekly basis, so that's why I'm
12 a little more familiar with it.

13 382. Q. And was that kept in the Dropbox?

14 A. Yes. Yes.

15 383. Q. And so, what was...now, these
16 were investments made as I said by the Factoring,
17 Hedge and Bullion Funds which were Funds in which
18 Al Housego was the portfolio manager. So, you
19 mentioned Clayton maintained the spreadsheets and
20 you would double-check and deal with each of the
21 four entities. What was Al's role with the gold
22 loans?

23 A. He identified the loans and I
24 believe he negotiated the terms of the contracts
25 and the contracts would initially be sent

1 directly to him and then he would forward those
2 on to Crystal Wealth.

3 384. Q. So, why was Clayton involved
4 in...well, sorry, let me rephrase. So, what was
5 the division of labour as far as the ongoing
6 administration of the gold loans? Al would make
7 the introduction to the Inca, Solid Holdings,
8 OnStar and 611, he'd negotiate the terms with
9 each of them. Would it be Al who would direct
10 you, "Joanne, transfer the monies to each of
11 them"?

12 A. He would email either just me or
13 Clayton and myself. When it was a new agreement
14 with somebody I always checked with Clayton
15 before I sent the money out and he would review
16 the contract and then from that point onward if
17 there were any deemings, then if Clayton had
18 approved it already then it was okay for me to
19 act on Al's instructions.

20 385. Q. Okay. And after the initial
21 investment was made, how did Al remain active in
22 managing the investment and recovery of it?

23 A. Well, as far as I know we didn't
24 have any recovery of it.

25 386. Q. M'hmm.

1 A. It was just...

2 387. Q. No.

3 A. They were just continuing to
4 roll. I provided the receivers with a
5 spreadsheet which identified the terms of the
6 contracts and when they were expiring.

7 388. Q. M'hmm.

8 A. But no, Al...if I was having
9 trouble getting reports from a company about a
10 rolling contract or then I would contact Al and
11 tell him to contact the company and get the
12 report sent to me as soon as possible. But
13 that's...

14 389. Q. And do you...

15 A. That's all I was aware of.

16 390. Q. Do you have any insight into the
17 due diligence which was done with each of these
18 companies prior to the investments being made?

19 A. No.

20 391. Q. Do you know who Taz Faryad is?

21 A. Taz Faryad? No, the name kind of
22 sounds familiar but I can't think of who he is.

23 392. Q. Taz had an email address
24 @sutton.com, does that ring any bells?

25 A. No.

1 393. Q. What about Jerry Braun?

2 A. No.

3 394. Q. Or Rene Gladu?

4 A. No.

5 395. Q. Or Brent Johnson?

6 A. No.

7 396. Q. So, these names come from an
8 appendix at appendix 45 of the receiver's second
9 report. It was a letter which had been sent by
10 Clayton Smith to the British Columbia Securities
11 Commissions. I'll just put it in front of you.
12 Would Clayton show you a copy of a letter like
13 this or engage with you about it before sending
14 it, typically?

15 A. No. I didn't see this. But he
16 had asked me at one point if I would check to see
17 if I had had...that's maybe why I remember this
18 name, he had asked me to check to see if I had
19 had any communication with these individuals
20 because he did tell me there was something the BC
21 Securities Commission was investigating something
22 around these guys and wanted to know who at
23 Crystal Wealth had communicated with them. So, I
24 had done a search through my emails on all of
25 these names and I mean Chuck Pinnell, I had

1 contact with but there was nobody else. No, I
2 had never communicated with any of them.

3 397. Q. Do you know of any purported
4 agreement where Mr. Housego told Alan Braun that
5 the Funds would commit to providing \$10 million
6 U.S. in Funding?

7 A. No.

8 398. Q. Do you know anything about the
9 development of a mine in Juneau, Alaska?

10 A. No.

11 399. Q. By OnStar? Have you ever heard
12 of a mine operated or that was to be developed by
13 On-Star in Juneau, Alaska?

14 A. No.

15 400. Q. Do you know anything about any of
16 the mines where the gold which was the subject of
17 the gold contracts was evidently being mined?

18 A. No.

19 401. Q. Were executed gold certificates
20 ever obtained from OnStar?

21 A. I think so, yes.

22 402. Q. Where are they?

23 A. If they're not at...I seem to
24 remember seeing certificates for OnStar in the
25 files that had the subscription agreements. Now,

1 the only reason I was thinking about it when I
2 read the report I'm trying to remember if I'd
3 seen any or not. The only reason that Crystal
4 Wealth would have kept a certificate like that
5 would be if it came in just registered to the
6 Fund as opposed to registered as NBCN in trust
7 for. So, there were file folders that had
8 subscription agreements in them for each of the
9 Funds and there may have been a separate file for
10 OnStar or there might have just been a big folder
11 with all of the contracts for the Factoring Fund
12 or Bullion Fund. And I believe I had seen those
13 certificates in the folders when I was providing
14 information for BDO for the audit.

15 403. Q. Okay. Now, Clayton had told the
16 receiver that when he was asked about the gold
17 certificates that you handled most of the admin
18 stuff and he thought the certificates may have
19 been filed with NBCN.

20 A. Well if they came in as "NBCN in
21 trust for," then they would have gone to NBCN. I
22 remember questioning one time and I don't
23 remember if it was OnStar or if it was the Real
24 Estate LP, but I wasn't doing the filing and
25 something that had been filed with the

1 subscription agreement...then I asked why and was
2 told that Clayton had told them to put it there
3 and I believe it was because it was registered to
4 the Fund as opposed to NBCN. But I'm pretty sure
5 I saw, I mean I can't say I'm a hundred percent
6 sure but I'm 90 percent sure I saw a contract
7 from OnStar.

8 404. Q. Not contracts, executed gold
9 certificates.

10 A. Yes, certificates.

11 405. Q. Okay. And so, you know nothing
12 else about On-Star, it's business...

13 A. Yes.

14 406. Q. ...or its principals? No? Okay.
15 And what do you know about the business of the
16 611 BC entity which is Chuck Pinnell's.

17 A. I don't know. Just that we did a
18 gold contract with them.

19 407. Q. Did you know whether or not 611
20 BC actually engages in any mining activity?

21 A. No.

22 408. Q. Have you ever heard of an entity
23 called Black Sand?

24 A. No.

25 409. Q. Or Place One Mines?

1 A. No.

2 410. Q. Or New North Construction?

3 A. No.

4 411. Q. Do you know about any litigation
5 which is commenced by those entities against
6 Chuck Pinnell?

7 A. No.

8 412. Q. Or against each other?

9 A. No.

10 413. Q. Have you ever heard of an entity
11 called Petra Capital Corporation?

12 A. No.

13 414. Q. And are you aware of any
14 goldmines operating in Columbia or Louisiana in
15 connection with the 611 BC...

16 A. No.

17 415. Q. ...dealings? No. Now, based
18 upon the receiver's review, it doesn't look like
19 any due diligence was done on any of the four
20 gold sellers or however you want to call them,
21 Inca, Solid Holdings, 611 BC and OnStar. It
22 doesn't look like any due diligence was done to
23 any of these companies before the monies were
24 advanced by the Funds to them. Do you have
25 anything to suggest otherwise?

1 A. No.

2 416. Q. And do you know what was done to
3 confirm that the gold loans fit the investment
4 criteria outlined in the Factoring, Hedge and
5 Bullion Funds' offering memorandums?

6 A. No.

7 417. Q. Do you know why the mortgage,
8 High Yield Mortgage and Factoring Funds all began
9 to make commercial loans as well?

10 A. No.

11 418. Q. Did that raise any concerns for
12 you given that those Funds were making commercial
13 loans which was not really the intent of the
14 Funds based upon the offering memorandum?

15 A. I'm trying to remember what those
16 commercial loans would be.

17 419. Q. Well, if you turn to page 85 of
18 the receiver's second report you can see a table
19 which outlines outstanding principal and interest
20 to various entities on commercial loans on the
21 Mortgage Funds, Factoring Fund, High Yield
22 Mortgage Fund, infrastructure Fund and
23 Sustainable Property Fund. Is that assisting in
24 refreshing your memory at all?

25 A. Yes.

420. Q. Okay. So, did you not find it strange that the mortgage, High Yield Mortgage and Factoring Funds would be entering into commercial loan arrangements?

A. Yes.

421. Q. And what did you do in response to that?

A. I asked Clayton about it but he...it was his decision. He just said that you know the...he was doing the loan, and it wasn't up to me at all.

