Wire Payment Instructions: By signing below, the customer confirms that (a) the information set out in the Wire Payment Instructions (the "Form") is accurate and complete and (b) authorizes The Toronto-Dominion Bank (the "Bank") to execute the wire payment based on this information. The customer will not have any recourse to the Bank due to the inaccuracy or insufficiency of any information in the Form. If the Form describes an account number for an account held by someone other than the beneficiary named in the Form, the Bank may execute the wire payment to the account number shown in the Form notwithstanding such inconsistency.

Bank Handling Fees: The customer agrees to pay to the Bank the Handling Fees shown on the Form.

Other Party Fees: The Bank may use the services of its affiliates, a foreign correspondent and/or another third party (the "Other Parties"), acting in each case, as principal and not as the customer's agent, to send wire payments. The customer agrees that the Other Parties may charge a fee for their services, and that these fees, together with any fees charged by the beneficiary bank, might be deducted from the Wire Payment Amount resulting in the beneficiary receiving an amount less than the Wire Payment Amount. These fees are not always known to the Bank. In no event shall the Bank be held liable for any fees so deducted. The customer acknowledges that the Bank may receive revenue as a result of the imposition of these fees charged by the Other Parties or the beneficiary bank.

Foreign Currency Conversions: The customer authorizes the Bank to send the wire payment in the currency of the Wire Payment Amount shown on the Form. If the customer is paying for the Wire Payment Amount in a currency other than the currency of the Wire Payment Amount, the Bank is authorized to convert such currency into the currency of the Wire Payment Amount. The rate of exchange to be used in any such conversion will be determined by the Bank and the customer acknowledges being advised of, and authorizing the rate of exchange. The customer understands that the exchange rate being used may result in revenue being earned on the conversion by the Bank. The customer acknowledges that the beneficiary bank may (a) reject a wire payment or (b) convert the wire payment for any reason, including for the reason that the wire payment was sent in a currency other than the local currency of the beneficiary bank or that the wire payment is not in the currency of the beneficiary's account. Foreign wire payments may be subject to delays for reasons including time-zone issues, the remote location of the beneficiary bank and cultural differences with respect to holidays.

Financial Transaction ID: 346125

Rejected Payments: If a wire payment is sent in a currency other than the currency of the customer's account and such wire payment is subsequently returned for any reason, the Bank may convert the amount of the returned wire payment back to the currency of the customer's account at the exchange rate determined by the Bank at the time of receipt of the funds from the beneficiary bank and if converted, the Bank will credit that converted amount to the customer's account. The customer understands that (a) the exchange rate being used may result in revenue being earned on the conversion by the Bank, (b) the beneficiary bank may charge fees for a rejected wire payment, and (c) the amount to be credited back to the customer's account for a returned wire payment may be more or may be less than the original amount of the wire payment. The Bank will not be liable for any losses the customer may incur due to changes in the foreign currency exchange rates or for any rejection of a wire payment by the beneficiary bank.

Liability: The customer agrees that the Bank shall not be liable to the customer or to any other person for any loss or damage which may be suffered as a result of the Bank sending the wire payment, including as a result of any delay or mistake in sending the wire payment, any rejection of the wire payment by the beneficiary bank or any measures taken by the government of the foreign country, unless the loss or damage is directly caused by the Bank's gross negligence or willful misconduct. The customer agrees that the Other Parties shall not be liable to the customer for any loss or damage which may be suffered as a result of the Bank/Other Parties sending the wire payment, including as a result of any delay or mistake in sending the wire payment, any rejection of the wire payment by the beneficiary bank or any measures taken by the government of the foreign country, unless the loss or damage is directly caused by the Other Parties' gross negligence or willful misconduct. In no event shall the Bank be liable for any act or omission, or any gross negligence or willful misconduct of the Other Parties. The Bank and/or the Other Parties may be required, by their own internal policies and/or by law, to reject or block certain wire payments to specified sanctioned countries or persons. The Bank and/or the Other Parties will not be liable for wire payments that are rejected or for funds that have been ordered blocked by law. Furthermore, the Bank will not be liable for any loss or damage suffered as a result of the insolvency of the Other Parties or the insolvency or acts or omissions of the beneficiary bank. In no event shall the Bank or the Other Parties be liable for any consequential, special, indirect or punitive damages.

The Bank may debit any account the customer has with the Bank with the Wire Payment Amount and the Handling Fees, unless the customer elects a different payment method. The customer agrees to the foregoing terms and conditions.

6. The Company has agreed to: (a) source and present to Crystal Wealth for potential investment by the Investor, high yield residential mortgages; and (b) administer the receipt and disbursement of the funding of Approved Mortgages as well as the receipt of all mortgage payments owing under the Approved Mortgages (as defined below) and disbursing such funds as directed by Crystal Wealth; and
7. The Company and the Manager have each agreed to provide the Management Services (as defined below) to Crystal Wealth with respect to all Approved Mortgages invested in by the Investor.

NOW, THEREFORE, IN CONSIDERATION of the foregoing and the mutual promises and covenants set forth herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby conclusively acknowledged, the parties hereto hereby covenant and agree as follows:

1. Interpretation and Definitions

1.1 In this Agreement

- (a) "Agreement" means this mortgage procurement and administration agreement, including the recitals hereto and all schedules attached hereto, as the same may be amended, supplemented, restated or revised from time to time;
- (b) "Approved Mortgages" means the fully funded and registered mortgages sourced by the Company in accordance with the terms of this Agreement which are presented by the Company to Crystal Wealth for investment by the Investor, or which may be sourced independently of the Company, and in either case approved for investment by Crystal Wealth, each of which mortgages are to be registered as a first or second financial charge against the title of the applicable mortgaged property and "Approved Mortgage" means each of such Approved Mortgages;
- (c) "Business Day" means every day except Saturdays, Sundays and statutory public holidays in the Province of British Columbia;
- (d) "Due Diligence Guidelines" means the written mortgage due diligence guidelines adopted by the Investor relating to the acquisition of residential mortgages or interests therein, a copy of which the Company and the Manager acknowledge receiving, as the same may be amended from time to time by the Investor;
- (e) "Effective Date" means the second Business Day following the date on which unitholders of the Investor approved the Pre-Payment of fees described in section 7.2 below;

- 1 -

- (f) **"Fund Management Software"** means all computer programs and databases in object code and source code forms related, or required in connection with the management and administration of Approved Mortgages, together with the media upon or in which such programs are expressed, fixed, embodied or stored, all user manuals, instructions and other documentation and material in hard copy in any of the forms related to the foregoing and the use thereof and enhancements, versions, revisions and derivations of such software and documentation;
 - (g) **"Funding Approval Package"** means the documents sent to Crystal Wealth to approve the purchase of a mortgage. This includes the direction for the Company to manage the mortgage; an accounting record; a funding report and a declaration by the Company that the mortgage meets the Investor's requirements;
 - (h) **"Investor's Trustee"** means Crystal Wealth in its capacity as trustee of the Investor;
 - (i) **"Management Services"** means the mortgage administration and servicing services to be provided hereunder by the Company and the Manager to Crystal Wealth with respect to Approved Mortgages, as more particularly set forth in section 6.1;
 - (j) **"Mortgage Administration Agreement"** means the Mortgage Administration Agreement dated April 12, 2007 entered into between the Investor, the Company and the Manager; and
 - (k) **"Mortgage Documents"** means all documents relating to each approved Mortgage including, without limitation, any broker agreement, credit application, the Approved Mortgage, and all other security and related documents, agreements, instruments, solicitor's reports, accounting and trust documents, and records, title reports, title insurance surveys, certificates of title, filings or correspondence with Canada Revenue Agency, and all other documents and papers in the Company's possession pertaining to an Approved Mortgage and the mortgaged properties.
- 1.2 This Agreement shall be governed by and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein
- 1.3 Nothing herein contained shall be deemed to create any relationship of partnership or of joint venture between Crystal Wealth, the Investor and either (or both) of the Company and the Manager. Each of the Company and the Manager are entering into this Agreement and performing and observing their respective covenants and obligations hereunder as independent contractors.
- 2 **Evaluation and Presentation of Proposed Mortgages**
- 2.1 The Company will evaluate and propose residential mortgage investments to Crystal Wealth for investment by the Investor. Evaluation of each residential mortgage investment shall be carried out by the Company in accordance with the Due Diligence Guidelines and shall include, but will not be limited to, a review of the appraised value and the assessed value of the mortgaged property, the credit history of the borrower, the debt service capability of the borrower and the proposed use of mortgage proceeds. With respect to each proposed mortgage, the Company shall provide a written report to Crystal Wealth confirming that the proposed mortgage complies with the Due Diligence Guidelines

- 4 -

- 2.2 Upon request by Crystal Wealth, the Company will provide Crystal Wealth with: (a) a copy of the appraisal report, credit report or a letter from the employer verifying the borrower's earnings; (b) if applicable, a copy of the purchase agreement of the property and confirmation of the down payment; and (c) a copy of the borrower(s) application for a mortgage.
- 2.3 Without restricting the generality of section 2.1, it is agreed that each proposed residential mortgage investment must comply with all of the following requirements:
- (a) each proposed residential mortgage investment must be secured by either a registered first or second mortgage held by Crystal Wealth as trustee for the Investor;
 - (b) the term of each loan secured by each residential mortgage shall be no longer than thirty-six (36) months; and
 - (c) the rates of interest payable by borrowers and the prepayment privileges applicable under each mortgage investment shall be as approved by Crystal Wealth. All prepayment penalties shall be for the sole benefit of the Investor.
- 2.4 Notwithstanding the Due Diligence Guidelines, it is agreed that Crystal Wealth shall be entitled from time to time to adjust the maximum total loan to value ratio of the proposed mortgage investments that are presented to Crystal Wealth for consideration as investments by the Investor.

3. Investment Fee

An investment fee of one and one-half percent (1.5%) of the original principal amount of each Approved Mortgage shall be payable to the investor by the borrower at the time that the Investor invests in such Approved Mortgage and shall be applied against the principal amount advanced by the Investor for such Approved Mortgage. Crystal Wealth may on behalf of the Investor reduce or waive this fee on any Approved Mortgage and in those cases will provide written confirmation to the Company that it has reduced or waived the fee.

4. Investment In Approved Mortgages

The Company shall on a regular basis present residential mortgages to Crystal Wealth for investment by the Investor. Each of such proposed residential mortgages must comply with all of the requirements of this Agreement and the proposal of the Company shall also comply with all of the requirements of this Agreement.

The Company agrees and binds itself that Crystal Wealth as the Investor's trustee shall have a right of first refusal with respect to all mortgages that the Company has available for investment and that conform with the terms and conditions of this Agreement and the Due Diligence Guidelines agreed upon between Crystal Wealth and the Company from time to time. Only in the event that Crystal Wealth declines the purchase of a mortgage on behalf of the Investor may the Company make the mortgage available for investment by other potential purchasers.

The Investor shall be entitled (but not obligated) to acquire for investment the whole or any portion of any proposed residential mortgages. Crystal Wealth shall notify the Company of the decision to acquire for investment by the Investor the whole or any portion of any proposed residential mortgage. Thereafter, the Company shall provide written direction to Crystal Wealth identifying the trust account to which the Investor shall wire the funds, a statement as to the amount payable by the Investor for such Approved Mortgage and stipulating the date on which

12 16

- 5 -

the purchase price for such Approved Mortgage is to be paid.

Upon receipt of such documentation, Crystal Wealth shall on behalf of the Investor, on the date stipulated by the Company in the said direction, cause to be forwarded to the designated trust account such amount as is required for the purchase of such Approved Mortgage, such funds to be delivered subject to reasonable trust conditions. Such trust conditions shall require that the Company register a transfer of the Approved Mortgage and all other registered collateral security, or submit same for registration at the applicable land registry office, in accordance with standard industry practice and procedures and reflecting Crystal Wealth, in its capacity as the Investor's Trustee, as the mortgagee, arrange for title insurance coverage for the subject property to be issued showing Crystal Wealth in its capacity as the Investor's Trustee as the insured, require that all fees be paid and all other documentation and procedures outlined in the Due Diligence Guidelines be satisfied, unless otherwise provided therein.

All Approved Mortgages shall be registered in the name of Crystal Wealth as the Investor's Trustee, and unless otherwise directed, Crystal Wealth shall, on behalf of the Investor, provide written direction and authority for payments to be remitted by the borrowers under all Approved Mortgages to the trust account of the Company to be administered for and on behalf of the Investor in accordance with this Agreement.

5. Disposition of Approved Mortgages by the Investor

The Investor may dispose of Approved Mortgages only in the following circumstances:

- (a) at the time a mortgage is up for renewal Crystal Wealth may refuse to renew the mortgage and in that event the Investor will be repaid when the borrower obtains new financing. Should the borrower be unable to obtain new financing the Investor shall be repaid through Collection Proceedings as provided for in section 8 if necessary;
- (b) through Collection Proceedings should the mortgage become delinquent or is otherwise in default; and
- (c) at any other time, at the request and at the cost of the Investor, the Company will attempt to sell the mortgage to another investor on a best efforts basis upon terms and conditions acceptable to Crystal Wealth.

6. Management Services

6.1 The Company agrees and undertakes to manage and service each Approved Mortgage, which shall include, but shall not be limited to:

- (a) the collection and remittance of all prescribed payments of principal and interest by the borrower as required on a monthly basis under their mortgage;
 - (b) collection of lender fees;
 - (c) collection of any penalties or miscellaneous fees;
 - (d) provision of information to the borrower and any other parties for the maintenance or discharge of the mortgage;
- 13 10

- 6 -

- (e) negotiation and settlement of any payments in arrears;
- (f) management of any legal actions required to enforce the mortgage including preparing and sending the mortgage file to a lawyer for processing through Collection Proceedings (as hereinafter defined) including the foreclosure/power of sale process for each Province;
- (g) renewal of the Approved Mortgage by way of a completed renewal statement in the form established by the Province in which the property is located, along with delivery of a current appraisal of the property and the purchase agreement, if applicable; and
- (h) retention of funds collected from borrowers on behalf of the Investor. Such funds to be held in trust accounts, unless otherwise directed by Crystal Wealth, and to be used for reinvestment in new mortgages pursuant to section 4.

The Company agrees to provide such management services, and the reports referred to in section 6.2 below, both in respect of Approved Mortgages purchased through the Company as well as those mortgages that may be acquired by the Investor from sources other than the Company.

6.2 The Company will provide to Crystal Wealth a weekly report each Friday and a monthly report on the last Business Day of each month, each of which shall contain the following information:

- (a) listing of all mortgage loans and total principal amounts outstanding on each mortgage;
- (b) payments received since the last report, detailing set-up fees, interest income, principal payments and miscellaneous fees/penalties;
- (c) total income earned since the last report (made up of set-up fees, interest income and miscellaneous fees/penalties);
- (d) The fees due to the Manager for the month (as detailed in section 7 below);
- (e) mortgage loans in arrears and the amount and period of time in arrears;
- (f) any subsequent encumbrance on the property or any significant change in circumstances affecting the mortgage; and
- (g) any other reports reasonably required by Crystal Wealth.

6.3 Without limiting any other provision herein, the Company is required to obtain the written authorization of Crystal Wealth in respect of any of the following matters:

- (a) any amendment or modification to any Mortgage Documents;
- (b) any renewals or extensions of any mortgage;
- (c) any subordination or postponement of any mortgage;
- (d) any concession or waiver with regard to the payment of any monies secured by any mortgage or with regard to the compliance with any material obligations of any mortgagor imposed thereby;

- 7 -

- (e) any action taken in respect of any default under the Mortgage Documents by another mortgagee;
- (f) any settlement of loss payable under the insurance policies relating to any mortgaged property or any settlement of compensation payable in respect of an expropriation of any mortgaged property; and
- (g) any amendments to the Due Diligence Guidelines.

Any written authorization by Crystal Wealth required under this Agreement shall be satisfied if the Company or the Manager, as applicable, obtains either the original or a facsimile of the authorization signed by an authorized officer of Crystal Wealth.

6.4 Crystal Wealth hereby authorizes and empowers the Company, without the requirement of a further written authorization or direction from Crystal Wealth to:

- (a) make, or cause to be made, advances out of funds provided by the Investor in accordance with the Funding Approval Package with the trust conditions imposed on the relevant solicitor and in accordance with reasonably prudent business practices;
- (b) deliver full discharges of any mortgage and any collateral security with respect thereto, duly executed by the Investor upon reasonable notice of the request for the same, in accordance with the terms of any mortgage, upon payment of all principal, interest, fees and any other monies secured thereby; and
- (c) make any emergency type advances to preserve and protect the property and assets which are the subject matter of a mortgage.

6.5 Without limiting any other provision contained in this Agreement, it is understood and agreed by the parties hereto that the relationship between the Company and the Investor shall be that of trustee and beneficiary with respect to all monies collected by the Company on account of principal, interest, fees or otherwise and all Mortgage Documents in respect of all Approved Mortgages and such monies and Mortgage Documents shall be held by the Company in trust for the Investor.

6.6 The Company will retain on the Investor's behalf all Mortgage Documents pertaining to the outstanding loans and mortgages consistent with the standards exhibited by a conventional mortgage lender. Such files will be maintained for a period of time similar to that of a conventional mortgage lender to meet the requirements of the Canada Customs and Revenue Agency and applicable securities legislation.

6.7 Crystal Wealth will have the right to audit, at the Investor's expense, the Mortgage Documents, security interests and periodic reporting of the Company to Crystal Wealth.

6.8 In the event that the Company and/or the Manager is unable, unwilling or otherwise not in a position to continue its obligations to provide Management Services as contemplated by this Agreement, or in the event of the termination of this Agreement in terms of section 10, then the Company will forward all of the Mortgage Documents to Crystal Wealth and will instruct all borrowers to make remittances directly to the Investor or its nominee.

- 8 -

- 6.9 Other than fees contemplated by section 7 and any shortfall, costs or expenses identified in section 8, the Investor will not be responsible for any other costs or expenses pertaining to the initiation or the on-going operation of this Agreement.
- 6.10 The Company and the Manager jointly and severally undertake and binds themselves to keep the contents of all Mortgage Documents confidential and not disclose any information in connection therewith to anyone. The only exception to this restriction and undertaking shall be disclosure made pursuant to court or any other administrative order or process or as may otherwise be required by law, or any disclosure made with the prior written permission of Crystal Wealth. In the event that either of the Company or the Manager are required by any governmental authority, court or administrative order or process to disclose any confidential information, they each agree to give Crystal Wealth prompt prior written notice of such request or requirement and cooperate with Crystal Wealth if it seeks to contest such request or requirement. Each of the Company and the Manager acknowledges that the Mortgage Documents are the sole property of the Investor.
7. Fees
- 7.1 The Investor will pay the Company for the Management Services provided by both the Company and the Manager a fee (the "Fee") in an amount based on the aggregate of the outstanding mortgage advances made by the Investor and administered by the Manager from time to time (the "Mortgage Loan Balance") plus any applicable taxes (other than income taxes) (the "Applicable Taxes") which may be levied on the Fee by any applicable governmental authority. The Fee is payable monthly in arrears calculated on the Mortgage Loan Balance remaining on the due date (the "Due Date") for delivery of the report to be delivered to Crystal Wealth as provided for in section 6.2 for the period of time from the issuance of the previous report to the date of the current report. The Fee shall be determined monthly and shall be payable by way of deduction from the Pre-Paid Amount as described below.
- 7.2 Subject to obtaining prior unitholder approval, the Investor shall, on account of the Fee payable, make a pre-payment to the Company of an amount of One Million Six Hundred Thousand Dollars (\$1,600,000) on the Effective Date (the "Pre-Paid Amount").
- 7.3 The Fee payable for each month during the period from the Effective Date to the day before the Payment Resumption Date (defined below) inclusive, shall be one-twelfth (1/12) of 1% of the Mortgage Loan Balance from time to time less one-twelfth (1/12) of 11% of the balance of the Pre-Paid Amount (the "Pre-Paid Balance") as at each Due Date, plus Applicable Taxes. The amount of the Fee as determined for each month shall be deducted from the amount of the Pre-Paid Balance, and such reduced Pre-Paid Balance shall be used for purposes of determining the fee for each subsequent month.
- 7.4 From the first day following the date that the Pre-Paid Balance is zero (the "Payment Resumption Date") the Investor shall resume the monthly payments for the Management Services. The monthly Fee payable shall be one-twelfth (1/12) of 0.50% of the Mortgage Loan Balance remaining on the Due Date for delivery of the report to be delivered to Crystal Wealth as provided for in section 6.2 for the period of time from the issuance of the previous report to the date of the current report plus Applicable Taxes. A pro-rata adjustment shall be made in the payment for the period that the Pre-Paid Balance is zero until the first Due Date thereafter.
- 7.5 The Company is authorized to withdraw from the Investor's trust account administered by it the amount of Applicable Taxes (other than income taxes), to which it is entitled in terms of sections

- 9 -

7.1 and 7.4, as applicable, on each Due Date and, commencing from the Payment Resumption Date, also the monthly Fee.

