SUMMARY OF CURRENT DOCUMENT	
Court File Number:	2023 01G 0841
Date of Filing Document:	December 1, 2023
Name of Party Filing or Person:	15444781 Canada Inc.

Statement of Purpose in Filing:	To commence the application

NATURE OF APPLICATION

- On October 19, 2023, pursuant to an Order of this Court, 15444781 Canada Inc. (the "**Applicant**") became the Applicant in this proceeding in place of Rambler Metals and Mining Canada Limited ("**Rambler Canada**") and 1948565 Ontario Inc. ("**1948**") (collectively, the "**Rambler Group**").
- The Applicant seeks:
 - an order abridging the notice periods pursuant to Section 11 of the CCAA and the *Rules of the Supreme Court, 1986*, Rule 3.03(1), Rule 6.04(2) and Rule 6.06;

- (b) an order pursuant to Section 11 of the CCAA, directing that the service on the service list set out in **Schedule A** hereto is sufficient for the purposes of this application;
- (c) authorizing the Monitor to make an interim distribution to certain priority and secured creditors, and a final distribution once the Stage Two Purchase Price has been received, to be distributed based on the priority as outlined in the Monitor's Seventh Report;
- (d) extending the Stay Period (defined below) in respect of the Applicant;
- (e) releasing and discharging the DIP Lender's Charge, and amending the Administration Charge;
- (f) approving:
 - (i) the Monitor's Seventh Report and the activities of the Monitor and its counsel as reported therein;
 - (ii) approving the fees and disbursement of the Monitor and its counsel from the commencement of these CCAA Proceedings through October 31, 2023, as well as the estimated fees of the Monitor and its counsel to finalize these CCAA Proceedings;
- (g) Discharging the Monitor and terminating this proceeding upon the execution and filing of a termination certificate confirming that a final distribution of available funds has been made by the Monitor and all remaining matters have been completed to terminate this proceeding; and
- (h) such further and other relief as counsel may advise and this Court deems just.

FACTS

2. The Applicant relies on:

- (a) the Bradbury Affidavit, sworn February 22, 2023, and previously filed with the Court;
- (b) the reports of the Monitor filed with the Court, including the Monitor's Seventh Report, dated December 1, 2023.

3. Rambler Group were granted protection from creditors under the CCAA by order of this Court, dated February 27, 2023 (the "**Initial Order**"), which order was amended several times.

4. On September 11, 2023, this Court granted orders:

- (a) approving a "reverse vesting" transaction for the sale of the shares of Rambler Group (the "**ARVO**");
 - (i) as part of that relief, the Applicant was incorporated and took on certain Excluded Liabilities and Excluded Assets (as defined in the ARVO) from Rambler Group;
 - (ii) the Applicant also became a "debtor company" under the CCAA and the Applicant in this proceeding, at which time the Rambler Group exited the CCAA and this proceeding;
 - (iii) the stay of proceedings for the Applicant was extended to December 31, 2023 (the "**Stay Period**");
- (b) authorizing a claims identification process (the "**Claims Identification Order**") in respect of claimants seeking priority ahead of the secured creditors of the

Applicant (and former secured creditors of Rambler Group until the issuance of the ARVO); and

(c) granting the Monitor enhanced powers over the Applicant upon the resignation of the Applicant's sole director (the **"Enhanced Powers Order"**);

(i) those powers came into effect on October 20, 2023 upon the filing of the Monitor's Certificate confirming the terms of the Enhanced Powers Order were met.

Interim Distribution

5. Pursuant to the Claims Identification Order, the Monitor solicited proofs of claim from all known creditors of the Applicant, in particular those alleging a priority ahead of secured creditors.
6. By the "Claims Bar Date" of October 11, 2023, the Monitor received a number of proofs of claim from creditors with priority, secured, and unsecured claims. A total of 72 claims by 63 creditors were submitted to the Monitor.
7. Pursuant to the Claims Identification Order, the Monitor has made preliminary determinations regarding certain priority claims and the relative priority of secured creditor claims. The Monitor advised those creditors affected by its determination of the decision, and whether that determination would result in that creditor receiving a distribution based on the Monitor's calculation of the available sale proceeds and the priority and secured claims advanced.

8. The Monitor has determined that:

- (a) it has sufficient funds and accepted proofs of claim to make an interim distribution of the first tranche proceeds from the transaction;
- (b) it requires additional information with respect to certain potential priority claims, for which the Monitor intends to hold back the amount of \$1,205,223 until such time as those claims are resolved by negotiation or by further application to this Court;
- (c) a further holdback of \$500,000 is necessary to fund the remaining steps in the CCAA proceeding, including further claims review determinations and disputes, final closing issues, and other residual issues for the wind down of the Applicant; and
- (d) the proposed interim distribution is fair and reasonable, and will leave sufficient liquidity in the estate for the remainder of this proceeding.