422. Q. Okay. And is it fair to say as we have spent quite a bit of time this morning that regardless of what the OMs actually said, the objective or intention was of specific Funds, the Funds were using monies to essentially invest in whatever they wanted to even if it wasn't in reference to the OMs, is that fair?

A. It appears that way.

423. Q. Yes. Have you heard of an individual named Craig Clydesdale?

A. Yes.

424. Q. Okay. What do you know about Mr. Clydesdale?

A. Craig, can't remember how Craig

1 was introduced to Clayton but he came to Crystal
2 Wealth initially with a deal with MCS Energy and
3 I believe that...I mean he had this project that
4 he worked on installing generators that ran on
5 natural gas which could be converted to
6 electricity and he was doing large scale
7 generators for companies like St. Marys Cement.
8 And there was I believe a car manufacturer in the
9 States that he was also lining up and he had
10 these contracts with companies, but he needed
11 Funding. So, I know that the initial loan that
12 was done for MCS Energy was done in the Enhanced
13 Mortgage Fund. And that was \$1.8 million and
14 yes...

15 425. Q. Is that the loan to 1472 Ontario
16 reflected in the chart at paragraph 276?

17 A. It was MCS Energy that that loan
18 was to, and that may have been paid back or moved
19 to another Fund. But anyway, I know that Craig
20 initially came on board with that and Clayton was
21 very keen to help him with his financing so he
22 and Clayton worked out an arrangement to get
23 financing in place for some of these projects he
24 was working on.

25 426. Q. And just so we're clear, 1472

1 Ontario is reflected in the chart. That would be
2 one of what we call the "OM" entities so to
3 speak. So, could that be the initial investment
4 that you are referring to?

5 A. It could be, yes.

6 427. Q. Okay. So, and how did Clayton
7 come to be introduced to Mr. Clydesdale or
8 wanting to help Mr. Clydesdale with raising
9 financing for his own companies?

10 A. I'm pretty sure that came through
11 a company called 2GS or something, it was a
12 company that specialized in arranging financing
13 for other firms. And I believe Craig had gone to
14 them and had not been able to get the financing
15 through them but they had a mutual friend who was
16 Jennifer Pinto who was working with Crystal
17 Wealth as well and David Bodanis. And she was
18 friends with these guys at 2GS and they
19 introduced Craig to Clayton. That's how I
20 remember it.

21 428. Q. So, sorry. Jennifer Pinto and
22 David Bodanis were at 2GS?

23 A. No, they were working for Crystal
24 Wealth.

25 429. Q. Okay. And they knew Craig?

1 A. They knew these guys at...there
2 were payments being made to these guys. You
3 would see it in the Mortgage Fund transactions if
4 you look at those transactions every month, there
5 was money going to these guys, I'm pretty sure it
6 was 2MG, you'll see it in the Enhanced Mortgage
7 Fund transactions because this loan was making
8 payments to Crystal Wealth on a monthly basis,
9 regular payments and out of that payment that was
10 coming in, there was a percentage of that payment
11 that was going to 2MG because it was like their
12 referral fee or something, so...

13 430. Q. So, sorry.

14 A. I'm sorry. I know it's a little
15 convoluted.

16 431. Q. No, I understand. So, let's take
17 a step back here. So, Jennifer Pinto and David
18 Bodanis worked for Crystal Wealth?

19 A. Correct.

20 432. Q. When did they work for Crystal
21 Wealth?

22 A. I believe they started probably
23 in 2014 maybe. And they didn't work inside our
24 office, and they weren't employees, they were on
25 contract. So, Jennifer worked for David Bodanis,

1 she was his assistant. David was...he had shared
2 office space I believe in Mississauga and...

3 433. Q. Shared with who? Anyone...

4 A. It was just...

5 434. Q. Yes.

6 A. ...one of those companies that
7 you know with shared office space.

8 435. Q. Yes.

9 A. Yes, so David Bodanis was hired
10 by Clayton to you know, bring money into the firm
11 to do marketing and business development.

12 436. Q. What do you mean bring money
13 into...

14 A. You know raise money, like get
15 clients.

16 437. Q. Like with investors?

17 A. Yes.

18 438. Q. Okay.

19 A. Yes, just try to raise money
20 through investors and to the best of my knowledge
21 he never did. Anyway, Jennifer was his
22 assistant.

23 439. Q. Okay. And when did they stop
24 being engaged by Crystal Wealth?

25 A. Probably early in 2016.

1 440. Q. Okay. And when David shared
2 space in Mississauga, what was his company or
3 what was he doing?

4 A. I don't...I think they had a
5 company called Jade, Jade something. That was
6 Jennifer and David together.

7 441. Q. Were they...did they have a
8 personal relationship...

9 A. No.

10 442. Q. ...or business relationship.

11 A. No, business. Yes, so that's
12 what I mean what David was supposed to be
13 bringing, or trying to bring money into the firm
14 reaching out to investors. I don't think he ever
15 brought any money in.

16 443. Q. Okay. And we started this line
17 of conversation based on the question of
18 Clydesdale and how he was introduced. So, now
19 let's take a step back. So, somehow you said
20 David and Jennifer knew Craig and introduced
21 Craig to...

22 A. No. No, Jennifer knew these guys
23 at this MGS company. I'm saying MGS, it's not
24 MGS, it's like MG2 or something, 2GS, something
25 like that. But you would see it in the Enhanced

1 Mortgage Fund transactions you would see monthly
2 wires going to them for around \$2000 and some odd
3 dollars or close to \$3000 every month. But
4 anyway, this company MGS, the partners of that
5 company I don't know their names I think they
6 both started with a G...

7 444. Q. Sorry, what was that acronym
8 again?

9 A. I think it's 2GS, I think its two
10 G's, because the partners names were both
11 starting with a G.

12 445. Q. Do you know their names?

13 A. 2GS, no, I don't. Anyway,
14 Jennifer knew them. David didn't know them.
15 Jennifer knew them and she had reached out to
16 them potentially to...as some kind of an avenue
17 to find investors or maybe make some deal of some
18 sort, just to network I guess, and they told her
19 about this deal that with Craig within MGS. And
20 so, it was her suggestion to Clayton to meet with
21 them. So, it was them that introduced Craig to
22 Clayton.

23 446. Q. And again, MGS is who?

24 A. I think it was 2GS.

25 447. Q. Okay, a couple of times you said

1 MGS and sometimes 2GS...

2 A. Well, because I don't remember.

3 448. Q. Well, now you're talking about
4 the same entity?

5 A. It's the same.

6 449. Q. Okay.

7 A. It's the same. Sorry.

8 450. Q. That's okay. And do you have
9 like the contact information or know where this
10 2GS is...

11 A. No...

12 451. Q. ...or who it is?

13 A. No, but you know what if you can
14 find the...look at the wire transfers on the NBCN
15 system, it has their address on it because all
16 wire transfers have an address.

17 452. Q. Okay. And did David Bodanis ever
18 receive loans from any of the Crystal Wealth or
19 the Funds or Clayton?

20 A. Clayton told me he had provided a
21 personal loan to David Bodanis for about \$40,000
22 I think. I'm not sure why he told me that, I
23 think he was frustrated because he wasn't able to
24 get a hold of David. And I think I saw it in a
25 receiver's report that there was a mortgage in

1 the mortgage Fund for David Bodanis. I saw that
2 somewhere but I wasn't aware of that until I saw
3 it on the report. I think Clayton was paying him
4 from Crystal Wealth advancing him money from
5 Crystal Wealth because he was supposed to be
6 working on commissions, but he wasn't bringing
7 any money in so it was...he was getting advances
8 from Crystal Wealth.

9 453. Q. Why?

10 A. I don't know.

11 454. Q. How much is he getting?

12 A. I don't know.

13 455. Q. So, even though he wasn't
14 essentially doing his job, he was getting money
15 from Clayton from the Funds?

16 A. Well, I don't know if it was from
17 the Funds, it was from Crystal Wealth, it was as
18 a management company.

19 456. Q. Through the management fees that
20 Crystal Wealth was earning from the Funds...being
21 paid from the Funds?

22 A. Right.

23 457. Q. Yes.

24 A. So it was Crystal Wealth
25 Management Company revenue.

1 458. Q. And you have no insight as to why
2 Clayton would do that?

3 A. No. No, I think Clayton just
4 thought that David would produce and that he
5 would give him some time.

6 459. Q. Okay. And why did the
7 relationship with Bodanis ultimately come to an
8 end in early 2016?

9 A. Because David didn't bring any
10 money in.

11 460. Q. Okay. Do you know if he ever
12 paid back the \$40,000 to Clayton?