8. Collection Proceedings

8.1 In addition to the regular weekly and monthly reports described herein, Crystal Wealth will receive additional reports on any Approved Mortgages over sixty (60) days in arrears. In the event of default under the mortgage or other event triggering the right to enforce a remedy or exercise a right pursuant to the mortgage, the following procedures will be applied.

- (a) Crystal Wealth will be provided with all information in the possession of the Company including the Company's suggested action plan and an outline of the rights or obligations of the Investor along with the anticipated costs of the Collection Proceedings, including anticipated shortfalls that may result from amounts owing to the Investor that may not be recovered by way of the Collection Proceedings.
- (b) Crystal Wealth may request that the Company take such action, including but not limited to issuing demand letters, appointing or engaging, receivers, receiver-managers, collection agents, appraisers, real estate agents, bailiffs or sheriff or other agents to exercise remedies under the mortgage, or engaging legal counsel as selected by the Company to initiate and prosecute collection, foreclosure or other legal proceedings (collectively, "Collection Proceedings") to collect the mortgage loan, interest, penalties, costs and other amounts payable pursuant to the mortgage or to otherwise enforce the rights and remedies pursuant to the mortgage in respect of which a default has been made, as Crystal Wealth may request and as the Company and Crystal Wealth may agree, all at the cost of the Investor and only upon Crystal Wealth giving to the Company such authorizations, directions, assurances, contributions and indemnities as the Company may reasonably request.
- (c) Unless otherwise paid by or collected from the borrower, all costs of the Collection Proceedings not recovered from a mortgagor shall be for the account of the Investor.
- (d) Crystal Wealth agrees to fully co-operate with the Company and legal counsel or other agents appointed in connection with the collection of mortgage loans or enforcement of rights or remedies and will provide prompt and timely instructions and information in connection with such Collection Proceedings as the Company may reasonably request.
- (e) The Company may at any time, with the prior written consent of Crystal Wealth, agree to accept from any borrower a settlement of an account receivable for less than the face value thereof.

9. Licensing Rights

9.1 Crystal Wealth and the Manager agree to enter into a Licensing Agreement with respect to the Fund Management Software in terms of the draft agreement Annexure "A" hereto.

9.2 As continuing security for the timely payment and performance of its obligations to Crystal Wealth under this Agreement, the Manager hereby grants to Crystal Wealth a security interest (the "Security Interest") over its right, title and interest in and to the Fund Management Software.

- 10 -

- 9.3 Upon the occurrence of any event described in Sections 10.3 (a) through (c) inclusive, or in the event that Crystal Wealth does not receive the payments contemplated under Section 10.3 (d) on a timely basis, the security interest shall become immediately enforceable. Upon the security interest becoming enforceable, Crystal Wealth and each agent appointed by it shall be entitled, in addition to any other rights, remedies and powers it may have at law or in equity and to the extent permitted by applicable law, to immediately realize, enforce, release to third parties or otherwise deal with the Fund Management Software under the Security Interest (or any part thereof) in such manner, upon such terms and conditions and at such time or times as may seem to it advisable, all of which without notice to the Manager or any other person.

10. Term and Termination

- 10.1 This Agreement shall commence on the Effective Date and shall continue for an indefinite period until terminated in terms of sections 10.2 or 10.3.

- 10.2 The Investor or Crystal Wealth may terminate this Agreement at any time upon thirty (30) days prior written notice to the Company and the Manager.

- 10.3 The Investor or Crystal Wealth may terminate this Agreement without prior notice at any time upon the occurrence of any of the following events:

- (a) If the Company or Manager or their representatives act unlawfully, dishonestly, in bad faith or is grossly negligent with respect to the business of the Company or the Manager;
- (b) If either of the Company or the Manager shall cease to carry on business, become bankrupt or insolvent, resolve to wind up or liquidate or have an examiner appointed in relation to it or if a receiver of any of its assets is appointed or if either of the Company or the Manager commits a breach of the provisions of this Agreement and such breach is not remedied within thirty (30) days of written notice has been delivered by Crystal Wealth;
- (c) Carol Christopherson ceasing to act as the Chief Executive Officer of the Company and the Manager and being fully engaged in the business and affairs of the Company and the Manager;
- (d) In the event that Derek Matthews and Carol Christopherson should cease to jointly own a controlling interest in either or both of the Company and the Manager. In this regard the said Derek Matthews and Carol Christopherson undertake:
 - (i) to advise Crystal Wealth in writing of the closing dates (the "Closing Date") of the transactions in terms whereof either or both of them dispose of their shareholdings in the Company and/or the Manager at least sixty (60) days prior to the Closing Date and to provide Crystal Wealth with copies of the relevant sale and purchase agreements;
 - (ii) to irrevocably direct the purchasers of their respective shareholdings to refund, as a first charge out of the proceeds of the sales, the Pre-Paid Balance Unearned Portion of the Pre-Payment to the Investor upon the closing of the transaction's directly to the Investor.

- 10.4 In the event of a termination in terms of section 10.3 (a), (b) or (c), or a failure to make payment to Crystal Wealth in terms of section 10.3 (d), or the bankruptcy of either or both of the Company

- 11 -

or the Manager that occurs on or before April 30, 2017 then the Company and the Manager shall jointly be responsible to repay the Pre-Paid Balance then outstanding to the Investor, if any.

11 Termination of Mortgage Administration Agreement

The Mortgage Administration Agreement in connection with the provision by the Company and the Manager of Management Services to the Investor shall be terminated and be of no further force or effect with effect from the Effective Date, except for the enforcement of any outstanding obligations by the parties thereto to each other as at the date of such termination.

12. Miscellaneous

- 12.1 All payments made by borrowers pursuant to Approved Mortgages, including penalties and bonuses, will be paid, disbursed and disposed of in accordance with section 6 or as otherwise provided for in this Agreement.

The Company shall not be obligated to make payments to the Investor except from payments of principal, interest or other amounts made by or on behalf of the borrower under the applicable mortgage.

If a borrower makes a payment by cheque, other than by certified cheque, money order or bank draft, the Company shall not be obligated to make a payment to the Investor until the cheque has cleared and the Company has received the funds.

If the Company or the Manager receives money as the proceeds of the redemption or partial redemption of the mortgage, then subject to the obligations for costs and fees pursuant to this Agreement, the Company or the Manager, as the case may be, shall promptly deliver a cheque to the Investor for the full amount owing to the Investor.

- 12.2 In the event of a default under a mortgage loan pursuant to this Agreement or in the event that either the Company or the Manager becomes aware of a subsequent encumbrance on the property secured by such mortgage or any other significant change in circumstances affecting the mortgage, the Company or the Manager, as the case may be, will notify Crystal Wealth of such default or subsequent encumbrance in writing sent by pre-paid mail posted in Canada and addressed to Crystal Wealth at the address specified in this Agreement or at such other address in Canada as Crystal Wealth shall direct in writing.

- 12.3 The Investor acknowledges and agrees that by signing a Funding Approval Package, a mortgage disclosure statement, a mortgage approval or renewal statement submitted by the Company to the Investor, the Investor expressly acknowledges receiving the disclosure statement, commitment or renewal statement together with copies of appraisals, financial information, credit reports, applications and other mortgage documents, and such other information which the Company is obligated to provide and which the Investor considers material to the Investor's decision whether to lend money on the security of the applicable property.

- 12.4 If a provision of this Agreement is wholly or partially invalid, this Agreement shall be interpreted as if such invalid provision had not been part hereof and all other provisions shall remain in full force and effect.

- 12.5 This Agreement shall endure to the benefit of and be binding upon the parties hereto and their respective successors and assigns.

- 12 -

12.6 This Agreement and all schedules hereto constitute the entire agreement between the parties with respect to the subject matter of this agreement.

12.7 This Agreement may not be amended except with the written consent of all parties thereto.

13. Notices

13.1 Any notice, demand or other communication (in this section 13, a "notice") required or permitted to be given or made under this Agreement must be in writing and is sufficiently given or made if:

SOFTWARE LICENSE AND SUPPORT AGREEMENT

THIS AGREEMENT made as of the 16 day of March, 2010

BETWEEN:

SPECTRUM-CANADA MORTGAGE SERVICES INC.,

a company incorporated under the laws of the Province of British Columbia
and having its registered and records office at 135 - 4400 Dominion Street,
Burnaby, BC V5G 4G3
(the "Licensor")

- and -

CRYSTAL WEALTH MANAGEMENT SYSTEM LIMITED

a company incorporated under the laws of the Province of Ontario with registered
office at 3385 Harvester Road, Suite 200, Burlington, Ontario L7N 3K2
(the "Licensee")

RECITALS:

1. Licensor and Licensee, Crystal Enhanced Mortgage Fund ("Investor") and Spectrum-Canada Capital (2002) Corporation are parties to a Mortgage Procurement and Administration Agreement (the "MPA Agreement") pursuant to which Licensor provides certain services to Licensee in Licensee's capacity as manager of Investor (the "MPA Services");
2. Licensor utilizes certain software in connection with the provision of the MPA services;
3. In order to ensure the functions comprising the MPA Services can be performed in a continuous and timely manner in the event Licensor is unable or unwilling to do so, the Licensor has agreed to grant to Licensee a license in and to such software and provide the support and services contemplated hereby.

NOW, THEREFORE, IN CONSIDERATION of the foregoing and the mutual promises and covenants set forth herein and other good and valuable consideration, the receipt and sufficiency of which are hereby conclusively acknowledged, the parties hereto hereby covenant and agree as follows:

1. **Interpretation and Definitions**

1.1 In this Agreement:

- (a) "Agreement" means this License Support and Services Agreement, including the recitals hereto and all schedules attached hereto, as the same may be amended, supplemented, restated or revised from time to time;
- (b) "Business Day" means every day except Saturdays, Sundays and statutory public holidays in the Province of British Columbia;

- (c) "Data" means all information and data relating to Approved Mortgages (as that term is defined in the MPA Agreement) at any time received, produced or generated by or on behalf of, or in the possession or control of, Licensor or control of, Licensor in every case together with the media upon or in which such information and data are expressed, fixed, embodied or stored;
- (d) "MPA Services" has the meaning set out in the Recitals hereto;
- (e) "Related Documentation" means the user manuals, instructions and other documentation and material in hard copy and any other forms, related to the Software and the use thereof;
- (f) "Software" means all computer programs and data bases in object code and source code form related to, or required in connection with, the MPA Services or the provision thereof and the Related Documentation, all enhancements, updates, versions, revisions, derivations of such software and Related Documentation.

2. License

- 2.1 Licensor grants to Licensee at no cost to Licensee a perpetual, license to use the Software solely for the purpose of performing the MPA Services. Each copy of the Software and any upgrade or new release of the Software provided to Licensee is subject to the provisions of this Agreement. Licensor will deliver to Licensee a set of master media for the current version of each item of Software from which Licensee may copy the Software as licensed. Licensor shall ensure that the Software running on Licensee's systems is at all times compatible with the Software operated by Licensor.
- 2.2 Licensor shall deliver to Licensee a set of Master Media for the current version of each item of the Software in object code and source code form forthwith upon the execution and delivery of this Agreement.

3. Related Documentation

- 3.1 Licensor shall deliver to Licensee all current Related Documentation forthwith upon the execution and delivery of this Agreement. Thereafter Licensor shall ensure that all Related Documentation in Licensee's possession is complete and up to date at Licensor's own cost. All Related Documentation delivered by or on behalf of Licensor to Licensee shall be in such form as Licensee may request.

4. Source Code Password

- 4.1 Concurrent with the delivery of the Related Documentation, Licensor shall deliver to Licensee the password(s) for the Software source code (the "Password"). Licensor shall not change the Password except on prior written notice to Licensee, which notice shall set out the new password.
- 4.2 Licensee shall not use the Password to access the Software source code unless and until the occurrence of an event described in Sections 10.3(a) through (e) inclusive of the MPA Agreement or unless Licensee does not receive the payments contemplated under Section 10.3(d) of the MPA Agreement on a timely basis. In any event, Licensee shall only use the Password to access the Software source code as necessary in connection with the performance of the MPA Services.

5. Data

- 5.1 All Data is confidential and is the property of the Investor, solely and exclusively.
- 5.2 Licensor shall not use any Data except in connection with the provisions of the MPA Services to Licensee.
- 5.3 Licensor shall deliver at its own cost to Licensee updates of the Data, in such form as Licensee may require, not less frequently than weekly so that at all times the Data on Licensee's systems is current.

6. Support

- 6.1 Licensor shall at its own cost provide to Licensee from time to time upon request such remote technical support and training to enable Licensee to operate and maintain the Software.

7. Representation and Warranties

- 7.1 Licensor represents and warrants:
- (a) except as specified in Schedule "A", it is the sole and exclusive owner of the Software;
 - (b) it has the right to grant the license to the Software and the other rights hereunder;
 - (c) the Software will function in accordance with the Related Documentation; and
 - (d) the Software, Data and the media on which it will be provided to Licensee shall be free from any virus.

8. Indemnity

- 8.1 Licensor will indemnify, defend and hold Licensee harmless against any claims, legal actions, losses and other expenses arising out of or in connection with any claims that the Software infringes or violates any intellectual property right of any third party ("Claim"), on the condition that Licensee notifies Licensor promptly of the Claim and gives Licensor sole control of the defense and negotiations for its settlement or compromise. If Licensee is, or may become, prohibited from continued use of any Software by reason of an actual or anticipated Claim, Licensor will use its best efforts to (a) obtain for Licensee the right to use the Software, or (b) replace or modify such Software so that it is no longer subject to a Claim, but performs the same functions in an equivalent manner.

9. MPA Agreement

- 9.1 Nothing herein shall derogate from the rights and obligations under the MPA Agreement.
- 9.2 For greater certainty, this Agreement shall survive the termination of the MPA Agreement.

10. Notices

- 10.1 Any notice, demand or other communication (in this section, a "notice") required or permitted to be given or made under this Agreement must be in writing and is sufficiently given or made if:

4

- (a) delivered in person and left with a receptionist or other responsible employee of the relevant party at the applicable address set forth below;
- (b) sent by prepaid courier service or (except in the case of actual or apprehended disruption of postal service) mail; or
- (c) sent by facsimile transmission, with confirmation of transmission by the transmitting equipment (a "Transmission").

Subject: wire transfers to CLJ Everest

Hi Steven,

Any chance you could send copies of the wire transfer instructions from your end for the two large deposits to CLJ Everest end of last year \$450,000 and \$1.3 millionish? I provided the mortgagee with the attached invoices to prove the deposits are not loans that will be repayable but they want to see some sort of wire proof or something.

Any ideas?

Alternatively, perhaps I could get two letters - one on Bron letterhead, one on Media House letterhead simply stating the amount and verifying that it was payment for the invoices and is commissions on financial brokering and is not a loan?

Bron - \$450,000
MHC - \$1,357,400

Sincerely and foreverly in your debt for your assistance on this!

Hi Mike,

Sorry for delayed response on this, I bought a property that closed on Thursday and there were a few last minute SNAFUs that I had to sort out to have it finally close Friday afternoon.

I am available during the following times (Start and finish times shown) for a call and I will try to send over whatever information I can gather prior to that call. Please let me know which one works best from your end and whether you want me to call you or you call me.

Wednesday 2:30 to 4:00

Thursday anytime between 9 am and 3:30 pm

Friday anytime between 9 am and 3:30 pm

Hi Clayton,

Happy New Year - hope all is well on your end.

I wanted to follow up with you in regards to our Info Request list for Crystal Wealth Management System Limited (attached). We have gathered all the information we can from Scott and the audit team but need your assistance with the remainder.

We would like to set up a time with yourself to go over the 'General Information' section of our request list as well as the remaining outstanding items. It's possible that several of the items can be covered off with a brief discussion. Also, with respect to the 'Information on Funds Under Management' section, would you possibly have some internal documentation tracking the required items (i.e. gross sales, redemptions, management fee, etc. within the past five years, if available)?

Please let us know your availability for such a discussion.

Mike

AND

**IN THE MATTER OF
CRYSTAL WEALTH MANAGEMENT SYSTEM LIMITED**

AND

ONEFUND DIVERSIFIED PLUS

ORDER

UPON the application of Crystal Wealth Management System Limited ("Crystal Wealth"), on its behalf and on behalf of Onefund Diversified Plus (the "Existing Top Fund") and any other pooled fund that is a *mutual fund in Ontario* but is not a reporting issuer as defined in the Act, established and managed by Crystal Wealth after the date hereof ("Future Funds", together with the Existing Top Fund, the "Top Funds") for an order of the Ontario Securities Commission (the "Commission") pursuant to section 113 and subsection 117(2) of the Act (collectively, the "Exemptive Powers") for relief from the restrictions and requirements described below (together, the "Applicable Requirements") in respect of the Top Funds' investments in Peer Diversified Mortgage Fund (the "Underlying Mortgage Fund") and any other mutual fund that is a *mutual fund in Ontario*, established and managed by Crystal Wealth after the date hereof (the "Future Underlying Funds", together with the Underlying Mortgage Fund, the "Underlying Funds"):

- (a) the restriction prohibiting a mutual fund from knowingly making or holding an investment,
 - (i) in any person or company in which the mutual fund, alone or together with one or more related mutual funds, is a substantial security holder; or
 - (ii) in an issuer in which,
 - (1) any officer or director of the mutual fund, its management company or distribution company or an associate of any of them, or
 - (2) any person or company who is a substantial security holder of the mutual fund, its management company or its distribution company,

has a significant interest as set out in paragraphs 111(2)(b), 111(2)(c) and subsection 111(3) of the Act; and

- (b) the requirement of a management company to file a report relating to a purchase and sale of securities between a mutual fund and any related person or company, or any transaction in which, by arrangement other than an arrangement relating to insider trading in portfolio securities, a mutual fund is a joint participant with one or more of its related persons or companies, in respect of each mutual fund to which it provides services or advice, within 30 days after the end of a month in which it occurs as set out in paragraphs 117(1)(a) and 117(1)(d) of the Act.

AND UPON considering the application and the recommendation of staff of the Commission;

AND UPON Crystal Wealth having represented as follows:

1. Crystal Wealth is a company incorporated under the laws of Ontario.
2. Crystal Wealth is registered as an adviser in the categories of investment counsel and portfolio manager and as a limited market dealer under the Act and as a commodity trading manager under the *Commodity Futures Act (Ontario)*.
3. Crystal Wealth is or will be the trustee and manager of the Top Funds and the Underlying Funds.
4. Each Top Fund and each Underlying Fund is or will be an open-end mutual fund trust established under the laws of Ontario by declaration of trust.
5. Units of the Top Funds are or will be distributed on a private placement basis pursuant to available prospectus exemptions in some or all of the provinces of Canada.
6. Units of the Underlying Funds are or will be distributed on a private placement basis pursuant to available prospectus exemptions or they will be offered pursuant to a prospectus in some or all of the provinces of Canada.
7. The Existing Top Fund is currently offered to investors in Ontario pursuant to exemptions from the prospectus requirements and it is expected to be offered to investors in each of the other provinces in Canada pursuant to exemptions from the prospectus requirements.
8. Crystal Wealth proposes to create the Underlying Mortgage Fund and offer it to investors in each of the provinces in Canada pursuant to exemptions from the prospectus requirements.
9. It is proposed that the Existing Top Fund will invest in units of the Underlying Mortgage Fund, once the Underlying Mortgage Fund has been created, to help achieve the optimal diversification of the Existing Top Fund's portfolio. The Existing Top Fund's investment strategy is to allocate assets between all asset classes and to combine traditional and alternative strategies investments seeking to provide consistent performance that has only a moderate correlation to global capital markets with lower volatility than those markets. The Underlying

Mortgage Fund fits into this strategy as part of the fixed income component of the Existing Top Fund's portfolio.