9. The Monitor has particularized its proposed distribution in the Monitor's Seventh Report.

The Stay Period

- 10. The ARVO and the transaction approved in that order envisions two payments toward the total purchase price. The first payment was made on October 19, 2023. The second payment may not be paid until an outside payment date of 18 months from the first payment date (April 19, 2025).
- 11. Although the Monitor does not anticipate a significant amount of work will be required following this application, this proceeding must continue until the second and final payment is made and a final distribution can be made to creditors.

12. As a result, the Monitor requests that the Stay Period be extended to May 19, 2025 – 19 months from the date of the first payment – to permit the Monitor to continue administering the estate of the Applicant until the final transaction closing and to complete any remaining steps after the transaction closes.

Approving the Monitor's Activities and its Fees

13. Pursuant to the Initial Order and its subsequent amendments, the Monitor and its counsel are entitled to be paid their reasonable fees and disbursements for this proceeding.
14. The Monitor is seeking to have its fees and disbursements, and those of its counsel, approved by the Court for the period of February 20, 2023, through October 31, 2023.
15. The Monitor and its counsel did an extraordinary amount of work in these CCAA proceedings, particularly as a result of:
 - (a) the Rambler Group's initial ongoing operations at the outset of the proceeding;
 - (b) the material adverse change that led to ceasing active operations and moving to warm idle;
 - (c) the Monitor's oversight during the operating and transition period;
 - (d) the facilitation of the SISF;
 - (e) completion of due diligence with multiple potential purchasers;
 - (f) the closure of the sale transaction with AuTECO; and
 - (g) administering the claims process.

Details of the Monitor's work are described in detail in the Monitor's Reports filed in this proceeding, including the Seventh Report.

16. The Applicant is of the view that the Monitor's fees and disbursements, and those of its counsel are fair and reasonable and should be approved as submitted.
17. The Applicant further requests that the activities of the Monitor, as described in the Seventh Report, be approved.

Terminating this Proceeding and Discharging the Monitor

18. Pursuant to the Enhanced Powers Order, the Monitor has been granted additional powers in respect of the Applicant, including the authority to take the steps necessary to terminate these proceedings.
19. As of the date of this application, the Applicant believes that it has accomplished the overall objectives of the proceeding commenced by the Rambler Group:
 - (a) continuing Rambler Group's operations, preserving jobs wherever possible, and continuing customer-supplier relationships;
 - (b) the SISP was commenced and administered, and a buyer selected;
 - (c) The transaction was completed and closed – subject to the "Stage Two Purchase Price" being paid within 18 months of the first payment; and
 - (d) A claims identification process has been carried out that has identified the priority claims and secured claims that will receive distributions out of the estate.

20. All of these activities have resulted in a greater recovery to creditors and value to stakeholders than what would have been realized if the Rambler Group had not succeeded in restructuring and was liquidated.
21. The Applicant and the Monitor do not anticipate any further realizations except for the second and final payment from AuTECO. The current net sales proceeds remain in trust with the Monitor.
22. Following receipt of the final payment, and subject to the approval of the Court, the Monitor will distribute the sale proceeds as described in this Seventh Report.
23. As a result, there is no further benefit for the CCAA Proceedings to continue, once distributions and the Monitor's remaining activities are completed.
24. Upon termination of this proceeding, all previously approved charges including the D&O Charge and Administration Charge will no longer be required and would therefore be released and discharged.
25. The Applicant requests that the Monitor be permitted to file the termination certificate confirming all remaining activities have been completed and that the Monitor should be discharged.

RELIEF SOUGHT

26. The Applicant has been acting in and continues to act in good faith and with due diligence in this proceeding.
27. The Monitor supports the extension of the Stay Period and the other relief in this application.

28. The Applicant requests:

- (a) an order abridging the notice periods pursuant to Section 11 of the CCAA and the *Rules of the Supreme Court, 1986*, Rule 3.03(1), Rule 6.04(2) and Rule 6.06;
- (b) an order pursuant to Section 11 of the CCAA, directing that the service on the service list set out in **Schedule A** hereto is sufficient for the purposes of this application;
- (c) authorizing the Monitor to make the Interim Distribution and a final distribution once the Stage Two Purchase Price has been received, to be distributed based on the priority as outlined in the Monitor's Seventh Report;
- (d) extending the Stay Period to May 19, 2025;
- (e) releasing and discharging the DIP Lender's Charge, and amending the Administration Charge;
- (f) approving:
 - (i) the Monitor's Seventh Report and the activities of the Monitor and its counsel as reported therein;
 - (ii) approving the fees and disbursement of the Monitor and its counsel from the commencement of these CCAA Proceedings through October 31, 2023, as well as the estimated fees of the Monitor and its counsel to finalize these CCAA Proceedings;
- (g) discharging the Monitor and terminating this proceeding upon the execution and filing of a certificate confirming that a final distribution of available funds has been

done and all remaining matters have been completed to terminate this proceeding;

and

(h) such further and other relief as counsel may advise and this Court deems just.