13 A. I don't know. Probably not.

14 461. Q. So, again just going back to
15 where we were starting with the introduction to
16 Clydesdale. So, through Jennifer Pinto and David
17 Bodanis, the connections made to 2GS, 2GS advises
18 of an opportunity perhaps with Craig Clydesdale
19 and his companies?

20 A. Right.

21 462. Q. And suggest to David Bodanis and
22 Jennifer Pinto that they have their guy Clayton
23 meet with him to see if...

24 A. Right.

25 463. Q. ...there will be a match there

1 that works for them both?

2 A. That sounds right.

3 464. Q. Okay. And so, what happens?
4 When does the meeting happen? You know, where
5 does the relationship go from there?

6 A. I was never involved in those
7 meetings so some of it is just kind of guessing,
8 but the way I remember it is Craig came in with
9 the guys from 2GS and Jennifer I believe. And
10 they met in our boardroom the first time and that
11 was the introduction. And then from there I
12 think after that it was just Clayton and Craig.

13 465. Q. And were you ever involved with
14 the meetings or discussions with Craig
15 Clydesdale?

16 A. No.

17 466. Q. Did Clayton ever consult with you
18 or share information with you concerning the
19 commercial loan lending arrangements with
20 Clydesdale's companies?

21 A. Not information. I mean he just
22 generally felt enthusiastic about these
23 investments, he shared videos of the generators
24 being installed at St. Marys things like that.

25 467. Q. Aside from the installation of

1 the cogeneration...well, I guess first of all are
2 you aware of the cogeneration facility that was
3 installed at St. Marys Cement in Leaside?

4 A. Yes.

5 468. Q. In Toronto? Okay. And are you
6 aware of whether any other of the OOM Energy
7 installations or were any other OOM Energy
8 installations like Clydesdale installations
9 financed by Crystal Wealth?

10 A. I know that some of these
11 companies are the same guy...are Craig's deals.
12 I know that there was a GM contract...I can't
13 remember there was a car manufacturer in Detroit,
14 I think, that wanted to install a generator. But
15 other than that, I'm not aware of any of the
16 projects.

17 469. Q. Aside from Leaside, were any of
18 the other projects successful?

19 A. I don't know that.

20 470. Q. Successfully installed?

21 A. I don't know.

22 471. Q. Was Bill Mackenzie ever at any of
23 the meetings with Clydesdale?

24 A. I don't know.

25 472. Q. Have you heard of Bill Mackenzie?

1 A. No.

2 473. Q. Who is Clayton Vrenjak, V-R-E-N-
3 J-A-K?

4 A. He worked for Troy Claus and Jeff
5 Reiner.

6 474. Q. At the marketing place?

7 A. Yes.

8 475. Q. Persistus?

9 A. Right.

10 476. Q. And what was Clayton and
11 Troy...Clayton Vrenjak's and Troy Claus'
12 involvement with the commercial loans with
13 Clydesdale's companies?

14 A. I wasn't aware of any connection.

15 477. Q. Okay.

16 A. But Troy works for Craig now.

17 478. Q. And where is he based out of?

18 A. Craig?

19 479. Q. Troy.

20 A. Troy?

21 480. Q. They have an office somewhere
22 where they all work?

23 A. I don't know if they still have
24 it. They used to have an office on the South
25 Service Road in Burlington on the east side of

1 Walkers Line. I'm not sure of the address, I
2 don't remember the address.

3 481. Q. Now, did they move to that office
4 because of its proximity to Crystal Wealth's
5 office?

6 A. I don't think...I think they were
7 already there when Clayton met them. Oh, and
8 that's not Craig. That's Persistus that's the...

9 482. Q. Persistus, okay.

10 A. I don't know about Craig. Craig
11 might be in that office now, actually.

12 483. Q. So, just help me out with...what
13 is the exact business of Persistus? So, they're
14 just a marketing company?

15 A. I believe they...I think they
16 just did marketing and maybe some coaching?
17 Business coaching?

18 484. Q. And so, going back to the table
19 that we were looking at, at page 91, sorry if you
20 could turn to the table on page 91. And if you
21 could also keep open at the same time, keep open
22 page 85 of the second report.

23 A. Okay.

24 485. Q. So, were you the one who would
25 have received the directions for the advances

1 made by the Crystal Wealth Funds for each of
2 these commercial loans?

3 A. I can't say that I did all of the
4 wire transfers because there may have been some
5 that were initiated by Clayton.

6 486. Q. M'hmm.

7 A. But if it wasn't Clayton, then it
8 was me.

9 487. Q. Okay. And again, the direction
10 for the commercial loans would have always been
11 from Clayton...

12 A. Right.

13 488. Q. ...no one else?

14 A. Right.

15 489. Q. Okay. And what supporting
16 documents if any would have been provided to you
17 if he told you to transfer you know X dollars to
18 a magnitude or another of Craig's entities. Did
19 he give you anything or he just sent an email
20 to...

21 A. In those cases, I believe what he
22 sent me were promissory notes.

23 490. Q. And who is Saurin Patel?

24 A. Saurin is an accounting...has an
25 accounting firm. He's an accountant and he met

1 Clayton through Clayton's yoga studio. And
2 Clayton hired him to do the Fund accounting for a
3 while but then he realized that Saurin wasn't the
4 right person to do the Fund accounting and he was
5 capable of just much more...he was more a big
6 picture guy. So, Clayton sort of hired him on a
7 contract basis from time to time to help him with
8 some of these projects that Craig was doing and
9 he also was on the board of directors at Pond.

10 491. Q. And so how did he come to be on
11 the board of directors of Pond?

12 A. I believe that when Clayton
13 was...when they were discussing the terms of the
14 investment, the terms of the loans they were
15 doing, part of the agreement was that Clayton
16 wanted somebody from Crystal Wealth on their
17 board of directors and so they agreed to that and
18 then Clayton decided that it should be Saurin.

19 492. Q. And did you have or do you have a
20 working understanding of the differences between
21 Mr. Clydesdale's various entities and the OOM
22 Energy group?

23 A. No.

24 493. Q. What their businesses are?

25 A. No. I thought all of the

1 businesses were doing the generators at different
2 facilities.

3 494. Q. And again, aside from Leaside are
4 you aware of any other facilities where the
5 generators have been successfully installed?

6 A. No. At St.Marys Cement, right?

7 495. Q. And when did you become aware
8 that Clayton was actually receiving payments for
9 consulting fees from the OOM Energy entities?

10 A. That Clayton was receiving
11 these...

12 496. Q. What consulting fees from OOM.

13 A. I didn't know about it.

14 497. Q. You weren't ever aware that
15 Clayton through...have you heard of CLJ Everest?

16 A. Yes.

17 498. Q. Which is one of Clayton's holding
18 companies.

19 A. Yes.

20 499. Q. Did you know that CLJ Everst was
21 being paid consulting fees from OOM?

22 A. No.

23 500. Q. Do you have any understanding of
24 receivables which were owing by Clydesdale's
25 companies to Pond?

1 A. No.

2 501. Q. You know Steve Martin of Pond or
3 have you heard of him?

4 A. Yes.

5 502. Q. What do you know about Mr.
6 Martin?

7 A. I believe he's the CEO of Pond
8 and he's the person who brainstormed the whole LG
9 idea, and the lighting to produce this LG bit,
10 it's carbon dioxide or something...whatever that
11 is. It's his company, he's the main researcher.

12 503. Q. And what do you know of as it
13 concerns the dealings between Pond and Mr.
14 Clydesdale's companies?

15 A. The only thing I was aware of
16 where they were trying to...is that they thought
17 that the two technologies were compatible and
18 that they were going to try installing them
19 together.

20 504. Q. Okay. Have you heard of Marcel
21 Rada?

22 A. No.

23 505. Q. If you could turn to page 84 of
24 the second report. Reference is made at
25 subparagraph (c) to a promissory note between

1 1092545 BC limited as borrower and Crystal Wealth
2 as lender. Do you remember that for \$125,000 US?

3 A. I don't remember it, no.

4 506. Q. And...

5 A. So, you said this is to the
6 company, so this is Crystal Wealth as a
7 company...

8 507. Q. Yes.

9 A. ...and not a Fund?

10 508. Q. Well it was oftentimes Crystal
11 Wealth in its capacity as manager...

12 A. Right. Right.

13 509. Q. ...and trustee in some of the
14 documents, but bottom line are you aware of the
15 \$125,000?

16 A. I don't remember it.

17 510. Q. And that was reflected as an
18 investment of the Factoring Fund as you can see
19 on page 85.

20 A. No, I don't remember it.

21 511. Q. Okay. Turn to page 99. Now,
22 this is relatively recent, November 9, 2016.
23 That promissory note was assigned to the
24 Factoring Fund.