10. Crystal Wealth intends to invest a certain portion of the assets of the Top Funds in the Underlying Funds. The percentages invested in each Underlying Fund may fluctuate on a daily basis based on the investment decisions made by Crystal Wealth in order to meet the investment objectives of each Top Fund.
11. The actual weightings of the investments by each Top Fund in the Underlying Funds will be reviewed on a regular basis and adjusted to ensure that the investment weightings continue to be appropriate for that Top Fund's investment objectives. Crystal Wealth will actively manage the investments made by each Top Fund in the Underlying Funds on a regular basis.
12. Investors in the Top Funds will receive an offering memorandum which will disclose the intent of each Top Fund to invest its assets in securities of the Underlying Funds, whether or not the Underlying Funds are managed by Crystal Wealth or an affiliate or associate of Crystal Wealth, the percentage of net assets of the Top Funds that is dedicated to the investment in securities of the Underlying Funds and the process or criteria used to select the Underlying Funds.
13. Investors in the Top Funds will receive from Crystal Wealth, on request and free of charge, a copy of the offering memorandum (if any) relating to all Underlying Funds in which the Top Fund invests its assets.
14. No charges will be payable in connection with the acquisition or disposition by the Top Funds of units of the Underlying Funds.
15. No management fee or incentive fees are payable by the Top Funds that, to a reasonable person, would duplicate a fee payable by the Underlying Fund for the same service.
16. Where a matter relating to an Underlying Fund requires a vote of unitholders of the Underlying Funds, Crystal Wealth will not cause the securities of the Underlying Fund held by a Top Fund to be voted at such meeting.
17. In the absence of this Order, the Applicable Requirements prohibit the Top Funds from knowingly making or holding an investment in an Underlying Fund.
18. In the absence of this Order, the Applicable Requirements require Crystal Wealth to file a report on every purchase or sale of securities of any Underlying Fund by a Top Fund.
19. The investments by the Top Funds in the securities of the Underlying Funds represent the business judgement of "responsible persons" (as defined in the Act) uninfluenced by considerations other than the best interests of the funds.

AND UPON the Commission being of the opinion that the tests contained in the Exemptive Powers have been met;

IT IS ORDERED pursuant to the Exemptive Powers in the Act that the Applicable Requirements shall not apply so as to prevent the Top Funds from making and holding

investments in securities of the Underlying Funds or so as to require Crystal Wealth to file a report relating to each purchase or sale of such securities, provided that:

- (a) securities of the Top Funds are distributed in Ontario solely to investors pursuant an exemption from the prospectus requirements;
- (b) each Underlying Fund is a “mutual fund in Ontario” as defined in the Act;
- (c) the Top Funds do not vote any of the securities they hold of the Underlying Funds if the Underlying Funds are managed by Crystal Wealth or an affiliate or associate of Crystal Wealth; except that the Top Funds may, if Crystal Wealth so chooses, arrange for all the securities it holds of the Underlying Funds to be voted by the beneficial holders of securities of the Top Funds;
- (d) no management fees or incentive fees are payable by the Top Funds that, to a reasonable person, would duplicate a fee payable by the Underlying Funds for the same service;
- (e) where the Underlying Funds are managed by Crystal Wealth or an affiliate or associate of Crystal Wealth, no sales or redemption fees are payable by the Top Funds in relation to its purchases or redemptions of securities of the Underlying Funds;
- (f) where the Underlying Funds are not managed by Crystal Wealth or an affiliate or associate of Crystal Wealth, no sales fees or redemption fees are payable by the Top Funds in relation to its purchases or redemptions of securities of the Underlying Funds that, to a reasonable person, would duplicate a fee payable by an investor in the Top Funds;
- (g) investors in the Top Funds receive an offering memorandum which discloses:
 - (i) the intent of each Top Fund to invest its assets in securities of the Underlying Funds;
 - (ii) whether or not the Underlying Funds may be managed by Crystal Wealth or an affiliate or associate of Crystal Wealth;
 - (iii) what percentage of net assets of the Top Funds is dedicated to the investment in securities of the Underlying Funds; and
 - (iv) the process or criteria used to select the Underlying Funds; and
- (h) investors in the Top Funds are entitled to receive from Crystal Wealth, on request and free of charge, a copy of the offering memorandum (if any) relating to all Underlying Funds in which each Top Fund may invest its assets.

Independent Auditor's Report

To the Unitholders of Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund)

We have audited the accompanying financial statements of Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund), which comprise the statement of financial position as at December 31, 2015, and the statements of comprehensive income, changes in net assets attributable to holders of redeemable units and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) as at December 31, 2015, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

**CRYSTAL WEALTH MEDIA STRATEGY
(FORMERLY CRYSTAL WEALTH STRATEGIC YIELD MEDIA FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

1. The Fund

The Crystal Wealth Media Strategy (the "Fund") is an open-ended mutual fund trust formed under the laws of the Province of Ontario on September 11, 2011 by an amendment to Schedule A to a Master Declaration of Trust, amended and restated as of September 27, 2015. The Fund was previously called Crystal Wealth Strategic Yield Media Fund and was renamed on September 27, 2015. The investment objective of the Fund is to generate a high level of interest income with minimal volatility and low correlation to most traditional asset classes by investing in asset-backed debt obligations of motion pictures and series television productions. The address of the Fund's registered office is 3385 Harvester Road, Suite 200 Burlington, ON L7N 3N2.

The Fund is not a reporting issuer under securities legislation and, therefore, is relying on Part 2.11 of National Instrument 81-106 for exemption from the requirement to file financial statements with the applicable securities regulatory authorities.

The Investment Manager of the Fund is Crystal Wealth Management System Limited (the "Manager"). The Manager is responsible for directing the affairs, providing the day-to-day management services and managing the investment portfolio of the Fund.

2. Significant Accounting Policies

Basis of Presentation

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

These financial statements of the Fund for the year ended December 31, 2015 were authorized for issue by the Manager on March 31, 2016.

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss, and are presented in Canadian dollars, which is the Fund's functional and presentation currency.

2. Significant Accounting Policies (Continued)

New Standards, Interpretations and Amendments not yet Adopted

IFRS 9 Financial Instruments

The final version of IFRS 9, Financial Instruments, was issued by the IASB in July 2014 and will replace IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 introduces a model for classification and measurement, a single, forward-looking 'expected loss' impairment model and a substantially reformed approach to hedge accounting. The new single principle based approach for determining the classification of financial assets is driven by cash flow characteristics and the business model in which an asset is held. The new model also results in a single impairment model being applied to all financial instruments, which will require more timely recognition of expected credit losses. It also includes changes in respect of credit risk in measuring liabilities elected to be measured at fair value, so that gains caused by the deterioration of an entity's own credit risk on such liabilities are no longer recognized in profit or loss. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, however, is available for early adoption. In addition, the credit changes can be early applied in isolation without otherwise changing the accounting for financial instruments. The Fund is in the process of assessing the impact of IFRS 9 and has not yet determined when it will adopt the new standard.

IFRS 15 Revenue from Contracts with Customers

IFRS 15 is based on the core principle to recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. IFRS 15 focuses on the transfer of control. IFRS 15 replaces all of the revenue guidance that previously existed in IFRSs. The effective date for IFRS 15 is January 1, 2017. The Fund is in the process of evaluating the impact of the new standard.

IAS 1 Presentation of Financial Statements

The amendments to IAS 1 are a part of a major initiative to improve disclosure requirements in IFRS financial statements. The amendments clarify the application of materiality to note disclosure and the presentation of line items in the primary statements provide options on the ordering of financial statements and additional guidance on the presentation of other comprehensive income related to equity accounted investments. The effective date for these amendments is January 1, 2016. The Fund is currently evaluating the impact of IAS 1 on its financial statements.

The following summarizes the accounting policies of the Fund:

**CRYSTAL WEALTH MEDIA STRATEGY
(FORMERLY CRYSTAL WEALTH STRATEGIC YIELD MEDIA FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

2. Significant Accounting Policies (Continued)

(a) Valuation of investments

The fair value of financial assets and financial liabilities traded in active markets (such as publicly traded derivatives and trading securities) is based on quoted market prices. In accordance with the provisions of the Fund's Offering Memorandum, investment positions are valued based on the last traded market price for the purpose of determining the net asset per unit for subscriptions and redemptions. For financial reporting purposes, the Fund uses the last traded market price for both financial assets and financial liabilities where the last traded price falls within that day's bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Manager determines the point within the bid-ask spread that is most representative of fair value based on the specific facts and circumstances. If the Fund holds derivatives with offsetting market risks, it uses mid-market prices as a basis for establishing fair values for the offsetting risk positions and applies this bid or asking price to the net open position, as appropriate.

Film production loans

Film production loan investments for which there is no active market are valued at fair value using valuation techniques which include net present value and discounted cash flow models and comparisons with similar instruments for which observable market price exists. Assumptions and inputs used in valuation techniques include risk-free interest rate, credit spreads as well as prevailing rates of return on similar loans. The output of the valuation technique is an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions held by the Fund. Valuations are therefore adjusted where appropriate, to allow for additional factors including interest rate risk, liquidity risk and counterparty risk.

Futures contracts

Foreign exchange futures contracts, which are held as hedges for capital investments, are valued on each business day at the gain or loss that would be realized if the position in the contracts were closed out.

The unrealized depreciation on futures contracts is included as investments at fair value on the Statement of Financial Position and included in "Net change in unrealized depreciation on investments at fair value" during the applicable year in the Statement of Comprehensive Income. Upon closing of the contracts, the gain or loss is included in "Net realized loss on sale of investments at fair value" on the Statement of Comprehensive Income.

2. Significant Accounting Policies (Continued)

(b) Classification

The Fund classifies its investments as financial assets at fair value through profit or loss.

This category has two sub-categories: financial assets held for trading; and financial assets designated at fair value through profit or loss at inception.

(i) Financial assets held for trading

A financial asset is classified as held for trading if it is acquired or incurred principally for the purpose of selling or repurchasing in the near term or if on initial recognition is part of a portfolio of identifiable financial investments that are managed together and for which there is evidence of a recent actual pattern of short-term profit taking. Derivatives are also categorized as held for trading.

(ii) Financial assets designated at fair value through profit or loss at inception

Financial assets designated at fair value through profit or loss at inception are financial instruments that are not classified as held for trading but are managed, and their performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy.

The Fund recognizes financial instruments at fair value upon initial recognition, plus transaction costs in the case of financial instruments measured at amortized cost. Regular way purchases and sales of financial assets are recognized at their trade date. The Fund's investments have been designated at fair value through profit or loss (FVTPL). The Fund's obligation for net assets attributable to holders of redeemable units is presented at the redemption amount. Cash, bank indebtedness, subscriptions receivable, accounts payable and accrued liabilities, distributions payable, redemptions payable and due to related parties are measured at amortized cost. Under this method, the amount required to be received or paid, is discounted, when appropriate, at the contract's effective interest rate.

(c) Fair value measurements

Investments at fair value are each classified into one of three fair value levels.

The hierarchy of inputs is summarized below:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1),
- Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices) (Level 2); and,
- Inputs for the asset and liability that are not based on observable market data (unobservable inputs) (Level 3).

All of the Fund's investments at fair value were classified as Level 2 at December 31, 2015, except for the Fund's investments in film production loans which are classified as Level 3.

**CRYSTAL WEALTH MEDIA STRATEGY
(FORMERLY CRYSTAL WEALTH STRATEGIC YIELD MEDIA FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

2. Significant Accounting Policies (Continued)

(d) Investment transactions and income recognition

Investment transactions are accounted for on the trade date and any unsettled sales or purchases of investments are reflected as receivable for investment securities sold or payable for investment securities purchased. Interest income is accrued daily and dividend income is recognized on the ex-dividend date. Realized gains and losses from investment transactions and unrealized appreciation (depreciation) of investments are calculated on an average cost basis.

Distributions received from funds are recognized based on the nature of the underlying components such as dividend income, interest income, capital gains, and return of capital.

(e) Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(f) Recognition/derecognition

The Fund recognizes financial instruments at fair value upon initial recognition, plus transaction costs in the case of financial instruments measured at amortized cost. Regular way purchases and sales of financial assets are recognized at their trade date.

The Fund recognizes financial assets or financial liabilities designated as trading securities on the trade date, the date it commits to purchase or sell short the instruments. From this date any gains and losses arising from changes in fair value of the assets or liabilities are recognized in the Statement of Comprehensive Income.

Other financial assets are derecognized only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Fund derecognizes financial liabilities when the Fund's obligations are discharged, cancelled or they expire. Financial liabilities arising from the redeemable units issued by the Fund are presented at the redemption amount representing the investors' right to a residual interest in the Fund's assets.

(g) Impairment of financial assets

The Fund assesses at each reporting date whether a financial asset or group of financial assets measured at amortized cost is impaired. If there is objective evidence that an impairment loss had been incurred, the amount of the loss is measured as the difference between the asset's amortized cost and the present value of estimated future cash flows discounted using the asset's original effective interest rate. Impairment losses on assets measured at amortized cost are reversed in subsequent periods if the amount of the loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized.

**CRYSTAL WEALTH MEDIA STRATEGY
(FORMERLY CRYSTAL WEALTH STRATEGIC YIELD MEDIA FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

2. Significant Accounting Policies (Continued)

(h) Translation of foreign currencies

Transactions in currencies other than the Canadian dollar are translated at the rate of exchange prevailing at the transaction date. Assets and liabilities denominated in currencies other than the Canadian dollar are translated at the applicable exchange rates prevailing at the reporting date. Resulting exchange differences are recognized in the Statement of Comprehensive Income.

(i) Valuation of redeemable fund units

The Fund's units are issued and redeemed at the net asset value per unit, which is determined as of the close of business each week. The net asset value per unit of the Fund is determined by dividing the total market value of the Fund's net assets by the number of units outstanding.

Net asset value per unit of each class is calculated at 4:00 p.m. (Eastern time) each business week by dividing the net assets of each class by its outstanding units. The net assets of each class are computed by calculating the value of that class's proportionate share of the Fund's assets less that class's proportionate share of the Fund's common liabilities, and less class specific liabilities. Expenses directly attributable to a class are charged to that class while common fund expenses are allocated to each class in a reasonable manner as determined by the Manager. Other income, and realized and unrealized gains and losses, are allocated to each class of the Fund based on that class's prorata share of total net asset value of the Fund.

For each unit sold, the Fund received an amount equal to the net asset value per unit on the date of sale, which included in net assets attributable to holders of redeemable units. Units are redeemable at the option of the unitholders at their net asset value on the redemption date. For each unit redeemed, the number of issued and outstanding units is reduced and the net asset value of the Fund is reduced by the related net asset value on the date of redemption.

(j) Net assets attributable to holders of redeemable units per unit

The net assets attributable to holders of redeemable units per unit is calculated by dividing the net assets attributable to holders of redeemable units of a particular class of units by the total number of units of the particular class outstanding at the end of the year.

(k) Increase in net assets attributable to holders of redeemable units per unit

Increase in net assets attributable to holders of redeemable units per unit is based on the increase in net assets attributable to holders of redeemable units attributed to each class of units, divided by the weighted average number of units outstanding of that class during the year.

(l) Income taxes

The Fund qualifies as a mutual fund trust under the Income Tax Act (Canada). All of the Fund's net income for tax purposes and sufficient capital gains realized in any period are required to be distributed to unitholders such that no tax is payable by the Fund. As a result, the Fund does not record income taxes. Since the Fund does not record income taxes, the tax benefit (if any) of capital and non-capital losses has not been reflected in the Statement of Financial Position as a deferred income tax asset.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

2. Significant Accounting Policies (Continued)

(m) Related parties

For the purpose of these financial statements, a party is considered related to the Fund if such party or the Fund has the ability to, directly or indirectly, control or exercise significant influence over the other entity's financial and operating decisions, or if the Fund and such party are subject to common significant influence. Related parties may be individuals or other entities.

(n) Critical estimates and judgements

In the application of the Fund's accounting policies, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily available from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The Fund has concluded that unlisted open-ended investment funds in which it invests, but that it does not consolidate, meet the definition of structured entities because; the voting rights in the Funds are not dominate rights in deciding who controls them as they relate to administrative tasks only; each fund's activities are restricted by its offering memorandum; and the funds have narrow and well-defined objectives to provide investment opportunities to investors.

The most significant estimates that the Fund is required to make relate to the fair value of the film production loan investments. The estimates may include: assumptions regarding interest rates and the availability of credit; forecasted film sales and timing of related cash flows earned by the Fund; cost and terms of financing; the impact of present or future legislation or regulation; prior encumbrances and other factors. The estimate of fair value of the film production loan investments includes significant estimation uncertainty with respect to the timing of cash flows as well as overall collectability associated with the loans. As a result of the uncertainty associated with the loans, the Manager estimates fair value of the loans within a range of reasonably estimable values, with greater weight placed on observable inputs which faithfully represent the most likely outcome.

These assumptions are limited by the availability of reliable comparable data, economic uncertainty, ongoing geopolitical concerns and the uncertainty of predictions concerning future events. Credit markets, equity markets, and consumer spending are facts in the uncertainty inherent in such estimates and assumptions. Accordingly, by their nature, estimates of fair value are subjective and do not necessarily result in precise determination. Should the underlying assumptions change, the estimated fair value could change by a material amount.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects that period, or in the period of the revision of future periods if the revision affects both current and future periods.

DECEMBER 31, 2015**

3. Film Production Loans

The Fund entered into a Master Assignment Agreement with Media House Capital (Canada) Corp. ("Media House") on October 6, 2011 whereby the Fund agreed to purchase certain film and series television production loans from Media House. Specific funding under this agreement is provided under the respective Supplement agreements.

The initial term of each loan has an accelerated call provision at 18 months and a maturity date of no longer than 30 months and is renewable only with the consent of the Fund. In addition to the interest earned on the respective loan balances, the Fund may be entitled to a profit participation on the film production loans.

The Fund has first position security on the loans, unless the Fund agrees to the subordination of the films to other lenders.

As a condition of financing, the Fund is granted general and continuing security over the loans whereby it is provided a security interest in the present and future undertaking and property of the production, including all assets, rights and future production revenue, subject to any subordination of the loans that the Fund may have entered into. The security provided however, may not be sufficient to cover the outstanding principal of the loans in the event of a default.

In accordance with various loan agreements, the Fund is entitled to receive continued participation in the profits of the various Pictures. The amounts received will be the gross receipts after certain deductions defined in the agreements. The right to receive the profit participation was acquired as partial consideration for each of the loans. As at December 31, 2015, no values were assigned to the profit participation.

Reconciliation of Level 3 Fair Value Measurements of Financial Assets

	2015	2014
Film production loan investments, beginning of year	\$ 48,121,521	\$ 27,671,144
Film production loan advances	2,894,339	19,727,568
Film production loan repayments	(3,375,336)	(1,819,907)
Unrealized appreciation on film production loans	2,643,460	2,542,716
<u>Film production loan investments, end of year</u>	<u>\$ 50,283,984</u>	<u>\$ 48,121,521</u>

There were no transfers into or out of Level 3 for the year ended December 31, 2015.

The table below summarizes the significant unobservable inputs used in fair value measurement of the film production loan investments and the impact to the valuation of a reasonably possible change to the significant unobservable input. The unobservable input, probability of collection, comprises the estimated gross amount and timing of the cash flows, which are dependent on the ultimate sales and distribution of the underlying films. There is inherently significant measurement uncertainty associated with such investments. The actual results on realization of the positions could materially differ from the estimates of fair value on the report date.