25 A. Okay.

1 512. Q. And it was supposed to be secured
2 by a trust account deposit out of Morton Law LLC,
3 do you have any awareness of that?

4 A. No.

5 513. Q. Were you involved or do you have
6 any understanding of the participation interest
7 in the mortgage issued to Kenwal Investments?

8 A. No.

9 514. Q. And that's an interest of the
10 Mortgage Fund?

11 A. Yes, I don't know. Doesn't ring
12 a bell.

13 515. Q. What about there was a promissory
14 note issued by a sign Cinnos Mission Critical
15 Incorporated which is purchased by the
16 infrastructure Fund for 300,000, do you know
17 anything about that?

18 A. I think that was an investment
19 that came through...was it around 325,000,
20 something...

21 516. Q. Yes, the...

22 A. ...or 385,000.

23 517. Q. ...principal and interest is
24 342,000 but the provisional principal balance is
25 300.

1 A. That came through a connection at
2 the Angel One Network.

3 518. Q. Who's the connection at the Angel
4 One Network?

5 A. Well, Clayton used to go to the
6 Angel meetings and I think he saw...he just saw
7 this investor at one of those meetings and
8 decided to invest in the project but I don't know
9 the guy's name.

10 519. Q. And what do you know about Susan
11 West's, participation in the Pond loan?

12 A. Clayton had approached Susan to
13 see if she would be interested in doing this
14 investment as part of a financing that Clayton
15 was putting together for a Pond deal. Susan was
16 interested in doing it and I think she did it
17 privately. It wasn't through her company.

18 520. Q. Her company being Imaginea?

19 A. Right.

20 521. Q. Now, before the break this
21 morning you had mentioned at one point briefly
22 just about some dealings you had with the US Real
23 Estate LP can you just tell me about your
24 involved with the US Real Estate LP and the
25 investments made by the Hedge and Factoring Funds

1 into it?

2 A. I had you know, no involvement
3 other than sending the wire transfers.

4 522. Q. Now, these were investments of
5 the Factoring and Hedge Fund of which Mr. Housego
6 is the portfolio manager. So, was Mr. Housego
7 the one who was directing you to transfer these
8 monies?

9 A. Yes. But that's something that
10 Clayton was involved in and Clayton had that
11 checked out by his legal counsel and then Clayton
12 gave me the okay to do it.

13 523. Q. Now, when you say "checked out by
14 his legal counsel," what do you mean?

15 A. Clayton was saying that the
16 infrastructure for the company, the whole...what
17 do you call it? Where the corporate structure,
18 anyway for that company, just seemed so confusing
19 there was so many different levels to it. So, he
20 sent the documentation that we would have
21 received from Al and the agreement he sent that
22 to his lawyer. It was probably Jonathan Dyck,
23 don't know for sure, to have him go over the
24 agreement and to I guess, it was a form of due
25 diligence.

524. Q. Would opinion be issued by Jonathan Dyck or Crystal Wealth's lawyers concerning...

A. I don't know.

525. Q. ...the investment?

A. I don't know.

526. Q. Okay. And aside from transferring the Funds, did you have any dealings or involvement and dealings with Albert Storelli?

A. Alberto Storelli?

527. Q. Yes.

A. No. No, I heard his name but he dealt with Al.

528. Q. Do you know how Al Housego learned about this investment opportunity?

A. No.

529. Q. Do you know how he knew Alberto Storelli?

A. No.

530. Q. Were you aware of the involvement of Brian Peoples?

A. No. No, I just heard the name.
I'm not sure where I heard the name.

531. Q. M'hmm, or Joe Harker?

A. Those are the partners?

1 532. Q. M'hmm.

2 A. That's where I heard the name.
3 I'm aware of the names but I don't know.

4 533. Q. You never had any dealings with
5 them?

6 A. No.

7 534. Q. So, again just transferring the
8 Funds...

9 A. Yes.

10 535. Q. ...for the investments? And
11 aside from whatever you think Clayton may have
12 sent to Crystal Wealth's lawyers, are you aware
13 of what due diligence was done into this
14 investment, the US Real Estate LP?

15 A. I think Al might have travelled
16 there to actually look at the apartment building.
17 He may have but...

18 536. Q. And who's in charge of the
19 investment decisions for the Medical Fund?

20 A. Clayton.

21 537. Q. And how did Clayton get connected
22 with Xynergy?

23 A. I'm trying to remember. I don't
24 remember. I don't remember. I'll keep kind of
25 thinking about it. I was there. I was around at

1 the time and I know there was a partnership that
2 came in there. I don't remember the guys' names.
3 But there were a couple of guys that dealt with
4 Xynergy that wanted to work with Clayton to start
5 a Fund but Clayton didn't like these guys. He
6 didn't. So, he kind of eliminated those guys and
7 went directly with Alejandro at Xynergy. He was
8 introduced to Alejandro by these guys that wanted
9 to open a Fund but Clayton didn't want to work
10 with them. I don't remember who the guys were.

11 538. Q. They were at Xynergy as well?

12 A. No, they had another company.

13 539. Q. Okay.

14 A. But they wanted to work with
15 Xynergy to basically do a Medical Fund type
16 thing.

17 540. Q. M'hmm.

18 A. Clayton just didn't want to work
19 with them.

20 541. Q. So how did the Medical Fund get
21 into the NFL participation agreements?

22 A. I don't know for sure but I
23 believe it was introduced to Clayton by
24 Alejandro.

25 542. Q. And again, were concerns raised

1 given the fact that the NFL participation
2 agreements didn't really coincide with the stated
3 intention of the medical Fund as set out in its
4 offering memorandum?

5 A. Yes, that was Clayton's call.

6 543. Q. Was there ever raised a concern
7 that you discussed with him about it?

8 A. No.

9 544. Q. Now, when...so BDO was the
10 auditor of each of the Funds in Crystal Wealth.
11 Who was involved when dealing with BDO from
12 Crystal Wealth including you know, advisors and
13 personnel, employees whoever it may have been.
14 Who dealt with BDO on the audits?

15 A. Clayton. Cayla Altorf and it was
16 really 99 percent Clayton and Cayla. I provided
17 them with copies of subscription agreements
18 usually in electronic form and I printed out
19 maybe price histories for investments at year end
20 to prove you know, with the marketable securities
21 what the year end prices were. That was the
22 extent of my involvement with the audit.

23 545. Q. Okay. And I don't think we spoke
24 about Cayla earlier as I recall.

25 A. No.

1 546. Q. So, what's Cayla's last name?

2 A. Altorf. It's A-L-T-O-R-F.

3 547. Q. And what was her position?

4 A. She was hired to do the Fund
5 accounting.

6 548. Q. When was she hired?

7 A. She was hired in January of 2014.

8 549. Q. And remained employed by Crystal
9 Wealth until when?

10 A. I think she left in late 2016.

11 550. Q. Okay. And was she a full-time
12 employee?

13 A. Yes.

14 551. Q. Did she work out of Crystal
15 Wealth's office?

16 A. Yes.

17 552. Q. Okay and if you could just
18 explain generally speaking the process of when
19 you know BDO would be given its audit for each of
20 the Funds on an annual basis and how the
21 provision of information was addressed with BDO
22 from the Funds.

23 A. I believe they would come in
24 maybe November of a certain year and they would
25 meet with Clayton. Once Cayla was around they

1 would also meet with Cayla and Clayton and they
2 would come up with their plan for the audit.
3 When it would start. And Clayton, I believe,
4 started providing them with information prior to
5 year end. Anything that would be useful to them
6 copies of NAVs, whatever. But he and Cayla
7 worked together on the audits. So, I really
8 don't know how they addressed...I would imagine
9 that Clayton sent them mostly everything.

10 553. Q. And who would come in from BDO?
11 Who were the main individuals involved?

12 A. Scott...I can't think of his last
13 name. But he was one of the...I don't know if he
14 was a partner yet, he might have been a partner.
15 I'm not sure, Scott something, I don't know his
16 last name. And then every year it was pretty
17 well a different team of people that worked under
18 him. But there would be I think about four
19 people in our boardroom and they would be there
20 for a least a month.

21 554. Q. So, four people in your boardroom
22 on a full-time basis for a month or so?

23 A. Yes.

24 555. Q. And from the time you're at
25 Crystal Wealth was it always BDO that was the

1 auditor?

2 A. Yes.

3 556. Q. And always Scott leading the
4 team?

5 A. Yes.

6 557. Q. You know how Clayton was
7 introduced to Scott or...

8 A. No, no idea.

9 558. Q. At what point did Dale Wells exit
10 Crystal Wealth as an advisor?