3. Film Production Loans (Continued)

December 31, 2015				
Description	Fair Value	Valuation Technique	Unobservable input	Potential change in valuation
Film production loans	\$50,283,984	Net present value	Probability of collection	(\$3,000,000)

4. Financial Instruments and Risk Management

The Fund may be exposed to a variety of financial risks: credit risk, liquidity risk and market risk (including interest rate risk, currency risk, and other price risk). The level of risk depends on the Fund's investment objectives and the types of investments it invests in. The Schedule of Investment Portfolio presents the investments held by the Fund as at December 31, 2015, and groups the investments by asset type, geographic region and/or market segment. All other assets and liabilities are carried at amortized cost; their carrying values are a reasonable approximation of fair value.

The following is a summary of the Fund's main risks:

Credit risk

Credit risk is the risk that the counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with a fund. The Fund is exposed to credit risk through its investments in film production loans as well as its investments in the Underlying Crystal Wealth Funds, as presented in the notes of the Underlying Crystal Wealth Funds' financial statements. The fair value of investments in film production loans represents the maximum credit risk at December 31, 2015. The sales success of the film or television production being financed will affect the ability of the borrowers to repay the film production loans outstanding, although there is certain other security obtained on the loans (Note 3). This risk has not changed from the previous year.

Liquidity risk

Liquidity risk is defined as the risk that the Fund may not be able to settle or meet its obligations on time or at a reasonable price. The Fund is exposed to weekly cash redemptions of redeemable units. The units of the Fund are issued and redeemed on demand at the then current Trading NAV per unit at the option of the unitholder. However, the Manager does not expect that the contractual maturity will be representative of the actual cash outflows, as holders of these instruments typically retain them for longer periods. All liabilities are payable within a year. The Fund retains sufficient cash positions to maintain liquidity. Given the uncertainties in relation to the probability of collection of the film production loans, the Fund may not realize the investments in the ordinary course of business at the amounts stated in the statement of financial position. This risk has not changed from the previous year.

4. Financial Instruments and Risk Management (Continued)

Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or fair values of financial instruments. It arises when the Fund invests in interest-bearing financial instruments. Interest rates pertaining to the film production loans and investments in Crystal Wealth High Yield Mortgage Strategy and Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund) are at fixed rates that are not directly impacted by changes in prevailing rates, thereby reducing the Fund's exposure to interest rate risk. As at December 31, 2015, the Fund did not have any significant exposure to interest rate risk. This risk has not changed from the previous year.

Currency Risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Fund invests primarily in Canadian dollar denominated securities.

The Schedule of Investment Portfolio identifies all securities denominated in foreign currencies. In addition, the Fund had USD cash of \$61,208 at December 31, 2015 (2014 - \$66,748) and accrued USD interest of \$977,418 at December 31, 2015 (2014 - \$336,552).

If the Canadian Dollar had strengthened or weakened by 5% relative to other foreign currencies, with all other variables held constant, the net assets of the Fund would have increased or decreased, respectively, by approximately \$3,087 (2014 - \$494). In practice, actual results may differ from this sensitivity analysis and the difference could be material. This risk has not changed from the previous year.

Other price risk

Other price risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in a market. All investments present a risk of loss of capital. The Manager manages the Fund's market risk on a daily basis in accordance with the Fund's investment objectives and policies. The maximum risk resulting from financial instruments is equivalent to their fair value. This risk has not changed from the previous year.

The impact on net assets attributable to holders of redeemable units of the Fund due to a 5 percent change would be approximately \$393,000 as at December 31, 2015 (2014 - \$Nil).

The historical correlation may not be representative of the future correlation, and, accordingly, the future impact on net assets attributable to holders of redeemable units could be materially different.

5. Capital Management

The capital of the Fund is represented by issued redeemable units with no par value. The unitholders are entitled to distributions, if any, and to payment of proportionate share of the Fund's net asset value per unit upon redemption. The relevant movements are shown on the Statement of Changes in Net Assets Attributable to Holders of Redeemable Units. In accordance with its investment objectives and strategies and the risk management practices outlined in Note 4, the Fund endeavors to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments where necessary. The Fund does not have any specific capital requirements on the subscription and redemption of units, other than certain minimum subscription requirements.

6. Redeemable Units

Redeemable units of the Fund, which are redeemable at the option of the holder in accordance with the provisions of the Declaration of Trust, do not have any nominal or par value. The Fund is permitted to issue unlimited number of Series of units and is authorized to issue an unlimited number of units of each series. The redeemable units of the Fund are issued or redeemed on a weekly basis at the net asset value per unit which is determined as of the close of business each week. There are no differences between the NAV per unit of each class of the Fund and the Net Assets Attributable to Holders of Redeemable Units per Unit of each class of the Fund.

Summary of sale and redemption of Series A units for the year ended December 31

	<u>2015</u>	<u>2014</u>

7. Management Fees and Expenses

Pursuant to the management agreement between the Fund and the Manager, the Manager is to provide management and investment advisor services to the Fund. For this service, the Fund agrees to pay the Manager a management fee, which is calculated daily and payable monthly based on an annual rate of 2.00% of the net asset value. During the year, the Fund paid management fees of \$1,072,082 (2014 - \$771,245) to the Manager.

To encourage large investments in the Fund, the Manager may reduce the management fee that would be charge to the Fund in respect of units held by an investor making a large investment. The amount of the reduction is distributed by the Fund (the "Management Fee Distribution") to the investor for whose benefit the fees were reduced. All Management Fee Distributions will be reinvested in additional units unless otherwise requested.

The Fund pays expenses related to its operations including professional fees, brokerage commissions, interest and administrative costs relating to the issue and redemption of units as well as the cost financial and other reports and compliance with all applicable laws, regulations and policies.

8. Related Party Transactions

The following table summarizes amounts due to related parties:

	<u>2015</u>	<u>2014</u>
Due to related parties		
Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund)	\$ 3,756,896	\$ -
Crystal Wealth Medical Strategy (Formerly Crystal Wealth Medical Income Fund)	270,000	-
Crystal Wealth High Yield Mortgage Strategy	450,123	-
	<u>\$ 4,477,021</u>	<u>\$ -</u>

The Funds are related through common directors, trustees, officers and Fund management. The amounts due to related parties are unsecured, bear interest at 5% and are due on demand. During the year, the Fund paid \$64,639 (2014 - \$Nil) of interest expense to related parties.

The Fund may invest in any one of the funds that are managed by the Manager ("Underlying Crystal Wealth Funds"). As of December 31, 2015, the Underlying Crystal Wealth Funds include Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund), Crystal Wealth Medical Strategy (Formerly Crystal Wealth Medical Income Fund), Crystal Wealth Enlightened Factoring Strategy (Formerly Crystal Enlightened Income Fund), ACM Growth Fund, ACM Income Fund, Crystal Enlightened Resource and Precious Metals Fund, Crystal Wealth High Yield Mortgage Strategy, Crystal Wealth Retirement One Fund and Crystal Enlightened Bullion Fund.

8. Related Party Transactions (Continued)

No sales or redemption fees will be payable by the Fund in relation to its purchases or redemptions of units of the Underlying Crystal Wealth Funds, and no management fees or incentive fees will be payable by the Fund that would duplicate a fee payable by the Underlying Crystal Wealth Funds for the same service. Such a reduction in management fees is to be facilitated by an additional distribution from the Underlying Crystal Wealth Funds to the Fund and is included in interest and other income

Included in interest and other income are \$18,152 (2014 - \$50,393) of interest distributions and \$9,130 (2014 - \$31,787) of management fee distributions received from Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund), \$Nil (2014 - \$31,787) of management fee distributions received from Crystal Wealth Medical Strategy (Formerly Crystal Wealth Medical Income Fund), and \$23,061 (2014 - \$Nil) of interest distributions and \$7,010 (2014 - \$Nil) of management fee distributions received from Crystal Wealth High Yield Mortgage Strategy. As at December 31, 2015, the Fund held 53,398 units (2014 - 324) of the Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund) with a fair value of \$534,830 (2014 - \$3,264), which represents 1.07% (2014 - 0.01%) of the total net asset value and 730,930 units (2014 - Nil) of the Crystal Wealth High Yield Mortgage Strategy with a fair value of \$7,352,630 (2014 - \$Nil), which represents 14.78% (2014 - Nil%) of the total net asset value. At December 31, 2015, ACM Growth Fund held 235,849 units (2014 - 277,127) with a fair value of \$2,386,921 (2014 - \$2,799,295), ACM Income Fund held 579,484 units (2014 - 503,940) with a fair value of \$5,864,702 (2014 - \$5,090,370), Crystal Wealth Enlightened Factoring Strategy (Formerly Crystal Enlightened Income Fund) held 160,107 units (2014 - 72,568) with a fair value of \$1,620,369 (2014 - \$733,023), Crystal Enlightened Resource and Precious Metals Fund held 81,688 units (2014 - 171,339) with a fair value of \$826,733 (2014 - \$1,730,723), Crystal Wealth Medical Strategy (Formerly Crystal Wealth Medical Income Fund) held 232,283 units (2014 - Nil) with a fair value of \$2,350,839 (2014 - \$Nil), Crystal Wealth Retirement One Fund held 1,411,875 units (2014 - Nil) with a fair value of \$14,288,966 (2014 - \$Nil), Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund) held 242 units (2014 - Nil) with a fair value of \$2,445 (2014 - \$Nil) in the Fund.

9. Increase in Net Assets Attributable to Holders of Redeemable Series A Units per Unit

The increase in net assets attributable to holders of redeemable Series A units per unit for the year ended December 31 is calculated as follows:

	Increase in net assets attributable to holders of redeemable Series A units	Weighted average number of redeemable Series A outstanding during the year	Increase in net assets attributable to holders of redeemable Series A units per unit
2015	\$ 4,738,044	5,002,996	\$ 0.95
2014	\$ 4,157,990	3,517,711	\$ 1.18

**CRYSTAL WEALTH MEDIA STRATEGY
(FORMERLY CRYSTAL WEALTH STRATEGIC YIELD MEDIA FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

10. Involvement with Unconsolidated Structured Entities

The table below describes the types of structured entities that the Fund does not consolidate but in which they hold an interest.

December 31, 2015			
Fund	Total Net	% of net assets	
	Asset Value of Investee Fund	Investment Fair value	attributable to holders of redeemable units
Crystal Wealth High Yield Mortgage Strategy	\$1,941,923	\$534,830	27.54%
Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund)	\$43,730,156	\$7,352,630	16.81%

The Fund has determined that the Funds ('Investee Funds') in which it invests in are unconsolidated structured entities. This represents a significant judgement by the Fund and generally because decision making about the Investee Funds' investing activities is not governed by voting rights held by the Fund and other investors.

The Investee Funds finance their operations by issuing redeemable shares which are puttable at the holder's option, and entitle the holder to a proportional stake in the respective funds' net assets. The Fund holds redeemable shares in the Investee Funds.

The change in fair value of the Investee Funds is included in the Statement of Comprehensive Income in 'Net change in unrealized depreciation on investments at fair value'.

During the year, the Fund did not provide financial support to unconsolidated structured entities and has no intention of providing financial or other support.

11. Comparative Amounts

The comparative amounts presented in the financial statements have been reclassified to conform to the current year's presentation.

Independent Auditor's Report

To the Unitholders of Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund)

We have audited the accompanying financial statements of Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund), which comprise the statement of financial position as at December 31, 2015, and the statements of comprehensive income, changes in net assets attributable to holders of redeemable units and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund) as at December 31, 2015, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

**CRYSTAL WEALTH MORTGAGE STRATEGY
(FORMERLY CRYSTAL ENHANCED MORTGAGE FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

1. The Fund

Crystal Wealth Mortgage Strategy (the "Fund") is an open-ended mutual fund trust formed under the laws of the Province of Ontario on August 14, 2009 by an amendment to Schedule A to a Master Declaration of Trust dated April 12, 2007, amended and restated as of September 27, 2015. The Fund was previously called Crystal Enhanced Mortgage Fund and was renamed on September 27, 2015. The investment objective of the Fund is to generate a consistently high level of interest income while focusing on preservation of capital by investing primarily in residential mortgages in Canada. The address of the Fund's registered office is 3385 Harvester Road, Suite 200 Burlington, ON L7N 3N2.

The Fund is not a reporting issuer under securities legislation and, therefore, is relying on National Instrument 81-106 for exemption from the requirement to file financial statements with the applicable securities regulatory authorities.

The Investment Manager of the Fund is Crystal Wealth Management System Limited (the "Manager"). The Manager is responsible for directing the affairs, providing the day-to-day management services and managing the investment portfolio of the Fund.

2. Significant Accounting Policies

Basis of Presentation

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

These audited financial statements for the year ended December 31, 2015 were authorized for issue by the Manager on March 31, 2016.

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss, and are presented in Canadian dollars, which is the Fund's functional and presentation currency.

2. Significant Accounting Policies (Continued)

New Standards, Interpretations and Amendments not yet Adopted

IFRS 9 Financial Instruments

The final version of IFRS 9, Financial Instruments, was issued by the IASB in July 2014 and will replace IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 introduces a model for classification and measurement, a single, forward-looking 'expected loss' impairment model and a substantially reformed approach to hedge accounting. The new single principle based approach for determining the classification of financial assets is driven by cash flow characteristics and the business model in which an asset is held. The new model also results in a single impairment model being applied to all financial instruments, which will require more timely recognition of expected credit losses. It also includes changes in respect of credit risk in measuring liabilities elected to be measured at fair value, so that gains caused by the deterioration of an entity's own credit risk on such liabilities are no longer recognized in profit or loss. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, however, is available for early adoption. In addition, the credit changes can be early applied in isolation without otherwise changing the accounting for financial instruments. The Fund is in the process of assessing the impact of IFRS 9 and has not yet determined when it will adopt the new standard.

IFRS 15 Revenue from Contracts with Customers

IFRS 15 is based on the core principle to recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. IFRS 15 focuses on the transfer of control. IFRS 15 replaces all of the revenue guidance that previously existed in IFRSs. The effective date for IFRS 15 is January 1, 2017. The Fund is in the process of evaluating the impact of the new standard.

IAS 1 Presentation of Financial Statements

The amendments to IAS 1 are a part of a major initiative to improve disclosure requirements in IFRS financial statements. The amendments clarify the application of materiality to note disclosure and the presentation of line items in the primary statements provide options on the ordering of financial statements and additional guidance on the presentation of other comprehensive income related to equity accounted investments. The effective date for these amendments is January 1, 2016. The Fund is currently evaluating the impact of IAS 1 on its financial statements.

The following summarizes the accounting policies of the Fund:

(a) Valuation of mortgage investments and loans receivable

Mortgage investments and loans receivable for which there is no active market are valued at fair value using valuation techniques which include net present value and discounted cash flow models and comparisons with similar instruments for which observable market prices exist. Assumptions and inputs used in valuation techniques include risk-free interest rate, credit spreads as well as prevailing rates of return on similar mortgages. The output of the valuation technique is an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions held by the Fund. Valuations are therefore adjusted where appropriate, to allow for additional factors including interest rate risk, liquidity risk and counter party risk.

2. Significant Accounting Policies (Continued)

(b) Classification

The Fund classifies its investments at fair value through profit or loss.

This category has two sub-categories: financial assets held for trading; and financial assets designated at fair value through profit or loss at inception.

(i) Financial assets held for trading

A financial asset is classified as held for trading if it is acquired or incurred principally for the purpose of selling or repurchasing in the near term or if on initial recognition is part of a portfolio of identifiable financial investments that are managed together and for which there is evidence of a recent actual pattern of short-term profit taking.

(ii) Financial assets designated at fair value through profit or loss at inception

Financial assets designated at fair value through profit or loss at inception are financial instruments that are not classified as held for trading but are managed, and their performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy.

The Fund recognizes financial instruments at fair value upon initial recognition, plus transaction costs in the case of financial instruments measured at amortized cost. Regular way purchases and sales of financial assets are recognized at their trade date. The Fund's investments have been designated at fair value through profit or loss (FVTPL). The Fund's obligation for net assets attributable to holders of redeemable units is presented at the redemption amount. Cash and cash equivalents, subscriptions receivable, due from related parties, bank indebtedness, accounts payable and accrued liabilities, redemptions payable, distributions payable and due to related party are measured at amortized cost. Under this method, the amount required to be received or paid, is discounted, when appropriate, at the contract's effective interest rate.

(c) Fair value measurements

Investments at fair value are each classified into one of three fair value levels.

The hierarchy of inputs is summarized below:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1),
- Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices) (Level 2); and,
- Inputs for the asset and liability that are not based on observable market data (unobservable inputs) (Level 3).

At December 31, 2015, the Fund's mortgage investments and loans receivable were classified as Level 3 and the Fund's investments in Canadian mutual funds were classified as Level 2.

NOTES TO FINANCIAL STATEMENTS

2. Significant Accounting Policies (Continued)

(d) Investment transactions and income recognition

Investment transactions are accounted for on the date an order is executed. Income from mortgage investments and loans receivable is recognized on an accrual basis. Lender fee income is recognized when the Fund has satisfied all its performance obligations with respect to the mortgages. This typically occurs when the mortgage funds are advanced. Lender fees and interest received in advance on mortgage investments and loans receivable are deferred until the related expenses are incurred. All transaction costs relating to the purchases and sales of investments are charged to comprehensive income in the year. Realized gains and losses from investments and unrealized appreciation (depreciation) from investments are calculated on an average cost basis.

Distributions received from funds are recognized based on the nature of the underlying components such as dividend income, interest income, capital gains, and return of capital.

(e) Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(f) Recognition/derecognition

The Fund recognizes financial instruments at fair value upon initial recognition, plus transaction costs in the case of financial instruments measured at amortized cost. Regular way purchases and sales of financial assets are recognized at their trade date. Any gains and losses arising from changes in fair value of the assets or liabilities are recognized in the Statement of Comprehensive Income.

Other financial assets are derecognized only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Fund derecognizes financial liabilities when the Fund's obligations are discharged, cancelled or they expire.

(g) Impairment of financial assets

The Fund assesses at each reporting date whether a financial asset or group of financial assets measured at amortized cost is impaired. If there is objective evidence that an impairment loss had been incurred, the amount of the loss is measured as the difference between the asset's amortized cost and the present value of estimated future cash flows discounted using the asset's original effective interest rate. Impairment losses on assets measured at amortized cost are reversed in subsequent periods if the amount of the loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized.

(h) Valuation of redeemable fund units

The Fund's units are issued and redeemed at the net asset value per unit, which is determined as of the close of business each week. The net asset value per unit of the Fund is determined by dividing the total market value of the Fund's net assets by the number of units outstanding.

**CRYSTAL WEALTH MORTGAGE STRATEGY
(FORMERLY CRYSTAL ENHANCED MORTGAGE FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

2. Significant Accounting Policies (Continued)

(h) Valuation of redeemable fund units (Continued)

Net asset value per unit of each class is calculated at 4:00 p.m. (Eastern time) each business week by dividing the net assets of each class by its outstanding units. The net assets of each class are computed by calculating the value of that class's proportionate share of the Fund's assets less that class's proportionate share of the Fund's common liabilities, and less class specific liabilities. Expenses directly attributable to a class are charged to that class while common fund expenses are allocated to each class in a reasonable manner as determined by the Manager. Other income, and realized and unrealized gains and losses, are allocated to each class of the Fund based on that class's prorata share of total net asset value of the Fund.

For each unit sold, the Fund received an amount equal to the net asset value per unit on the date of sale, which included in net assets attributable to holders of redeemable units. Units are redeemable at the option of the unitholders at their net asset value on the redemption date. For each unit redeemed, the number of issued and outstanding units is reduced and the net asset value of the Fund is reduced by the related net asset value on the date of redemption.

(i) Net assets attributable to holders of redeemable units per unit

The net assets attributable to holders of redeemable units per unit is calculated by dividing the net assets attributable to holders of redeemable units of a particular class of units by the total number of units of the particular class outstanding at the end of the period.