11 A. I think it was August 2016.

12 559. Q. And do you know why he left as an
13 advisor or ceased being an advisor of Crystal
14 Wealth?

15 A. He started his own investment
16 management firm.

17 560. Q. And where is that?

18 A. In Alberta. Lloydminster,
19 Alberta.

20 561. Q. Did any Crystal Wealth
21 representatives employees, advisors, whatever it
22 may be go work for him in Alberta?

23 A. Not initially.

24 562. Q. Or not necessarily in Alberta but
25 worked for his company?

1 A. Not initially. Initially, he
2 went on his own. I know that Jeff Mushaluk has
3 some of the clients that he referred to Crystal
4 Wealth are now with Dale's company. And I worked
5 for Dale during the summer on a contract basis
6 from home. But that's over now.

7 563. Q. And what were you doing on that
8 contract basis during the summer?

9 A. He had had his main guy
10 then...had quit on him without notice and he was
11 like...been with Dale 20 years. He was Dale's
12 right-hand person. So, Dale was scrambling, he
13 didn't know how to do administration. So, I went
14 in, I set up some spreadsheets for him to
15 calculate management fees, calculate commissions,
16 do the anti-terrorism and anti-money laundering
17 reports. I helped him a lot with just
18 establishing some procedures for compliance and
19 just general information and I got him set up
20 with currency hedging and interactive workers for
21 his US dollar investments. That's about it but
22 then he found somebody in Lloydminster to work in
23 his office, so she started and I transferred that
24 stuff over to her once she started.

25 564. Q. And then since you ceased working

1 for Mr. Wells, is that Wells Asset Management...

2 A. Yes.

3 565. Q. ...was the name of the firm?
4 What have you been doing for income or employment
5 since that time?

6 A. I'm not working right now.

7 566. Q. So, in the receiver's first
8 report to court, dated June 22nd, 2017 appended
9 to the first report at appendix five were
10 affidavits which had been filed by the Ontario
11 Securities Commissions staff, members in support
12 of the receivership application and the BDO audit
13 that was ongoing leading up to the end of you
14 know, leading up to shortly before the receiver's
15 appointment as discussed. And at paragraph 61 of
16 the affidavit of Marcel Tillie, is reference made
17 to a Macoretta, do you know who that is?

18 A. Selena?

19 567. Q. From BDO?

20 A. Yes, Selena.

21 568. Q. Okay. Carmen, I believe. Carmen
22 Macoretta?

23 A. I never met him but I heard of
24 him.

25 569. Q. And your manager. And Mr. Tillie

1 in his affidavit says that Macoretta advised him
2 that towards March 31st, 2017 Smith's reactions
3 to BDO's request for information became a lot
4 more concerning, upset and aggressive and Smith
5 sent an email on March 31st stating,

6 "...With all due respect, it seems like
7 you're deliberately trying to piss me
8 off and block us from completing the
9 financial statements..."

10 So, do you remember tensions kind of escalating?

11 A. Yes.

12 570. Q. So, do me a favour and just kind
13 of walk me fully to the best detail that you can
14 recall as to what issues were being encountered
15 in early 2017 concerning the audit, the problems
16 that were arising and the concerns being raised.

17 A. I know generally speaking, like I
18 say, I wasn't involved in it, I would just hear
19 you know Clayton from time to time would mention
20 things that frustrated him. One of them was the
21 amount of detail they were asking for in the
22 mortgage Fund.

23 Normally they did, like a random
24 selection of quality control of maybe a dozen or
25 two dozen mortgages. But this time they chose a

1 lot more mortgages and they were actually
2 following up calling to find out who holds the
3 deed on the mortgage. Things that they hadn't
4 done before, so that took a while.

5 They were requesting...they wanted to
6 see like all the payout statements from Spectrum.
7 They were asking for a lot. Generally speaking,
8 a lot more information. With the Media Fund they
9 were trying to get some form of evidence of the
10 validity of the loans and the payments other than
11 just a spreadsheet from Media House. They were
12 trying to get confirmation from the production
13 companies of loans that were outstanding and
14 payments that had been made and that was
15 definitely a difficult task to try to do that.

16 Generally speaking, I don't know about
17 the other Funds specifically what they were
18 asking for but I know in general, Clayton said
19 they were asking for a lot more information, a
20 lot more detail than they ever have. And then as
21 we were approaching the deadline for filing the
22 financial statements, they just kept coming back
23 to us with more questions about things, wanting
24 more information that they'd never requested
25 before.

1 And then the day before the statements
2 were due when I think...when Clayton would have
3 emailed them about how urgent it was to file the
4 statements with the OIC, I think they came back
5 to him with 72 additional questions and this was
6 the day before the statements were due. This was
7 really not typical of them.

8 They had always...they usually with
9 auditors, a lot of them get very close to the
10 deadline you know, within a day or two of having
11 to file the statements. It was very rare for
12 auditors to go beyond the deadline so, that was
13 strange. I was worried about that.

14 571. Q. Okay. So, is it fair to say then
15 that in previous years, would BDO just relied on
16 a simple spread sheet as the backup for Funds
17 investments, things of that nature?

18 A. I would have to speculate.

19 572. Q. Okay.

20 A. Yes, I wasn't involved so.

21 573. Q. And at paragraph 62 of Mr.
22 Tillies affidavit which I showed you at appendix
23 five of the receiver's service report, he states
24 that Macoretta also advised him of a potential
25 transaction involving assets of the Media Fund

1 arranged by Clayton Smith and Dale Wells, who had
2 started Wells Asset Management in Alberta. And
3 this transaction would have involved the sale of
4 six of the Media Fund loans...

5 A. All right.

6 574. Q. ...to Wells for approximately 80
7 cents on the dollar because Wells had clients who
8 were invested in the Media Fund and the objective
9 of the transaction was for Wells to redeem his
10 clients out of it. Are you aware as to that
11 proposed transaction or...

12 A. Yes.

13 575. Q. Okay. Can you tell me about the
14 full extent of what you were aware?

15 A. I know that Dale had been trying
16 to get liquidity for quite some time for his
17 clients and he had left Crystal Wealth, started
18 up his own firm. He had his own Fund going he
19 had started an entertainment Fund with I think
20 the objective to do you know, similar types of
21 gap financing. He...

22 576. Q. Do you know the name of the Fund?

23 A. He had that in his...it was his
24 Entertainment Fund, it was the Wells
25 Entertainment Fund, but he was planning to do

this in...but I don't think he ever got there. He never actually did it. But anyway, this was an attempt I think from Dale to try to get some control over the situation because he was basically at the mercy of Clayton and Aaron to provide him with reports and he wasn't comfortable with that. So, he thought that if he could...I don't remember the amount of money he had invested still.

577. Q. That his clients had invested?

A. That his clients had invested.

578. Q. In the Media Fund?

A. Right. So, what he did was once

he started his own firm, he actually sold the Media Fund from his client accounts and bought it into his...I think it was his Retirement One Fund account. Because he thought it was safer position for investors if instead of owning this position in the Media Fund privately in their own account, he felt that he could if he put it into his own Fund account, his own portfolio, he could manage it a little easier and maybe diversify with some other investments and try to provide a bit of a buffer.

He anticipated losses in the Media Fund.

1 He did that to try to protect his investors. And
2 then he saw this as an opportunity to get a
3 little bit of control over the situation to try
4 to...he had been trying for a long time to get
5 liquidity and it wasn't coming as quickly as he
6 wanted it to.

7 So, he thought that if he could buy out
8 some of these loans then he would cut Clayton out
9 as the middle person and he would deal directly
10 with Media House and with Aaron and he could...if
11 there was going to be losses then he could manage
12 the losses, more easily within a Fund account.

13 579. Q. And so, did he ever purchase any
14 film loans? No?

15 A. He didn't...it never...that
16 transaction never transpired because he couldn't
17 get permission from the Alberta Securities
18 Commission to do you know, basically his dilemma
19 was that he had an entertainment Fund for doing
20 the movie loans but he had money in his
21 Retirement One Fund. The Retirement One Fund
22 which owned the Media Fund...I'm sorry, it's
23 confusing but so he transferred his clients out
24 of Crystal Wealth over to Wells.

25 Once they were at Wells he sold the

1 Media Fund in the client accounts and bought it
2 in his Retirement One Fund because that's the
3 Fund that they were all invested in at Crystal
4 Wealth his Retirement One Fund. So, that's where
5 the transaction took place.

6 That's where he had the money but he
7 wanted to buy these movies in his entertainment
8 Fund but he couldn't buy the movies in the
9 Entertainment Fund because it meant a transfer of
10 assets between the Entertainment Fund and his
11 mortgage and his Retirement One Fund, I'm not
12 sure. I don't think I'm explaining it a hundred
13 percent. He couldn't anyway. He couldn't do it,
14 the Alberta Securities Commission wouldn't allow
15 the transaction so, it just never happened.