(j) Increase in net assets attributable to holders of redeemable units per unit

Increase in net assets attributable to holders of redeemable units per unit is based on the increase in net assets attributable to holders of redeemable units attributed to each class of units, divided by the weighted average number of units outstanding of that class during the year.

(k) Income taxes

The Fund qualifies as a mutual fund trust under the Income Tax Act (Canada). All of the Fund's net income for tax purposes and sufficient capital gains realized in any period are required to be distributed to unitholders such that no tax is payable by the Fund. As a result, the Fund does not record income taxes. Since the Fund does not record income taxes, the tax benefit of capital and non-capital losses has not been reflected in the Statement of Financial Position as a deferred income tax asset.

(l) Related parties

For the purpose of these financial statements, a party is considered related to the Fund if such party or the Fund has the ability to, directly or indirectly, control or exercise significant influence over the other entity's financial and operating decisions, or if the Fund and such party are subject to common significant influence. Related parties may be individuals or other entities.

(m) Critical estimates and judgements

In the application of the Fund's accounting policies, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily available from other sources.

**CRYSTAL WEALTH MORTGAGE STRATEGY
(FORMERLY CRYSTAL ENHANCED MORTGAGE FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

2. Significant Accounting Policies (Continued)

(m) Critical estimates and judgements (Continued)

The Fund has concluded that unlisted open-ended investment funds in which it invests, but that it does not consolidate, meet the definition of structured entities because; the voting rights in the funds are not dominate rights in deciding who controls them as they relate to administrative tasks only; each fund's activities are restricted by its offering memorandum; and the funds have narrow and well-defined objectives to provide investment opportunities to investors.

The most significant estimates that the Fund is required to make relate to the fair value of the mortgage investments and loans receivable. The estimates may include: assumptions regarding local real estate market conditions; interest rates and the availability of credit; cost and terms of financing; the impact of present or future legislation or regulation; prior encumbrances and other factors affecting the mortgage and underlying security of the mortgage investments and loans receivable.

These assumptions are limited by the availability of reliable comparable data, economic uncertainty, ongoing geopolitical concerns and the uncertainty of predictions concerning future events. Credit markets, equity markets, and consumer spending are facts in the uncertainty inherent in such estimates and assumptions. Accordingly, by the nature, estimates of fair value are subjective and do not necessarily result in precise determination. Should the underlying assumptions change, the estimated fair value could change by a material amount.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects that period, or in the period of the revision of future periods if the revision affects both current and future periods.

3. Cash and Cash Equivalents

Cash and cash equivalents consist of the following:

	<u>2015</u>	<u>2014</u>
Cash balances	\$ 1,132,525	\$ 1,109,812
0.50% HSBC GIC maturing April 27, 2015	-	518,658
0.35% HSBC GIC maturing April 25, 2016	<u>520,600</u>	<u>-</u>
	<u>\$ 1,653,125</u>	<u>\$ 1,628,470</u>

4. Financial Instruments and Risk Management

The Fund may be exposed to a variety of financial risks: credit risk, liquidity risk and market risk (including interest rate risk and other price risk). The level of risk depends on the Fund's investment objectives and the types of investments it invests in. The Schedule of Investment Portfolio presents the investments held by the Fund as at December 31, 2015, and groups the investments by asset type, geographic region and/or market segment. All other assets and liabilities are carried at amortized cost; their carrying values are a reasonable approximation of fair value.

**CRYSTAL WEALTH MORTGAGE STRATEGY
(FORMERLY CRYSTAL ENHANCED MORTGAGE FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

4. Financial Instruments and Risk Management (Continued)

The following is a summary of the Fund's main risks:

Credit risk

Credit risk is the risk that the counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund. A deterioration in the Canadian economy may affect the ability of some borrowers to pay their monthly mortgage payments. The fair value of mortgage investments represents the maximum credit risk as at December 31, 2015. The Fund's exposure to credit risk is limited as all mortgages are collateralized by the underlying real estate. The Fund is also exposed to limited credit risk related to the loans receivable and due from related parties. The loans receivable are secured by the underlying investments and a general security with a charge on all assets. The underlying investments are other funds that are managed by the Manager. The loans can only be redeemed or transferred out of the underlying investments with express written consent of the Fund. The Fund is also exposed to credit risk through its investments in the Underlying Crystal Wealth Funds, as presented in the notes of the Underlying Crystal Wealth Funds' financial statements. This risk has not changed from the previous year.

Liquidity risk

Liquidity risk is defined as the risk that the Fund may not be able to settle or meet its obligations on time or at a reasonable price. The Fund is exposed to weekly cash redemptions of redeemable units. The units of the Fund are issued and redeemed on demand at the then current Trading NAV per unit at the option of the unitholder. All liabilities are payable within a year. The Fund retains sufficient cash positions to maintain liquidity. This risk has not changed from the previous year.

Interest rate risk

Interest rate risk arises from the possibility that changes in market interest rates will affect future cash flows or fair values of financial instruments. Mortgage interest rates and interest rates pertaining to the investments in Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) and Crystal Wealth High Yield Mortgage Strategy are at fixed rates that are not directly impacted by changes in prevailing rates, thereby reducing the Fund's exposure to interest rate risk. Generally, the fair value of mortgage investments is impacted by changes in interest rates, however, given the short duration of the mortgage investments held by the Fund, their fair value approximates carrying values and any changes in prevailing interest rates would not have a significant impact on their fair value. This risk has not changed from the previous year.

Other price risk

Other price risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices (other than those arising from interest rate risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in a market. All investments present a risk of loss of capital. The Manager manages the Fund's market risk on a daily basis in accordance with the Fund's investment objectives and policies. The maximum risk resulting from financial instruments is equivalent to their fair value. This risk has not changed from the previous year.

The impact on net assets attributable to holders of redeemable units of the Fund due to a 5 percent change would be approximately \$45,797 as at December 31, 2015 (2014 - \$Nil).

4. Financial Instruments and Risk Management (Continued)

Other price risk (Continued)

The historical correlation may not be representative of the future correlation, and, accordingly, the future impact on net assets attributable to holders of redeemable units could be materially different.

5. Capital Management

The capital of the Fund is represented by issued redeemable units with no par value. The unitholders are entitled to distributions, if any, and to payment of proportionate share of the Fund's net asset value per unit upon redemption. The relevant movements are shown on the Statement of Changes in Net Assets Attributable to Holders of Redeemable Units. In accordance with its investment objectives and strategies and the risk management practices outlined in Note 4, the Fund endeavors to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments where necessary. The Fund does not have any specific capital requirements on the subscription and redemption of units, other than certain minimum subscription requirements.

6. Redeemable Units

Redeemable units of the Fund, which are redeemable at the option of the holder in accordance with the provisions of the Declaration of Trust, do not have any nominal or par value. The Fund is permitted to issue an unlimited number of Series of units and is authorized to issue an unlimited number of units of each series. The redeemable units of the Fund are issued or redeemed on a weekly basis at the net asset value per unit which is determined as of the close of business each week. There are no differences between the NAV per unit of each class of the Fund and the Net Assets Attributable to Holders of Redeemable Units per Unit of each class of the Fund.

The mortgage investments are secured by the real property to which they relate, bear interest at a weighted average interest rate of 10.22% (2014 - 9.71%) and mature between 2016 and 2017. The Fund aims to have loan to value ratio of no more than 85% on an individual mortgage at time of purchase.

Mortgages in arrears

A mortgage is considered past due when a counterparty has not made a payment by the contractual date. The tables below represents the fair value of the mortgage investments at the end of the year that are past due but not classified as impaired because they are either i) less than 90 days past due, or ii) fully secured and collection efforts are reasonably expected to result in repayment.

8. Income Taxes

The Fund qualifies as a "mutual fund trust" within the meaning of the Income Tax Act (Canada). The Fund is subject to applicable federal and provincial taxes on the amounts of its net income for tax purposes for the period, including net realized taxable capital gains, to the extent such net income for tax purposes has not been paid or made payable to unit holders in the period.

No provision for income taxes is recorded in the financial statements as all income and net realized capital gains are distributed to the unitholders.

9. Management Fees and Expenses

Pursuant to the management agreement between the Fund and the Manager, the Manager is to provide management and investment advisor services to the Fund. For this service, the Fund agrees to pay the Manager a management fee, which is calculated daily and payable monthly based on an annual rate of 2.20% of the net asset value. During the year, the Fund paid management fees of \$861,620 (2014 - \$977,027) to the Manager.

To encourage large investments in the Fund, the Manager may reduce the management fee that would be charged to the Fund in respect of units held by an investor making a large investment. The amount of the reduction is distributed by the Fund (the "Management Fee Distribution") to the investor for whose benefit the fees were reduced. All Management Fee Distributions will be reinvested in additional units unless otherwise requested.

The Fund pays expenses related to its operations including professional fees, brokerage commissions, interest and administrative costs relating to the issue and redemption of units as well as the cost of financial and other reports and compliance with all applicable laws, regulations and policies.

10. Related Party Transactions (Continued)

The Funds are related through common directors, trustees, officers and Fund management. The amounts due from/to related parties are unsecured, bear interest at 5% and are due on demand. During the year, the Fund received \$11,795 (2014 - \$Nil) of interest income from related parties and paid \$8,123 (2014 - \$Nil) of interest expense to a related party.

The Fund may invest in any one of the funds that are managed by the Manager ("Underlying Crystal Wealth Funds"). As of December 31, 2015 the Underlying Crystal Wealth Funds include Crystal Wealth Medical Strategy (Formerly Crystal Wealth Medical Income Fund), Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund), Crystal Wealth Enlightened Factoring Strategy (Formerly Crystal Enlightened Income Fund), ACM Growth Fund, ACM Income Fund, Crystal Enlightened Resource and Precious Metals Fund, Crystal Wealth High Yield Mortgage Strategy, Crystal Wealth Retirement One Fund and Crystal Enlightened Bullion Fund.

Included in mortgage interest and other income are \$17,079 (2014 - \$Nil) of interest distributions and \$6,472 (2014 - \$Nil) of management fee distributions received from Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) and \$41,616 (2014 - \$Nil) of interest distributions and \$16,282 (2014 - \$Nil) of management fee distributions received from Crystal Wealth High Yield Mortgage Strategy. As at December 31, 2015, the Fund held 242 units (2014 - Nil) of Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) with a fair value of \$2,445 (2014 - \$Nil) which represents 0.01% (2014 - Nil%) of the total net asset value, and 39,227 units (2014 - Nil) of Crystal Wealth High Yield Mortgage Strategy with a fair value of \$392,895 (2014 - \$Nil) which represents 0.90% (2014 - Nil%) of the total net asset value. As at December 31, 2015, Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) held 730,930 units (2014 - 324) with a fair value of \$7,352,630 (2014 - \$3,264) in the Fund, Crystal Wealth Retirement One Fund held 347,574 units (2014 - Nil) with a fair value of \$3,496,347 (2014 - \$Nil) in the Fund, ACM Growth Fund held 44,534 units (2014 - 89,665) with a fair value of \$447,985 (2014 - \$902,009) in the Fund, Crystal Wealth Enlightened Factoring Strategy (Formerly Crystal Enlightened Income Fund) held Nil units (2014 - 38) with a fair value of \$Nil (2014 - \$380) in the Fund, and Crystal Enlightened Resource and Precious Metals Fund held Nil units (2014 - 48) with a fair value of \$Nil (2014 - \$480) in the Fund.

No sales or redemption fees will be payable by the Fund in relation to its purchases or redemptions of units of the Underlying Crystal Wealth Funds, and no management fees or incentive fees will be payable by the Fund that would duplicate a fee payable by the Underlying Crystal Wealth Funds for the same service. Such a reduction in management fees is to be facilitated by an additional distribution from the underlying Crystal Wealth Funds to the Fund and is included in mortgage interest and other income.

11. Increase in Net Assets Attributable to Holders of Redeemable Series A Units per Unit

The increase in net assets attributable to holders of redeemable Series A units per unit for the year ended December 31 is calculated as follows:

	Increase in net assets attributable to holders of redeemable Series A units	Weighted average number of redeemable Series A units outstanding during the year	Increase in net assets attributable to holders of redeemable Series A units per unit
2015	\$ 2,188,318	3,778,077	\$ 0.58
2014	\$ 2,783,448	4,221,002	\$ 0.66

12. Prepaid Administration Expenses

In 2010, with the approval of the unitholders, the Fund entered into an agreement with its mortgage administration service provider in which the Fund paid \$1,600,000 as a pre-payment for future mortgage administration services. Future administration fees charged based on a percentage of outstanding mortgages will reduce the prepaid balance until the balance is extinguished. The Fund will continue to pay fees on the same basis after the balance is settled. During the year, administration fees were paid which reduced the balance of the prepaid administration expenses to \$369,196 at December 31, 2015 (2014 - \$680,967).

13. Bank Indebtedness

The bank indebtedness, bears interest at prime plus 1% per annum, is due on demand and is secured by a general security agreement, an assignment of mortgage procurement and administration agreement, an assignment of fire insurance, an unlimited guarantee from the trustee, and an assignment from each of the borrower and trustee of all their right, title and interest from the mortgages. The Fund's limit is the lesser of \$10,000,000 and the total of 75% of the eligible balance of amortizing residential first mortgages plus 65% of the eligible balance of interest only first mortgages plus 50% of the eligible balance of amortizing residential second mortgages on eligible Single Family Residential properties, up to a maximum of 75% of the appraised property value. The credit line of the Fund may not exceed 20% of the transactional NAV of the Fund. Any excess funding is to be repaid within 5 days of such occurrence.

14. Involvement with Unconsolidated Structured Entities

The table below describes the types of structured entities that the Fund does not consolidate but in which they hold an interest.

December 31, 2015			
Fund	Total Net	% of net assets	
	Asset Value	attributable to	
	of Investee	Investment	holders of
	Fund	Fair value	redeemable units
Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund)	49,757,146	2,445	0.00%
Crystal Wealth High Yield Mortgage Strategy	1,941,923	392,895	20.23%

The Fund has determined that the Funds ('Investee Funds') in which it invests in are unconsolidated structured entities. This represents a significant judgement by the Fund and generally because decision making about the Investee Funds' investing activities is not governed by voting rights held by the Fund and other investors.

The Investee Funds finance their operations by issuing redeemable shares which are puttable at the holder's option, and entitle the holder to a proportional stake in the respective fund's net assets. The Fund holds redeemable shares in the Investee Funds.

The change in fair value of the Investee Funds is included in the Statement of Comprehensive Income in 'Net change in unrealized appreciation on investments at fair value'.

During the year, the Fund did not provide financial support to unconsolidated structured entities and has no intention of providing financial or other support.

15. Comparative Amounts

The comparative amounts presented in the financial statements have been reclassified to conform to the current year's presentation.

Independent Auditor's Report

To the Unitholders of Crystal Wealth Medical Strategy (Formerly Crystal Wealth Medical Income Fund)

We have audited the accompanying financial statements of Crystal Wealth Medical Strategy (Formerly Crystal Wealth Medical Income Fund), which comprise the statement of financial position as at December 31, 2015, and the statements of comprehensive income, changes in net assets attributable to holders of redeemable units and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Crystal Wealth Medical Strategy (Formerly Crystal Wealth Medical Income Fund) as at December 31, 2015, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

**CRYSTAL WEALTH MEDICAL STRATEGY
(FORMERLY CRYSTAL WEALTH MEDICAL INCOME FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

1. The Fund

Crystal Wealth Medical Strategy (the "Fund") is an open-ended mutual fund trust formed under the laws of the Province of Ontario on January 22, 2010 by an amendment to Schedule A to a Master Declaration of Trust dated April 12, 2007, amended and restated as of September 27, 2015. The Fund was previously called Crystal Wealth Medical Income Fund and was renamed on September 27, 2015. The investment objective of the Fund is to generate a high level of interest income with minimal volatility and low correlation to most traditional asset classes by investing in American medical receivables factoring facilities contracts. The address of the Fund's registered office is 3385 Harvester Road, Suite 200 Burlington, ON L7N 3N2.

The Fund is not a reporting issuer under securities legislation and, therefore, is relying on National Instrument 81-106 for exemption from the requirement to file financial statements with the applicable securities regulatory authorities.

The Investment Manager of the Fund is Crystal Wealth Management System Limited (the "Manager"). The Manager is responsible for directing the affairs, providing the day-to-day management services and managing the investment portfolio of the Fund.

2. Significant Accounting Policies

Basis of Presentation

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

These audited financial statements for the year ended December 31, 2015 were authorized for issue by the Manager on March 30, 2016.

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss, and are presented in Canadian dollars, which is the Fund's functional and presentation currency.

New Standards, Interpretations and Amendments not yet Adopted

The following new standards and amendments to existing standards were issued by the IASB:

2. Significant Accounting Policies (Continued)

New Standards, Interpretations and Amendments not yet Adopted (Continued)

IFRS 9 Financial Instruments

The final version of IFRS 9, Financial Instruments, was issued by the IASB in July 2014 and will replace IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 introduces a model for classification and measurement, a single, forward-looking 'expected loss' impairment model and a substantially reformed approach to hedge accounting. The new single principle based approach for determining the classification of financial assets is driven by cash flow characteristics and the business model in which an asset is held. The new model also results in a single impairment model being applied to all financial instruments, which will require more timely recognition of expected credit losses. It also includes changes in respect of credit risk in measuring liabilities elected to be measured at fair value, so that gains caused by the deterioration of an entity's own credit risk on such liabilities are no longer recognized in profit or loss. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, however, is available for early adoption. In addition, the credit changes can be early applied in isolation without otherwise changing the accounting for financial instruments. The Fund is in the process of assessing the impact of IFRS 9 and has not yet determined when it will adopt the new standard.

IFRS 15 Revenue from Contracts with Customers

IFRS 15 is based on the core principle to recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. IFRS 15 focuses on the transfer of control. IFRS 15 replaces all of the revenue guidance that previously existed in IFRSs. The effective date for IFRS 15 is January 1, 2017. The Company is in the process of evaluating the impact of the new standard.

IAS 1 Presentation of Financial Statements

The amendments to IAS 1 are a part of a major initiative to improve disclosure requirements in IFRS financial statements. The amendments clarify the application of materiality to note disclosure and the presentation of line items in the primary statements provide options on the ordering of financial statements and additional guidance on the presentation of other comprehensive income related to equity accounted investments. The effective date for these amendments is January 1, 2016. The Fund is currently evaluating the impact of IAS 1 on its financial statements.

(FORMERLY CRYSTAL WEALTH MEDICAL INCOME FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

2. Significant Accounting Policies (Continued)

The following summarizes the accounting policies of the Fund:

(a) Valuation of investments

The fair value of financial assets and financial liabilities traded in active markets (such as publicly traded derivatives and trading securities) is based on quoted market prices. In accordance with the provisions of the Fund's Offering Memorandum, investment positions are valued based on the last traded market price for the purpose of determining the net asset per unit for subscriptions and redemptions. For financial reporting purposes, the Fund uses the last traded market price for both financial assets and financial liabilities where the last traded price falls within that day's bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Manager determines the point within the bid-ask spread that is most representative of fair value based on the specific facts and circumstances. If the Fund holds derivatives with offsetting market risks, it uses mid-market prices as a basis for establishing fair values for the offsetting risk positions and applies this bid or asking price to the net open position, as appropriate. The fair value of medical receivable factoring facilities contracts approximates their carrying value due to their short-term nature.

Futures contracts

Foreign exchange futures contracts, which are held as hedges for capital investments, are valued on each business day at the gain or loss that would be realized if the position in the contracts were closed out.

The unrealized appreciation (depreciation) on futures contracts is included in investments at fair value on the Statement of Financial Position and included in "Net change in unrealized appreciation (depreciation) on investments at fair value" during the applicable year in the Statement of Comprehensive Income. Upon closing of the contracts, the gain or loss is included in "Net realized loss on sale of investments at fair value" on the Statement of Comprehensive Income.

(b) Classification

The Fund classifies its investments as financial assets at fair value through profit or loss.

This category has two sub-categories: financial assets held for trading; and financial assets designated at fair value through profit or loss at inception.

(i) Financial assets held for trading

A financial asset is classified as held for trading if it is acquired or incurred principally for the purpose of selling or repurchasing in the near term or if on initial recognition is part of a portfolio of identifiable financial investments that are managed together and for which there is evidence of a recent actual pattern of short-term profit taking. Derivatives are also categorized as held for trading.

2. Significant Accounting Policies (Continued)

(b) Classification (Continued)

(ii) Financial assets designated at fair value through profit or loss at inception

Financial assets designated at fair value through profit or loss at inception are financial instruments that are not classified as held for trading but are managed, and their performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy.

The Fund recognizes financial instruments at fair value upon initial recognition, plus transaction costs in the case of financial instruments measured at amortized cost. Regular way purchases and sales of financial assets are recognized at their trade date. The Fund's investments have been designated at fair value through profit or loss (FVTPL). The Fund's obligation for net assets attributable to holders of redeemable units is presented at the redemption amount. Cash, accounts receivable, subscriptions receivable, due from related party, accounts payable and accrued liabilities and due to related parties are measured at amortized cost. Under this method, the amount required to be received or paid, is discounted, when appropriated, at the contract's effective interest rate.

(c) Fair value measurements

Investments at fair value are each classified into one of three fair value levels.

The hierarchy of inputs is summarized below:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1),
- Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices) (Level 2); and,
- Inputs for the asset and liability that are not based on observable market data (unobservable inputs) (Level 3).

All of the Fund's investments at fair value were classified as Level 1 and Level 2 at December 31, 2015 except for the Fund's investments in medical receivable factoring facilities contracts which are classified as Level 3.

(d) Investment transactions and income recognition

Investment transactions are accounted for on the trade date and any unsettled sales or purchases of investments are reflected as receivable for investment securities sold or payable for investment securities purchased. Interest income is accrued daily and dividend income is recognized on the ex-dividend date. Realized gains and losses from investment transactions and unrealized appreciation (depreciation) of investments at fair value are calculated on an average cost basis.

Distributions received from funds are recognized based on the nature of the underlying components such as dividend income, interest income, capital gains, and return of capital.

Income from contract fees is recorded when earned and when collectability is reasonably assured.

2. Significant Accounting Policies (Continued)

(e) Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(f) Recognition/derecognition

The Fund recognizes financial instruments at fair value upon initial recognition, plus transaction costs in the case of financial instruments measured at amortized cost. Regular way purchases and sales of financial assets are recognized at their trade date.

The Fund recognizes financial assets or financial liabilities designated as trading securities on the trade date, the date it commits to purchase or sell short the instruments. From this date any gains and losses arising from changes in fair value of the assets or liabilities are recognized in the Statement of Comprehensive Income.

Other financial assets are derecognized only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Fund derecognizes financial liabilities when the Fund's obligations are discharged, cancelled or they expire. Financial liabilities arising from the redeemable units issued by the Fund are presented at the redemption amount representing the investors' right to a residual interest in the Fund's assets.

(g) Impairment of financial assets

The Fund assesses at each reporting date whether a financial asset or group of financial assets measured at amortized cost is impaired. If there is objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the asset's amortized cost and the present value of estimated future cash flows discounted using the asset's original effective interest rate. Impairment losses on assets measured at amortized cost are reversed in subsequent periods if the amount of the loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized.

(h) Translation of foreign currencies

Transactions in currencies other than the Canadian dollar are translated at the rate of exchange prevailing at the transaction date. Assets and liabilities denominated in currencies other than the Canadian dollar are translated at the applicable exchange rates prevailing at the reporting date. Resulting exchange differences are recognized in the Statement of Comprehensive Income.

2. Significant Accounting Policies (Continued)

(i) Valuation of redeemable fund units

The Fund's units are issued and redeemed at the net asset value per unit, which is determined as of the close of business each week. The net asset value per unit of the Fund is determined by dividing the total market value of the Fund's net assets by the number of units outstanding.

Net assets value per unit of each class is calculated at 4:00 p.m. (Eastern time) each business week by dividing the net assets of each class by its outstanding units. The net assets of each class are computed by calculating the value of that class's proportionate share of the Fund's assets less that class's proportionate share of the Fund's common liabilities, and less class specific liabilities. Expenses directly attributable to a class are charged to that class while common fund expenses are allocated to each class in a reasonable manner as determined by the Manager. Other income, and realized and unrealized gains and losses, are allocated to each class of the Fund based on that class's prorata share of total net asset value of the Fund.

For each unit sold, the Fund receives an amount equal to the net asset value per unit on the date of sale, which included in unitholders' equity. Units are redeemable at the option of the unitholders at their net asset value on the redemption date. For each unit redeemed, the number of issued and outstanding units is reduced and the net asset value of the Fund is reduced by the related net asset value on the date of redemption.

(j) Net assets attributable to holders of redeemable units per unit

The net assets attributable to holders of redeemable units per unit is calculated by dividing the net assets attributable to holders of redeemable units of a particular class of units by the total number of units of the particular class outstanding at the end of the year.

(k) Increase in net assets attributable to holders of redeemable units per unit

Increase in net assets attributable to holders of redeemable units per unit is based on the increase in net assets attributable to holders of redeemable units attributed to each class of units, divided by the weighted average number of units outstanding of that class during the year.

(l) Income taxes

The Fund qualifies as a mutual fund trust under the Income Tax Act (Canada). All of the Fund's net income for tax purposes and sufficient capital gains realized in any period are required to be distributed to unitholders such that no tax is payable by the Fund. As a result, the Fund does not record income taxes. Since the Fund does not record income taxes, the tax benefit of capital and non-capital losses has not been reflected in the Statement of Financial Position as a deferred income tax asset. Refer to Note 6 for unused losses.

(m) Related parties

For the purpose of these financial statements, a party is considered related to the Fund if such party or the Fund has the ability to, directly or indirectly, control or exercise significant influence over the other entity's financial and operating decisions, or if the Fund and such party are subject to common significant influence. Related parties may be individuals or other entities.

2. Significant Accounting Policies (Continued)

(n) Critical estimates and judgements

In the application of the Fund's accounting policies, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily available from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The Fund has concluded that unlisted open-ended investment funds in which it invests, but that it does not consolidate, meet the definition of structured entities because; the voting rights in the Funds are not dominate rights in deciding who controls them as they relate to administrative tasks only; each fund's activities are restricted by its offering memorandum; and the funds have narrow and well-defined objectives to provide investment opportunities to investors.

The most significant estimates that the Fund is required to make relate to the fair value of the medical receivable factoring facilities contracts. The estimates may include: assumptions regarding interest rates and the availability of credit; cost and terms of financing; and other factors affecting the underlying security of the medical receivable factoring facilities contracts.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects that period, or in the period of the revision and future periods if the revision affects both current and future periods.

3. Financial Instruments and Risk Management

The Fund may be exposed to a variety of financial risks: credit risk, liquidity risk and market risk (including interest rate risk, currency risk, and other price risk). The level of risk depends on the Fund's investment objectives and the types of securities it invests in. The Schedule of Investment Portfolio presents the investments held by the Fund as at December 31, 2015, and groups the investments by asset type, geographic region and/or market segment. All other assets and liabilities are carried at amortized cost; their carrying values are a reasonable approximation of fair value.

The following is a summary of the Fund's main risks:

Credit risk

Credit risk is the risk that the counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund. The Fund is exposed to credit risk through its investments in medical receivable factoring facilities contracts as well as its investments in the Underlying Crystal Wealth Funds, as presented in the notes of the Underlying Crystal Wealth Funds' financial statements. This risk has not changed from the previous year.

**CRYSTAL WEALTH MEDICAL STRATEGY
(FORMERLY CRYSTAL WEALTH MEDICAL INCOME FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

3. Financial Instruments and Risk Management (Continued)

Liquidity risk

Liquidity risk is defined as the risk that the Fund may not be able to settle or meet its obligations on time or at a reasonable price. The Fund is exposed to weekly cash redemptions of redeemable units. The units of the Fund are issued and redeemed on demand at the then current Trading NAV per unit at the option of the unitholder. All liabilities are payable within a year. The Fund's assets are invested in securities that are traded in an active market and can be readily disposed of as liquidity needs arise. This risk has not changed from the previous year.

Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or fair values of financial instruments. It arises when the Fund invests in interest-bearing financial instruments. Interest rates pertaining to the investments in the Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) and Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund) are at fixed rates that are not directly impacted by changes in prevailing rates, thereby reducing the Fund's exposure to interest rate risk. As at December 31, 2015, the Fund did not have any significant exposure to interest rate risk. This risk has not changed from the previous year.

Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Schedule of Investment Portfolio identifies all securities denominated in foreign currencies. In addition, the Fund had \$69,807 of USD cash (2014 - \$58,203 of USD indebtedness), \$4,522,681 of USD medical receivable factoring facilities contracts and accounts receivable (2014 - \$4,338,605), and \$227,413 of USD accounts payable and accrued liabilities (2014 - \$253,573) at December 31, 2015.

If the Canadian Dollar had strengthened or weakened by 5% relative to other foreign currencies, with all other variables held constant, the net assets of the Fund would have increased or decreased, respectively, by approximately \$141,000 (2014 - \$1,500). In practice, actual results may differ from this sensitivity analysis and the difference could be material. This risk has not changed from the previous year.

**CRYSTAL WEALTH MEDICAL STRATEGY
(FORMERLY CRYSTAL WEALTH MEDICAL INCOME FUND)
NOTES TO FINANCIAL STATEMENTS

3. Financial Instruments and Risk Management (Continued)

Other price risk

Other price risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in a market. All investments present a risk of loss of capital. The Manager manages the Fund's market risk on a daily basis in accordance with the Fund's investment objectives and policies. The maximum risk resulting from financial instruments is equivalent to their fair value. This risk has not changed from the previous year.

The impact on net assets attributable to holders of redeemable units of the Fund due to a 5 percent change would be approximately \$245,000 as at December 31, 2015 (2014 - \$87,000).

The historical correlation may not be representative of the future correlation, and, accordingly, the future impact on net assets attributable to holders of redeemable units could be materially different.

4. Capital Management

The capital of the Fund is represented by issued redeemable units with no par value. The unitholders are entitled to distributions, if any, and to payment of proportionate share of the Fund's net asset value per unit upon redemption. The relevant movements are shown on the Statement of Changes in Net Assets Attributable to Holders of Redeemable Units. In accordance with its investment objectives and strategies and the risk management practices outlined in Note 3, the Fund endeavors to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments where necessary. The Fund does not have any specific capital requirements on the subscription and redemption of units, other than certain minimum subscription requirements.

**CRYSTAL WEALTH MEDICAL STRATEGY
(FORMERLY CRYSTAL WEALTH MEDICAL INCOME FUND)
NOTES TO FINANCIAL STATEMENTS

5. Redeemable Units

Redeemable units of the Fund, which are redeemable at the option of the holder in accordance with the provisions of the Declaration of Trust, do not have any nominal or par value. The Fund is permitted to issue an unlimited number of Series of units and is authorized to issue an unlimited number of units of each series. The redeemable units of the Fund are issued or redeemed on a weekly basis at the net asset value per unit which is determined as of the close of business each week. There are no differences between the NAV per unit of each class of the Fund and the Net Assets Attributable to Holders of Redeemable Units per Unit of each class of the Fund.

Summary of sale and redemption of Series A units for the year ended December 31

	<u>2015</u>	<u>2014</u>
Units, beginning of year	511,236	90,667
Units issued	278,123	644,073
Units redeemed	(161,156)	(226,690)
Units reinvested	<u>36,034</u>	<u>3,186</u>
Units, end of year	<u>664,237</u>	<u>511,236</u>

6. Income Taxes

The Fund has non-capital loss carry forwards of \$18,627, which expire commencing in 2030. In addition, the Fund has net capital losses of \$68,616, which can be carried forward indefinitely and applied to future capital gains.

7. Medical Receivable Factoring Facilities Contracts

There are ten medical receivable factoring facilities contracts at year end for outstanding invoices totaling \$3,745,170 relating to advances on eligible accounts receivables. There are no specific terms of repayment. The maximum authorized advances on these invoices are not to exceed 80% of the estimated net realizable amount of each receivable. The medical contracts allow for ongoing advances to be made to the medical provider. As amounts are collected new receivables are eligible and advances can be made under the terms of the contract which are subject to approval by the Fund.

The Fund maintains senior first priority ownership interest in all accounts purchased as well as a senior and first priority security interest in all other accounts receivable and proceeds thereof.

Contract fees of varying percentages are charged in respect of the outstanding receivable balances on a monthly basis.

Repayments	(1,316,132)	(2,739,268)
Accrued medical receivable factoring facilities contract fees	201,409	359,521
Medical receivable factoring facilities contracts, end of year	<u>3,745,170</u>	<u>3,649,679</u>

There were no transfers into or out of Level 3 for the year ending December 31, 2015.

8. Management Fees and Expenses

Pursuant to the management agreement between the Fund and the Manager, the Manager is to provide management and investment advisor services to the Fund. For this service, the Fund agrees to pay the Manager a management fee, which is calculated daily and payable monthly based on an annual rate of 2.00% of the net asset value.

To encourage large investments in the Fund, the Manager may reduce the management fee that would be charge to the Fund in respect of units held by an investor making a large investment. The amount of the reduction is distributed by the Fund (the "Management Fee Distribution") to the investor for whose benefit the fees were reduced. All Management Fee Distributions will be reinvested in additional units unless otherwise requested.

The Fund pays expenses related to its operations including professional fees, brokerage commissions, interest and administrative costs relating to the issue and redemption of units as well as the cost of financial and other reports and compliance with all applicable laws, regulations and policies.

9. Related Party Transactions

The following table summarizes amounts due from/to related parties:

	<u>2015</u>	<u>2014</u>
Due from related party		
Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund)	\$ 270,000	\$ -

9. Related Party Transactions (Continued)

The Funds are related through common directors, trustees, officers and Fund management. The amounts due from/to related parties are unsecured, bear interest at 5% and are due on demand. During the year, the Fund received \$36,771 (2014 - \$Nil) of interest income from a related party and paid \$8,426 (2014 - \$Nil) of interest expense to related parties.

The Fund may invest in any one of the funds that are managed by the Manager ("Underlying Crystal Wealth Funds"). As of December 31, 2015 the Underlying Crystal Wealth Funds include, Crystal Wealth Mortgage Strategy (Formerly Crystal Wealth Enhanced Mortgage Fund), Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund), Crystal Wealth Enlightened Factoring Strategy (Formerly Crystal Enlightened Income Fund), ACM Growth Fund, ACM Income Fund, Crystal Enlightened Resource and Precious Metals Fund, Crystal Wealth High Yield Mortgage Strategy, Crystal Wealth Retirement One Fund and Crystal Enlightened Bullion Fund.

No sales or redemption fees will be payable by the Fund in relation to its purchases or redemptions of units of the Underlying Crystal Wealth Funds, and no management fees or incentive fees will be payable by the Fund that would duplicate a fee payable by the Underlying Crystal Wealth Funds for the same service. Such a reduction in management fees is to be facilitated by an additional distribution from the Underlying Crystal Wealth Funds to the Fund and is included in interest and other income of the Fund.

Included in interest income are \$71,351 (2014 - \$45,193) of interest distributions and \$14,976 (2014 - \$6,699) of management fee distributions received from Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) and \$12,425 (2014 - \$4,720) of interest distributions and \$2,454 (2014 - \$4,860) of management fee distributions received from Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund). As at December 31, 2015, the Fund held 232,283 units (2014 - 171,339) of the Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) with a fair value of \$2,350,839 (2014 - \$1,730,724), which represents 25.74% (2014 - 33.5%) of the total net asset value, and 252,853 units (2014 - Nil) of Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund) with a fair value of \$2,543,521 (2014 - \$Nil), which represents 27.85% (2014 - Nil%) of the total net asset value. As at December 31, 2015, ACM Income Fund held 172,570 units of the Fund (2014 - Nil) with a fair value of \$2,372,802 (2014 - \$Nil) and Crystal Wealth Retirement One Fund held 97,170 units of the Fund (2014 - Nil) with a fair value of \$1,336,068 (2014 - \$Nil).

10. Increase in Net Assets Attributable to Holders of Redeemable Series A Units per Unit

The increase in net assets attributable to holders of redeemable Series A units per unit for the year ended December 31 is calculated as follows:

	Increase in net assets attributable to holders of redeemable Series A units	Weighted average number of redeemable Series A units outstanding during the year	Increase in net assets attributable to holders of redeemable Series A units per unit
2015	\$ 620,523	581,425	\$ 1.07
2014	\$ 292,882	290,589	\$ 1.01

**CRYSTAL WEALTH MEDICAL STRATEGY
(FORMERLY CRYSTAL WEALTH MEDICAL INCOME FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

11. Involvement with Unconsolidated Structured Entities

The table below describes the types of structured entities that the Fund does not consolidate but in which they hold an interest.

December 31, 2015			
Fund	Total Net		% of net assets
	Asset Value		attributable to
	of Investee	Investment	holders of
	Fund	Fair value	redeemable units
Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund)	49,757,146	2,350,839	4.72%
Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund)	44,073,310	2,543,521	5.77%

The Fund has determined that the Funds ('Investee Funds') in which it invests in are unconsolidated structured entities. This represents a significant judgement by the Fund and generally because decision making about the Investee Funds' investing activities is not governed by voting rights held by the Fund and other investors.

The Investee Funds finance their operations by issuing redeemable shares which are puttable at the holder's option, and entitle the holder to a proportional stake in the respective funds' net assets. The Fund holds redeemable shares in the Investee Funds.

The change in fair value of the Investee Funds is included in the Statement of Comprehensive Income in 'Net change in unrealized appreciation (depreciation) on investments at fair value'.

During the year, the Fund did not provide financial support to unconsolidated structured entities and has no intention of providing financial or other support.

12. Comparative Amounts

The comparative amounts presented in the financial statements have been reclassified to conform to the current year's presentation.

Independent Auditor's Report

To the Unitholders of Crystal Wealth High Yield Mortgage Strategy

We have audited the accompanying financial statements of Crystal Wealth High Yield Mortgage Strategy, which comprise the statement of financial position as at December 31, 2015, and the statements of comprehensive income, changes in net assets attributable to holders of redeemable units and cash flows for the period from establishment, January 23, 2015, to December 31, 2015, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Crystal Wealth High Yield Mortgage Strategy as at December 31, 2015, and its financial performance and its cash flows for the period from establishment, January 23, 2015, to December 31, 2015, in accordance with International Financial Reporting Standards.

CRYSTAL WEALTH HIGH YIELD MORTGAGE STRATEGY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

1. The Fund

The Crystal Wealth High Yield Mortgage Strategy (the "Fund") is an open-ended unit trust formed under the laws of the Province of Ontario on January 23, 2015 by an amendment to Schedule A to a Master Declaration of Trust dated April 12, 2007, amended and restated as of September 27, 2015. The investment objective of the Fund is to generate a consistently high level of interest income while focusing on preservation of capital by investing primarily in residential second mortgages in Canada. The address of the Fund's registered office is 3385 Harvester Road, Suite 200 Burlington, ON L7N 3N2.

The Fund is not a reporting issuer under securities legislation and, therefore, is relying on National Instrument 81-106 for exemption from the requirement to file financial statements with the applicable securities regulatory authorities.

The Investment Manager of the Fund is Crystal Wealth Management System Limited (the "Manager"). The Manager is responsible for directing the affairs, providing the day-to-day management services and managing the investment portfolio of the Fund.

2. Significant Accounting Policies

Basis of Presentation

The financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

These audited financial statements for the period from establishment, January 23, 2015, to December 31, 2015, were authorized for issue by the Manager on March 30, 2016.

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss, and are presented in Canadian dollars, which is the Fund's functional and presentation currency.