16 580. Q. So, explain to me how is he able
17 to get his clients out of the Media Fund? How
18 are those redemptions Funded?

19 A. Well, he sold them in his
20 clients' Funds, in his clients' individual
21 accounts.

22 581. Q. M'hmm.

23 A. He bought the exact same amount
24 back in his Fund account.

25 582. Q. In which Fund account?

1 A. His...

2 583. Q. The Retirement Fund?

3 A. The Retirement Fund.

4 584. Q. So, investors received the monies
5 back based on monies that his Retirement Fund
6 paid into the Media Fund.

7 A. It was basically a switch at the
8 same market value so it was a switch out of this
9 account into this account, so.

10 585. MR. VAN ZANDVOORT: Maybe it's a good
11 time to take a break for like a lunch
12 break.

13

14 --- upon recessing at 1:35 p.m.

15 --- A BRIEF RECESS

16 --- upon resuming at 2:17 p.m.

17 JOANNE BENTLEY, resumed

18 CONTINUED EXAMINATION BY MR. VAN ZANDVOORT:

19 586. Q. Okay, Ms. Bentley. So, there's a
20 couple other further follow up items just from
21 what we talked about earlier. Who is Daryl
22 Boyce, B-O-Y-C-E?

23 A. Don't know.

24 587. Q. Okay. There was an email on the
25 Crystal Wealth system where he's referenced as

1 being an EVP for Crystal Wealth?

2 A. Really?

3 588. Q. Yes.

4 A. No, I don't know.

5 589. Q. Never called, never heard the
6 name?

7 A. No.

8 590. Q. Daryl Boyce?

9 A. Daryl? There was...it might have
10 been the guy...there was a guy that came in that
11 I think he was going to do try to do some work
12 with Clayton on putting deals together...this
13 might have been him, but I'm not positive. There
14 was a guy that came on board that was going to
15 try working with Clayton just on how to structure
16 some investments such as Pond.

17 I think that might have been when this
18 guy was introduced. They were trying to figure
19 out how to structure some financing for Pond
20 Biofuels and I think this guy was supposed to
21 work with Clayton on a continuing basis but then
22 he decided not to. He didn't want to continue.
23 If that's the guy. That's the only person I can
24 think of.

25 591. Q. Do you know how much he was paid?

1 A. No.

2 592. Q. And what about Selena
3 Mastroianni?

4 A. She worked for BDO.

5 593. Q. And you had mentioned that with
6 respect to setting the NAV you dealt with IAS and
7 IAS would be the actual one to set the NAV for
8 each of the Funds?

9 A. Yes.

10 594. Q. And Clayton had his own idea of
11 what the NAV should be for each of the Funds.
12 And did it almost always match? What came back
13 from IAS compared to what Clayton had?

14 A. I don't think Clayton actually
15 calculated the NAV but he provided all the
16 backup, all the spreadsheets for the investments.
17 So, he had an idea of what the NAV should be. I
18 don't think he actually calculated the NAV to
19 look at them side by side.

20 595. Q. Okay. And who from IAS were you
21 specifically dealing with? Who actually set the
22 NAV from IAS?

23 A. I don't remember.

24 596. Q. Do you remember who from IAS
25 Crystal Wealth was dealing with?

1 A. No. Like, I would have to hear
2 the names and then I would remember one. But I
3 never really dealt with them, I just sent you
4 know, an email to like, trust accounting to
5 provide them with the subscription agreements.

6 597. Q. Okay. And can you just tell me
7 aside from Crystal Wealth's head office where
8 else did Crystal and NBCN, where else did Crystal
9 Wealth store records or documents to your
10 knowledge or including for any of the Funds?

11 A. I don't think there were any
12 outside storage facilities. There was no...I
13 know they had talked about sending some stuff to
14 Iron Mountain, you may want to check. Iron
15 Mountain might have some storage boxes, but they
16 would be old files if they did go ahead with
17 that. But there would be nowhere else. I mean
18 other than the advisor,s offices, like Al's got
19 his office in Salmon Arm, or Armstrong, BC and
20 Dale has his office in Alberta. They might keep
21 copies of client documentation but the originals
22 were all sent to Crystal Wealth and then sent to
23 NBCN.

24 598. Q. Now, before the break you were
25 talking a little bit about a complex, essentially

1 swap, whereby Dale's clients who were invested in
2 the Media Fund were redeemed out of the Media
3 Fund and instead were invested in the Retirement
4 One Fund, correct?

5 A. Right. It was...so, Dale had
6 started his own firm.

7 599. Q. M'hmm.

8 A. And he had Wells Retirement One
9 Fund, right? And his clients, once they
10 transferred out of their own Crystal Wealth Media
11 Fund. So, he and Clayton came to an agreement
12 that because Dale didn't want his clients to own
13 it personally, he wanted it in a Fund because he
14 felt it offered them a bit more protection on
15 their investments.

16 So, what he did was he did a switch.
17 So, same day, it was like a switch transaction
18 out of Crystal Wealth Media Fund into Wells
19 Retirement One Fund. I'm a client of Wells, I
20 own Crystal Wealth Media Fund and as of Friday I
21 sell the Crystal Wealth Media Fund, I buy the
22 Crystal Wealth...not the Crystal Wealth, the
23 Wells Retirement One Fund, right? And then that
24 exact same day the sum of all of those purchases
25 are bought within the Wells Retirement One Fund,

1 he then puts an order in to buy the Crystal
2 Wealth Media Fund. So, essentially for the exact
3 same amount of money, right? Which is kind of
4 estimated.

5 600. Q. So, essentially, investors are
6 redeemed out of the Media Fund at you know, let's
7 say a NAV of \$10.25 a unit and they go into the
8 Retirement One Fund at the exact same NAV because
9 it would have had to been aligned, is that how
10 the math...

11 A. Not necessarily. They would have
12 sold out of the Media Fund for whatever the
13 market value was on that day and they would have
14 bought into the Retirement One Fund at whatever
15 the market value was that day. But the
16 Retirement One Fund would have bought back the
17 Crystal Wealth Media Fund at the same price that
18 it was...that the client sold it for.

19 601. Q. Okay. And where would the
20 Retirement One Fund have obtained the Funds in
21 order to be able to effect that swap?

22 A. Well, from the purchase. So, the
23 clients sell the Media Fund and they buy his
24 Retirement One Fund. So, because they're buying
25 that exact amount of his Retirement One Fund,

1 that's the money that he's using to buy the
2 Crystal Wealth Media Fund.

3 602. Q. So, nothing ends up changing at
4 the end of the day.

5 A. That's right.

6 603. Q. It goes in a circle.

7 A. That's right.

8 604. Q. And was this really what was able
9 to happen? This happened around September of
10 2016? Would have been probably about that?

11 A. Yes. Yes, right.

12 605. Q. The way this was able to happen,
13 the way the money became available to allow this
14 to happen, was because of the raising of series F
15 units to Fund this, that's how that occurred,
16 correct?

17 A. No. No, because there was no
18 money required to do that.

19 606. Q. M'hmm.

20 A. So, Dale's client sells the Media
21 Fund. So, the Media Fund...he sells \$100 worth
22 of Media Funds, so the Media Fund, \$100 goes to
23 the client, but the client bought Retirement One
24 Funds so that \$100 goes to the Retirement One
25 Fund, the client is flat. There's no extra cash.

1 The Media Fund is down \$100, the Retirement One
2 Fund is up \$100, but the Retirement One Fund
3 bought the Media Fund so the Media Fund is now
4 back...got that \$100 back.

5 607. Q. Does that not...the fact that
6 that actually happened, does that not cause you
7 extreme concern as to zero interest is being put
8 into investors?

9 A. Well, no. I think the interest
10 on behalf of the investors is that to
11 hold...because they were still holding the Media
12 Fund.

13 608. Q. Indirectly through the Retirement
14 Fund.

15 A. Indirectly but because they
16 were...it was within another Fund, like say the
17 Media Fund, Dale was nervous about the Media
18 Funds. He wanted out of it and he knew he
19 couldn't get out of it, so he felt that if there
20 were going to be significant losses in the Media
21 Fund then if he had that within his...a portfolio
22 as opposed to just the client's account he can
23 buffer some of those losses himself.

24 609. Q. So, okay...

25 A. Like, within the Fund.

610. Q. ...and then after that though the Retirement One Fund gets wound down.

A. No, that Retirement One Fund is still going because that's the Wells Retirement One Fund.

611. Q. But the Crystal Wealth Retirement
One Fund over which the receivers...

A. Yes, but that was already wound down by the time this happened.

612. Q. Okay. So, let's do it this way. I'm going to put before you an affidavit that was filed as part of the...it's the affidavit of Michael Ho at appendix five to the receiver's first report to court. It's at page 35 of the affidavit paragraph 75.

A. Do I have it or...I don't have it.

613. Q. I will give it to you. Just bear with me. So, I'm just putting before you the Michael Ho affidavit, attached as appendix five to the receiver's first report to court. And it's sworn April 17, 2017. And Mr. Ho references at paragraph 75 that an email correspondence dated September 12th, 2016, addressed to others at Crystal Wealth, Smith wrote that,

1 "...We launced F Class versions of both
2 Mortgage, Media, Medical and
3 Infrastructure Funds on Friday and 2.8
4 million was invested for 69 clients by a
5 third party broker in the Media Fund..."

6 Do you see that there?

7 A. Yes, I do.

8 614. Q. Yes. And in the same email,
9 Smith described the use of the new investor
10 monies as follows:

11 "...I know we discussed this briefly at
12 the Edmonton meeting but I want to
13 revisit the idea of using part of new
14 money in the Fund to invest in new loans
15 in part to satisfy your desired
16 redemptions..."

17 He goes on to say:

18 "...I know you all want your redemptions
19 as quickly as possible so it seemed to
20 make sense to devote all available money
21 in the Fund to satisfying those
22 redemptions..."

23 So, it seems to me that on September 12th money
24 is raised in class F units of four of the Funds
25 in primarily the Media Fund, simply to Fund

1 investor redemptions.

2 A. It wasn't raised to Fund
3 redemptions but it was raised to go into the Fund
4 but then he did use that money to Fund
5 redemptions...

6 615. Q. yes. So, who was he talking...A)
7 have you seen this email previously?

8 A. No.

9 616. Q. Okay. Now, that email was
10 attached at appendix 96 to Mr. Ho's affidavit and
11 your email address was joanneb@crystalwealth.com,
12 so you were on the email along with Jeffrey
13 Mushaluk, Dale Wells, Al Housego and Scott Whale.
14 And you were cc'd on the email. So, you don't
15 recall seeing this at the time?

16 A. I might have. It just
17 doesn't...like when I'm reading it now it seems
18 new. It doesn't ring any bells.

19 617. Q. Okay. So, who had the concerns
20 and whose investors were being redeemed through
21 the raises referred to here?

22 A. I think mostly it was Dale and Al
23 were mostly redeeming. I think there was also
24 some money coming out of the ACM Income Fund
25 because of the high percentage, the large

1 concentration of Media Fund within that Fund. I
2 don't think Scott had a lot to do with that. I
3 think it was just those three.

4 618. Q. Okay. And what was the Edmonton
5 meeting he refers to in his email?

6 A. I think Clayton flew out to
7 Alberta to meet with Dale at one point. Dale
8 likes to have what he calls airport meetings.
9 Where people would meet at...fly into a certain
10 airport and meet and discuss things. So, I think
11 Clayton had flown out to and had a
12 meeting...that's the only thing I can think of is
13 that he would have flown out, had a meeting with
14 Dale in Edmonton.

15 I don't think it would be just for the
16 purpose of discussing this. I think it was just
17 part of one of the trips that he would do to go
18 out and visit investors or not investors, but
19 visit the advisors and he probably would have
20 also gone out to see Al, I would think on that
21 same trip. So, it was probably Dale.

22 619. Q. Okay, and then if you flip over
23 the page of paragraph 77, Mr. Ho continues to go
24 on in his affidavit about on September 16th,
25 there were redemptions totalling about 2.4

1 million from the Media Fund including 2.37 in
2 redemptions by the same three Funds that redeemed
3 Media Fund units on September 9th. So, is this
4 how the Retirement One Fund clients were
5 redeemed?

6 A. No. No, the Retirement One
7 Fund...

8 620. Q. Is that not how the Retirement
9 One Fund redeemed its units in the Media Fund?

10 A. No, you're talking about the
11 Retirement One...the Crystal Wealth Retirement
12 One Fund...

13 621. Q. M'hmm

14 A. ...as opposed to Dale's
15 individual clients?

16 622. Q. Well, either. I'm asking you...

17 A. Because you're getting those
18 things confused but the...okay, so the Crystal
19 Wealth Retirement One Fund held Media Fund.

20 623. Q. Yes.

21 A. So, yes. In that Fund, the
22 Crystal Wealth Retirement One Fund if Clayton was
23 redeeming units in the Media Fund for like, say
24 Dale's clients or whatever. He would have done
25 that in the Crystal Wealth Retirement One Fund.

1 624. Q. Okay. But then, my theory is
2 very simply the money raised through the class F
3 units of the Media Fund, that money was then used
4 to allow the Retirement One Fund to redeem its
5 units in the Media Fund.

6 A. Some of it. Some of it, yes.

7 625. Q. And did you not find it again,
8 concerning that money was being raised, new units
9 were being raised specifically to Fund
10 redemptions?

11 A. It wasn't presented that way. It
12 was new money was coming in and Clayton was
13 wanting to invest it but then he had to satisfy
14 redemptions, so.

15 626. Q. You're smiling and I think it's
16 because...

17 A. I know, it just sounds...I know
18 what it sounds like.

19 627. Q. It has certain hallmarks of you
20 know a Ponzi scheme where you're raising money to
21 allow people to be moved out, does it not?

22 A. That is what it looks like, yes.

23 628. Q. And I asked you before the break
24 if you were familiar with a law firm called
25 Brechtin and Huffman and you weren't familiar with

1 it?

2 A. Not that I can think of, no.

3 629. Q. Okay. So, I can tell you I went
4 back and I was able to identify during the break,
5 that was the law firm which I believe
6 Clayton...which I know Clayton used to purchase
7 the Mount Nemo property...

8 A. Okay.

9 630. Q. ...are you familiar with the
10 Mount Nemo property?

11 A. Yes.

12 631. Q. Okay. And do you know that that
13 property is owned by CLJ Everest, Clayton's
14 holding company?

15 A. Well, I didn't know who owned it
16 but I knew Clayton had bought it.

17 632. Q. Okay. And if you could turn to
18 Mr. Ho's affidavit at appendix five to the first
19 report, page 252 of the record.

20 A. Okay.

21 633. Q. At paragraph 47 Mr. Ho talks
22 about the analysis he performed on Clayton's TD
23 Bank account, sorry the account for CLJ Everst.
24 Which analyzed how Funds were transferred from
25 MHC to the CLJ Account. And it showed that 2.3

1 million from MHC was used in the following
2 manner. If you turn the page it says 1.2
3 million, 1.255 and change went to Brechin and
4 Huffman in trust which I later determined was
5 related to the purchase of residential property
6 for Smith at 5043 Mount Nemo Crescent in
7 Burlington. 200,000 was paid to the Sutton
8 Group, Sutton Realty Inc. in trust for the Mount
9 Nemo property and that other amounts were
10 transferred to Crystal Wealth, Smith's personal
11 account Spectrum and Chrysalis Yoga studio. Did
12 you ever learn that payments was coming back from
13 MHC to Clayton or any of his companies?

14 A. No. Not until I saw the OSC
15 order.

16 634. Q. Okay. Have you read these
17 affidavits before in this appendix five to the
18 receiver's first report?

19 A. I don't know if I read all of the
20 appendices. I know I read the reports. I may
21 have in the second report, I just didn't read all
22 of the backup emails and stuff like that.

23 635. Q. Okay. Well, what Mr. Ho sets out
24 in his affidavit is a tracing of instances where
25 the Media Funds sent money to MHC or to Bron and

1 on the same day, the same monies were coming back
2 either CLJ or in some instances to Spectrum and
3 those Funds were ultimately used by Clayton Smith
4 for the reasons I've set out. Does that not look
5 to you at all problematic?

6 A. Yes.

7 636. Q. Okay. And you were the ones who
8 would have sent the Funds to MHC or Braun.

9 A. That's right.

10 637. Q. Correct? And this never came to
11 your attention?

12 A. Well, no. Never. Why would it?
13 I don't have access to any of his bank accounts.

14 638. Q. And then if you turn to paragraph
15 61 at page 259 of the record Mr. Ho cites that on
16 January 15, 2015 Smith responded to Steven
17 Thibault of MHC stating,

18 "...Should anyone call from Home Trust
19 being the mortgagee of the Mount Nemo
20 property, please confirm that these
21 amounts are commission payments for
22 finance arranged and are not repayable
23 by CLJ Everest..."