New Standards, Interpretations and Amendments not yet Adopted

The following new standards and amendments to existing standards were issued by the IASB:

IFRS 9 Financial Instruments

The final version of IFRS 9, Financial Instruments, was issued by the IASB in July 2014 and will replace IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 introduces a model for classification and measurement, a single, forward-looking 'expected loss' impairment model and a substantially reformed approach to hedge accounting. The new single principle based approach for determining the classification of financial assets is driven by cash flow characteristics and the business model in which an asset is held. The new model also results in a single impairment model being applied to all financial instruments, which will require more timely recognition of expected credit losses. It also includes changes in respect of credit risk in measuring liabilities elected to be measured at fair value, so that gains caused by the deterioration of an entity's own credit risk on such liabilities are no longer recognized in profit or loss. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, however, is available for early adoption. In addition, the credit changes can be early applied in isolation without otherwise changing the accounting for financial instruments. The Fund is in the process of assessing the impact of IFRS 9 and has not yet determined when it will adopt the new standard.

2. Significant Accounting Policies (Continued)

New Standards, Interpretations and Amendments not yet Adopted (continued)

IFRS 15 Revenue from Contracts with Customers

IFRS 15 is based on the core principle to recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. IFRS 15 focuses on the transfer of control. IFRS 15 replaces all of the revenue guidance that previously existed in IFRSs. The effective date for IFRS 15 is January 1, 2017. The Company is in the process of evaluating the impact of the new standard.

IAS 1 Presentation of Financial Statements

The amendments to IAS 1 are a part of a major initiative to improve disclosure requirements in IFRS financial statements. The amendments clarify the application of materiality to note disclosure and the presentation of line items in the primary statements provide options on the ordering of financial statements and additional guidance on the presentation of other comprehensive income related to equity accounted investments. The effective date for these amendments is January 1, 2016. The Fund is currently evaluating the impact of IAS 1 on its financial statements.

The following summarizes the accounting policies of the Fund:

(a) Valuation of mortgage investments

Mortgage investments for which there is no active market are valued at fair value using valuation techniques which include net present value and discounted cash flow models and comparisons with similar instruments for which observable market prices exists. Assumptions and inputs used in valuation techniques include risk-free interest rate, credit spreads as well as prevailing rates of return on similar mortgages. The output of the valuation technique is an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions held by the Fund. Valuations are therefore adjusted where appropriate, to allow for additional factors including interest rate risk, liquidity risk and counter party risk.

The Fund measures the fair value of its mortgage investments at fair value for Trading NAV purposes as described as follows:

**CRYSTAL WEALTH HIGH YIELD MORTGAGE STRATEGY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

2. Significant Accounting Policies (Continued)

(a) Valuation of mortgage investments (continued)

In accordance with the Fund's Offering Memorandum, the Fund continues to calculate its net asset value using the outstanding principal on the Valuation Date. The Manager continues to value mortgage investments at their outstanding principal even if a mortgage is in foreclosure, unless the Manager has incontrovertible proof that the final recovery from the borrower will be less than the outstanding principal, in which case the Manager will reduce the value of the mortgage to the expected recovery amount. This measurement is not consistent with the Fund's fair value measurement policies under IFRS, however, is in accordance with the Fund's offering Memorandum. As at December 31, 2015, there were no differences between the Fund's Trading NAV and IFRS NAV.

(b) Classification

The Fund classifies its mortgage investments as financial assets at fair value through profit or loss.

This category has two sub-categories: financial assets held for trading; and financial assets designated at fair value through profit or loss at inception.

(i) Financial assets held for trading

A financial asset is classified as held for trading if it is acquired or incurred principally for the purpose of selling or repurchasing in the near term or if on initial recognition is part of a portfolio of identifiable financial investments that are managed together and for which there is evidence of a recent actual pattern of short-term profit taking.

(ii) Financial assets designated at fair value through profit or loss at inception

Financial assets designated at fair value through profit or loss at inception are financial instruments that are not classified as held for trading but are managed, and their performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy.

The Fund recognizes financial instruments at fair value upon initial recognition, plus transaction costs in the case of financial instruments measured at amortized cost. Regular way purchases and sales of financial assets are recognized at their trade date. The Fund's mortgage investments have been designated at fair value through profit or loss (FVTPL). The Fund's obligation for net assets attributable to holders of redeemable units is presented at the redemption amount. Cash, subscriptions receivable, accrued interest receivable, due from related parties, accounts payable and accrued liabilities and due to related party are measured at amortized cost. Under this method, the amount required to be received or paid, is discounted, when appropriate, at the contract's effective interest rate.

The Fund's obligation for net assets attributable to holders of redeemable units is presented at the redemption amount. All other financial assets and financial liabilities are measured at amortized cost.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

2. Significant Accounting Policies (Continued)

(c) Fair value measurements

Investments at fair value are classified into one of three fair value levels.

The hierarchy of inputs is summarized below:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1),
- Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices) (Level 2); and,
- Inputs for the asset and liability that are not based on observable market data (unobservable inputs) (Level 3).

All of the Fund's mortgage investments at fair value were classified as Level 3 at December 31, 2015.

(d) Investment transactions and income recognition

Investment transactions are accounted for on the date an order is executed. Income from mortgage investments is recognized on an accrual basis. Lender fees and interest received in advance on mortgage investments are deferred until the related expenses are incurred. All transaction costs relating to the purchases and sales of mortgage investments are charged to comprehensive income in the year. Realized gains and losses from mortgage investments and unrealized appreciation (depreciation) from mortgage investments are calculated on an average cost basis.

Distributions received from funds are recognized based on the nature of the underlying components such as dividend income, interest income, capital gains, and return of capital.

(e) Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(f) Recognition/derecognition

The Fund recognizes financial instruments at fair value upon initial recognition, plus transaction costs in the case of financial instruments measured at amortized cost. Regular way purchases and sales of financial assets are recognized at their trade date. Any gains and losses arising from changes in fair value of the assets or liabilities are recognized in the Statement of Comprehensive Income.

Other financial assets are derecognized only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Fund derecognizes financial liabilities when the Fund's obligations are discharged, cancelled or they expire.

**CRYSTAL WEALTH HIGH YIELD MORTGAGE STRATEGY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

2. Significant Accounting Policies (Continued)

(g) Impairment of financial assets

The Fund assesses at each reporting date whether a financial asset or group of financial assets measured at amortized cost is impaired. If there is objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the asset's amortized cost and the present value of estimated future cash flows discounted using the asset's original effective interest rate. Impairment losses on assets measured at amortized cost are reversed in subsequent periods if the amount of the loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized.

(h) Translation of foreign currencies

Transactions in currencies other than the Canadian dollar are translated at the rate of exchange prevailing at the transaction date. Monetary assets and liabilities denominated in currencies other than the Canadian dollar are translated at the applicable exchange rates prevailing at the reporting date. Resulting exchange differences are recognized in the Statement of Comprehensive Income.

(i) Valuation of redeemable fund units

The Fund's units are issued and redeemed at the net asset value per unit, which is determined as of the close of business each week. The net asset value per unit of the Fund is determined by dividing the total market value of the Fund's net assets by the number of units outstanding.

Net asset value per unit of each class is calculated at 4:00 p.m. (Eastern time) each business week by dividing the net assets of each class by its outstanding units. The net assets of each class are computed by calculating the value of that class's proportionate share of the Fund's assets less that class's proportionate share of the Fund's common liabilities, and less class specific liabilities. Expenses directly attributable to a class are charged to that class while common fund expenses are allocated to each class in a reasonable manner as determined by the Manager. Other income, and realized and unrealized gains and losses, are allocated to each class of the Fund based on that class's prorata share of total net asset value of the Fund.

For each unit sold, the Fund received an amount equal to the net asset value per unit on the date of sale, which included in net assets attributable to holders of redeemable units. Units are redeemable at the option of the unitholders at their net asset value on the redemption date. For each unit redeemed, the number of issued and outstanding units is reduced and the net asset value of the Fund is reduced by the related net asset value on the date of redemption.

(j) Net assets attributable to holders of redeemable units per unit

The net assets attributable to holders of redeemable units per unit is calculated by dividing the net assets attributable to holders of redeemable units of a particular class of units by the total number of units of that particular class outstanding at the end of the period.

(k) Increase in net assets attributable to holders of redeemable units per unit

Increase in net assets attributable to holders of redeemable units per unit is based on the increase in net assets attributable to holders of redeemable units attributed to each class of units, divided by the weighted average number of units outstanding of that class during the period.

NOTES TO FINANCIAL STATEMENTS

2. Significant Accounting Policies (Continued)

(l) Income taxes

The Fund qualifies as a mutual fund trust under the Income Tax Act (Canada). All of the Fund's net income for tax purposes and sufficient capital gains realized in any period are required to be distributed to unitholders such that no tax is payable by the Fund. As a result, the Fund does not record income taxes. Since the Fund does not record income taxes, the tax benefit of capital and non-capital losses has not been reflected in the Statement of Financial Position as a deferred income tax asset.

(m) Related parties

For the purpose of these financial statements, a party is considered related to the Fund if such party or the Fund has the ability to, directly or indirectly, control or exercise significant influence over the other entity's financial and operating decisions, or if the Fund and such party are subject to common significant influence. Related parties may be individuals or other entities.

(n) Critical estimates and judgements

In the application of the Fund's accounting policies, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily available from other sources.

The most significant estimates that the Fund is required to make relate to the fair value of the mortgage investments. The estimates may include: assumptions regarding local real estate market conditions; interest rates and the availability of credit; cost and terms of financing; the impact of present or future legislation or regulation; prior encumbrances and other factors affecting the mortgage and underlying security of the mortgage investments.

These assumptions are limited by the availability of reliable comparable data, economic uncertainty, ongoing geopolitical concerns and the uncertainty of predictions concerning future events. Credit markets, equity markets, and consumer spending are factors in the uncertainty inherent in such estimates and assumptions. Accordingly, by the nature, estimates of fair value are subjective and do not necessarily result in precise determinations. Should the underlying assumptions change, the estimated fair value could change by a material amount.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects that period, or in the period of the revision of future periods if the revision affects both current and future periods.

3. Reconciliation of Level 3 Fair Value Measurements of Financial Assets

For the period from establishment, January 23, 2015, to December 31, 2015

Mortgage investments, beginning of period	\$	-
Mortgages funded		2,104,989
Discharge of mortgage investments		(452,612)
Unrealized depreciation on mortgage investments		(31,341)
<u>Mortgage investments, end of period</u>	<u>\$</u>	<u>1,621,036</u>

There were no transfers into or out of Level 3 for the period from establishment, January 23, 2015, to December 31, 2015.

4. Financial Instruments and Risk Management

The Fund may be exposed to a variety of financial risks: credit risk, liquidity risk and market risk (including interest rate risk, and other price risk). The level of risk depends on the Fund's investment objectives and the types of investments it invests in. The Schedule of Investment Portfolio presents the investments held by the Fund as at December 31, 2015, and groups the investments by asset type, geographic region and/or market segment. All other assets and liabilities are carried at amortized cost; their carrying values are a reasonable approximation of fair value.

The following is a summary of the Fund's main risks:

Credit risk

Credit risk is the risk that the counterparty to a financial instrument will fail to discharge an obligation or commitment that is entered into with the Fund. A deterioration in the Canadian economy may affect the ability of some borrowers to pay their monthly mortgage payments. The fair value of mortgage investments represents the maximum credit risk as at December 31, 2015, however, the Fund's exposure to credit risk is limited since all mortgages are collateralized by the underlying real estate. The Fund is also exposed to limited credit risk related to the amounts due from related parties.

Liquidity risk

Liquidity risk is defined as the risk that the Fund may not be able to settle or meet its obligations on time or at a reasonable price. The Fund is exposed to weekly cash redemptions of redeemable units. The units of the Fund are issued and redeemed on demand at the then current Trading NAV per unit at the option of the unitholder. All liabilities are payable within a year. The Fund retains sufficient cash positions to maintain liquidity.

Interest rate risk

Interest rate risk arises from the possibility that changes in market interest rates will affect future cash flows or fair values of financial instruments. Mortgage interest rates are at fixed rates that are not directly impacted by changes in prevailing rates, thereby reducing the Fund's exposure to interest rate risk. Generally, the fair value of mortgage investments is impacted by changes in interest rates, however, given the short duration of the mortgage investments held by the Fund, their fair value approximates carrying values and any changes in prevailing interest rates would not have a significant impact on their fair value.

CRYSTAL WEALTH HIGH YIELD MORTGAGE STRATEGY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

5. Capital Management

The capital of the Fund is represented by issued redeemable units with no par value. The unitholders are entitled to distributions, if any, and to payment of a proportionate share of the Fund's net asset value per unit upon redemption. The relevant movements are shown on the Statement of Changes in Net Assets Attributable to Holders of Redeemable Units. In accordance with its investment objectives and strategies and the risk management practices outlined in Note 4, the Fund endeavors to invest the subscriptions received in appropriate mortgage investments while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments where necessary. The Fund does not have any specific capital requirements on the subscription and redemption of units, other than certain minimum subscription requirements.

6. Redeemable Units

Redeemable units of the Fund, which are redeemable at the option of the holder in accordance with the provisions of the Declaration of Trust, do not have any nominal or par value. The Fund is permitted to issue an unlimited number of Series of units and is authorized to issue an unlimited number of units of each series. The redeemable units of the Fund are issued or redeemed on a weekly basis at the net asset value per unit which is determined as of the close of business each week. There are no differences between the NAV per unit of each class of the Fund and the Net Assets Attributable to Holders of Redeemable Units per Unit of each class of the Fund.

Summary of sale and redemption of Series A units:

For the period from establishment, January 23, 2015, to December 31, 2015

Units, beginning of period	-
Units issued	333,780
Units redeemed	(153,976)
Units reinvested	14,080
<u>Units, end of period</u>	<u>193,884</u>

7. Mortgage Investments

The mortgage investments are second mortgages and are secured by the real property to which they relate, bear interest at a weighted average interest rate of 14.28% and mature between 2016 and 2017. The Fund aims to have a loan to value ratio of no more than 90% on an individual mortgage at time of purchase.

Mortgages in arrears

A mortgage is considered past due when a counterparty has not made a payment by the contractual date. As at December 31, 2015, there were no mortgages in arrears.

CRYSTAL WEALTH HIGH YIELD MORTGAGE STRATEGY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

8. Income Taxes

The Fund qualifies as a mutual fund trust within the meaning of the Income Tax Act (Canada). The Fund is subject to applicable federal and provincial taxes on the amounts of its net income for tax purposes for the period, including net realized taxable capital gains, to the extent such net income for tax purposes has not been paid or made payable to unit holders in the period.

No provision for income taxes is recorded in the financial statements as all income and net realized capital gains are distributed to the unitholders.

9. Management Fees and Expenses

Pursuant to the management agreement between the Fund and the Manager, the Manager is to provide management and investment advisor services to the Fund. For this service, the Fund agrees to pay the Manager a management fee, which is calculated daily and payable monthly based on an annual rate of 2.00% of the net asset value.

To encourage large investments in the Fund, the Manager may reduce the management fee that would be charged to the Fund in respect of units held by an investor making a large investment. The amount of the reduction is distributed by the Fund (the "Management Fee Distribution") to the investor for whose benefit the fees were reduced. All Management Fee Distributions will be reinvested in additional units unless otherwise requested.

The Fund pays expenses related to its operations including professional fees, brokerage commissions, interest and administrative costs relating to the issue and redemption of units as well as the cost of financial and other reports and compliance with all applicable laws, regulations and policies.

10. Related Party Transactions

The following table summarizes amounts due from/to related parties:

10. Related Party Transactions (Continued)

The Funds are related through common directors, trustees, officers and Fund management. The amounts due from/to related parties are unsecured, bear interest at 5% and are due on demand. During the year, the Fund received \$1,683 of interest income from related parties and paid \$8,123 of interest expense to a related party.

The Fund may invest in any one of the funds that are managed by the Manager ("Underlying Crystal Wealth Funds"). As of December 31, 2015, the Underlying Crystal Wealth Funds include Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund), Crystal Wealth Medical Strategy (Formerly Crystal Wealth Medical Income Fund), Crystal Wealth Enlightened Factoring Strategy (Formerly Crystal Enlightened Income Fund), ACM Income Fund, Crystal Enlightened Resource and Precious Metals Fund, Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund), ACM Growth Fund, Crystal Wealth Retirement One Fund and Crystal Enlightened Bullion Fund.

Included in mortgage interest and other income are \$1,046 of interest distributions received from Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) and \$893 of interest distributions received from Crystal Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund). At December 31, 2015, the Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund) held 39,227 units of the Fund with a fair value of \$392,895 and the Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) held 53,398 units of the Fund with a fair value of \$534,830.

No sales or redemption fees will be payable by the Fund in relation to its purchases or redemptions of units of the Underlying Crystal Wealth Funds, and no management fees or incentive fees will be payable by the Fund that would duplicate a fee payable by the Underlying Crystal Wealth Funds for the same service. Such a reduction in management fees is to be facilitated by an additional distribution from the underlying Crystal Wealth Funds to the Fund and is included in mortgage interest and other income.

11. Increase in Net Assets Attributable to Holders of Redeemable Series A Units per Unit

The increase in net assets attributable to holders of redeemable Series A units per unit for the period from establishment, January 23, 2015, to December 31, 2015 is calculated as follows:

	Increase in net assets attributable to holders of redeemable Series A units	Weighted average number of redeemable Series A units outstanding during the period	Increase in net assets attributable to holders of redeemable Series A units per unit

Independent Auditor's Report

To the Unitholders of Crystal Wealth Enlightened Factoring Strategy (Formerly Crystal Enlightened Income Fund)

We have audited the accompanying financial statements of Crystal Wealth Enlightened Factoring Strategy (Formerly Crystal Enlightened Income Fund), which comprise the statement of financial position as at December 31, 2015, and the statements of comprehensive income, changes in net assets attributable to holders of redeemable units and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Crystal Wealth Enlightened Factoring Strategy (Formerly Crystal Enlightened Income Fund) as at December 31, 2015, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

(FORMERLY CRYSTAL ENLIGHTENED INCOME FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

1. The Fund

The Crystal Wealth Enlightened Factoring Strategy (the "Fund") is an open-ended mutual fund trust formed under the laws of the Province of Ontario on January 22, 2010 by an amendment to Schedule A to a Master Declaration of Trust, amended and restated as of September 27, 2015. The Fund was previously called the Crystal Enlightened Income Fund and was renamed on September 27, 2015, at which time the investment objective was also changed. The address of the Fund's registered office is 3385 Harvester Road, Suite 200 Burlington, ON L7N 3N2.

The investment objective of the Fund is to provide consistently positive total returns while seeking to protect against downside risk by investing primarily in commercial factoring contracts receivables. The Fund is also authorized to invest in other securities including equities, fixed income securities, investment funds and exchange-traded derivatives.

Prior to September 27, 2015, the investment objective of the Fund was to provide a moderate level of current income and some long-term capital appreciation while seeking to protect against downside risk and negative effects from inflation by investing primarily in income-generating securities including bonds and mortgages, as well as mutual funds and exchange traded funds that invest in, or track the performance of, income-generating securities.

The Fund is not a reporting issuer under securities legislation and, therefore, is relying on National Instrument 81-106 for exemption from the requirement to file financial statements with the applicable securities regulatory authorities.

The Investment Manager of the Fund is Crystal Wealth Management System Limited (the "Manager"). The Manager is responsible for directing the affairs, providing the day-to-day management services and managing the investment portfolio of the Fund.

2. Significant Accounting Policies

Basis of Presentation

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

These audited financial statements for the year ended December 31, 2015 were authorized for issue by the Manager on March 30, 2016.

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss, and are presented in Canadian dollars, which is the Fund's functional and presentation currency.

2. Significant Accounting Policies (Continued)

New Standards, Interpretations and Amendments not yet Adopted

IFRS 9 Financial Instruments

The final version of IFRS 9, Financial Instruments, was issued by the IASB in July 2014 and will replace IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 introduces a model for classification and measurement, a single, forward-looking 'expected loss' impairment model and a substantially reformed approach to hedge accounting. The new single principle based approach for determining the classification of financial assets is driven by cash flow characteristics and the business model in which an asset is held. The new model also results in a single impairment model being applied to all financial instruments, which will require more timely recognition of expected credit losses. It also includes changes in respect of credit risk in measuring liabilities elected to be measured at fair value, so that gains caused by the deterioration of an entity's own credit risk on such liabilities are no longer recognized in profit or loss. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, however, is available for early adoption. In addition, the credit changes can be early applied in isolation without otherwise changing the accounting for financial instruments. The Fund is in the process of assessing the impact of IFRS 9 and has not yet determined when it will adopt the new standard.