24 So, again, do you know the arrangements which
25 were made by Clayton?

1 A. No

2 639. Q. In receiving these payments?

3 A. No.

4 640. Q. Okay. Since this all blew up
5 have you asked Clayton about you know why he
6 effected these transactions and received monies
7 from the Funds?

8 A. Initially when the OSC put a halt
9 trade on the Funds he said it was because of the
10 delay in the audited financial statements. But
11 then after he went to court he came back and told
12 me about this particular transfer and he said
13 that...what he told me was that he had arranged
14 for a personal loan from Aaron Gilbert and that
15 the OSC was accusing him of fraud stating that
16 the money had actually come from the Media Fund
17 but he said it was just a coincidence. That's
18 all I knew about it. Even then, I mean best case
19 scenario, it's a conflict of interest.

20 641. Q. Do you know anything about the
21 purchaser who entered into an agreement to buy
22 the Mount Nemo property around the time of the
23 receiver's appointment, Martin McCreedy?

24 A. Clayton had told me that he had
25 an offer...

1 642. Q. M'hmm

2 A. ...from the guy and that he was
3 saying his sister didn't trust him but he seemed
4 to think that the deal was going to go through.
5 Clayton had just told me that, I didn't know
6 anything. I had nothing else to do with it other
7 than he said that this guy was making an offer on
8 the house and then he told me when the offer fell
9 through.

10 643. Q. And do you know anything else
11 about that prospective purchaser, Mr. McCreedy?

12 A. No, I don't.

13 644. Q. Who was in charge in
14 administering the payroll for Crystal Wealth to
15 investment advisors and to make sure they got
16 their various fees?

17 A. Cayla Altof

18 645. Q. Who?

19 A. Cayla.

20 646. Q. Okay. Did you have any
21 involvement in that?

22 A. No.

23 647. Q. Were you aware of what all the
24 investment advisors were being paid?

25 A. No.

648. Q. And did you happen to take note of page 132 of the receiver's second report, if you could turn that up.

A. Is that the creditors list?

649.	Q.	No.
------	----	-----

A. Okay, its right here.

650. Q. It's a heading "Investmetn
Advisor Compensation," and you'll see in
paragraph 456, it says for the 12 months ending
April 26, 2017, certain investment advisors
received payments from the Funds totaling 1.699
million. And you'll see Al Housego was paid
\$713,785 in those 12 months. Does that surprise
you?

A. Yes.

651. Q. What did Mr. Housego do to earn \$713,000 because all I've heard today based on...you know, based on what you've told me is that a lot of investor money was spent on investments for which there doesn't appear to be any due diligence done, any recovery on, and the only thing that seemed to...the only practical result that was effected was a lot of investment advisors got rich. Do you have anything to suggest otherwise that that is the case?

1 A. I can't...I have no idea
2 how...what went into Al's compensation, I really
3 don't know.

4 652. Q. Okay. Do you think it's fair
5 that Mr. Housego was paid \$713,000 in a 12 month
6 period based on the performance of the
7 Enlightened Funds that you've administered?

8 A. Well, it's not for me to say. I
9 don't know what makes up that number. I really
10 don't.

11 653. Q. And in the affidavit of evidence
12 filed by commission staff that I took you to
13 earlier there was also the tracing of Funds into
14 Chrysalis Yoga Studio in Burlington. What do you
15 know about Claytons involvement and Funding of
16 the yoga studio?

17 A. Well, Clayton was an owner of the
18 yoga studio. He and Shanine were partners in
19 that yoga studio. It was opened about...it must
20 have been in 2011 at some point because it was
21 open when I started working there. So, he was
22 partners in the yoga studio.

23 654. Q. Do you know where he got the
24 money to invest in it?

25 A. No, I don't.

1 655. Q. What's Clayton doing now for
2 work? Anything?

3 A. I have no idea.

4 656. Q. When's the last time you had
5 communications with him?

6 A. The day we were terminated.

7 657. Q. You've had no communications with
8 him otherwise since May 10th or so...

9 A. No.

10 658. Q. ...of 2017?

11 A. Just when I went out to see Dale,
12 I sent Clayton a text saying I'm going out to see
13 Dale, I'm going to give him some help and he
14 said, "Great, thanks for letting me know." And
15 that was it.

16 659. Q. Have you maintained any
17 communications since you were terminated with Al
18 Housego?

19 A. No. I haven't spoken to Al since
20 before we were terminated.

21 660. Q. Why's that?

22 A. He just never called the office.
23 I never talked to him. I haven't spoken with
24 Clayton, I haven't spoken with Jill. I spoke
25 with Sameer once because he wanted me to be a

1 reference for him. Of course, I've seen Dale.
2 I've spoken with Jeff because Jeff has a new
3 arrangement with Dale. That's it. Nothing with
4 Clayton or Jill.

5 661. Q. In reviewing the entirety of what
6 the receivers reported on, and your own
7 experience having worked there and seeing how
8 monies were transferred out, having come back and
9 seem to have benefited only third parties to the
10 deprivation of investors, have you formed a view
11 of in fact, you know, there is some serious
12 elements of fraud being perpetrated by people
13 involved with the Crystal Wealth Funds?

14 A. Well, this is...I mean it's hard
15 to speculate but yes, it looks bad. Looks really
16 bad.

17 662. Q. And do you have a...you know, an
18 idea of really who, it seems like, Clayton and
19 Mr. Housego, you said were the ones who directed
20 you to transfer monies, nobody else did, correct?

21 A. Correct.

22 663. Q. So, have you formed an opinion as
23 to who the blame falls on in your mind?

24 A. Well, I was aware...well, I was
25 aware after I read the reports of this transfer

1 of Funds which I was surprised. This is the one,
2 the 2.3 million that came back.

3 664. Q. From Media House to...

4 A. From Media House.

5 665. Q. ...to CLJ Everest.

6 A. So, I've only ever been aware of
7 that. I never ever suspected Al Housego of
8 anything. I was really surprised when I saw the
9 creditor...the list of creditors and saw that
10 Bron Studios had put in a creditor claim for over
11 \$11 million that was pretty shocking. And Bron
12 Animation, so not knowing what else is going on I
13 just...looks really bad.

14 666. Q. And you filed a creditor's claim
15 as well as part of the claims process and do you
16 have aside from what you've filed, you've said
17 that the claims for the amount of \$53,958 but
18 again there was no agreement underlying where
19 that compensation was calculated from.

20 A. No agreement, no.

21 667. Q. But you're always paid the same
22 amount, 87.5?

23 A. Well, the last year that I worked
24 there that was my...well as of 2017...

25 668. Q. M'hmm.

1 A. ...that was my salary and then I
2 had a percentage of...I had a monthly bonus based
3 on a percentage of assets I managed. When I
4 started at Crystal Wealth it was 65,000 and it's
5 gone up annually.

6 669. Q. Can you just turn back to Michael
7 Ho's affidavit sworn April 17, 2017?

8 A. So, that's the first report,
9 right

10 670. Q. Yes, first report, appendix five.

11 A. Okay. I think I'm still on it.

12 671. Q. Yes. At page 236 of the record.

13 A. Okay.

14 672. Q. At paragraph 11, it says...it
15 makes reference to a spreadsheet that was
16 attached to an email chain in which the author
17 was Clayton Smith and referred to five film
18 projects: Henchmen, Kingdom, Mercy, Money
19 Monsters, and Hunter of the Stars. And then if
20 you turn the page, at paragraph 14 it says the
21 spreadsheet contains a summary page which does
22 not refer to the film production companies as one
23 would expect to see, instead the borrowers appear
24 to be Smith, Smith's company, CLJ Everest,
25 Chrysalis Yoga, Crystal Wealth Mortgage Strategy

1 or MHC or Gilbert. Have you seen that
2 spreadsheet before?

3 A. No.

4 673. Q. Okay. That was never provided to
5 you?

6 A. No.

7 674. Q. Okay. As the receiver's
8 administration remains ongoing Ms. Bentley, it
9 may be possible that we may need to examine you
10 further on some additional developments or follow
11 up information, but for today that concludes my
12 questions. Thank you.

13

14 --- upon adjourning at 2:53 p.m.

REPORTER'S NOTE:

Please be advised that any undertakings, objections, under advisements and refusals are provided as a service to all counsel, for their guidance only, and do not purport to be legally binding or necessarily accurate and are not binding upon Victory Verbatim Reporting Services Inc.

I hereby certify the foregoing to be a true and accurate transcription of the above-noted proceedings held before me on the **17th DAY OF JANUARY, 2018**, and taken to the best of my skill, ability and understanding.