IFRS 15 Revenue from Contracts with Customers

IFRS 15 is based on the core principle to recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. IFRS 15 focuses on the transfer of control. IFRS 15 replaces all of the revenue guidance that previously existed in IFRSs. The effective date for IFRS 15 is January 1, 2017. The Company is in the process of evaluating the impact of the new standard.

IAS 1 Presentation of Financial Statements

The amendments to IAS 1 are a part of a major initiative to improve disclosure requirements in IFRS financial statements. The amendments clarify the application of materiality to note disclosure and the presentation of line items in the primary statements provide options on the ordering of financial statements and additional guidance on the presentation of other comprehensive income related to equity accounted investments. The effective date for these amendments is January 1, 2016. The Fund is currently evaluating the impact of IAS 1 on its financial statements.

2. Significant Accounting Policies (Continued)

The following summarizes the accounting policies of the Fund:

(a) Valuation of investments

The fair value of financial assets and financial liabilities traded in active markets (such as publicly traded derivatives and trading securities) is based on quoted market prices. In accordance with the provisions of the Fund's Offering Memorandum, investment positions are valued based on the last traded market price for the purpose of determining the net asset per unit for subscriptions and redemptions. For financial reporting purposes, the Fund uses the last traded market price for both financial assets and financial liabilities where the last traded price falls within that day's bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Manager determines the point within the bid-ask spread that is most representative of fair value based on the specific facts and circumstances. If the Fund holds derivatives with offsetting market risks, it uses mid-market prices as a basis for establishing fair values for the offsetting risk positions and applies this bid or asking price to the net open position, as appropriate. The fair value of commercial factoring contracts receivables approximates their carrying value due to their short-term nature.

Futures contracts

Foreign exchange futures contracts, which are held as hedges for capital investments, are valued on each business day at the gain or loss that would be realized if the position in the contracts were closed out.

The unrealized depreciation on futures contracts is included as investments at fair value on the Statement of Financial Position and included in "Net change in unrealized appreciation (depreciation) on investments at fair value" during the applicable year in the Statement of Comprehensive Income. Upon closing of the contracts, the gain or loss is included in "Net realized loss on sale of investments at fair value" on the Statement of Comprehensive Income.

Warrant contracts

Warrant contracts are valued on each business day at the gain or loss that would be realized if the position in the contracts were closed out.

The unrealized depreciation on warrant contracts is included as investments at fair value on the Statement of Financial Position and included in "Net change in unrealized appreciation (depreciation) on investments at fair value" during the applicable year in the Statement of Comprehensive Income. Upon closing of the contracts, the gain or loss is included in "Net realized loss on sale of investments at fair value" on the Statement of Comprehensive Income.

2. Significant Accounting Policies (Continued)

(b) Classification

The Fund classifies its investments as financial assets at fair value through profit or loss.

This category has two sub-categories: financial assets held for trading; and financial assets designated at fair value through profit or loss at inception.

(i) Financial assets held for trading

A financial asset is classified as held for trading if it is acquired or incurred principally for the purpose of selling or repurchasing in the near term or if on initial recognition is part of a portfolio of identifiable financial investments that are managed together and for which there is evidence of a recent actual pattern of short-term profit taking. Derivatives are also categorized as held for trading.

(ii) Financial assets designated at fair value through profit or loss at inception

Financial assets designated at fair value through profit or loss at inception are financial instruments that are not classified as held for trading but are managed, and their performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy.

The Fund recognizes financial instruments at fair value upon initial recognition, plus transaction costs in the case of financial instruments measured at amortized cost. Regular way purchases and sales of financial assets are recognized at their trade date. The Fund's investments have been designated at fair value through profit or loss (FVTPL). The Fund's obligation for net assets attributable to holders of redeemable units is presented at the redemption amount. Cash, subscriptions receivable, due from related party, and accounts payable and accrued liabilities are measured at amortized cost. Under this method, the amount required to be received or paid, is discounted, when appropriated, at the contract's effective interest rate.

(c) Fair value measurements

Investments at fair value are each classified into one of three fair value levels.

The hierarchy of inputs is summarized below:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1),
- Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices) (Level 2); and,
- Inputs for the asset and liability that are not based on observable market data (unobservable inputs) (Level 3).

All of the Fund's investments at fair value were classified as Level 1 and Level 2 at December 31, 2015, except for the Fund's investments in commercial factoring contracts receivables which are classified as Level 3.

(FORMERLY CRYSTAL ENLIGHTENED INCOME FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

2. Significant Accounting Policies (Continued)

(d) Investment transactions and income recognition

Investment transactions are accounted for on the trade date and any unsettled sales or purchases of investments are reflected as a receivable for investment securities sold or payable for investment securities purchased. Interest income is accrued daily and dividend income is recognized on the ex-dividend date. Realized gains and losses from investment transactions and unrealized appreciation (depreciation) of investments are calculated on an average cost basis.

Distributions received from funds are recognized based on the nature of the underlying components such as dividend income, interest income, capital gains, and return of capital.

Income from commercial factoring contract fees is recorded when earned and when collectability is reasonably assured.

(e) Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(f) Recognition/derecognition

The Fund recognizes financial instruments at fair value upon initial recognition, plus transaction costs in the case of financial instruments measured at amortized cost. Regular way purchases and sales of financial assets are recognized at their trade date.

The Fund recognizes financial assets or financial liabilities designated as trading securities on the trade date, the date it commits to purchase or sell short the instruments. From this date any gains and losses arising from changes in fair value of the assets or liabilities are recognized in the Statement of Comprehensive Income.

Other financial assets are derecognized only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Fund derecognizes financial liabilities when the Fund's obligations are discharged, cancelled or they expire. Financial liabilities arising from the redeemable units issued by the Fund are presented at the redemption amount representing the investors' right to a residual interest in the Fund's assets.

(g) Impairment of financial assets

The Fund assesses at each reporting date whether a financial asset or group of financial assets measured at amortized cost is impaired. If there is objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the asset's amortized cost and the present value of estimated future cash flows discounted using the asset's original effective interest rate. Impairment losses on assets measured at amortized cost are reversed in subsequent periods if the amount of the loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized.

(FORMERLY CRYSTAL ENLIGHTENED INCOME FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

2. Significant Accounting Policies (Continued)

(h) Translation of foreign currencies

Transactions in currencies other than the Canadian dollar are translated at the rate of exchange prevailing at the transaction date. Assets and liabilities denominated in currencies other than the Canadian dollar are translated at the applicable exchange rates prevailing at the reporting date. Resulting exchange differences are recognized in the Statement of Comprehensive Income.

(i) Valuation of redeemable fund units

The Fund's units are issued and redeemed at the net asset value per unit, which is determined as of the close of business each week. The net asset value per unit of the Fund is determined by dividing the total market value of the Fund's net assets by the number of units outstanding.

Net asset value per unit of each class is calculated at 4:00 p.m. (Eastern time) each business week by dividing the net assets of each class by its outstanding units. The net assets of each class are computed by calculating the value of that class's proportionate share of the Fund's assets less that class's proportionate share of the Fund's common liabilities, and less class specific liabilities. Expenses directly attributable to a class are charged to that class while common fund expenses are allocated to each class in a reasonable manner as determined by the Manager. Other income, and realized and unrealized gains and losses, are allocated to each class of the Fund based on that class's prorata share of total net asset value of the Fund.

For each unit sold, the Fund receives an amount equal to the net asset value per unit on the date of sale, which is included in unitholders' equity. Units are redeemable at the option of the unitholders at their net asset value on the redemption date. For each unit redeemed, the number of issued and outstanding units is reduced and the net asset value of the Fund is reduced by the related net asset value on the date of redemption.

(j) Net assets attributable to holders of redeemable units per unit

The net assets attributable to holders of redeemable units per unit is calculated by dividing the net assets attributable to holders of redeemable units of a particular class of units by the total number of units of the particular class outstanding at the end of the year.

(k) Increase in net assets attributable to holders of redeemable units per unit

Increase in net assets attributable to holders of redeemable units per unit is based on the increase in net assets attributable to holders of redeemable units attributed to each class of units, divided by the weighted average number of units outstanding of that class during the year.

(l) Income taxes

The Fund qualifies as a "Quasi mutual fund trust" under the Income Tax Act (Canada). All of the Fund's net income for tax purposes and sufficient capital gains realized in any period are required to be distributed to unitholders such that no tax is payable by the Fund. As a result, the Fund does not record income taxes. Since the Fund does not record income taxes, the tax benefit of capital and non-capital losses has not been reflected in the Statement of Financial Position as a deferred income tax asset. Refer to Note 6 for unused losses.

2. Significant Accounting Policies (Continued)

(m) Related parties

For the purpose of these financial statements, a party is considered related to the Fund if such party or the Fund has the ability to, directly or indirectly, control or exercise significant influence over the other entity's financial and operating decisions, or if the Fund and such party are subject to common significant influence. Related parties may be individuals or other entities.

(n) Critical estimates and judgements

In the application of the Fund's accounting policies, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily available from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The Fund has concluded that unlisted open-ended investment funds in which it invests, but that it does not consolidate, meet the definition of structured entities because; the voting rights in the funds are not dominate rights in deciding who controls them as they relate to administrative tasks only; each fund's activities are restricted by its offering memorandum; and the funds have narrow and well-defined objectives to provide investment opportunities to investors.

The most significant estimates that the Fund is required to make relate to the fair value of the commercial factoring contracts receivable. The estimates may include: assumptions regarding interest rates and the availability of credit; cost and terms of financing; and other factors affecting the underlying security of the commercial factoring contracts receivable.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects that period, or in the period of the revision and future periods if the revision affects both current and future periods.

3. Financial Instruments and Risk Management

The Fund may be exposed to a variety of financial risks: credit risk, liquidity risk and market risk (including interest rate risk, currency risk, and other price risk). The level of risk depends on the Fund's investment objectives and the types of securities it invests in. The Schedule of Investment Portfolio presents the investments held by the Fund as at December 31, 2015, and groups the investments by asset type, geographic region and/or market segment. All other assets and liabilities are carried at amortized cost; their carrying values are a reasonable approximation of fair value.

The following is a summary of the Fund's main risks:

**CRYSTAL WEALTH ENLIGHTENED FACTORING STRATEGY
(FORMERLY CRYSTAL ENLIGHTENED INCOME FUND)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015**

3. Financial Instruments and Risk Management (Continued)

Credit risk

Credit risk is the risk that the counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund. The Fund is exposed to credit risk through its investments in commercial factoring contracts receivables. The Fund mitigates its exposure through security and guarantee requirements with the merchant. The Fund is also exposed to credit risk through its investments in the Underlying Crystal Wealth Funds, as presented in the notes of the Underlying Crystal Wealth Funds' financial statements. This risk has not changed from the previous year.

Liquidity risk

Liquidity risk is defined as the risk that the Fund may not be able to settle or meet its obligations on time or at a reasonable price. The Fund is exposed to weekly cash redemptions of redeemable units. The units of the Fund are issued and redeemed on demand at the then current Trading NAV per unit at the option of the unitholder. All liabilities are payable within a year. The Fund's assets are invested in securities that are traded in an active market and can be readily disposed of as liquidity needs arise.

Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or fair values of financial instruments. It arises when the Fund invests in interest-bearing financial instruments. The interest rate pertaining to the investment in Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) as well as the rates pertaining to the investments in commercial factoring contracts receivables are at fixed rates that are not directly impacted by changes in prevailing rates, thereby reducing the Fund's exposure to interest rate risk. As at December 31, 2015, the Fund did not have any significant exposure to interest rate risk.

Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Schedule of Investment Portfolio identifies all securities denominated in foreign currencies. In addition, the Fund had \$429,023 of USD cash (2014 - \$12,655 of USD bank indebtedness), \$1,835,878 of USD commercial factoring contracts receivables (2014 - \$1,164,934), and \$215,503 of USD accrued commercial factoring contract fees (2014 - \$Nil) at December 31, 2015.

If the Canadian Dollar had strengthened or weakened by 5% relative to other foreign currencies, with all other variables held constant, the net assets of the Fund would have increased or decreased, respectively, by approximately \$32,000 (2014 - \$1,300). In practice, actual results may differ from this sensitivity analysis and the difference could be material.

**CRYSTAL WEALTH ENLIGHTENED FACTORING STRATEGY
(FORMERLY CRYSTAL ENLIGHTENED INCOME FUND)
NOTES TO FINANCIAL STATEMENTS

3. Financial Instruments and Risk Management (Continued)

Other price risk

Other price risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in a market. All investments present a risk of loss of capital. The Manager manages the Fund's market risk on a daily basis in accordance with the Fund's investment objectives and policies. The maximum risk resulting from financial instruments is equivalent to their fair value.

The impact on net assets attributable to holders of redeemable units of the Fund due to a 5 percent change would be approximately \$93,000 as at December 31, 2015 (2014 - \$39,000).

The historical correlation may not be representative of the future correlation, and, accordingly, the future impact on net assets attributable to holders of redeemable units could be materially different.

4. Capital Management

The capital of the Fund is represented by issued redeemable units with no par value. The unitholders are entitled to distributions, if any, and to payment of proportionate share of the Fund's net asset value per unit upon redemption. The relevant movements are shown on the Statement of Changes in Net Assets Attributable to Holders of Redeemable Units. In accordance with its investment objectives and strategies and the risk management practices outlined in Note 3, the Fund endeavors to invest the subscriptions received in appropriate investments while maintaining sufficient liquidity to meet redemptions, such liquidity being augmented by disposal of investments where necessary. The Fund does not have any specific capital requirements on the subscription and redemption of units, other than certain minimum subscription requirements.

5. Redeemable Units

Redeemable units of the Fund, which are redeemable at the option of the holder in accordance with the provisions of the Declaration of Trust, do not have any nominal or par value. The Fund is permitted to issue an unlimited number of Series of units and is authorized to issue an unlimited number of units of each series. The redeemable units of the Fund are issued or redeemed on a weekly basis at the net asset value per unit which is determined as of the close of business each week. There are no differences between the NAV per unit of each class of the Fund and the Net Assets Attributable to Holders of Redeemable Units per Unit of each class of the Fund.

As at December 31, 2015, the Fund has non-capital loss carry forwards of \$Nil. In addition, the Fund has net capital losses of \$65,850 which can be carried forward indefinitely and applied to future capital gains.

7. Management Fees and Expenses

Pursuant to the management agreement between the Fund and the Manager, the Manager is to provide management and investment advisor services to the Fund. For this service, the Fund agrees to pay the Manager a management fee, which is calculated daily and payable monthly based on an annual rate of 2.00% of the net asset value.

To encourage large investments in the Fund, the Manager may reduce the management fee that would be charged to the Fund in respect of units held by an investor making a large investment. The amount of the reduction is distributed by the Fund (the "Management Fee Distribution") to the investor for whose benefit the fees were reduced. All Management Fee Distributions will be reinvested in additional units unless otherwise requested.

The Fund pays expenses related to its operations including professional fees, brokerage commissions, interest and administrative costs relating to the issue and redemption of units as well as the cost of financial and other reports and compliance with all applicable laws, regulations and policies.

8. Related Party Transactions

The amount due from Crystal Wealth High Yield Mortgage Strategy is unsecured, bears interest at 5% and is due on demand. The Funds are related through common directors, trustees, officers and Fund management. The Fund received \$27,300 (2014 - \$Nil) of interest income in the year from a related party.

8. Related Party Transactions (Continued)

The Fund may invest in any one of the funds that are managed by the Manager ("Underlying Crystal Wealth Funds"). As of December 31, 2015, the Underlying Crystal Wealth Funds include Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund), Crystal Wealth Medical Strategy (Formerly Crystal Wealth Medical Income Fund), ACM Growth Fund, ACM Income Fund, Crystal Enlightened Resource and Precious Metals Fund, Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund), Crystal Wealth High Yield Mortgage Strategy, Crystal Wealth Retirement One Fund and Crystal Enlightened Bullion Fund.

No sales or redemption fees will be payable by the Fund in relation to its purchases or redemptions of units of the Underlying Crystal Wealth Funds, and no management fees or incentive fees will be payable by the Fund that would duplicate a fee payable by the Underlying Crystal Wealth Funds for the same service. Such a reduction in management fees is to be facilitated by an additional distribution from the Underlying Crystal Wealth Funds to the Fund and is included in interest and other income of the Fund.

Included in interest and other income are \$82,833 (2014 - \$173,561) of interest distributions and \$22,542 (2014 - \$35,532) of management fee distributions received from Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) and \$14 (2014 - \$13,649) of interest distributions and \$13 (2014 - \$6,500) of management fee distributions received from Crystal Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund). As at December 31, 2015, the Fund held 160,107 units (2014 - 72,568) of the Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund) with a fair value of \$1,620,369 (2014 - \$733,023) which represents 7.69% (2014 - 17.27%) of the total net asset value, and Nil units (2014 - 38) of the Crystal Wealth Mortgage Strategy (Formerly Crystal Enhanced Mortgage Fund) with a fair value of \$Nil (2014 - \$380), which represents Nil% (2014 - 0.01%) of the total net asset value. As at December 31, 2015, ACM Growth Fund held 328,942 units (2014 - Nil) of the Fund with a fair value of \$3,239,286 (2014 - \$Nil), ACM Income Fund held 25,177 units (2014 - Nil) of the Fund with a fair value of \$247,938 (2014 - \$Nil), and Crystal Enlightened Resource and Precious Metals Fund held 57,838 units (2014 - Nil) of the Fund with a fair value of \$569,562 (2014 - \$Nil).

9. Increase in Net Assets Attributable to Holders of Redeemable Series A Units per Unit

The increase in net assets attributable to holders of redeemable Series A units per unit for the year ended December 31 is calculated as follows:

	Increase in net assets attributable to holders of redeemable Series A units	Weighted average number of redeemable Series A units outstanding during the year	Increase in net assets attributable to holders of redeemable Series A units per unit
2015	\$ 1,494,312	1,145,511	\$ 1.30
2014	\$ 166,701	207,003	\$ 0.81

10. Commercial Factoring Contracts Receivables (Continued)

The Fund maintains senior first priority ownership in all accounts purchased as well as a senior and first priority security interest in all other accounts receivable and proceeds thereof.

Reconciliation of Level 3 Fair Value Measurements of Financial Assets:

	2015	2014
Commercial Factoring Contracts Receivables, beginning of year	\$ 2,431,611	\$ -
Advances	15,468,622	2,431,611
Repayments	(2,023,521)	-
Accrued commercial factoring contract fees	788,595	-
Commercial Factoring Contracts Receivables, end of year	\$ 16,665,307	\$ 2,431,611

There were no transfers into or out of Level 3 for the year ending December 31, 2015.

11. Involvement with Unconsolidated Structured Entities

The table below describes the types of structured entities that the Fund does not consolidate but in which they hold an interest.

December 31, 2015			
Fund	Total Net Asset		% of net assets attributable to holders of redeemable units
	Value of	Investment	
	Investee Fund	fair value	
Crystal Wealth Media Strategy (Formerly Crystal Wealth Strategic Yield Media Fund)	\$ 49,757,146	\$ 1,620,369	3.26%

The Fund has determined that the Fund ('Investee Fund') in which it invests is an unconsolidated structured entity. This represents a significant judgement by the Fund and generally because decision making about the Investee Fund's investing activities is not governed by voting rights held by the Fund and other investors.

The Investee Fund finances their operations by issuing redeemable shares which are puttable at the holder's option, and entitle the holder to a proportional stake in the respective fund's net assets. The Fund holds redeemable shares in the Investee Fund.

The change in fair value of the Investee Fund is included in the Statements of Comprehensive Income in 'Net change in unrealized appreciation (depreciation) on investments at fair value'.

During the year, the Fund did not provide financial support to unconsolidated structured entities and has no intention of providing financial or other support.
